BRainerd, MINNESOTA FRIDAY, OCT. 2, 1891.

Public office is a private map seems to apply in local affairs as well as national. Gen. Boulanger, the noted French general, committed suicide Wednesday at the grave of his victim.

St. Cloud is to have an electric street railway. The Granite City Line says Judge Stearns, of Duluth, is a candidate for United States senator.

It now looks very much as though Mrs. Stivers, of the Journal, would be the democratic sacrifice in this congressional district.

The question of abolishing the British loan of 1890 is again being agitated. The liberals, it is thought, will favor the scheme.

MINNEAPOLIS is bustling these days to secure the national republican convention. There is no equal to the occasion and should have it.

CITY CLERK MURPHY and Chief Baron still hold the fort, although it looks as though the conment would soon make a full onslaught.

The Minneapolis Tribune says that six churches are in the process of building a spire, and when built, will fill a surprising and long-felt want.

The Journal editor will over the starving people in Europe last week was truly pathetic. And still he was looking because they didn't have his \$2 a bushel for wheat.

Dr. BERNHARD, of "Him, Romanism and Rebellion" fame, is back in New York the first of the week. It would have been a good thing if he had not had he died several years ago.

The democrats of Massachusetts Tuesday in convention, declared in favor of honest money. It is refreshing to know that in some parts of the country the democrats are sound on some matters, if they are un-American on the tariff issue.

The Presto Change, in the last issue editorially built a line of railroad for N. Y. from St. Paul to Park Rapids, and the Red Lake country. That scheme is a good one, only a glance at a map would show that Brainerd would be the better starting point.

A Preclear Railroad Week. A very peculiar railroad accident occurred on the Northern Pacific at Buffalo, a small town west of Fargo, whereby two lives were lost and a third man severely injured. The fact being dispatched to the Minneapolis Tribune gives an account of the horrible affair.

FARGO, N. D., Sept. 27.—One of the worst wrecks on the Northern Pacific ever recorded occurred near Buffalo, about 30 miles west of here, on the morning of the 25th. A freight train ran on one side track and struck a passenger train on the other. The passenger train was a box car and engine, and was carrying 100 passengers.

The engine of the freight passed the car of the passenger train, and the car of the passenger train struck the engine of the freight train. A brakeman ran ahead to climb up on the car to stop it when it was too late. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train. The engine of the freight train struck the car of the passenger train, and the car of the passenger train struck the engine of the freight train.

THE BEST APERIENT

In modern pharmacy is undoubtedly to be used among my friends and colleagues for no other purpose. In extreme cases, physicians have abandoned the use of cathartics, and recommended a milder, but no less effective medicine. The favorite is Ayer's Pills, the superior medicinal virtues of which have been certified to under the official tests of state chemists, as well as by hosts of eminent doctors and pharmacists. No other pill so well supplies the demand of the general public for a safe, certain, and agreeable family medicine.

Ayer's Pills are the best medicine I ever used, and my judgment is better qualified than any other.

Ever Devised I have used in my family and cannot be used among my friends and colleagues for no other purpose. In extreme cases, physicians have abandoned the use of cathartics, and recommended a milder, but no less effective medicine. The favorite is Ayer's Pills, the superior medicinal virtues of which have been certified to under the official tests of state chemists, as well as by hosts of eminent doctors and pharmacists.
