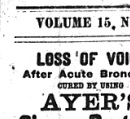
LOSS OF VOICE
After Acute Bronchitis
CURED BY USING
AYER'S Cherry Pectoral
A Preacher's Experience.

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry



Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society Petersburg, Va."

THE BURLINGTON ROUTE

IN PAST YEARS has published in this paper from week to week short articles on various subjects, scientific, cost sized, geographical, and all of them have been instructive.

THIS YEAR The Burlington wants to use our space in telling you more directly about its line, so these articles will not appear in the newspapers. They will, however, be written and printed regularly, and if you want them during 1896, send your name and address to the Genera. Passenger Agent as below and you will receive by mail each month a sheet containing the articles for that month.

MEANWHILE the finest and fastest trains in the West are via The Burlington from St. Paul and Minneapolis to Chicago, St. Louis and all other prominent cities and towns East and South.

Tickets and particulars as to routes and rates of fare will be furnished by your home agent, or if he cannot supply them, address

W. J. C. KENYON,
Gen'l Freight & Pass. Agent.

A SIXTH DISTRICT CANDIDATE.

Hon. W. E. Lee, of Todd County, Brought Out by the Fergus Falls Journal as a Candidate for Governor.

The Journal says: the retirement of Hon. Wm. E. Lee from the position of superintendent of the Soldiers' Home at Minneapolis at the disposal of the people of the state one of the strongest men who could be nominated to head the Republican state ticket. While we know nothing of his reasons for resigning nor his intention as to the future there are a large number of Republicans in Northern Minnesota, and especially in the Sixth congressional district, who we are confident will avail themselves of this opportunity to present him as a candidate for governor. It is not surprising that such is the case. Mr. Lee is one of the foremost public men in the state, and one who, upon every occasion, has displayed both gentlemanly and ability. He was a prominent member of the legislature for several terms, during which he represented and advocated many of the best bills before that body. His legislative career culminated in his election to the speaker's chair which he filled with fairness and ability. He was elected superintendent of the state reformatory at St. Cloud, where his business sagacity and discipline again placed themselves to the front credit. Within a few days, to the great surprise and regret of the business men, he has resigned the position which was worth $3,000 salary and a home, in order to attend to his private business. His political admirers and supporters have already seized upon the opportunity which was now possible and a strong movement is already taking shape, looking to his nomination for governor. Should Mr. Lee will consent to become a candidate we do not know, but he will leave to a good deal of hard work to be done to withstand the appeals of his friends to enter the field. Should he decide to do so he will prove very strong. He lives in a congressional district which has never had the governorship and throughout which he is very popular. It is a peculiarity of the Sixth district that it always presents a solid front, and with a man of Mr. Lee's popularity, it is safe to say that it will do it again. With the great Sixth district behind him, and with such other strength as he would have throughout the state, and especially in northern Minnesota, he would certainly make a most formidable candidate to the convention and a decidedly popular one if nominated.

The bringing out of Mr Lee as a candidate for governor by the above paper appears to be very pleasing to many republicans in this city and county and should the gentlemen decide to enter the race he will have numerous warm supporters in this city and county.

The democrats do not expect to win many victories this year and their efforts are being used to endeavor to hold the party together for four years more.

The new primary election law is not optional, as many have supposed, but is compulsory, and the attorney general has rendered an opinion to that effect.

This is the day for the big fight, but if the government steps in and takes a hand the participants and spectators will be in fit condition to send their photographs home for valentines.

The republican state convention to elect four delegates at large to the St. Louis convention will be held in Minneapolis on Tuesday, March 24th. Caucuses are called to one delegate and Crow Wing sex.

There is some talk of sending A. D. Davidson, of Little Falls, as one of the delegates to the St. Louis convention from the Sixth district. The gentleman would be entirely satisfactory to the people of this county.

The congressman from the Sixth Minnesota district is a bright, fluent speaker and his oratory on free silver last week was highly appreciated by men of all creeds. It is to be regretted that Congressmen Towne has placed himself on the free silver track for his constituents who made it possible for him to grace the halls of congress. When the final vote comes Mr. Towne will have to choose between the party that elected him or the free silver party and there are those who believe he will turn his back to the latter, but we doubt it. He has made the great mistake of his life.

Rather Tough on the Fraternity.

