The Crow Wing county republican convention was called to order at 2 p. m. this afternoon by Chairman Halsted for the purpose, as stated in the call, of electing six delegates to attend the judicial convention at Aitkin on Tuesday next, and to elect ten delegates to the 45th legislative convention at Little Fall, and also to place in nomination candidates for the various county offices.

The convention was organized by the election of Rev. Geo. H. Davis as temporary chairman and Jas. McMurtry as secretary. A motion was then made and carried that a committee of five on credentials be appointed by the chair, which was acted upon and the following gentlemen were named: Joel Smith, G. S. McPherson, A. T. Kimball, Chas. Hagberg and J. C. Smallwood.

The committee retired and after deliberation brought in a partial report showing they were unable to settle the matter of the bolting delegation for the Fifth ward and the convention accepted the report, and on motion a committee consisting of J. S. Gardner, J. Arnold, D. D. Smith, James Towers and J. L. Berg, were appointed to consider the matter and make a report. Fourth ward—James Towers proxy for Thos. Crawford, Henry Anderson, John Larson and M. Peterson.

The special committee appointed reported the delegates elected from the Fifth ward entitled to seats as follows:

M. Hagberg, Archie Purdy, P. Olson Henry Mahle and D. Doran.

The report was accepted by the convention.

Motion was made and carried that Leon E. Lum select six delegates to represent Crow Wing county in the 15th Judicial District convention.

M. Hagberg offered the following resolution which was carried:

Resolved that this convention is favorable to the candidacy of A. F. Ferris for member of the house of representatives and that he be allowed to select ten delegates to represent Crow Wing County in the legislative convention at Little Falls.

According to the above action Mr. Ferris announced the selection of delegates as follows: N. H. Ingersoll, F. S. Parker, Chas. Kroch, D. Doran, A. E. Pennell, R. H. Paine, John Larson, John T. Frater, J. L. Berg and M. McFadden.

The convention then proceeded to the nomination of county officers, and the name of Louis Tache for auditor was presented by H. Patterson, that of John Frater for treasurer by J. S. Gardner, Henry Spalding's name for Sheriff by D. D. Smith and A. Mahlum's name for register of deeds by Joel Smith. There was no opposition to any of these nominees and they were nominated in turn by acclamation.

For clerk of the court Harry Brooks was nominated by Joel Smith, S. H. Parker by J. McMurtry and F. A. Farrar by J. S. Gardner. The first ballot was informal and stood as follows:

Brooks	12
Parker	20
Farrar	8

A formal ballot was taken which resulted in nomination of S. H. Parker by the following vote:

Parker	26
Brooks	12
Farrar	2

For county attorney C. E. Chiperfield was nominated by G. S. McPherson and W. A. Fleming by D. Doran the informal ballot being as follows:

Chiperfield	21
Fleming	8

Motion made and carried that C. E. Chiperfield be declared the nominee of the convention.

R. K. Whiteley was nominated county surveyor by acclamation.

I. T. Dean was nominated for coroner by acclamation, as was M. McFadden for court commissioner.

Milton McFadden was nominated for judge of probate by acclamation.

Prof. J. A. Wilson was nominated for superintendent of schools by acclamation.

The delegates from the 2nd commissioners distrigt nominated J. S. Gardner for re-election and those from the fourth district re-nominated A. P. Farrar.

A. J. Halstead was re-elected chairman of the county committee and the convention adjourned.

A democratic county convention will be called for Oct. 6th at the court house in this city.

The Populist Ticket.

The populists of Crow Wing county have placed the following ticket in the field:

Auditor	Chas. Banks.
Register of Deed	
Sheriff	Fred Wehrle.
Clerk of Court	A. G. Gallup.
County Attorney	
Judge of Probate	
Supt. of Schools	
Surveyor	Lyman Arms.
Coroner	Charles Cross.
Commissioner, 2d Dist., J. T. Hanbort.	
Commissioner 4th Dist., J. McCarthy	

The convention that produced the above ticket met at the court house on Saturday evening last, and was called to order by A. F. Ludwig who was made chairman of the evening, and Geo. Herren was chosen secretary. As the convention was of the mass order, and consisted of some 50 representatives of the party it did not take long to get the populace before the audience, which was done by the nominating of Charles Banks for auditor by J. A. Elliot, and Mr. Banks was elected by acclamation. The office of treasurer on motion of Mr. Elliot was left open, as was also that of register of deeds. Nominations for sheriff were called for and the name of Fred Wehrle was placed before the convention by W. W. Winters, the name of Ole Erickson by N. N. Halladay, and it looked for a few moments as though J. P. Barney, who was known to be an aspirant by the printed cards in circulation, was to be the programme but his name was finally presented by David L. Hamilton. The motion to elect by ballot carried and the chair appointed W. W. Winters and M. F. Holmes as tellers. Mr. Elliot then moved that slips of paper be left on the desk in front of the audience and convention and that all those who belonged to the people's party and wished to vote walk up and get one. After the vote was taken the chair announced that Fred Wherle had received 26 votes, J. P. Barney 15 and Ole Erickson 12, and declared Mr. Wehrle the candidate for sheriff notwithstanding the fact that he lacked one vote of having a majority of the votes cast.

