Things Political. Aid Ollen will be candidate for re-election. Chas. Kinkaid has his eye on seat in next council from the first ward.

Candidates for aldermanic honors are a little slow about announcing themselves. Dr. Groves is spoken of as a possible candidate for mayor, but he is as yet silent on the subject.

Treasurer Damesell will probably have no opposition for re-election. He has made a good official. Peter Walters has been prevailed upon by his friends to be candidate for re-election as alderman at large.

Mr. Stivers is fairly in the field for mayor, and will undoubtedly surprise many of the "unwashed" who vote the vote is counted.

In the second ward J. F. Howe and N. W. Whistler are candidates for re-election as aldermen and it is rumored that David Slipp is also a candidate.

P. Murphy is a candidate for re-election as city clerk at the hands of the most capable. He has made an excellent official and will undoubtedly be retained.

H. G. Olivers has commenced the execution of a new ward system, and is quite likely that Mr. Stivers thinks the chief magistrate of a city like Brainerd should occupy a representative position by the force.

Heavy pressure has been brought to bear upon Dr. J. Z. Camp during the past week to induce him to make the race for mayor, but so far without success. The doctor has many friends in the city who would like to see him in the field.

J. H. Koop is canvassing the city in his own interest. Mr. Koop says he will not withdraw from the race for mayor, as his friends have urged him to come out and he proposes to do his level best in securing the election.

Mr. Koop's long residence and business connections have made him a familiar name to the people of this city, and he has a good majority over any competitor.

It is said that Senator Washburn is highly pleased over the majority report of the tariff commission.

"In a city office a private copy of a public document has been turned over to this office to solve. We leave it to the next administration."

Henry Villard has been injecting the spirit of life into St. Paul and Minneapolis business circles during the past week. Brainerd is patiently awaiting his dose.

While there are numerous aspirants for the position of mayor there is as yet no candidate for city treasurer. The salary of the former is "glorious" while the latter is a lucrative position as far as the work is concerned.

ROBERT M. WILSON, the late democratic candidate for governor of Minnesota, died at Naman, on the 10th of March, of malarial fever. Mr. Wilson was a man of great intellect and foresight, and his death is a severe loss to the democracy.

THE OLD BEAU. Two crabs and four fisher's traps were taken by one of our fisher's traps. It is a very good specimen of the old time.

THE FURD IN PURSUIT. It is high noon on an August day. Hot! What! but how the summer sun beats down on the great prairie—scorching, withering, a scorching, heating the blood of man and animal.

Wandered down in California. Some miles at Home, Cal., broke into the sea the other day while at work doing a little fishing. He had about forty feet of line and quite a high tide. The fisherman was a young fellow, and he was in all sorts of glee and good humor.
