BEARING, the great showman, is dead.

A new opera house is being erected in the bustling city of Detroit.

The bartenders of spring-lice ball and hook beer, are now with us.

Chicago has elected a republican mayor after nearly fifteen years of democratic rule.

The Trade Change came to us this week with the pages reversed and upside down. It is evident that Bro. Drews has turned things over to his business partner.

The Hickey Register has passed into the hands of C. A. Mackey, and while the present management will make a good local paper of it, the Hickey people will miss Mr. Brewster.

The Northern Pacific is to take enough kids out of its line to decrease its running time between Chicago and Portland, and will begin this year.

The city charter bill is a go and in that case the election of T. M. Reilly as assessor by the council on Monday will not necessarily be declared off and a vote will be taken for assessor by the people.

"In the Farmers' Alliance a secret society, and do the members have a password and grip?" asks an exchange. It is certain that they have a grip although Donnelly has lost his since the session of the legislature opened.

In the killing of the alien riders in Pennsylvania will only cause the foreign powers to raise such a fuss over the matter that the United States will construe laws to prevent all the criminals and paupers of Europe from being imported into this country, a good thing which will soon be accomplished.

It is more than likely that Senator Hoppe now wishes he had never attempted to regulate newspapers by passing a law compelling every article to be signed by the writer. The senator appears to have absorbed some of Donnelly's nature since the legislature opened.

A party of surveyors, fourteen in number, appointed to be working for the Northern Pacific, were met yesterday two miles west of Arkin, heading for Grand Rapids, says the Duluth Tribune. It is stated that the Northern Pacific fears the competition that is gradually getting a head start in the territory allotted to and is seeking to strengthen its position. The dispatch from Arkin to Grand Rapids is comparatively short, but this piece of road would practically give it an air line to St. Paul, and a good hold on the business of that section, which means greater volume every day.

What the Legislature Has Done. Senator Hoppe and Representative Berge have each had additions to their families since the legislature opened.—Fergus Falls Journal.

Peck Will Shoot Ducks. The following from Peck's Sun can readily be applied to Minnesota as well and will be appreciated:

I prize, sweet friends, and why should we not prize them, the ducks. Haven't the duke sportsmen of Illinois, Indiana, Missouri, Michigan and Iowa played horse with us long enough? For us, the ducks are the only thing we have any right to be proud of. They are kicking ourselves and letting our four pines rot while the ducks and lakes of Indiana and Illinois have condescended with the grace of a goddess to our men. All around us the ducks are peeping their heads above the water. They are peeping their heads above the water. They are peeping their heads above the water. They are peeping their heads above the water.

Ed Campbell, who has been at Seattle since last September, came back last week, and from appearances we judge that he is just as well satisfied with Minnesota as any other place.

Some Spring Building.

From present appearances there will be considerable building going on as soon as spring has opened. George Gardner has already a crew of workmen clearing his lots on Laurel street from rubbish left by the city and will be ready to begin the erection of a fine brick block as soon as the ground is in shape. The block will be 125x50 feet, two stories high and will be brick veneered. The lower floor will be finished off into five stores, and the upper floor into a large hall. The building will be rushed through to completion as soon as possible, most of the material being already on the ground.

Chas. Kinkele has begun work on a brick structure on the corner of Fifth street property, which was burned over in October. As soon as the building is completed he will erect a market building 20x75 feet, which will also be brick and will occupy the ground where the old market stood. As soon as the building is finished he will occupy it as a storage house for meat.

Wm. Grogan will rebuild his laundry on Sixth street south immediately. The new building will be 20x25 feet, and Dr. J. L. Camp \$50 for the new building, and for some of the fixtures. Two or three parties are figuring for the contract.

Connet Collins. The city council was in regular session on Monday evening. Reports from the city clerk, chief police and superintendent of electric lights were read and accepted. Accounts amounting to several hundred dollars among which was that of the city pay roll \$664.70, electric light pay roll \$290.55, and Dr. J. L. Camp \$50 for the new building, were read and accepted. The bill of A. Mahlin, for building the bridge across the street between the corner of Laurel street, was also read and accepted. The city clerk was instructed to notify the Water Company to repair the streets where water mains were laid last year, and to extend to the new day the city will repair them and charge against the property.

The superintendent of electric lights was instructed to make repairs and purchase supplies. The following clerks and judges of election were appointed:
First ward—Judges, Wm. Paine, Dr. John Murray and D. Winterson. Clerk—Wm. Wisland and George Wilson.
Second ward—Judges, G. A. Richardson, J. W. Bliss and Edward Spurr. Clerks—C. D. Johnson and Frank Hanson.
Third ward—Judges, Robert Martin, Wm. Weikina and John Sturges. Clerks—Chas. Banks and W. W. Winters.
Fourth ward—Judges, F. G. Poppleton, B. Best and M. Peterson. Clerks—T. H. Murphy and A. Anderson.
Fifth ward—Judges, Theo. Knudsen, John McLaughlin and A. G. Goshaw. Clerks—John Ryan and A. Larson.

An informal ballot was taken on city assessor, which resulted in 5 for H. Theviot, 2 for T. Bally and 1 for Ed Lynch. On the formal ballot H. Theviot received 4, and T. Bally 1. The third ballot resulted in the election of Mr. Bally by a vote of 5 to 2 for Mr. Theviot, and 1 for D. D. Smith. Council adjourned.

A Second Term. At the annual meeting of the Brainerd Fire Department on Monday evening a large turnout was present. The meeting was called to order, T. B. Snoborn being elected chairman and C. D. Johnson secretary. Nominations for chief were made by the committee of Dan McIntosh and Ed. Brebny being placed before the meeting, but Mr. Brebny declined, and the committee decided to name as candidate a notice was made to elect Mr. McIntosh by acclamation, which was carried. For first assistant Ed. Brebny was elected, and for second assistant S. H. Parker. A. F. Ferris was elected treasurer, and C. D. Johnson secretary.

Wm. Duchan has not yet taken charge of the post-office, but expects to be installed in his new position by Monday night.

Judge Holland will hear the arguments in the case of the Brainerd railroad. The case is now pending in the Federal court at Duluth.

Notice is hereby given to all persons that my wife, Julia Graham, has left my bed and board, and that I will pay no debts of her contracting.

DOG AS BENTINER. The French have a Very Great Way of punishing dogs. A dog that is troublesome is taken to the streets and a large number of dogs are coming into the force, says a Paris correspondent in the London Standard. It appears that a kind has been devised in France, and the dogs are covered into a rigid and impenetrable net. The way it is intended to be used is that the dog which is supposed to be the trouble maker is taken to the streets and the net is thrown over him. The net is made of wire and is so arranged that the dog cannot get out of it. The net is then pulled down and the dog is trapped. The net is then pulled up and the dog is released. The net is then pulled down and the dog is trapped. The net is then pulled up and the dog is released. The net is then pulled down and the dog is trapped.
