HISTORIC SOCIETY

How It Happened.
The Brainerd Journal an alleged independent republican paper, came out in an editorial this week supporting C. B. Buckman for the state senate in opposition to W. M. Fuller, the regular republican candidate and opinion. This action was not unexpected as it is well known that H. C. Stivers dictate the policy of the paper, no matter how strenuously the statement is denied, and especially in the senatorial matter. When Buckman was defeated for the republican nomination for senator at the recent legislative convention at Little Falls, a combination was entered into with the democratic managers whereby Mr. Buckman was to run independent and was to receive the democratic support, Buckman in turn to deliver what strength he could to the demopop candidate for congress and the entire democratic ticket. The deal went through smoothly, the democratic bosses succeeded in turning Dr. Werner Hemstedt down for the senatorial nomination and leaving that place vacant on their tickets in order to give Buckman the benefit. In the meantime it was found necessary to have an organ in this city that would support the Buckman-Stivers deal; the managers knowing full well that the Brainerd Journal under the old management would not serve the purpose and the scheme was concocted to sell out the paper, change its politics and support Buckman from a republican standpoint with H. C. Stivers to manage the whole affair, and to substantiate the statement in the fact the young man whose name appears as editor and publisher of the Journal, Geo. E. Smith, on Thursday afternoon stated to several different persons that he had no in-

ention of supporting Mr. Buckman as he could not afford to do so. This statement was made on the day of publication but when the paper was put in circulation it contained a column article in which Mr. Buckman is presented as the choice of the Journal for state senator. If Mr. Smith claimed as late as yesterday afternoon that he could not support the Buckman-Stivers deal he must have been converted to a short space of time or else Mr. Stivers, his manager, got in a scoop on him while he was sleeping. In either case it makes but very little difference with the general public who they have become so accustomed to the political gyrations of that paper that it has long ceased to be a matter of comment.

Legislative Committee.
The following republican legislative committee for the 48th legislative district has been appointed: N. H. Ingersoll, P. M. Lagerquist and J. C. Davis, of Crow Wing county; M. M. Williams and Geo. LaFond, of Morrison county.

DIED.
Robert Griffin, aged 30 years, died at the home of his daughter, Mrs. C. M. Everest at Crow Wing, on Saturday, Oct. 15, from the inflammation of the lungs. The funeral occurred on Monday, October 18. The funeral was conducted by Rev. Rowan on Thursday afternoon.

KISSED SHELLS FOR LUCK.
Brooklyn Amusement Passers at Fairgrounds Fought Were Sentimental.
Much has been written of the antics of men in the fleet during the battle at Santiago. One story of the action of the Brooklyn's crew was told the other day that illustrates the way the men before deck work during battle. In the ammunition room of the Brooklyn they were stripped to the buff. There must be nothing in the magazine that is liable to cause friction and a spark. The men could hear the shells of the Spaniards and knew when the ship was struck. They could hear the rattle of their own guns, yet could not see anything. When the 6 inch guns were working at their hottest and the men were passing shells to the hoist, there was a slight pause. Then the shells came on deck regularly again. While the engagement was ended and the stark naked gang came on deck to see the Cristofal Colon's finish, somebody asked: "What has that man about?" "Those Indians," said Lou, a petty officer. "After they had gazed the nose of the shell somebody said everybody must kiss it for luck, and we did. That caused the rattle of that minute. After that they kissed every shell."

KISSED SHELLS FOR LUCK.
After the first few shots we shall look that room in the fight without the great hugging it, telling it, to go out and do its work. The crowd looked at the shells as if they were human. It was: "Go up and kiss them!" "Get up there, old 6 inch, and kiss a hole in Lou! Remember the Maine!" The 6 inch shells of the Brooklyn did great work. The boys believe it was the send off they got in the ammunition room that helped to do it.—New York Times.

The more bread the baker makes the more he knows.

With this day the light, with the road to strength to tread it.

It always makes a man feel cheap to be caught looking at a photograph of himself.

