TO CELEBRATE LABOR DAY.

Committee Appointed and Other Busi-
ness Transacted at a Meeting
Held Tuesday Evening.

According to previous arrangements
a mass meeting of the wage earners
of the city of Brainerd was held at
the Y. M. C. A. rooms on Tuesday
evening for the purpose of getting
matters in proper shape to fittingly
celebrate Labor day. The meeting
was called to order by W. H. Johnson
president of the association, J. C.
Smallwood being appointed tempo-
rary secretary, J. H. Traber being ab-
sent. The election of officers for the
coming year was taken up and the
following gentlemen were unanimously
chosen:

President—W. H. Johnson.
Vice President—Thos. Casan.
Secretary—J. C. Smallwood.

Treasurer—J. P. Early.

Expressions were then called for
from the representatives of the dif-
ferent organizations and branches of
labor in regard to making the Labor
day of 1898 one long to be remem-
bered by the people of this city and
the following gentlemen responded: H.
C. Kyo for the cigar makers; L. A.
Lafite for the barbers; E. D. Wilkins
for the mill men; Mr. Garfield for the
iron molders; Mr. White for the N. P.
car department; B. G. Vallentyne
for the Clerks' Union; Thos. Casan
for the boiler makers; Mr. Mickey for
the machinists and A. L. Hoffman in
behalf of the citizens.

Committees were then selected as
follows:

Finance—R. G. Vallentyne, Thos.
Casan and A. J. Halsted.

Transportation—A. F. Ferris and
A. L. Hoffman.

Executive committee—H. I. Cohen,
N. H. Ingersoll, J. J. McCarthy, E. D.
Wilkins, F. Garfield, J. P. Gardner
and L. A. Lafite.

Soliciting committee—Geo. Gard-
ner, Jerome Kolcher, Fred S. Parker,
A. L. Hoffman and A. F. Ferris.

E. D. Wilkins representing the mill
men and J. P. Gardner representing
the railroad employees were appointed
to wait on the business men and as-
sertain if they would consent to have
floats made to go in the parade.

Grounds and Sports—C. H. Kyo,
Thos. Casan, A. L. Hoffman, James
Somers and J. P. Early.

Dance—W. H. Johnson, F. G. Hall,
Albert Johnson, J. H. Traber and Henry
Linneaus.

Speakers and Music—A. J. Halsted,
S. F. Alderman and H. C. Stivers.

Printing—W. H. Johnson, F. G.
Hall and W. Wickham.

Bands and orchestras—Wm. Spen-
cer, C. A. Wilkins and Henry Linneaus.

A motion was carried to extend an
invitation to all civic societies and also
to the city council, mayor and fire de-
partment to march in the parade, and
the secretary was instructed to tender
the invitations.

The meeting then adjourned to
meet Wednesday evening, July 27, at
which time all committees are expect-
ed to make reports.

Gull Lake Bicycle Path.

L. W. Barrell who has taken the
contract to build a bicycle path from
Brainerd to Gull lake already has the
work done as far as Shear's farm and
probably in less than two weeks time
it will be completed and ready for
travel. The path starts from the Mis-
sissippi wagon bridge and crosses the
railroad track at the west of the San-
derson going in a northwesterly
direction through a piece of country
which is well adapted for its construc-
tion, striking the old Gull lake road
at Shear's place following it for some
distance past the Kreech school house
and going to the south of Hastings
lake from there to a point on Gull lake
two or three miles from John Bishop's
place, the path from there being up
the lake across what is known as the
Old Mimbou. The distance is about
eleven miles and when completed it
will be one of the most pleasant rides
in this section. The Cycle Path As-
sociation are entitled to much credit
for pushing the plan to a completion
and the excellence of the work already
done is a surprise to the most au-
guine.

Hoffman is selling a new 1898 up-
to-date bicycle for \$20.

Letter from Honolulu.

The following are some extracts
from a letter written by Geo. A. Gal-
lagher of Company I, 15th Minneso-
ta vols., to his father, Rev. G. W.
Gallagher:

Honolulu, July 7th, 1898.

