ARRRESTED FOR ROBBERY.

Charles Seaver and Wm. F. Palmer, Jr., both of Brainerd, were arrested on Monday morning for the robbery of the Express company on Friday evening, April 18, 1898. The Northern Pacific Express company was robbed of \$15,000, the money being taken from the company's safe in their office at the depot in this city. The money was part of the gold sent by the company to their employees in Brainerd, and arrived on the night train. The shipment, \$15,000, was received and deposited in the safe in charge of the express company. The safe was immediately closed and the combination turned partly around. He being the only man on duty, went about his other duties as usual incident to the arrival and departure of the night train. Some time elapsed before he had occasion to look in the vault again, and when he did one of the long containing \$15,000 was missing. He immediately gave the alarm and a thorough search was made, but no clue was visible. No mysterious was the disappearance that many thought that the night man must know something about the matter but nothing was found by the detectives who were sent here to shadow him in the vault. It was found that the safe had been opened and the money taken. The safe was found to be in the hands of the express company. The safe was found to be in the hands of the express company. The gentleman is a very pleasant and convincing speaker and has the faculty of holding the attention of his hearers. The address was spoken very highly of by all. The second act, "The Irish in America," was given by the same gentleman and was also very highly praised. The audience participated in the play.