Mr. N. N. Halladay then stated that as long as the party had no lawyer in the ranks he would present the name of W. A. Fleming for endorsement as county attorney, but Mr. Elliot amended the motion to leave the place blank and it carried. For superintendent of schools and court commissioners no nominations were made.

Charley Cross was then placed in nomination for coroner by J. W. Martin and he had no opposition.

For county commissioner in the Second district C. T. Sanborn received the nomination and in the Fourth district John McCarthy was honored.

Delegates to the populist legislative convention to meet at Little Falls at some future time were then appointed as follows: Chas. Banks, John Atkinson, W. W. Winters, N. N. Halladay, H. C. Hughey, S. M. Dwinwiddie, and Geo. Herren, the delegation to go uninstructed.

Resolutions were offered pledging faith to the state ticket, endorsing the nomination Kittle Halvorsen for congress, and pledging the convention to stand by the county ticket and "work for it with all our might and see that it is elected."

The convention then adjourned.

TREES IN THE TOWN.

They Add Value to Property—A Few Remarks on Street Lighting.

A love of the beautiful is inborn in man. Trees are a source of never failing enjoyment to dwellers in the town, and no town can be beautiful without them. How refreshing their shade in summer, and the dreariness of winter is rendered less desolate by their presence. Sentiment aside, trees have a direct value. A tree shaded avenue is a much more desirable place of residence than one which lacks their adornment. Property is more valuable on this street, and landlords demand and receive a higher rate of rent. The houses are more pretentious, the lawns are green and smoothly shaven, and beds of flowers and bunches of shrubbery bear witness to the friendly rivalry among the dwellers to excel in the beautiful. A comparatively small outlay would do much to beautify our town. Once planted and properly cared for from destruction, trees require little care and in a few years will amply repay the expense in the trouble and money expended.

The lighting of streets at night is a subject of great importance to the people of a community. The benefits are many and the outweigh any question of cost or economy. How many accidents that have caused loss of life and limb are due to insufficiently lighted or wholly dark streets! How many crimes have been committed under cover of darkness that would never have been perpetrated had there been light to reveal the robber or assassin to his intended victim! The development of electricity has made it possible to light our streets at night at a small expense. No costly plant is required, and the outlay for labor to put up the wires is nominal.

The lighting of the business section is not enough. It is good so far as it goes, but it does not go far. The personal safety and convenience of every citizen demand that our streets shall be so illuminated that he may leave his home after dark without danger of breaking his limbs or having his head smashed by some enterprising footpad.

The opinion is rapidly gaining ground that a remedy which has proved efficient in the hands of the skilful practitioner, is eminently prepared by him as the result of years of observation and experience, for the treatment of disease in individual cases, may, if placed by the same practitioner within the reach of the reading public, be instrumental in curing many who otherwise have remained ignorant of it. Clergymen's Marriages.

Marriages seem a great failure in the case of curates. One of them writes of the sad lot of his class as follows: "When vicars in charge of fashionable suburban parishes lose on having only young and unmarried curates if they may," in the opinion of more worldly men, be very nice for girls, but it is very good for the church! Why do married vicars inevitably advertise for unmarried curates? Are their own marriages all failures? My case is a common one. I am a curate and want work. But I am too old, being no less than thirty-seven years of age, and I am married, so, of course, must stand aside. That I have enough income to live on is lucky for me but does not altar my case. My father served as a curate nearly all his life, and I thought I might at least be permitted to do the same; but the action of the bishops in ordaining men whosoale during the last twenty-five years has entitled the majority of vicars to reject all who, like myself, are old, or married, and so we are left in the end to be nothing but your humble servant, who signs himself CURATE OUT OF WORK."

DEFAULTER AND FORGER.

F. W. Wheatley, Treasurer of the Brainerd Building and Loan Association

Is a Much Wanted Man.