The editor of the Bozeman, Montana Chronicle, met a little boy not long ago, who was an editor's son, and remarked to him: "Well, my little man, I presume that you will be an editor like your father?" "Not in a thousand years!" said the six year old, "Dad never has a cent to his name, and I'm going to be a saloon keeper. I am."

Has Not Been Asked.

P. H. McGarry is quoted in the Penny Press as saying:

"Thomas Nary, who was selected by the governor to go over the ground and ascertain the number of legal voters in the Ah-gwah-ching Crow Wing territory, has declined to act."

Gov. Clough had not tendered the appointment to Mr. Nary or anyone else up to yesterday.

Bro. Oliver's New Move.

There is a movement in Cass and northern Todd counties to establish a new county from parts of Cass, Todd and Morrison, and have Staples for the county seat. The desire is to take a half dozen or less townships from the northeastern part of Todd, the Motley townships from the northwest part of Morrison, and several townships from the southwest part of Cass, for the new county. Upon county settlers and some of the Staples people are the most active in the movement.—Little Falls Transcript.

BRAINERD, - - MINNESOTA.

The bonded indebtedness of Washington city is $19,138,238, and the assessed valuation of its property is $208,505,002.

The assessors estimate the taxable property of Brooklyn to be worth $549,146,112, and the public debt is $49,734,000.

Tampa, Fla., is a Gaben city, a large proportion of the population being Cubans engaged in the manufacture of cigars.

The first astronomer royal was John Flamsteed, who was born at Denby, near Derby, in 1646. He was appointed to this office on the foundation of the observatory at Greenwich.

Every person acting as an auctioneer in England is required to take out a license, which must be renewed on the 5th of July, in every year; and for this license the charge is £10 annually made.

Canada is said to have obtained its name from the Spaniards, who, when they landed in that quarter, repeated the word, aconada (which means, by meaning that no gold was to be found, of which the Indians caught the sound.

The last May-pole in London stood opposite Somerset house, and was removed in 1717. Its height above ground was originally about 134 feet; it was afterward fixed in Wanstead Park, Essex, as the supporter of a very large telescope.

There is every indication, according to a London fashion writer, that the spring will bring a radical change in the matter of tight sleeves. As soon as the revival in sleeves is firmly established the cape will become an out-of-date, despised and rejected garment.

The long parliament that Cromwell put an end to so summarily suppressed cock-fighting, bear-baiting and other barbarous "sports" in England; but they were resumed in the reign of Charles II and continued until a comparatively recent period.

Gray hairs at an early age are hereditary in certain families. It is a result, as a rule, of men with dark hair marrying women with light hair, through several generations. After a time the hair indicates debility of stamina by falling off, or becoming prematurely gray.

The rate of one penny per half-ounce for inland letters in England came into operation on Jan. 10, 1840. The use of stamps, which formed one of the means suggested by Mr. Rowland Hill for facilitating the dispatch of letters, was introduced on May 6 following.

A Glasgow man recently bought twenty Canadian horses at 90s1 per pound live weight. As the animals averaged about 1,000 each and several of that class suitable for draught purposes, they averaged about £44 per head, which may be considered an extremely good price.

A new fish was recently caught near the Pitcairn Islands at a depth of 1,700 fathoms. The fish is nearly six inches long and weighs between eight and nine pounds. Its head is very flat; its tail dwindles to a point like a snake's, and, notwithstanding the great depth at which it lives, it is provided with a pair of large eyes.

There is in existence a curious class of knives of the sixteenth century, the blades of which have on one side the musical notes to the accompaniment of the table, or grace before meat, and on the other side the grace after meat. The set of these knives usually consisted of four. They were kept in an upright case of stamped leather, and were placed before the singer.

In some districts of India large tanks are constructed by banking up the overflow. These embankments are sometimes miles in length and from them during the dry season the water can be easily conveyed so as to overflow the rice fields. Capt. Hall, a civil engineer, and Alexander Gordon, described one valley which he visited as being a mile broad and forty miles long.

The only well known products of rice may be mentioned arrack, or rack, often called "rice spirit," which is distilled in Rangoon, Batavia and Ceylon. It is chiefly transhipped to North Germany and Russia. In the latter country it is flavored with pine and other seeds, according to the taste, and then consumed by the natives at a strength of many degrees over proof.

The Central Tennessee college, at Nashville, founded in 1866 by contributions from the North, for the education of negroes, appears to be doing an excellent work; but its officers and teachers are socially ostracized by the white people of the city, and denied any sort of encouragement by the state that reaps the principal advantage of their labors.

