THE DAM AND WATER WORKS

Vital Matters Discussed by Ambrose Ficks. We publish below a letter addressed to the mayor from Ambrose Ficks, receiver of the Brainerd Water Co., which contains a full account of the dam and water works... The dam is a stone dam, built in 1850, and is now in a state of disrepair...

I would recommend that the council create a commission to investigate the dam and water works. This commission should be composed of men of high standing in the community, and should be empowered to make a full and complete investigation of the dam and water works... I believe it is the duty of the council to take prompt action upon this matter...
