**Highly Located at Anoka.**  
The position of the fourth mass meeting is for the convenience and better service of the people of northern and central Minnesota, will be kindly informed as to what is one of the state's going to the expense that will be entailed in its construction. Having the people feel because they have lost a chance to vote a state constitution, and boom the party, it is not only a duty, but a right, that the legislature had in view when it passed the law authorizing the new system. The southern part of the state is amply provided in this direction, and the hogbackers displayed in this matter a very apparent. Anoka, where the system has finally been located and where it should be placed every advantage and it is a first satisfactory to Northern Minnesota, and the good people of that city are to be congratulated over their selection in the matter. If the new institution had gone to Hastings, or any other southern Minnesota city, it would have been better than had the act creating it never passed.

**G. G. HARTLEY** will assume active management of the Duluth News-Tribune with Col. F. Dumas as editor.

As a late to the young (1) ladies we will state that this year we have a good opportunity should be taken advantage of.

The Mendocinos at Duluth, are in a awful predicament. Both want divorce and the court decides that neither one can have it.

**NATURAL GAS** has been struck at Anoka. The Chicago and North Western, the Republicans have been spending a week in that city which probably accounts for it.

It is estimated that in the whole world there is only one. When a mass that would be in some other undertaking could get a corner on state water, it is a very profitable one.

**REPUBLICAN** have given out that the chairman state central committee will probably be called to meet on the 1st or 2nd day of April to fix a date for the state convention, which under all of the conditions, it is thought must be held before the 16th of May. This will start the political pot boiling at an early date.

**Dr. Beaudin** also brings news of an exciting but probably not a danger from our point of view. A party of Indians and two men who were or claimed to be two men and a woman. It is said that the Indians have been under the impression that the treaty between the tribes and the government gave them the right to hunt and fish on the reservation, but it is now declared by the district attorney that they have no such right, and that the Indians are probably legal.

**There were three Indians** in the party who were or claimed to be two men and a woman. It is said that the Indians have been under the impression that the treaty between the tribes and the government gave them the right to hunt and fish on the reservation, but it is now declared by the district attorney that they have no such right, and that the Indians are probably legal.

**Wrote the advent of the new year** which is now upon us comes renewed vigor in political fields and from new vigor in the election in November, which will be the life line. Already our ears are traveling over the state feeling the public pulse regarding the new officers and many a man in his mind without knowing it, is expressing his feelings in a little book for future reference. The year 1896 will be full of convulsions starting in with that of the republican party in the spring which will be followed by the state, congressional, legislative, county, and in all other cases, and it will be a year of the most intense political activity in the history of the state.

The Different Movements of the Hands and What They Are For.

The Massage of muscles is so well known that it is needless to recount them, and no ill person should be denied the invigorating effect of the laying on of hands. Many persons are kept from the curative effects of massage by the thought of expense, skilled massagers receiving high wages. To enable the home attendant or friend in some degree to take her place in the aim of this article.

**ODD NAMES AND OLD ONES.**  
What Parents Are Expected to Do for Their Children.

Many, Polly, Annie, Maggie, Peggy, Nancy and Sam are as much in vogue today as in the olden time, and in all probability will continue to be given as Christian names to baby girls for all time.

"Some years ago, as a result of too close attention to business, my health failed. I became nervous, was unable to look after my interests, and manifested all the symptoms of a decline. I took three bottles of Ayer's Sarsaparilla, began to improve at once, and gradually increased my weight from one hundred and twenty-five to two hundred and thirty pounds, and my family have used this medicine with the most beneficial results. I am now in the best of health, and feel that it is due to Ayer's Sarsaparilla that I have been able to do so much. - H. O. STORV, Postmaster and Printer, Keosauqua, Iowa."
