Merse Runsom.

Because we made mention of the fact that it is evident to all that Judge Sleeper would secure the support of all the Republicans in this county with the exception of a few exceptions, and also a great many Democrats who do not allow their party feeling to get the best of their judgment, the Journal has recently published a full article in which it is stated that we are attempting to reduce the judgeship question to a free trade. We had no intention of doing the same, and we would not have said anything about it had we not seen it in the Journal.
