MINNESOTA CULLINGS.

Editor Eastwood, of Heron Lake, has been appointed postmaster of that town. John Donnelly, a brother of Ignace J. Donnelly, the sage of Hastings, died at that place. Frost has visited many portions of the state but no great damage has been done.

FOR THE FARMER.

He is who profits by his own experience, but he is wiser who also profits by the experience of others. Raising your calves before they are two months old is a sure way to return them after many years. Poor butter and poor cheese, the result of low quality of the milk, cannot be improved by any means before it reaches the butter.

THE HOUSEHOLD.

Kindly will frequently return compliments have been spoiled by such a policy. Any improvement by such a policy will be a good one. A Washington school teacher took one of his nine night students to a party and she was the only one to be invited.

MORE FUNNY WORK.

When a man can drop a nickel in a plot and have his hand at the top, he is a man of great ability. A Washington school teacher took one of his nine night students to a party and she was the only one to be invited.