The most ancient fuel was undoubtedly wood. It appears that most countries began by using wood as fuel, be in a great part, covered with forests, as we see in America at present. In ancient times wood was universally used in Italy for that fuel, as it still on a great part of the continent of Europe.

South Carolina is wrestling with the distressing habit and is not making much headway. The law which will so hedge practice with penalty that it will greatly diminished. It is not a hopeful sign that lynching is on the increase in the states where the law is always the reputable citizen. This gives the worst part of the community the advantage over the better. The pistol-carrying habit, like the lynching habit, will disappear when the general elevation of morals, and not before.

If the Spaniards are as tenderly mindful of the promptings of humanity as their denunciations of the burning of plantations and the devastating of railway trains by the insurgents would seem to imply, and if the insurgents, on the other hand, are as gentle as might be inferred from the indignation with which they report instances of cruelty in the Spanish treatment of prisoners of war, Cuba will attract notice as a suitable retreat for timorous souls in search of quiet and rest.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

INDIAN BABYHOOD.

Their Struggles for Existence.

Their Sorrows as Keen, their Pleasures as Great as their Little White Cousins, but They Are Always Well and Grow Up Well.

The Reason. Many White Mothers Might Profit by It.

HOW the little "papooses" ever lives beyond infancy is a marvel; announced Dr. Powell Hamilton of Seattle, Wash., who has had extensive experience of what we are pleased to term savage life. But live they did, and grew up into a race renowned for health, perfect physical development and endurance.

The reason is, they were the offspring of a nation whose systems had not been shattered by the use of poisonous drugs administered by the ever ready hand of a doctor when children are fretful. In their close proximity to the great primeval forests, barks and herbs, the great medicinal properties of which are unquestioned by the highest medical authorities of to-day, the most unerring "specific" was used being the well-known Rickapoo Indian Remedy. The best physicians are beginning to abandon the use of poisonous drugs, such as—alkalies and acids—although not all, though tremendary relief may be obtained

Cures Where All Else Fails.

Dr. Marcellus Hartley, of 704 Broadway, New York, says: "I have used Piso's Cure for Consumption in my family with excellent results. I can cheerfully recommend it to all sufferers."

Mrs. Thomas Roberts, Bridgeport, Conn., writes: "I have used Piso's Cure for Consumption and found it to be the best cough medicine in the market."

J. L. Smith, of Minneapolis, has been appointed receiver of the Hennepin County Catholic Building and Loan Association by Judge Elliot. The Minneapolis Tribune says: The appointment was made because of Mr. Smith's long experience with building and loan associations and his peculiar qualifications for the position. The different names presented for the consideration of the court were all of them good, but it seemed better by the court to name some one who had not been mentioned in connection with the case and it was this opinion which influenced the appointment.

Self Preservation

Is the first law of nature. Buying harness goods at Geo. Woodling's harness shop is next. Single harness from $5 up. $10.50 for hand made collar and hame single harness. Double harness for $22.50 and $25. The best accommodations in the city for repairing. Remember the place, No. 444, Gardner Block, Laurel St.

The Person With Cash

Can buy children's all wool stockings at 20 cents per pair this week at HENRY I. COHEN'S Store.

"Cool." Kimball's Young Republican.

On Tuesday, Feb. 11th, 1890, there arrived at the home of Mr. and Mrs. A. T. Kimball, at Pelican Creek, a son, and the joy of the father knows no bounds. There was a tag attached to the young man on which was inscribed: "I am for high tariff and sound money. Politics—Republican, just like my dad's."

Mrs. Kimball and child are doing well, and with good care the father will pull through.

Supper and Fair.

The ladies of the First M. E. church will hold a fair and supper at the Y. M. C. A. on Thursday and Friday evenings of next week, Feb. 20th and 21st, and elaborate arrangements are being perfected for the occasion. Supper will be served from 5 to 10 p. m., at 25 cents. There will be useful and ornamental articles on sale. Fresh cut flowers and nice home made candies will also be included in the list. You cannot afford to stay away. Remember the date.

The Power of Cash.

Ladies' Fine Kid Shoes, $2.95 this week. HENRY I. COHEN.

Free Skating Next Week.

Ladies will be admitted free to the Athletic Ice Rink on Monday and Wednesday afternoons, beginning next week, Feb. 17.