Dear Father—We had a pleasant
voyage here and arrived safely, of
course we all were sea sick. I am
afraid I will not be able to write you
a long letter, but will do the best I
can in the next two hours that I have
on shore before I leave for the Philip-
pines island. I am writing this letter
in the third room of the palace.
The walls are all covered with mag-
nificent pictures and everything is so
strange. This is the most beautiful
spot on earth. I do not think that
there is anything in the world that
can compare this island with beauty.
We have been here for three days and
I have been around and have seen all
the strange sights. I met a young
lady here who teaches in one of the
colleges, her name is Miss Kelsey and
she taught in Montpelier, Vermont,
when we were there. It seemed odd
to meet people over here whom we
used to know back in Vermont. This
is the finest place that I ever saw, and
I would not miss this trip for any-
thing that I know. In the grounds
outside the palace there are about
three thousand soldiers being fed,
and the music of the Royal band is
floating through the windows. This
is one of the finest bands in the world.
You should see the scenery around
here, it is grand. But the flowers
and the fruit and the trees are some-
thing you only see once in a life time.
I don't think that you will ever from
me again for two or three months.

Flag Raising Saturday Night.

Mr. J. C. Smallwood informs the
Director that arrangements have
been completed to have the flag rais-
ing in front of the office of the Brain-
erd Lumber Co. on Saturday even-
ing, July 30th, as originally intended.
It was thought some days ago that
the matter could not be arranged in
time and that it would have to be
postponed until the 30th, but every-
thing is now ready and the celebra-
tion will take place to-morrow night.

The Feoston Branch.

Crookston papers report that the
work on the Feoston branch is being
pushed rapidly. The steamers City of
Cleveland and Adriatic have arrived
at Duluth with their cargoes of rails,
and there is now plenty of steel for
the work. The magnitude of the
work can be judged from the fact that
at least 2,000 men are now engaged.
Mr. Ingersoll, the contractor in charge
of the work of track laying, says that
the 7,840 tons of steel rails necessary
will arrive shortly, when the work will
be hurried to completion. The ex-
tension of the road from Deer River
to Feoston will not take a great while
as the grading is being rapidly com-
pleted, and the track layers can work
rapidly when the steel is on the
ground. About ten miles will have
to be finished from the end of the track
now laid, which is about twenty-five
miles from Deer River to Bemidji.
Two crews and trains are now work-
ing on the line, one at each end. The
bridge work across the Mississippi
and Ballou rivers is near completion.

KATRINE CLEANING.

Rev. Dale held Lutheran services at
Farm Island lake last Sunday.

A heavy hail storm passed over this
place on the 18th some of the hail
stones measuring from two to three
inches in circumference.

pared with previous years.

ity assisted by other parties have

man, vice presidents; Chas. Coleman,
secretary and treasurer.

Who Are "Hard Working People?"

Editor Dispatch—In this week's
Brainerd Journal, the editor, Mr.
Stivers, says "there is some talk
around the N. P. shops and foundry,
that the movement on foot to observe
Labor day is not in the hands of real
working people," and that a meeting
of "actual working men" will be call-
ed, etc. The general opinion of those
with whom I have conversed upon
this subject is, that it is simply one of
the Editor's fairy stories, for which he
is well known—pure fiction, only this
and nothing more.

In his own paper, in his report of
the meeting Tuesday evening, the
editor of the Journal gives the names
of the gentlemen who "spoke the sense-
lessness of the different organizations
and branches of labor that would
take part in the celebration and do
everything possible to make Labor
Day this year a day long to be re-
membered by the people of Brainerd."

These included the several depart-
ments of the N. P. shops, the em-
ployees of the Brainerd Lumber Co.,
the iron molders, the clerk's union,
the barbers, the cigar makers, etc., etc.

The meeting was indeed a representa-
tive one, about every branch of
skilled labor in the city being repre-
sented.

This alone is sufficient answer to
the Journal's account, which is evi-
dently only for the purpose of creat-
ing discussion. As for myself I can
say that I have been a working man
all my life and a member of the In-
ternational Typographical Union for
21 years.

WIND STORM IN WISCONSIN

CONSIDERABLE DAMAGE TO PROPERTY AND CROPS

Tree Wrecked and Crops Levelled in Many Sections—The Wind Storm was Followed by a Heavy Rain—At Marshfield a Steam Locomotive was Damaged and a Number of Buildings and Kitchens on Main Street are Down in All Directions—Street Car and Railroad Traffic Interrupted.

Milwaukee, Wis., July 21.—A severe wind storm followed by a very heavy rain prevailed in Wisconsin yesterday afternoon, extending as far north as Marquette and west as far as Black River Falls. Many buildings were damaged, trees were uprooted and crops in many sections levelled. Up to 9 inches last night and twenty-two inches of rain had fallen in Milwaukee and it was still falling. At the time the wind reached a velocity of forty miles an hour. Wind was from the west with gusts. A large chimney on the iron bridge was blown off, falling on the roof. No one was injured. The bridge was blown off, falling on the roof. A large chimney on the iron bridge was blown off, falling on the roof. No one was injured. The bridge was blown off, falling on the roof.

