The City Ticket.

The thinking people of this city are awake to the fact that a live progressive city administration during the next year means a much for Brainerd. We are on the verge of a period of prosperity and it lays with the voters whether we shall continue to prosper by electing a council of live men, men who are interested in the growth of the city and who will willingly devote the time necessary to the duties of their office. It is a matter of vital importance to every property owner in Brainerd today. At the republican primaries it was the express aim and desire to place men in nomination who would have the best men who had most recently been tried in the same capacity before and found capable in all respects. Above you will make no mistake if you place a X opposite the names of the republican candidates in the column in your respective wards.

TOO MUCH LEATHER

In a Shoe is as bad as too little. You don't buy footwear to rattle around in any more than you do to give yourself a squeeze. A good fit is as necessary as durability, and the two are as inseparable as Siamese twins, a double which can't be separated any more than the two blades of the shears. Our \$3.00 shoe combines them both every time. It wears the longest, it fits the best and looks the best of any shoe in the market. You won't get a crick in your back, or strain your muscles, coaxing it on your foot, and the price is as low as the tide of the bob.
