A Little Daughter

Of a Church of England minister, cover of a distressing nature, by Ayer's Sarsaparilla. Mr. B. W. Stevens, of the well-known Druggist, 207 McGill St., Montreal, P. Q., says: "I have used Ayer's Family Medicine for 40 years, and have found nothing but good about it. I know of many persons by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and scaly eruption, from which she had suffered for two or three years. In spite of the best medical treatment available. Her father was in great distress about the case, and, at my suggestion, he had her taken to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure, much to her relief and her father's delight. I can now see her today, and would testify in the strongest terms as to the merits of Ayer's Sarsaparilla."

Have you read Gro Nelson's speech?

If not, you should do so without fail. It is a dandy.

The new Hawaiian republic, in the sale of Groves and his trotting mule, the dusky Lillockians.

China and Japan have declared war. We expect in a new scheme to get rid of the surplus population having failed to import them to America.

Saturday's non-partisan convention was a howling success from a popular standpoint. We hardly know how the originator of the movement like it, however.

The Journal editor deserves great credit for his fair and able editorial in this week's issue in reference to Gro Nelson's speech. It shows that Bro. Stevens has the courage of his convictions, and that he values the rights of his party and good government above temporary party success.

We are in receipt of the initial number of the Aikin Republican. It is a most interesting magazine of party affiliation. It was not a party speech, only as the News says, in the sense that Gro Nelson is a party politician. It was a masterly and wholly unanswerable exposition of the vagaries and absurdities of party politics, and showed that he knows how futile it was to expect relief from that source. He supported all of his statements with an array of facts and figures that were indisputable. It was so devoid of party politics, that if one did not know, one would have been led to believe that the speaker was a democrat, except from the principles he advocated. It clearly shows the government as a party statement, as well as a politician, one who can rise above party expediency and think only of the public good. It makes a man with popular appeal, impossible to every democrat of honor who reads it.

CACTURED THE CONVENTION.

Judge Holland's Non-Partisan Journal Convention Movement.

The non-partisan political convention for Crow Wing county was held at the court house last Saturday afternoon as per call issued, but the success of the meeting was marred at least in the manner in which it was intended. Instead of a quiet meeting of a few partisans of the non-partisan originators of the movement, a delegation of the striking employes from the pulp mills, nearly all populists, took the scene of the meeting and sought to bring to a halt the proceedings, much to the chagrin of the originators of the scheme.

The convention was called to order by E. Johnson, the committee man from this county, promptly at 3 o'clock. The chair then read the call for the convention. He was interrupted by J. A. Elliott representing the populists, who demanded that another be presumed to make himself chairman of the convention. Mr. Johnson explained that he had been chairman of this county for six years, and had signed the call authorizing the meeting, and he was not prepared to resign the office. Mr. Elliott representing the populists, who demanded that another be presumed to make himself chairman of the convention. Mr. Johnson explained that he had been chairman of this county for six years, and had signed the call authorizing the meeting, and he was not prepared to resign the office.