Wrecked and Damaged
At Marshfield the storm was terrific. It blew off the roof of the Grand Central church and tearing down the bankstack from the Marshfield hotel. The roof of the Marshfield cable factory and also that of the Hodge veneer factory.

REMAIN AT SANTIAGO.

Shafter's Troops Will Not Go to Puerto Rico

Washington, July 20.—It has been determined that some of the troops that participated in the actual fighting at Santiago shall be ordered on the Puerto Rico expedition. There are two reasons for this. First, the men have suffered severely from hardships, the climate and fever, and are compelled to rest. Second, it is deemed to be the wisest practice to allow the soldiers who have been exposed to yellow fever to be kept in contact with the fresh troops from the United States. There is also still another reason, a purely military one. Ten thousand Spanish troops are at Holguin, Manzanillo and other points within striking distance of Santiago, and might not lose an opportunity to recover the ground lost at Santiago if the place were left insufficiently protected. Therefore, Shafter's entire army is to be kept on guard on the hills in the rear of the town, until the men have stamped out the yellow fever. They will take a turn at the Manzanillo, if they can. It may be that Shafter's march will end at Manzanillo. He will work as far from his base as possible after his army is thoroughly refreshed, hunting the enemy wherever they are liable to be found.

MANZANILLO BOMBARDED.

Seven American Battleships Have Taken Part.

Manzanillo, July 20.—A special from Havana, dated Monday, says that seven American warships heavily bombarded Manzanillo this morning. Three steamers of the United States fleet set out on the 19th, and were in the harbor inside for the 20th. The shells were directed at the city. The result of the bombardment is not known here.

TROPHY OF WAR.

First Spanish Battle Flag Captured

Washington, July 20.—The first Spanish battle flag captured in Cuba by the American army reached the war department yesterday. It was captured by Gen. Corbin, who is now in charge of the flag. The flag is a small one, and is of the same color as the one that was used by the Spanish army at the battle of Manzanillo. It is now in the possession of the War Department.

THE REBELLION IN CUBA.

London, July 20.—The revolutionary secretary for the foreign office, Mr. Balfour, has announced that the Spanish government has received information that 6,000 badly armed rebels are in the mountains of Cuba. The rebels are reported to be in the mountains of Cuba. The rebels are reported to be in the mountains of Cuba.

CHARGES ARE NOTED.

London, July 20.—The direction of the attorney general charges pending before the court in the case of the Spanish government. The charges are noted. The charges are noted.

London, July 20.—The revolutionary secretary for the foreign office, Mr. Balfour, has announced that the Spanish government has received information that 6,000 badly armed rebels are in the mountains of Cuba. The rebels are reported to be in the mountains of Cuba.

WAR TARIFF FOR SANTIAGO.

Washington, July 20.—The president has signed the war tariff for Santiago and it takes effect today. It stops in general the privileged rates now given to Spain there and makes that tariff uniform for all countries, including the United States.

WAR SUMMARY.

An Insurgent Attack on the American Troops in Cuba.

Thursday, July 24.
Yellor fever has broken out among the American troops in Cuba. Germans at Manilla are constantly displaying DeWee's regulations. Gen. Miles assumes personal command of all the troops around Santiago. Gen. Blanco attempted to commit suicide when he heard of Cervera's downfall. Gov. Gen. August offers autonomy to the Philippine insurgents, but they say it is too late. Gen. Shafter announces that unless Santiago surrenders he will commence the bombardment at once. A German gunboat, Iron, interfered with the insurgent attacks on Grand Island. DeWee dispatched two gunboats to investigate. They stormed the forts and the Spaniards surrendered. The capture of Puerto Rico comes next. The American flag now waves over Santiago de Cuba. The French incident may prove more serious than first reported. An insular article in the German paper makes light of the German gaffer. The fourth expedition to Manilla is all ready to start. Gen. Cota will be in command. All the Spanish troops at Santiago are to be shipped home to Spain according to the terms of surrender. The Spanish army is being reorganized. Advances have been made, notwithstanding the fact that the Spanish army is being reorganized. The Spanish army is being reorganized.