Many a man who has the head to go down to a girl lacks the necessary rocks to get married on.

We didn't annex Great Britain simply because we whipped her, suggests the Boston Advertiser. How true, how true!

They tell of a man who was fined twenty-five dollars for smoking a pipe whose hair was struck by lightning that very day. The moral is plain—do not smoke a pipe twenty-five dollars for every day.

Long live Queen Wilhelmina! Long live the thrifty, law-abiding and intelligent Dutch widow of the king!

Every sympathetic hand in all the world wishes everlasting peace to sovereign and subject, and hopes that the little lady now formally enthroned will have as long and prosperous a reign as that of the other queens, across the North sea, who succeeded to her throne sixty-one years ago.

It having been represented to the treasury department that the amount which is subject to a duty of 400 per cent on paper stock, act of July 1, 1897, is being admitted to duty at various ports on a paper stock under paragraph 326, act of July 1, 1897, it is being carried, and will be carried, as a paper stock, and not as a duty of 400 per cent on paper stock, as heretofore classified under paragraph 225, irrespective of the fact that it may or may not be entered as paper stock.

Since the ideal of one generation is the working force of the next, the public school teacher bears a rather important office in the ship of state.

The twenty thousand teachers gathered at the recent convention in Washington, even the most responsible are prejudiced influences upon our future citizenship. A little boy in answer to Mrs. Mary A. Livermore with a question, listened to her answer, and then said: "Well, grandmothers, I will not listen to anything that you say any more." The fact that Mrs. Livermore was the little girl's mother, and the fact that she was the mother of a primary school teacher, is a fact which should be in the mind of the teacher's superintendent.

An eminent authority says we ought to have a standing army of one hundred and fifty thousand men. That would be a very desirable thing, whatever the peace results of this war, it would be a military force which would be a masterpiece of parade fastened upon us by year by year. There is no necessity for it, and it makes too much of the foreign systems which ignore the taxpayer in behalf of the soldier.

We can get up a larger army within a brief space of time than any other nation, and the delay of discipline and organization would be less expensive and destructive than a continual army tax and an utterly useless display of military power.

Of the several causes of fear, that of thunder and lightning is said by President Stanley Hall to be the most common, because of the supposed helplessness of humanity to avert or control a stroke of lightning. Yet this is not always the case. During the night of the 24th of men were reconnoitering in the mountains of West Virginia, when a severe thunder storm broke over them and they took shelter under a clump of trees. With a single bolt, five of the men fell senseless and were mourned by their companions as dead. Col. Hayes detailed two men to each of the unconscious soldiers and himself demonstrated the method used in resuscitating the drowned. After ten minutes of ineffectual effort, the soldiers desired it fully to fly longer; the men were dead. The colonel ordered no relaxing of work. In twenty minutes two of the men showed signs of life; in forty minutes two others, and after an hour and a half the breath of the fifth came with a faint flutter, and all were saved. "Make a point of telling this experience," President Hayes used to say. "It may save other lives."

The crop estimates for the province of Ontario this year are very satisfactory. Fall wheat will amount to 85,000,000 bushels, a gain of 1,000,000 bushels over last year. The spring wheat crop will amount to 640,000 bushels, a gain of 1,500,000 bushels. Barley will be about as last year and about 82,000,000 bushels, a falling off of 4,000,000 bushels. The crop of 60,000,000 bushels more than last year, and the peas crop 1,700,000 bushels more. Late estimates place the quantity of wheat crop at 25,000,000 bushels, and that of the territories at 7,000,000 bushels.

BLESSINGS OF PEACE

THE THEMES OF MANY ORATORS AT CHICAGO.

Formal Launching of the Big Peace Jubilee Attended by Impressive Ceremonies—Many Orators at National Republic Take Part in the Exercises—Intense Patriotism Marks the Exercises of All-Union Demonstrations in Honor of the President—Thousands Without Abandonment—Thousands Dance for Charity.

