Facts About White Bronze!

It is cast from a refined non-corrosive metal. It is not porous, has no fissures and will not absorb moisture. It will not grow moss nor require cleaning. Frost has no effect upon it. Inscriptions are cast in raised letters, and will always remain legible. More artistic designs can be produced than in other materials. No monumental material has ever received such unqualified scientific endorsements.

A DASTARDLY FIRE.

Brainerd is visited by One of the Largest Fires in Its History.

The Losses, 140 Origin, and Other M. new Details.

The most disastrous and destructive fire that has ever visited our thriving young city occurred on Saturday night, when almost two entire blocks in the business portion of the city were destroyed by the fire demon. It had been a usually hot and oppressive day, and as night approached the appearance of the sky indicated that a storm was brewing. At about 9 o'clock, just as people were closing their homes against the coming storm, the fire started. It swept through the city, and almost in an instant the flash of the lurid flames could be seen in the center of the business portion of the city. A Dastardly series was on the scene in a moment, and already the plumes of white steam were rising from a mass of flames, and had been communicated to the adjacent buildings.

The fire started in the basement of the building owned by J. M. Gray, a restaurant. Mrs. Cloteman, hotel, building owned by J. M. Gray.
