WANTED TO DIE.

A Fifth Street Woman Takes a Dose of Lethargy With Fatal Result.

Yesterday afternoon Mrs. Alice Hathaway took the contents of an ounce bottle of kerosene with the intention of ending her life. The woman until lately has been employed at Camp's farm some miles up the river, but some days ago moved into the city and was occupying rooms in a building on Fifth street next to Jennings's saloon. Soon after Mrs. Hathaway had taken the drug one of her children gave the alarm and J. F. Sandness went to the room where the woman was lying on the bed and requested her to get up, at the same time sending for a physician, and Dr. Groves responded to the call. The woman stubbornly refused to get up, stating that she wanted to die, and that if anything was done to save her life she would kill herself at the next opportunity, also saying that she wished she had jumped off the bridge into the Mississippi river, as she first intended to do, giving as her reason for not doing so that she was unable to climb over the railing. After all ministering medicine to her she was forcibly taken to the alley in the rear of the building and walked up and into the street, where she fell and into the evening, being supported on either side by a man. About 11 o'clock last night she was taken to the home of Mr. and Mrs. James Kohlan, and at 3 o'clock this morning her condition was improved to that extent that she was allowed to go to sleep, and she will recover from the effects of the drug taken.

The New Train.

The new passenger train which will be put on Tuesday night between Duluth and Staples will arrive at Brainerd at 11:30 and depart at 11:45, p. m. going west. For the accommodation of new students the University Young Men's Christian Association opens its building to them.

At their building they will conduct an information bureau, will have a complete list of suitable rooms and boarding places for students, will conduct an employment bureau for desiring students who want work, and will do everything in their power to start the new student in college life. Upon arriving at the University the student should go directly to the Y. M. C. A. building. No charge whatever is made for their services.

They also publish a Students' Hand-book of the University, which will be mailed free to all who are coming as students if they will apply to L. T. Savage, General Secretary, Y. M. C. A., University of Minnesota.
