## Now it is Gov. Clough. How do the Minneapolis papers like that?

The Journal editor is sick of the cry of "lack of confidence." We are not so disgusted with the cry as we are of the cases, viz. The present democratic administration.

## It is a solution and significant fact that the only thing to be said in favor of democratic rule is that there will not be a loss of the 4th of March, says the St. Louis Globe Democrat.

A MEMORIAL has passed both houses of the legislature requesting the president to call a special session of the legislature in the month of March, to support the proposition to elect United States senators by a three vote of the people.

## GOVERNOR'S message to congress on the financial condition of the hour is not business-like, but it is needless to say that his timely suggestions will not meet with the approval of the present incumbent democratic congress.

A BILL has been introduced into the legislature to better protect farmers from the sale of eggs. It is a bill to prohibit the sale of eggs unless they are packed together, because a man who does not know better than to sell eggs, he ought to be protected against himself.

## M. BLUMENT, the populist county treasurer of Becker county, who was re-elected in spite of his short campaign, has been unable to get his \$20,000 bond, and the commissioners have declared the office vacant and have elected Geo. Goodrich to the office.

Blument has announced himself as an agent for the establishment of post-offices, and probably the dispensing of other things for the government. His terms of office will not be short, however, as his chief, Major Baldwin, was requested by the people to resign in order to retire on March 4th.

## Democratic papers are pleased to think that Nelson's election has produced a great dividend in the republic.

It is the hope of the party here that the present administration will be a success. Nelson's election has produced a great dividend in the republic. It is the hope of the party here that the present administration will be a success.

## Gov. Nelson signed the postal and post office bill, which will make a good governor.

Nelson, he arose from a day laborer to his present honorable position by his own efforts, and he knows by experience how to sympathize with the common people.

## Those who are disappointed at Nelson's selection as a candidate, give as the principal reason the necessity of a man like Clough to be governor.

It is strange that the man who received a higher number of votes than any other candidate on the republican ticket last fall, should be found now so unworthy. The people evidently didn't think so.

## A FERRIS mania disaster occurred on Wednesday of this week.

The German liner, Elbe, was run into about 3 a. m. at morning in the vicinity of North Star, and sank with all hands. The passengers and crew, if it is reported, numbered over 400, and of these only 20 are known to have escaped. The passengers were mostly Germans, but there were some Americans, some of whom were from Brainerd, and the Dakota. It is the most disastrous event of the kind in years.

## A BILL has been introduced into the legislature to pay 5 cents per acre out of the gross earnings tax paid by the railroads to those counties in which land belonging to railroads are situated.

This is nothing more than simple justice, for in these counties the railroads must build roads and make public improvements which benefit the railroad lands that pay to taxes just as much as the other lands. The bill is in justice, he said to those communities who suffer by the present system.

## PRESENT CLEVELAND says there is a lack of confidence in the government.

Now is the time to try children's shoes. We have a large stock and will sell them at a large profit moving on to R. F. Wenzel.

## McCall has the best line of pocket cutlery razors and scissors to be found in the city.

Have your prescriptions filled at the McFadden Drug Store.

## CONGROUN

removes all smudges, dirt, etc., and makes old paper bright as new.

## The office of J. R. Smith is the headquarters for reliable fire insurance.

Room 2, Sleeper Block.

## Evidence of Enterprise.

"Pretty soon we'll have a municipal election in Grand Rapids, and it is a matter of course that we should be ready for it. We are not so disgusted with the cry as we are of the cases, viz. The present democratic administration.

## February.

Our present calendar is mainly the work of the Roman calendar, but it is not strange that it is a mixture of the Roman calendar and the Latin one. This month was not, however, in the original Roman calendar, but was added by the Romans when they had increased the number of months by two, placed January at the beginning and February at the end. If any citizen desires to keep a copy of his own calendar, he should not be without it.
