W. E. Seelye received word today that his brother, Horatio Seelye, died at Worcester, Mass., yesterday at 2 p. m. The remains will be brought to Minneapolis for burial.

Olaf Johnson, father of Mrs. O. P. Erickson, of this city, died at Ansbury Hospital, in St. Paul, on Monday, of cancer of the stomach, at the age of 69 years. The remains were taken to Monticello for burial, the funeral occurring on Wednesday.

Joseph L. Hardy, aged 76 years, died at his home near Gall River, on Sunday last of pneumonia. The funeral being held from the house on Tuesday. Rev. G. W. Gallagher presiding at the funeral service, and the remains being brought to this city where they were interred in Brainerd cemetery. The deceased came to Gall River, upon his own property, Arino, Maine, and has resided there continuously since. He was a man respected by all, and his death is regretted by a large circle of friends. Mr. Hardy leaves the following: L. Hardy, sheriff of Cass county, Park Hardy and Mrs. W. M. Malloy of Brainerd, N. D.

Mr. R. W. Dykeman, of Garrison, was united in matrimony on Wednesday afternoon to Miss Maud Phillips, at the residence of the bride's parents in the town of Maple Grove, Judge R. J. Roddal performing the ceremony.

J. H. Marr, of Aitkin, was united in marriage to Miss Rose Burrell, daughter of Mr. and Mrs. L. W. Burrell, at the M. E. parsonage, in this city, by Rev. W. E. Loomis, on Wednesday, April 6th. A wedding supper followed the ceremony, and Mr. and Mrs. Marr left for their future home at Aitkin.

COMMISSIONERS PROCEEDINGS.

Meeting held Tuesday and Wednesday, April 6th and 7th 1898.

All members were present.

Minutes of previous meeting were read and approved as read.

Petition from citizens of towns 47 range 26 and 192 range 24 to organize a school district was granted, said district to be composed of the following territory to-wit: Sections 16, 17, 18, 19, 20, west 1/2 21, 20, 30, 31 and 32 in town 47 range 26, and sections 23, 24, 25, 26, 35 and 36 in town 192 range 24, and to be known as district No. 53.

The Bridge Completed.

The bridge across the Mississippi at this point is completed and open to travel, and from the number of teams that daily cross over it one almost wonders how the public managed to get along without it during the time it was building. It is a superb steel structure, and a credit to the county as well as to the builders, and is as substantial as it is possible to make. The commissioners expect to make some needed improvements in the way of macadamizing the banks at each end of the bridge in order to prevent the sand from washing down and to give it a finished appearance.

Moved and carried that for this date no money be appropriated to organize towns unless duly requested by the town supervisors.

There was little time for talk. School was beginning. At recess, when the girls talked over their plans for flowers...

"Young ladies," began Miss Sanders. Several of the younger girls always giggled when their Sunday school teacher began that way...

"I have a lovely pot of lilies at home," Miss Sanders said. Kather Shaw, eagerly, when the class was dismissed, "I'll take a lot of lilies at home."

"That is very nice, Kather," mused Miss Sanders. "Bring it early. If it is so pretty you shall have a good place for it."

Either went home with springing feet. She had watched and tended that lily so carefully all winter. How glad she was now! Mr. Leander, the florist, had some prettier than that...

"I can't wait," she said, standing about the church decorations. "You, my lily is splendid! I'll tell you at once."

She talked it over with mother. "I wish I could see it," said Kather. "It is very nice, Mrs. Morgan?" "No worse than he has been before," replied the woman, turning away.

"Well, you see, Kather, that depends!"

Perhaps it wasn't so much taking it to church that you liked as the fact that it was a lily like that the others.

"You mean to give your flower in church because every one would admire its beauty. You can make your gift all the more beautiful if you decide to give it to a little child who has no other flower to make his Easter happy."

"Yes," responded Kather. She did spend a few more nights over the matter. Kather was only a little girl. But after all, it is braver to do what one feels to be right, when it is hard work than when one is excited by a feeling of one's own goodness.

"It is very good of you, I'm sure," said the tired mother when Kather had presented her flower. "Your other flowers have done him much good."

INTERESTING LETTER FROM ALASKA. C. A. Jamieson Writes of His Trip—The Brackett Road not Finished—The Brainerd Ferry Wait and Making Good Headway. C. A. Jamieson, who left with a party from this city for Dawson City some weeks ago, writes his brother J. O. Jamieson from Shagway under date of March 15, and from Summit March 30 and the Dawson has been given permission to publish the following extracts from the same which will be read with interest by his many friends in this city. Shagway, March 15, 1908. I will write you a letter this morning having been too busy to do so before. It is a bright here and you can't turn round for less than \$5.00, and yesterday we paid \$15 to have our goods moved five miles taking the outfit in two loads. When we arrived at the foot of the mountain with 5000 pounds of goods piled up we found no more. These are packed to the summit for six cents per pound. These are broken in pieces ahead of us so I bought a horse for \$150 that will take the outfit to the summit. With one horse, no better than ours, men are making \$25 per day. We are a little short getting in here and if we fail to get through in a week to Lake Hanson will be good to a man's waist besides danger of slides. We have to get two hours daylight. I am wearing the same clothes that I had on when I left Brainerd so I don't see that the weather is much here. I know and who are doing well. L. N. Lovell and wife who formerly lived at Brainerd are running a restaurant here and taking \$100 per day. I am writing this letter on a box on the sidewalk; the buildings in the town are almost too small to write in, and are occupied mostly by saloons, restaurants and lunch counters. When you get your mail here you line up and I turn around and I have seen over 300 men waiting and saw a man pay \$10 for a fellow's ticket in the line. Summit, March 30, 1908. We can make most of our goods over the summit and will finish tomorrow this being the first we have needed since we started. This morning we made one trip to the summit and back. We started at 6 o'clock and by 10 o'clock we were on the summit. We have very fine weather and the buildings in the town are almost too small to write in, and are occupied mostly by saloons, restaurants and lunch counters.
