**THE DEADLY MACHETE**

It had not been for the ordinary of the machete which does the work of the household, but in those days it was a deadly weapon. It was used by the soldiers of the revolution, and it was used by the bandits of the mountains. It was used by the peasants to defend their homes, and it was used by the nobles to defend their estates. It was used by the brave and the cowardly, and it was used by the good and the evil. It was used by the strong and the weak, and it was used by the rich and the poor. It was used by the men of the field and the men of the city, and it was used by the men of the sea and the men of the land. It was used by the men of the east and the men of the west, and it was used by the men of the north and the men of the south. Ayer's Hair Vigor  
A hair-renewing medicine. Judging by the sets at which innumerable people are buying themselves in deplorable condition for having neglected their hair, there will soon be little left of the household to do. "Household's hair" is at all times a subject of the most serious importance. In the course of time the hair will naturally become thin and will be discarded by the scalp. It is a good idea to take the little extra step which does the work of the household hair, but in those days it was a deadly weapon. It was used by the soldiers of the revolution, and it was used by the bandits of the mountains. It was used by the peasants to defend their homes, and it was used by the nobles to defend their estates. It was used by the brave and the cowardly, and it was used by the good and the evil.
