Senator Clouston can congratulate himself upon the outcome of the recent divorce trial in Minneapolis between Ida E. Moore and Dr. John Moore, as it has proved that the former was innocent and Judge Smith found that the charges of adultery against the Senator were not sustained.

Trap Shooting.

The American Shooting Association will hold a shooting tournament at the Minneapolis club grounds May 20th, 21st and 22nd. The association is formed by the combination of all the leading sporting goods stores of the United States, and the object is to visit some of the principal cities in the country and further the best interest of trap shooting, which has been somewhat neglected from the fact that in most of the contests the crack shots will win the prizes and prevent the poorer shots outside the club. The idea of the association is to form shooting clubs in all the principal cities. For instance, class "A" will be composed of men who have a record of 70 per cent, and upwards of three killed, class "B" 50 per cent, and class "C" of less than 70 per cent. As Minneapolis is the only city in the Northwest which has the association, it will be one of the greatest shows of the Northwest, bringing together men from Minnesota, Dakota, Illinois and Iowa.

Church Unioning.

The following is a list of the sermon last Sunday morning at the First Congregational Church. Acts were read.

There is no part of church work that is managed in such a haphazard, slipshod, unbusinesslike way as the baptisms. They need to be broadened and reformed. The average minister in the age of steam and electricity while the church is regarded to be the center of the world, and the times and days it is the best of the Reformer.

I have the church any greater claim on man than other organizations, such as Old Fellows, Oddfellows, Foresters, Societies, etc. We believe that it has. There is no more than human. It is human in the organization, divine in its motive power. It has a greater work before it than any other organization. It aims at rectifying the wrongs of the world. It is doing it. It aims at rectifying the wrongs of the world. It is doing it. It aims at rectifying the wrongs of the world. It is doing it.

Trap Shooting.

The American Shooting Association will hold a shooting tournament at the Minneapolis club grounds May 20th, 21st and 22nd. The association is formed by the combination of all the leading sporting goods stores of the United States, and the object is to visit some of the principal cities in the country and further the best interest of trap shooting, which has been somewhat neglected from the fact that in most of the contests the crack shots will win the prizes and prevent the poorer shots outside the club. The idea of the association is to form shooting clubs in all the principal cities. For instance, class "A" will be composed of men who have a record of 70 per cent, and upwards of three killed, class "B" 50 per cent, and class "C" of less than 70 per cent. As Minneapolis is the only city in the Northwest which has the association, it will be one of the greatest shows of the Northwest, bringing together men from Minnesota, Dakota, Illinois and Iowa.

Church Unioning.

The following is a list of the sermon last Sunday morning at the First Congregational Church. Acts were read.

There is no part of church work that is managed in such a haphazard, slipshod, unbusinesslike way as the baptisms. They need to be broadened and reformed. The average minister in the age of steam and electricity while the church is regarded to be the center of the world, and the times and days it is the best of the Reformer.

I have the church any greater claim on man than other organizations, such as Old Fellows, Oddfellows, Foresters, Societies, etc. We believe that it has. There is no more than human. It is human in the organization, divine in its motive power. It has a greater work before it than any other organization. It aims at rectifying the wrongs of the world. It is doing it. It aims at rectifying the wrongs of the world. It is doing it. It aims at rectifying the wrongs of the world. It is doing it.

Accomplished Woman.

Miss Nellie Peterson, one of the greatest girls in the village of Mount Pleasant, Minn., has just completed a four years apprenticeship to the machinist's trade. She has not only mastered the drill and handles a file with any man in the shop. Her specialty, however, is bookbinding, and she has prepared a devotee herself. She can also draw and make figures. Her instructor, and from the working drawing she can make anything.