The Minneapolis Journal says 100

Kansas City gentlemen arrived in St. Paul yesterday bound for Leech Lake on a fishing trip.

On Monday evening a heavy rain storm accompanied by hail passed over the city and did considerable damage to window glass. The hail storm appears to have been a purely local affair, not extending far beyond the city limits in any direction.

Brainerd Barber's Union No. 24, at the last regular meeting elected the following officers: L. A. LaJoie, president; Otto Reinhardt, secretary; Geo. Raymond, corresponding secretary; J. A. Cochran, treasurer. Otto Reinhardt was elected delegate to the National convention which meets at Memphis, Tenn., in September, J. A. Cochran being elected alternate.

The Journal editor is worth a case of one of his heretofore boom friends, Carl E. Taylor, has renounced his populist tendencies. Bro. Stivers would like the red headed populist at Atkin county and otherwise attempts to belittle the man. It is no use getting hot in the collar daily in the game, Bro. Stivers, wait until after election then tear your hair.

The labor meeting at Gardner hall on Sunday evening was well attended and the address of James O'Connell, of Chicago, was listened to with much interest by those present. The meeting was presided over by J. F. Gardner, president of the local association, who introduced the principal speaker of the evening in a very appropriate manner. W. H. Johnson of the Tribune also responded to a call for an address.

A number of people were poisoned by eating ice cream at the home of William Holmes, west of the city last week, but luckily with no fatal results, although Dea Holmes, a lad of 15, is still very seriously ill. The cream was made in a milk can and the poisoning was undoubtedly the result of the tin vessel having become corroded. They are the party who partook of the cream was affected, although some of them were not taken for 24 hours afterward. The timely arrival of a physician probably saved the lives of those who ate the cream.

Boys Were Fined.

The railroad people in this city have been bothered for some time past by petty thieving of articles belonging to the company and last week three cars standing on the side track were broken into, some of the contents being taken and goods destroyed. The company decided to find out who the culprits were and they sent their detective here which resulted in the rounding up of a gang of boys ranging from 7 to 16 years as the parties who had broken the car seals. The boys were arrested this morning and a trial before Judge Alderman which resulted in the conviction of nine of the youngsters and they were fined from \$5 to \$12 each according to the share they had in the operation. The boys made a confession stating how they broke the seals and went through the boxes. The value of the stolen goods was not great consisting of cigarettes, jelly and writing paper, but the railroad company has decided to put a stop to the matter and the extent of the law will be applied. The names of the lads mixed up in the affair were Louis and Arthur Thuesen, Louis Postleau, James O'Connell, Alfred Swanson, Geo. Johnson, Chris Kern, Peter Kern and Geo. Mayhew.

One Fare to St. Paul and Return.

The committee in charge of the celebration in connection with the laying of the corner stone of the new Capitol has announced an elaborate program covering the features of two days, July 27 and 28. From 10 o'clock Wednesday morning until late Thursday night, there will hardly be an intermission in the program. Every hour of both days has its features, and the events are so numerous that during the evening there will be a change of bill every few minutes. In order that the public living on the line of the Northern Pacific road may have a chance to attend the celebration a special train will be run for the round trip and tickets can be purchased on July 26th or 27th and are good to return including July 30. You can visit the office, transact your business and also attend the ceremonies incident to the laying of the corner stone of the new state Capitol at that time for just half of what it will cost you at any other date. The one fare rate will undoubtedly be taken advantage of by many of our people.

Death of Lettie Grandelayer.

Miss Charlotte Mary Grandelayer died at the home of her mother, Mrs. C. Grandelayer, on Friday afternoon last, July 19th, at 5 o'clock. The deceased was 25 years of age, and during the past six years she has been a helpless invalid. A week previous to her death she contracted a cold, and from that time was confined to her bed. During all the years of her suffering she bore bravely with true Christian patience and fortitude, and when death came she dropped into a gentle sleep and passed peacefully away. Miss Lettie was a universal favorite wherever known, and her many friends in this city and elsewhere were grieved beyond expression when the news of her death was made known.

The funeral services were conducted by Rev. Father Lynch on Monday morning, from St. Francis Catholic church and were impressive, the choir singing the requiem mass, and appropriate selections were rendered by Miss Mand Davis and Madama Marvier and Howe. Rev. Father Lynch delivered an eloquent tribute to the departed. The pall-bearers were J. R. Smith, W. A. M. Johnson, C. M. E. church, Rev. Loomis, officiating.