Chicago, Oct. 20.—Five thousand people packed within the walls of the Auditorium witnessed the formal launching of the peace jubilee yesterday. A heavy drizzle that at times changed into rain and then back to fog, did not prevent the thousands of people who were gathered in the streets with umbrellas of water and a cold wind blowing off Lake Michigan, from walking uncomplainingly. Notwithstanding all these obstacles, the launching of the jubilee proved a distinct and brilliant success.

It was announced that the exercises would commence at 10:30 a. m., and that the president had an appointment with the street in front of the Auditorium at 10:30 a. m. The president was ten minutes past eleven before Mr. McKinley entered the hall his appearance was reported to the president.

How Fann Morris will speak in this city Tuesday evening next, Oct. 22. It is an occasion that all should take advantage of.

The Little Falls Herald scores Senator Davis and supports C. E. Buckman for the state senate. The voters of this district can draw their own inference.

A handful of democrats have agreed to deliver the democratic vote of Crow Wing and Martin counties to a defeated republican candidate for the state senate. It is a contract that will be hard to fill.

John Lind says the financial question is not so serious in this campaign. With Mr. Lind the wish is evidently father to the thought.

The entire republican ticket, state, legislative, county and city, is made up of good men and well-to-do in the support of all republicans.

A vote for any of the demagogic legislative ticket or the demagogue Buckman is a vote against retaining Hon. C. E. Davis in the United States senate.

It is just as essential to the continued prosperity of the country to elect sound money men to congress, as it was two years ago to restore prosperity.

The republican county ticket is worthy the support of every voter in the county. See that your X is placed opposite the names of the republican candidates.

Indians certainly are no better than white men. If a white man had killed an officer or several while resisting arrest, he would have had his neck stretched, and the guilty Indians should be treated in the same manner.

Tax democrats are having a terrible hard time to convince the public that John Lind is the only honest man in the state and Wm. E. Eustis is a rascal. The old adage of "fooling all the people all the time" is applicable in this instance.

A vote for C. A. Towne is a vote against President McKinley, and the best administration the country has had since the immortal Lincoln. Vote for Page Morris and thus declare your confidence in the administration and republican policies.

The Little Falls Herald would have the Brainerd papers support Buckman it would seem. Why, bless your soul Vassaly, even the democrats up this way rejoice him, and the political tricksters who put the job up to keep an honorable gentleman from receiving the democratic nomination for state senator from this county will rue the day the plot was conceived.

The necessity of returning to congress a solidly republican delegation from Minnesota is self-evident to every patriotic citizen. The important question to be considered by our next congress growing out of the war with Spain, affecting as it will, our relation with other foreign countries, imperatively demands that the administration be supported by both houses of congress. The president must be upheld and strengthened rather than opposed and embarrassed.

The committee in charge of Lind's campaign are disgracing the organization to which they claim to belong by the personal misrepresentation and political malice which they are using to endeavor to carry the state against Mr. Eustis, the republican candidate for governor. W. H. Eustis has lived in Minnesota too long and is too well known for it to be true. This public do not believe that Mr. Eustis "hates the old soldier" or any other class of people in Lind's committee would have us believe. He is too apparent on the face of it and in this section of the country the disgraceful effort is making votes for Mr. Eustis rather than injuring him.

Leading democratic papers all over the state are denouncing the democrats who were instrumental in fixing up the Buckman deal in the legislative district and the galled legislators. The St. Cloud Times, the democratic organ of Northern Minnesota has the following to say in regard to the deal: "C. E. Buckman is an independent candidate for senator in the Morrison and Crow Wing county district, against Fuller, the republican nominee. Very strangely, the democrats have made no nomination, although they might have elected a senator. There is said to be a trade somewhere. Democratic solid vote for McKinley with as much bonafide as they can for Buckman."

How Much Did it Cost Him. The Little Falls Democrat makes the following pertinent statement: "It would be interesting to know how much Mr. Buckman had to pay to occupy the vacant senatorial seat in the alleged democratic legislative band wagon. It will have to be all guess work, as neither Engineer Meyer, Conductor Vassaly, Bandmaster Shaw nor any of the lesser attaches give the exact amount."