As was stated in this paper last week, N. W. Wheatley, has been found to be a defaulter and forger and is now a fugitive from justice, and his strange disappearance is accounted for. Mr. Wheatley was one of the best known men in Brainerd, has held some of the highest positions of trust and until recently was held in high esteem by his associates and fellow citizens. Early in July Mr. Wheatley went to Duluth for the purpose, as he stated, of disposing of his stock in iron mines on the Mesaba range, he owning a 24th interest in a certain mine there. Failing in his endeavor there he went to Chicago where he finally effected a sale, he having been heard from at that place August 15th. But as he did not return suspicions were aroused, and the Brainerd Building and Loan Association, of which he was treasurer and which office he has held since the society was organized in 1887, began an investigation and found a state of affairs which surprised them. It was discovered that notes which the association supposed were paid and which were entered as paid on his book, had been renewed by Wheatley and the money appropriated to his own use. Orders issued by the secretary on the treasurer were taken by Mr. Wheatley, the parties being told there was no money to pay them with, and then entered on his books as paid and the money taken and squandered in real estate transactions. The amounts stolen in this and other ways is as follows:

S. Lind	$505 62
Mrs. J. W. Thompson	891 25
J. Thompson	891 25
Fred Allen, note	1000 00
Ang. Darrel	50 00
Total	$3338 12
Cash taken	4365 00
Notes held by First National and N. P. Banks	7000 00
Total	$14703 12

Besides the embezzlement of this amount it has been found that he has forged the name of Thos. Halladay to two notes one of $400 and one of $500 held by the First National Bank, the notes having been renewed as recently as June 25, 1894.

The treasurer's bond to the association for the past year had been neglected, his previous bondsmen being Werner Henstead and W. D. McKay for $3000, and there is a question as to whether these men can be held for the amount. Mr. A. G. Mitchie, the secretary of the association admits to the directors that he had known of Wheatley's shortage for over a year and showed a letter under date of April 5th, from Wheatley to him in which the former admitted his trouble but wanted a little time to turn himself in. Mr. Mitchie in explanation says Wheatley threatened to kill himself if he was exposed, and said he could straighten up everything if he was allowed a little time to call his iron land interests. With this explanation Mr. Mitchie says he thought it was best to keep quiet and did so.

Mr. Mitchie has signed all of his real property, building stock, etc. over to the association, and we understand that Mr. Halladay, president of the association has done the same, although they had no part in the transaction, nor received any of the missing cash. All of Mr. Wheatley's property has been attached and also $2,500 due him on sale of his Mesaba property. It is understood that the shortage will not cripple the association as under the circumstances they will realize a sum on the sale of real estate.

In the meantime Mr. Wheatley is in hiding in some remote corner and it is only a question of time when he will be arrested and brought before the bar of justice to answer for his crimes.

STATE OF MINNESOTA, }
County of Crow Wing. }

District Court, 15th Judicial District.

To the Hon. G. W. Holland, judge of District Court in and for the Fifteenth Judicial District of the State of Minnesota.

The grand jury of the county aforesaid would respectfully submit the following report:

That they have examined and visited the county jail in and for said county, and that they found the same in a first-class condition.

That the court house and grounds connected with the same have been duly inspected and they are in a good condition.

We desire to bring to the attention of the court and its officers the fact that the executive officer of the city of Brainerd are not enforcing the laws of the state and ordinances of the city regarding the sale of liquor. That saloons are allowed to run and are running on Sunday and after midnight is a notorious fact though no specific complaint has been made to us. We feel that the present administration is not doing its duty in suppressing the illegal sale of liquors, and its executive officers deserve censure if not punishment for not doing so.

Dated Sept. 22th, 1894.

Brainerd Wins.

The St. Paul Dispatch gives the following account of Sunday's game of base ball at White Bear:

The second of the series of three games between the Brainerd and Stillwater base ball clubs for the state championship was played at White Bear yesterday before an audience of about 600 people, and resulted in a victory for the boys from Brainerd, who simply toyed with their opponents. The first game of the series was won by the Brainerd team, and by winning yesterday the championship is settled without the necessity for playing again.

The game opened yesterday with Stillwater at the bat, and the prison city team made one run on a couple of scratch hits and an out. In the second inning another run was secured in about the same way, and then a couple of blanks were dealt out. By the aid of a base on balls, careless fielding and one hit, two more runs were made in the fifth inning, and in the seventh and eighth innings Flyle let up on his swift pitching sufficient for the Stillwaters to make one run in each. That was the best they could do with the little, sticky twisters from the northern city, and, although no record of base hits was kept by the reporter, not more than eight or nine hits were made off his pitching during the entire game. The battery work of Flyle and Farrar for the Brainerds was excellent, and, when the fact is considered that this is their first season of ball playing, and both are only 18 years of age, their work was of the phenomenal order.

