The Standard Party president is worth \$100,000.

The Iowa Democrats have declared for high license and expect victory thereby.

The Chicago authorities have decided that a license cannot be issued to a saloon on wheels.

The La Prairie News, a new venture, has been received. The paper is readable and well patronized.

A recent treasurer named Franti, in Wadena county, is \$300 behind in his accounts and has been arrested.

The great printer, Sir John McDonald, did not leave a great estate, \$30,000 and Earncliffe hall being the extent.

Livery Hall, one of the oldest Minnesota newspapers, is owned by Henry G. Glendon, died at Kansas City on Wednesday.

Anna Ignatius Donnelly organizes her people for a Minnesota on July 14. It will be as well for the other parties to lie down.

The Anoka Herald gives A. Y. Merrill a nice little rest in its last issue, and that place was the gentleman's former home there must be some truth in the article.

Several Italians will cease selling bananas and peanuts and start a macaroni factory in St. Paul. The introduction will have a capacity of thirty barrels a day which has been contracted for by wholesalers.

Up at Superior it is dangerous for a Duluth man to be abroad after midnight. The newspapers are calling up on the people to not do Duluth men any business there, and still the war goes on.

Miss Kate Hays, the only surviving daughter of the late Major Hays whose family was drowned at Lake Minnetonka, is to be married in London on Wednesday to Possibly Ogles, editor of the London Globe.

The brewers of the Twin cities have failed or refused to put up the license money for the coming year in those cities, and as a consequence there will be a reduction in the number of drug stores.

It is true that the Kansas farmer's bill has lost an excellent ally in judicial candidates, in that state he is not to confirm mortgage sales, on penalty of losing the support of the alliance, it is time the leaders were placed in some private lunatic asylum.

The Lake Breese claims that Bro. Stevens is a triple pretender wanting to know what course the alliance will take next year, and claims that instead of making with the democrats every bourgeois will be obliged to vote a straight alliance ticket. It is peculiar how great minds differ.

This democratic press in various parts of the state are not all quiet in their denunciations of State Auditor Berman for numerous official acts. A leading paper at Crookston says: "Berman was justly and completely elected on the state ticket when he should have been the only one defeated."

DELAWARE is no longer a straggled party, as a law has been enacted that all magistrates and judges who come tramping along into the state may be arrested and put to work breaking stones for road-making for sixty days, and if refractory they may be consigned to solitary cell on bread and water.

No show for the Native. "What office are you a candidate for?" inquired the reporter who was making his hasty rounds. "Me?" explained the Native hanging up against the door frame. "Thanked I ain't running for anything; I was born in this country."

G. A. Encampment. Meeting, Minn. July 2 (Special).—The first day of the G. A. R. encampment here opened up in grand style with a large crowd. The object of the day is to be the largest encampment of the season. The town is beautifully decorated with magnificent arches, flags and other decorations. Several colored horses are on the trot and many are expected to be in the reunion the old soldiers have had for years.

Who Stung Him. Charles Anderson, a man found injured last week, about two miles west of town, is still at the North Star hotel. He is not expected to recover, and may not live a few days. He has regained consciousness at intervals. He stated that he did not know how he was injured, but that his parents live in Norway, and that he has a brother living in Janesville, Wis. There is no one the least doubt but what Anderson was stung by someone, but who that person is may never be known.—Wadena Tribune.

Drooled the Judge. Marston Durman, who was shot by Emma Schmidt at Minneapolis, has used her for \$10,000 damages. Judge Smith instructed the jury to bring in a verdict for the plaintiff. The jury found for the defendant and the court set aside that verdict. It will be remembered that shortly after Durman was married Miss Schmidt called at his home and shot him for seducing her under promise of marriage. She was tried, but acquitted and he was not for seduction and got judgment for a large amount. Then he sued her for damages for being shot.—Journal.

THOMAS C. WENZLER is the republican nominee and coming governor of Iowa. The platform of the convention takes a bold and honest stand for a protective tariff, respectably liberal pensions to militia soldiers, and honest money for honest labor. It endorses the administration of President Harrison and pledges the party to the enforcement of the prohibition law so long as it shall remain upon the statute books of Iowa.

An Interesting Lecture. "Oaths Garden and the Stranger Within our Gates," at the Baptist church on Tuesday evening, July 2. Mrs. F. Grubb, of Lawrence, Kansas, National Superintendent of "Work Among Foreigners," will speak on the above subject. Mrs. Grubb is a very talented and interesting speaker and all who are interested in the solution of the problem what to do with our foreign population should attend themselves of this opportunity to hear how our woman proposes to solve the question.

Mrs. S. F. Grubb, Superintendent National Work Among Foreigners, the best educated and most competent woman in the west. With a dignified mind and devoted heart she has spent her life in the cause of the oppressed and the ignorant. Local unions can do no better than to urge the presence and aid of Mrs. Grubb, for her theme is vital to the future of our country.

FRANCIS WILLARD. National W. C. T. U. It is with pleasure that I commend Mrs. Sophie F. Grubb, of Lawrence, Kansas, for the confidence of my brethren in the ministry. She is National Superintendent of our Foreigners in the W. C. T. U. This confidence and the present success is mainly due to her wise and untiring efforts. The importance of direct Christian effort among the foreign classes cannot be overestimated, and will be denied by none. The efforts of Mrs. Grubb are of a most noble and patriotic character. She has not only been able to bring to the attention of our people the great need of our country, but she has spoken in a manner to the great advantage of our people. No one will find anything in the manner or matter of her discourse to which exception can be taken, and her earnestness will be past.

HENRY BELLEAU. Pastor Westminster Presbyterian Church, St. Paul. Also berries are getting ripe. Our town marshal went to Staples Monday on business.

Some one thinks about fifteen days' wind their way westward toward the lake, but the setting sun, otherwise known as Dakota.

Another game of ball was played between Mollie and Pillager, interested in the fifth inning, the score standing 11 to 13 in favor of Mollie. Keep up your grit, boys, and you will beat them yet.

Saturday two very heavily loaded trains passed here from Brainerd to Duluth. Judging from the load on the side, the passengers must have been enjoying themselves.

Mr. A. Wilson does not improve very rapidly, but courage, good nursing and time may have the desired effect.

Our school has grown in numbers under the new teachers, four scholars enrolled.

Some of our loss ball boys were taken to Brainerd last week by a farmer, charged with breaking down his fence while coming to school. The court decided in favor of the boys, and the farmer was fined \$100.

A very large buck passed through town by A. J. Bacon a few days ago. No damage done except a liver run by A. J. Bacon, he headed and with streaming hair to a neighbor for a gun while brain exposed.

Sum. Fourth of July. Excursion tickets will be sold at Brainerd July 3d and 4th, good for return July 5th, at rate of one cent on third fare for the round trip, to all stations of the N. P. within a limit of 300 miles in the States of Wisconsin, Minnesota and North Dakota, and will be honored for return on first train arriving at Brainerd on Monday, the 6th inst.

New Way to Sew. A genius, with a profound thought-mill, has taken up the subject of dust-proof sewing by means of a steam-driven machine, which is now being made and put into operation.

THE FUTURE. The future of our state will be a long story, but we can see some things which will be done in the next few years. It is already being done in the State of Iowa, and we can see some things which will be done in the next few years.
