THE DEMOCRAT WIN MANY LAURELS BUT MINNESOTA IS SAFE. MERIAM IS ELECTED GOVERNOR. The Plurality Ran from 2,000 To 4,000. J. C. Flynn is Defeated for the State Senate by Over 2,000 Majority.

An Off Year with the Usual Results. Light over their Victories. The political game which has just passed may have torn the republican banner from the states of Michigan, Pennsylvania, Wisconsin, Iowa and possibly Nebraska, but Minnesota comes up smiling with a winner at the head of the state government.

The Dinner Party of the day is occasionally. The victory of Meriam is a plurality running from 2,000 to 2,500 in our well watered. Seventy-five counties give him 50,253 votes against 77,246 for Wilson—a plurality of 27,992. The few counties to bear from are Redwood, Hennells, Becker and 500 from Redwood 200.

How it Happened. The great Legislature will make a fitting title for the year. His district is the stronghold of the Alliance movement, and the Alliance candidate, Hartstrom, has polled every plurality in all the strongest republican counties that the indications are that he is elected by a decisive plurality.

Peck is elected governor of Wisconsin and the fourth school has been elected out of eight by 90,000 majority. The Wisconsin legislature is also democratic. That the Alliance movement is a mere annex to the democratic party was demonstrated by Tuesday's election. Leaders of the Alliance party are as tickled over democratic success as the rank and file.

What They Think. Joel P. Eastwell, chairman of the republican state committee, when asked about the change in the voting results. "I am the contest opened the state committee failed a party badly torn up by internal feuds and divided almost to the verge of destruction upon the tariff issue.

What is the result? The republican party is split into two camps. One camp is for the republican party and the other is for the Alliance party. The republican party is split into two camps. One camp is for the republican party and the other is for the Alliance party.