According to the call, a meeting was held at the court house on Monday evening for the purpose of forming a republican club. Although the evening was unfavorable for the assembling of a large number of people the meeting was well attended and those present were enthusiastic. John T. Frater called the meeting to order and stated the object and after some discussion the following officers were elected:

President - S. R. Adair. First Vice President - Al. Mattie. Second Vice President - M. T. Skinner. Secretary - C. A. Albright. Treasurer - F. A. Farrar.

The president was instructed to appoint a finance committee of five and also an executive committee of ten, two from each ward, himself to be chairman.

The vacant building in the Sloop block on Front street was engaged for use of the club. President Adair has appointed the following committees in accordance with the instructions noted above:

FINANCE COMMITTEE. First Ward - Geo. Gardner. Second Ward - T. Smith. Third Ward - H. Poppenberg. Fourth Ward - John Larson. Fifth Ward - Mous Mahlign.

EXECUTIVE COMMITTEE. First Ward - Wm. Ego, Geo. Sergeant. Second Ward - J. C. Davis, Parker Waste. Third Ward - Ed. Crum, Martin Nelson. Fourth Ward - Frank Mattison, Henry Anderson. Fifth Ward - Wm. Dodd, Dan Doras.

The meeting then adjourned to meet at the call of the president. As to Registration. There should be a complete registration in the city this year and voters have not two opportunities left, Tuesday, Oct. 25, and Tuesday, Nov. 1st.

The registration places are the same as the regular polling place and will be open on the above dates from 9 a. m. until 9 p. m. The election will be held on Tuesday, Nov. 8th, if you are not registered you cannot vote.

A NEW ENTERPRISE.

Brainerd & Mattson, the Style of a New Piano, Organ and Music House in Brainerd.

It is with pleasure we pen the above head lines. The styling of Fred Graham and F. Mattson in this community is such that many prospective purchasers of pianos and organs will hail the announcement with delight after looking around for a number of weeks in an endeavor to find an instrument that they could conscientiously recommend and sell at a reasonable figure, and still make a profit for themselves, they finally decided on the "Kimball" a name which is familiar the world over. They have been appointed factory agents for the Kimball company, the largest manufacturers of pianos and organs in the world. As to what the Kimball Co. and the Kimball instruments are, the public can judge from the following extract:

"The Kimball company is one of the largest, wealthiest and most distinguished firms in the musical industry and the Kimball Pianos contain all the standard improvements and several of value which are special to the firm." John C. Freund, editor of Music Trade, New York.

"The Kimball Piano is today the synonym for honest construction, a beautiful exterior and a musical quality that places it among the best pianos on the market."—Musical Indicator, Chicago.

"Systematic organization, the use of large capital, the employment of so enormous force of labor and the production of an immense output, combined with remarkable skill and genius in the improvement of the instruments, with new and original plans for attaining world-wide publicity, have united to place the Kimball name in the foremost ranks of the musical industry."—Musical Age, New York.

"The Kimball piano of the present day must be viewed as one of the greatest successes of recent piano history. From the bounds of Maine down to the Florida Keys and from New York Bay to the Golden Gate there is no better known piano today."—Musical Courier, N. Y.

amuse our country.

After ample and careful examination of all the instruments now prominently before the world, we find a preponderance of artistic and mechanical excellence in favor of the Kimball piano. In the existing requirements of perfect construction and in the deeper matter of tone in the service of the highest art, we find the Kimball is the masterpiece of the human race at the present time:

The World's Fair award to the Kimball Piano reads: "This firm deserves the greatest commendation for the superlative merit and variety of exhibits, and also for having attained the highest standard of excellence in all branches of their manufacture." The only firm thus honored.

ANSWER IT HO NESTLY.

