### A Little Daughter

of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla.

My father was in great distress about the case, and my recollection is that he had been told by some one to try Ayer's Sarsaparilla, two bottles of which cured him completely. I was very much pleased to see that the medicine was so good. I know of many other cases where it has cured people of various kinds of skin diseases.

**Wonderful Cures**

Ayer's Sarsaparilla cures a variety of skin diseases, such as eczema, psoriasis, and leprosy. It is a powerful purifier of the blood, and its use is recommended by all the leading medical authorities.

### THE THEORY OF SNOOR

Between Henry P. Jones, that man who will lie up and down, and a young Poughkeepsie picked up a friend on Market street and took him home to lunch without notice to the former's wife. She called him one day and he said that there were only a dozen raw oysters, and when their friend had eaten his quota of four he must not be asked to take more. All this the husband pointed out to her.

When their guest had eaten his four oysters, the host asked him to take some more. The wife looked distressed, and the guest declined. The husband insisted that his wife should have more. The wife looked at him and said, "I don't want any more." "You could you urge him to have more oysters when I explained to you that there weren't any more?" "I am very sorry," said the patient husband, "but I forgot all about it."

"What do you suppose I was kicking you under the table for?" retorted the wife.

"No," said the husband, "I didn't kick me," said the husband—*Journalist.*
