

THE BRAINERD DISPATCH.

VOLUME 18, NUMBER 1.

BRAINERD, MINNESOTA, FRIDAY, DECEMBER 16, 1898.

INGERSOLL & WIELAND, PUBLISHERS

To Preserve the Game.
Representatives of eight states, including Minnesota, met in Chicago on Tuesday for the purpose of agreeing upon legislation the coming winter affecting the game interests of the northwest. The result of the conference was unanimous for a stringent law forbidding shooting of any kind between January 1st and September 1st. A resolution against cold storage of game was also adopted, the proposition being made because so long as it is legal to keep game out of season game will be killed and sneaked in to the cold storage firms, and once there there is no identifying it, and the prohibition of the cold storage proposition will have a beneficial effect. It was also decided to impose a game license on hunters, a small fee for residents and a proportionately larger amount for visitors from other states. It was further agreed that all the game wardens should work in concert, and that laws should be sought by which a warden in any of the states should be agent for them all, so that game from Minnesota, for instance, in Illinois should be subject to seizure by the Illinois wardens. These amendments to the game laws will be submitted to the legislature of Minnesota at the coming session for their approval or rejection, and the same action will be taken in the states of Michigan, both Dakotas, Wisconsin, Iowa, Illinois and Ohio.

A Pastor Installed.
The installation of Rev. A. H. Carver as pastor of the First Presbyterian church of this city took place on Tuesday evening, Dec. 13, Dr. Clelland of Duluth, Dr. Adams, synodical superintendent of missions, of Minneapolis, and Rev. D. D. McKay the former pastor of the church, now of Minneapolis, were present and took part in the ceremonies. The sermon delivered by Dr. Clelland was a scholarly and admirable effort, the subject being "Utility of the Church in the World." After the sermon the formal installation took place. Dr. Adams according to the custom of the Presbyterians church then gave the charge to the new pastor, followed by Rev. McKay who charged the people.

The occasion was attended by a representative gathering of the different denominations of the city.

A rare treat is in store for our people on the 26th and 27th of this month when the famous Smith-Garten company will give two of their popular entertainments. They are "Royal Entertainments" indeed as is attested by those who have had the good fortune to see them.

Mrs. Charles Eastman had a very successful operation for appendicitis performed at the Brainerd Northern Pacific Sanitarium this week, and her many friends will be pleased to learn that her speedy recovery is now confidently anticipated. She is expected home in the course of a week or so, says the Fergus Falls Journal. Mrs. Eastman is a sister of Mrs. G. P. Mitchell of this city.

Gene Beyond.
Miss Nellie Roberts, aged 36 years died of epilepsy on Friday last, the funeral occurring on Sunday from the M. E. church.

Mrs. Nellie May Thayer, aged 37 years, wife of Joseph Thayer, died at her home in East Brainerd on Wednesday, Dec. 14th, of uremic poisoning. The funeral will be held this afternoon at the People's church, Rev. Bird officiating. Besides a husband, three children are left to mourn her sudden death.

Mrs. Mary E. Merriott, aged 75 years, died suddenly yesterday of cerebral apoplexy. Mrs. Merriott, who had been in usual good health, left her home about 6 o'clock to go on an errand and when near Adam Belmont's residence on Laurel street she was suddenly stricken and fell to the ground unconscious where she was found by Parker Waite a few moments afterwards and was conveyed to the Globe Hotel, medical attendance being immediately summoned, but death resulted at 11:30 p. m.

The deceased came to Brainerd in 1886 with her sons, George and Frank Merriott, from Appleton, Minn., and has made her home with them ever since. The news of the sudden death was a shock to the many friends of the deceased in this city and elsewhere. The funeral will occur Sunday afternoon at 1:30 o'clock from the residence of Frank Merriott on Fourth street south, Rev. G. W. Gallagher officiating.

Paine & McGinn, the well known butchers recently received a telegram at 10 a. m. for a ton of mutton for immediate delivery. As soon the next day the goods were at the train ready for delivery having been made up in that short space of time.

Mr. J. E. Dougherty, of St. Paul, has accepted a position with D. M. Clark & Co. as undertaker and collector in place of E. W. Larch resigned. Mr. Dougherty for ten years held a similar position with McCarty & Donnelly, the leading undertakers of St. Paul, and comes highly recommended as a thoroughly competent and experienced man to his line of business.

When the announcement was made last week that the proprietors of the DISPATCH had bought the Journal newspaper plant and consolidated the two subscription lists, discounting the Journal, the prediction was made by some that the falling off of subscribers would be great and that it would be impossible for the DISPATCH to hold the large number of patrons of the former paper. But to show that this paper thoroughly covers the field and is acceptable to all we desire to state that of the thousand or more new names added to our list from the Journal books only three discontinued the paper.

WARSHIPS GO TO HAVANA

NOT INTERFERED BY THE GOVERNMENT AS A THREAT.

But Their Presence in Havana Harbor Will Undoubtedly Have a Quieting Effect Upon the Unruly Population. The Brooklyn, Texas, Castine and Benaulte Are the Vessels That Will Go. The Suggestion That Will Go—The Suggestion Probably Came From Admiral Sampson After the Explosion Sunday Night.

Washington, Dec. 15.—The Brooklyn, Texas, Castine and Benaulte have been ordered to Havana. There is not the faintest desire to convey a threat to the dispatch of these warships to Havana. It may be noted that when they lie within the harbor they will hold the town in perfect subjection.

It is rumored that the suggestion came from Admiral Sampson, Havana as a result of the information received Sunday night at the Hotel Manilla. At any rate the suggestion was not in the nature of a threat to the authorities to a sudden change in the exact state of affairs in Havana and the immediate danger of another such outbreak which perhaps might not in the opinion of the United States government be averted by the presence of a small force of American soldiers in Havana harbor, and that the United States government is not so much interested in the protection of the city as it is in the protection of the American interests in the city. It is thought that the admiral desires to return to the United States as soon as the situation in Havana is quiet, and that the United States government is not so much interested in the protection of the city as it is in the protection of the American interests in the city.