The above is a vital question. It is brought with interest to Brainerd. It permits of only one answer. It can't be evaded or ignored. A Brainerd citizen speaks here. Speaks for the welfare of Brainerd. A citizens opinion is reliable. The impression created is lasting. Curiosity is at once aroused. Read what follows and acknowledge these facts.

Mr. Philip O'Neill, of 8th Street B. says: "I have great confidence in Doan's Kidney Pills as a remedy for the kidneys. My experience will attest to this statement. There was a dull steady ache across my loins, especially when I became a little fatigued. When I stooped over to lift or set out young plants I felt it very acutely. A Brainerd citizen speaks here. The action of my kidneys was very frequent, the secretions being highly colored, unnatural and annoying. This was not a new condition for such symptoms had bothered me for many years. Early last spring my attention was attracted to Doan's Kidney Pills and thinking they might help me I procured them from Swartz drug store. From the time I commenced their use I inferred no further disturbance or annoyance from my kidney complaint, the kidneys gradually assumed a regular action and the backache ceased to bother me. I therefore recommend Doan's Kidney Pills for such ailments and wish them much in vogue."

AN INFORMAL EMPRESS.

Incidents in the life of Elizabeth of Austria at Vienna. The late emperor of Austria and queen of Hungary went to Vienna in 1846, with no more knowledge of the duties of a sovereign than a school boy, yet unwritten forms, then a stage set for them little. The court circle was hostile. Princess Sophie would hardly speak to her. The great nobles and their wives treated her with coldness. Perhaps they thought they could awe this country bred girl, this creature of the open air, the forests, of the streams, and make her bow to their will. Perhaps, too, they were jealous of her beauty which was varied through the courts of Europe. But there was no personality about her so strong as that of the girl empress. She paid such scorn for scorn, blow for blow, and lived her own life.

She demanded that Bavaria be a furnished bar for dinner. The courtiers objected, but she had her way. One day when she came from riding it is said she overheard a gentleman on the stairs because he had seriously offended her. He rushed into the emperor's room and demanded that Franz Josef bestow upon the outraged empress a room and chambermaid. Almost her first demand after she arrived in Vienna was for her horses and dogs. That she could have these without number and have the finest in the world was her chief delight. All day long she was in the saddle, riding 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

And yet she found time for study. She possessed a really great mind. She had remained in the city in acquiring knowledge of Italian language and classics. A particular found time, too, to try to reform her court, the most corrupt in Europe.

Two High as? Think of it, the Spanish functionaries pay \$50,000 in revenues to the Emperor for the privilege of being allowed to land his dogs and cats in the city. He has not been mischievous of Spanish character.

Now that a new book has been published by the Sudan John Bull is likely to be a great success. It is a highly finished speculation.

Big Strike Tomorrow. A notice has been posted about the next Saturday unless the underground workers receive a 10 cent advance and a 9-hour day. The management is certain to refuse any such concession. There have been rumors of striking for several weeks previous. The mine employes 4,700 men.

REPUBLICAN CANDIDATES FOR SUPREME JUSTICES.

C. L. LEWIS, J. A. LOVELLY, C. A. BROWN

JOHN A. LOVELLY is a citizen of the City of Albert Lea, in the extreme northern part of the state, where he has been engaged in the general practice of the law for nearly 20 years.

CHARLES L. LEWIS, nominated for the Supreme Court, was born 40 years ago on a farm near Quincy, Jackson County, Illinois.

CALVIN L. BROWN, Republican candidate for Judge of the Supreme Court, is a native of Morris, Stevens County.

Now comes Mr. Herman Stockstrom, editor of the Swedish newspaper in Minneapolis—the Pastors—and contributes his little mite of editorialogy by asserting that Mr. Eastin had made remarks publicly, showing that he was a hater of his fellow countrymen of the Swedish nationality.

THE EDITOR JOURNAL: Mr. Eastin has been called to an article in the Journal, published in an issue of the 10th inst., in which I am quoted as having said that I had been asked to say that the Swedish people permit me to say that they are not a hater of their fellow countrymen.