On Tuesday afternoon and evening Feb. 18, the rink will be free to all. Come and enjoy yourself at our expense. C. G. McDONALD.

The Power of Cash.

Ladies's Calfskin Skating Shoes, $2.69 this week. HENRY I. COHEN.

We vacate our store building April 1st and before that time must sell every article in our grocery store. Cash buys goods at ACTUAL COST. An investigation will convince you that this is a genuine "at cost" sale.

ABSOLUTELY PURE

Successful A. O. U. W. Entertainment.

The entertainment, banquet and ball given last evening by Brainerd Lodge No. 47, A. O. U. W., and America Lodge No. 46, D. of H., was very largely attended and was an enjoyable affair in every particular, in fact the success was in excess of the most sanguine. The entertainment, including the music, consisted of the very choicest selections, and the remarks of Press Woodruff, the humorist, were listened to with interest. This part of the program and the ball which followed took place in Gardner hall, while the banquet was laid in the new lodge room of the society in Columbian block. The supper was one of the finest that the guests present ever had the pleasure of partaking of and great credit is due to those in charge of this particular part of the evenings enjoyment. The crowded condition of our columns this week will not permit of as elaborate a write-up as the occasion warranted.

The Pocketbook With Cash

Will procure the daintiest line of Embroideries 25 per cent cheaper than elsewhere at

HENRY I. COHEN'S Store.

Found Her Diamonds.

Mrs. J. E. Crane, who recently had the misfortune to lose a satchel containing, among other things, her diamonds and several hundred dollars in money, has been fortunate enough to recover her diamonds, and also her pocketbook containing $4.50 and the keys of the satchel from which the things were taken. The pocketbook containing the diamonds and keys was found on the closet of one of the rooms at the City Hotel between a lot of blankets that were piled upon a shelf in the closet. It was probably put there by the person who stole the money, but who did not care to keep the diamonds and pocketbook, as they might have led to his discovery. The lady is to be congratulated on her good fortune.

The Value of Cash.

All wool serge dress goods, 39 cents per yard this week.

HENRY I. COHEN.

A Splendid Company.

The theatre-goers of Brainerd have been enjoying a rare treat the week. Sleeper Opera House has been occupied by the Wilber Stock Company, which has played to crowded houses every evening, and although the prices of admission are placed at the absurdly low figure of 10 and 15 cents, the company is one of the very best week stand companies ever seen in this city. Miss Alice Roseland, the leading lady, is a most pleasing and accomplished actress, and the remainder of the company are better than one would expect to find in a repertoire company. La Petite Lillie only six years old is a wonder in songs and dances. She is undoubtedly the best child artist ever seen here. The plays are all well staged and costumed, and rendered with every attention to detail. Tonight the company appears in the beautiful dramatic gem, "The Embassy Ball," and tomorrow night the roaring farce comedy "Muldoons Picnic" will be presented. A grand family matinee will be given at 2:30 o'clock tomorrow afternoon when "The Pearl of Savoy" will be the bill. A five dollar gold piece will be given away at the matinee to the holder of the lucky number. Admission to the matinee will be 10 cents to all parts of the house.

C. N. Parker came up from St. Paul this noon.

Wind and Fires.

On Monday the wind blowed at the rate of about 40 miles and the consequence was that the fire department had a lively time of it. The first fire occurred at a little before 6 in the morning, and was in the large new boarding house of the Brainerd Lumber Co. This three story building was built last summer and was occupied by Mrs. C. Hanson, who managed the same. The building and contents were destroyed, causing a loss of $3,500 on the former and $2,500 on furniture. The building was fully insured and Mrs. Hanson carried $1,000 on her goods. Besides the above many of the boarders lost their personal effects. The building will be rebuilt. The origin of the fire is unknown.

The second alarm came at 10 a. m., when the awning in front of P. M. Johnson's restaurant caught fire from sparks from the chimney. The fire apparatus started for the scene, but the wagon overturned at the corner of Fifth and Front streets, resulting in no further damage than spoiling the looks of the wagon for a few days. The blaze was extinguished with a few pails of water.

A building in East Brainerd, owned by H. J. Cunningham and occupied by H. J. Cunningham, was badly damaged by fire in the afternoon. The building was insured and nearly all of the furniture was taken out. The East Brainerd department was promptly on the ground.

The Magic of Cash

Will buy good fast colored outing flannel at 5c. per yard this week.
