The returns from the counties of New York and from the counties of Albany, Westchester, Dutchess, Sullivan, Ulster, and Warren, which together with the city of New York, make up the city and county of New York, are not yet received. Dozing is one of the institutions of the island by the Spanish forces it will go as the highlight and the lottery will be the same. There were, however, several affairs of honor which it was promised should be settled by a resort to the code as soon as the cessation of hostilities permitted the prohibition laid by General Blanco on dueling to be raised.

Dr. Conqosto, the Cuban secretary general, who was formerly Spanish consul at Philadelphia, has several times spent some on his hands. He had many disagreements with General Conqosto, and among the important Spanish affairs of Havana it was the common belief that the secretary general would hold General Lee personally responsible for the troubles which were threatening him, care a bad back and make his kidneys well.

W. H. EBR. The Havana editors have usually been unwilling to back their opinions by reporting to the code, though it is not favored with the same frequency as among French editors, a few weeks before the American consuls were withdrawn from the island, the antinomian government was accompanied with indignation by the press.

A PERFECT BAKING POWDER.

The constantly increasing demand for Dr. Price's Cream Baking Powder, the standard cream of tartar powder for forty years, is due to two causes.

FIRST.—The extreme care exercised by the manufacturers to make it pure, uniform in quality and of highest leavening power.

SECOND.—Recent State investigations show that the majority of other baking powders contain alum, and consumers are giving such powders a wide berth.

Nothing is left to chance in the manufacture of Dr. Price's Cream Baking Powder.

It is pronounced by all authorities as free from alum or other adulterant. It never disappoints. Each can is like the other. THE BEST IS ALWAYS THE CHEAPEST.

Awarded Highest Honors World's Fair, Chicago, 1893. Special Gold Medal California Midwinter Fair (1894).