REPUBLICAN JUDICIAL TICKET.

ST. PAUL, Oct. 11, 1898. It is not a little remarkable what gaudy lies are thrown forward for the purpose of deceiving the gullible voter in a campaign year.

No one has presumed to call in question the fairly good record made by the court whose retirement is looked for the 1st of January, 1900. It might be said that the record is not so good as it appears to be.

The second part of election lying consisted in the charge—furnished by nobody knows—who that William H. Eastin was a director in the old, rotten and defunct Guaranty Loan Association, and, by implication, responsible in some degree for that miserable mess.

Mr. Eastin's entire connection with the Guaranty Loan Association, of Minneapolis was as follows: He never purchased or owned for a single hour a share of stock in the Guaranty Loan Association, and hence could not be a director.

The records of the Guaranty Loan show that Mr. Eastin never attended a meeting of the directors of the Association and that he was never connected with either party in any way in the course of its business operations.

Now comes Mr. Herman Stockstrom, editor of the Swedish newspaper in Minneapolis—the Pastors—and contributes his little mite of editorialogy by asserting that Mr. Eastin had made remarks publicly, showing that he was a hater of his fellow countrymen of the Swedish nationality.

Mr. Charles L. Lewis is probably the least known of the three Republican candidates for the Supreme Court. He is a resident of Duluth, and while the people of Minnesota generally may have no knowledge of his existence, it is only just to say that he is one of the ablest and most successful lawyers in the state.

ST. PAUL, Oct. 4, 1898. The efforts of a few Democratic and Populistic veteran widows of the Civil War to create a political party against Mr. Eastin, the Republican nominee for Governor, has failed fast.

The story of Mr. Eastin's election to the governorship of the state is a very few words. Although not yet having secured his nomination, he has been elected to the office of Governor.

During his service as mayor of Minneapolis, he violated the rules of the police department in order to give appointments on the force of four or five veterans who were young enough to be sent to work to perform police duty.

An organization of the veterans of the Civil War was formed last week with a view to the election of Mr. Eastin to the office of Governor.

At the present time there are a few disconnected and disgraced old veterans who have devoted their lives to chastising the people for their extraordinary services in the cause of the state.

A Costly Duck Hunt.

On Sunday a party of five young men of this city secured a lively team at Hagberg & Wickham's livery barn and after providing themselves with guns, ammunition, etc., started for Johnson's Garden, some twenty miles distant from town for a duck hunt. The party was made up of the following gentlemen: John Murphy, Bert Finn, Bert Parker, Angus Cardie and F. J. Murphy. Arriving at the garden they hitched the horses to a tree, taking off the bridles and putting on ballnets. After a time the horses began to leap and plunge and breaking the halter straps, ran through the woods dragging the wagon, which had not been unhitched after five minutes. They soon became released from the wagon, and after running some distance through thick underbrush, plunged into the bog and lake, where they mired deeper and deeper, unable to release themselves until the water almost covered their heads, when they were shot to end their suffering. The boys had to hire a farmer to bring them home. The horses were quite valuable, being valued at \$100 each. It was an expensive duck hunt.

We have prepared this "add" for you with a great deal of care and time, and ask you to give it your careful attention because we **KNOW** it will be **MONEY** in YOUR POCKET to do so.

A Common Sense Argument.

Some people pay their bills, some pay them after many months, some never pay at all. The leakage through bad debts requires additional book-keeping, the services of a lawyer to look after collections, and a loss of interest on the slow payments. Do you see all this needless expense? Now if we did business that way we would have to add all these costs to the cost of our goods, provided we sold on credit, or lost money. In plain language what others don't pay becomes **PAID**—and what you pay. Are you willing to pay your neighbors bills? We have no such expenses, and subtract them from the price of what we sell you. Therefore, as we sell for **CASH ONLY, OUR PRICES ARE CASH PRICES, and must be the LOWEST.**

Here below we quote OUR PRICES on some of our Immense Stock as a sample of our Fall goods.
