The Pullman and Wagner vestibule limited, leaving St. Paul at 7:00 p.m., makes the trip to Chicago in 13 hours, and from Chicago to St. Paul in 12 hours.

This is the only line running all its trains in less than 14 hours. It has to run at an average of speed to make this time in so many miles, it secures this time in no other way.

In addition to these facts, this is the only line by which connections are secured in Chicago with all the lines from Chicago to the East and South in the morning and at night.
