An item of great importance, to
Mr. and Mrs. F. J. Johnson, at least,
was the given at all the news-
papers in the city last week, that
was the birth of a nine pound girl
at their home on Thursday morning.

A laborer at Little Falls, named M.
G. McGinnis, fell from a load on Tues-
day and broke his thigh, and the same
day a man named Erickson, fell on
South street at Long's mill near that
place, and was tragically mangled.

Burned the Bakery.

On Tuesday evening fire was dis-
covered in the rear of W. S. Hill's
bakery on 9th street north, and an
alarm was sent in to the central fire
house. Before the department reached
the scene of the conflagration the
flames had spread to the main part of
the building and the residence of A.
G. Mitchell was in danger as the wind
was blowing quite a gale from the
south, and the bakery was situated
on the east corner. The department made
their work tall, and with a stream of
water playing on both sides soon had
it under control, but not until the one-
story building occupied by the bakery
was nearly destroyed. This is the
second or third time that the bakery
has met with a similar misfortune.
The loss will be somewhere from \$1000
to \$1500, fully insured. In the mean-
time Mr. Hill is receiving supplies
from Minneapolis to supply his custo-
mers.

ANOTHER FIRE.
Hardly had the flames housed their
apparatus when an alarm was
turned in from 9th street south, on
corner opposite the high school
building, the blaze being in the old
Schultz boarding house, a large two-
story brick building, and one of the
old landmarks in the city. The house
was owned by Albert Otto, and was
occupied by himself and Julia, his
wife. Both families living in the north
part of the building, the balance of
the house being unoccupied. The fire
originated in a defective chimney,
and the flames spread through the
attic before they were discovered.
Both families escaped in removing
their household effects, but the build-
ing was almost entirely destroyed.
Mr. Otto had an insurance of \$500 on
it. Mr. Frost was confined to his bed,
and himself and little baby, only
one day old, were removed to neighbor-
hood, and since that time the lady
has been much worse caused by the fright
received.

An item which escaped the reporter's
careful eye last week was the theft of
a watch and overcoat and \$250 in
cash at the Northwestern Hospital in
the city last week. A man named
James Tamson, who was at the above
named institution for treatment
from one of the lumber camps north
of here, had been a patient of the
other patients and also an over-
coat and cash down town. Someone
during the night he got up and helped
himself to a pocket-book containing
\$250 and disappeared, and no trace
of him has yet been found, although
all possible means were used to apprehend
him.

A very pleasant birthday party,
and a surprise at that, was tendered
Sunday afternoon at the residence on
Fourth street south on Wednesday
evening, the occasion being the sixty-
third anniversary of her birth. The
party was very admirably managed by
ladies assembling and going together
to Mrs. Shup's who was in entire
charge of the affair. The guests
persons who intended going were
detained by sickness, but a very pleas-
ant time was enjoyed by those present,
and the occasion will long be re-
membered. Many presents were
received and a bountiful supper was
served at 10 o'clock. The following

considered as a fair sample of the
which are to follow, so there are some
pleasant evenings in store for those
who have the opportunity to attend
the program.

The opening of the "Dime Readings"
and entertainments of the Y. M. C. A.
will take place at their rooms on Wed-
nesday evening, Jan. 27th, at 8 p. m.
These entertainments have become
very popular among the Y. M. C. A.
people and their friends. The enter-
tainment committee, Messrs. J. C.
Small, E. M. Cook, Fred Colton and
Prof. Gerrity, have spared no trouble
or expense to make them successful. A
new platform has been erected for
those who take part in the program,
and a very fine piano has been placed
in the hall by Mr. Walter Davis, the
organ and many other things, and
by their presence to be the finest of
the kind ever given, and this may be
considered as a fair sample of the
which are to follow, so there are some