The Brainerd men started out by hitting the ball hard in the first inning, but it was in the second that Pitcher Duggan was knocked out of the box. In addition to hitting the ball whenever it came within reach, they were presented with half a dozen bases on balls, and when the inning was at an end the score showed that eight runs had been secured. Another pitcher was tried in the third inning but he, too, went down, and young Larkin, of St. Paul, was put in the box. Larken did much better work, but it was too late, and at the end of the eighth inning the game was called to allow all hands to catch the train. The score by innings was as follows:

Stillwater	0	1	0	0	0	1	0	0	2
Brainerd	0	0	2	0	0	0	2	0	2

Candidate For Sheriff.

I wish to announce to the voters of Crow Wing county that I am an independent republican candidate for the office of sheriff and as such solicit the support of all honest voters at the coming election, regardless of the ass that edits the Brainerd Journal.

Prairie Schooners Used to be the best mode of conveyance. Overland between Minneapolis, St. Paul and Chicago. Today the best conveyance is the North-Western Limited.

RESOLUTIONS.

We the republicans of Cass county Minnesota, in convention assembled, declare our belief in the principles of the republican party, and we believe in those principles regardless of who the threat to carry into effect the principles for which the democratic party has contended, and we cordially invite all voters who have become convinced that our principles and beliefs are right to join us.

We believe that an international agreement looking to the coinage of silver at an equitable ratio with gold should be promoted by our government, but we do not believe that our government should take sixty cents worth of silver from the mine owner and coin it into a dollar, then give that dollar back to the mine owner, which is free trade.

We believe that freight rates in the northern part of this state are entirely too high, and request our representatives to do everything in their power to cause the same to be lowered. It now costs more to ship a bushel of wheat from Fargo to Duluth than from Duluth to to New York, including all elevator charges. There is discrimination against Duluth and the farmer and manufacturer.

We believe that all property including lands owned and not used by railroads should be taxed like other property.

We demand that all corporations organized or doing business in this state shall be examined by the public examiner who shall compel an honest administration of their affairs, as we believe that corporations without supervision have become a menace to the people.

We condemn the taxing of the people for any unnecessary expenditure at the present time, including the building of a new state capitol as an extravagance wholly designed to benefit the city of St. Paul.

We condemn the nomination of a judge of our or any judicial district through any political trade. We believe the judiciary should be kept out of politics, but we condemn the so-called non-partisan convention held in this district as being a political scheme in which the people had no voice and took no interest, gotten up by a democratic candidate to secure the nominee of the so-called convention.

We believe in an inheritance tax far greater than the tax proposed by the constitutional amendment to be voted on this fall, as it is a tax that falls wholly upon the rich who do not bear their share of the burden of taxation.

We believe in the protection of the honest laborer both in the matter of wages, hours of work and health, and we believe such protection is afforded by a protective tariff and the rigid exclusion of undesirable immigrants.

Not for Carl.

When we got to Brainerd on our way to St. Cloud we were somewhat alarmed to find all Brainerd waiting at the depot with the brass band and bells. We did not know whether our fame had preceded us, or whether the reception was intended for Carl Taylor who was on his way to the populist convention, and were greatly relieved to find it was meant for the Brainerd base ball club which had lost two games at Superior.—Aitkin Age.

A Decided Novelty.

On Wednesday September 26th the greatest of all American comedy successes "A Turkish Bath" will hold the boards of the opera house. Bright winsome little Marie Heath is still the particular star of this unapproachable musical eccentricity, and she comes to us most highly recommended by the press and public. The play contains a well defined plot and a number of highly interesting scenes and clever specialities, and with such a play and such a cast it is safe to presume "A Turkish Bath" will test the seating capacity.

Geo. Woodling will repair your harness neatly and promptly.

Mr. Timothy Foley arrived in the city last night says the St. Cloud Journal Press, and this morning left via Park Rapids for the mouse of Foley Bros. & Guthrie's railroad building operations on the Brainerd and Northern. The company's first contract was for a road about 40 miles in length. This was later extended by the contract for 14 miles additional and now they will build 14 or 15 miles of spurs from the main track into the adjacent heavy timber.

The building now being done is very heavy work, deep cuts and heavy fills being the order, and the additional spurs to be put in with the completion of the main line, it is estimated will take until freezing time.

Any one desiring a good harness can have the same by getting it made at the harness shop. Geo. Woodling guarantees satisfaction in all respects Come and see.
