FOR FARMERS.
BENJAMIN HARRISON.
FOR VICE PRESIDENT.
LEVI J. MORTON.

Dr. Booz is looking very closely after his legal rights. He is a successful "non-partisan" candidate.

St. Paul, commission men are of course 24 per cent for young gentile children.

Booz was nominated by the Democrats for governor on Wednesday. One new thing led to the slaughter.

The call for the Republican legislative convention has been issued. The convention will be held at Little Falls September 25th.

Consumers: W. D. Kirk, president 75,000 in party in New York; Harrison and Morton. The figures are just a rough estimate.

Non-Partisan Cry.

The Democrats of the Fifteenth judicial district are endeavoring to pull the wool over the eyes of the voters by trying the "non-partisan" support of a Democrat against Judge Steyer. The district is substantially Republican. Why should members of that party support a Democrat on the ground that the district is non-partisan? Do Democrats in their own Democratic districts support Republicans in non-partisan districts? The Tribune never has heard of an instance of this character, and unless there is some better reason for this support, it is a very unwise and unprincipled course.

It is doubtful whether the prohibitionists who openly proclaim that their chief aim is to down the liquor traffic, really succeed in their large undertaking.

At Winch, twenty-two owners of unlicensed jeeps were arrested. What a job the prohibitionists will have on their hands if such measures were adopted in this neck-of-the-woods.

The corn harvest has advanced the price of twenty-five cents and advice says that further advance will be made. Sept. 1st. This means a fall down the back of the demagogue of this Northland.

Gen. Harrison says the country should not suffer from competition between the city council and the United States mail. The city council should not be made the dumping ground for foreign paper and crime. This is the righting it.

The Hon. J. C. Flynn, of Morrison county, is a prominent candidate for reelection to the legislature this winter. He is valuable, especially to the educational interests of the state, and should be re-elected accordingly.—Ed. Chgo. News.

What is in the wind at Grill Biered that Attorney George, of Crow Wing and D. J. Knox, of Aitkin, should pay a visit to the city council, especially to the educational interests of the state, and should be re-elected accordingly.—Ed. Chgo. News.

HOW IT IS RECEIVED.
Opinions of the State Press on Judge Steyer's Recent Railing.

In accordance with law, the decision of the Judge in his case, as well as upon opinions of judges of the U. S. Supreme Court, and decisions rendered in State Supreme Court. If there is any complaint, it must be by the law and the order court, and not by Judge Steyer, who has simply acted in accordance with the law and evidence as found in the Hubbard County Enterprise.

Would He Move Home?

When the land office opened the Northern Pacific indefinitely lands to homesteaders last fall, the Tribune explained the fallacy of the offer, and the danger that poor settlers would run by taking such lands. Now Judge Steyer has been forced to recognize the decision against the settlers, and while he may have wandered some in his head, he has not wandered so far as to believe that he can be deprived of his property without due process of law. The Tribune never has heard of an instance of this character, and unless there is some better reason for this support, it is a very unwise and unprincipled course.

Not Made For His Own Benefit.
It is gratifying to the Tribune readers of Judge C. L. Steyer to read that the extensive opinion lately rendered by him in the much talked-of land office case, cannot be construed to have been made for his own benefit or with political object in view; but that it was made for the benefit of the man, who, in view of a threatened arrest and removal from office, was in a position to be forced to promulgate and lay down the law as he found it.

His duty was plain and was made plain to find him out to the task of carrying it out. And we cannot help believe that the conscientiousness of the Judge will admit that if fault can be set at all in his conditions in the decision, that it is to be found in the fact that he laid down the law. No matter what the result of Judge Steyer's action in this matter may be, it will have the respect of all honest men for the course he has pursued.—St. Paul Dispatch.

A Righteous Judgment.
Judge Steyer, in a decision rendered in the case of the Northern Pacific Railroad Company, has shown a conscientious contribution to the literature of honest titles. Whether the decision be correct in law or not, it is certain that it has laid down a right in equity and justice. The facts in the case are briefly these: Some years ago a certain Northern Pacific railroad company a quantity of land was situated in Hubbard county, and within the indemnity limits of the railroad. At the time the land was bought by the Northern Pacific Railroad Company, the land was owned by the Northern Pacific Railroad Company, and was within the indemnity limits of the railroad.
