A German dentist, Dr. Herz, proposes to put microbes into my mouth to steal away my pain. His discovery consists in an inoculant prepared from microbes he cultivates for the purpose. When applied in the case of a decayed tooth it stops the pain, but does not destroy the nerve. Further, it decays the tooth and makes it possible to put in a lasting stopper. He has already treated a number of cases with it, and they have proved most successful.

There has been something substantial behind John Bull's protestations of brotherly love and his moral support during the Spanish difficulty. Some of the things which England expects of the United States are set down in terms by that blunt newspaper, the London Saturday Review. It is down to deal generously with Canada in the matter of tariffs; it expects that Great Britain will be remembered when the United States government finally establishes its authority over the Philippines; it especially expects the assistance of this country in the inevitable struggle over China's frontiers.

A serious question of gilt etiquette has arisen as Europe begins to wear four convicts absent themselves without leave from the county prison and went to a dance in the morning they were all back again at the jail door, clamoring for admission. The matter was taken to higher authorities and the ethics were obtained their quarters. On the whole, this punishment should be inflicted on the shames, but a good deal can be excused to high spirits while it should not be held that a mere frolicsome escapade like this should forfeit a prisoner's legal right to food and shelter. There is a time to dance, but one cannot be dancing all the time. The jailer should not allow personal spite to interfere with grave constitutional privileges.

A decision of no little importance has been rendered by the Supreme Court of the United States in relation to the power of states to tax foreign corporations doing business within their limits. The decision was rendered in a case instituted against the comptroller of the state of New York to vacate an assessment made on the capital of a large western drug house having a branch in New York city. The validity of the New York law was sustained by the Supreme Court in affirmance of the decision rendered below. Judge Pitkin, who announced the decision of the court, said that the law was settled that a state might impose such conditions for permitting a foreign corporation to do business within its limits as it might deem expedient, and that it might make the grant dependent upon the payment of a special license tax or a sum proportioned to the use of its capital used within the state, and that this did not constitute a discrimination against the products of other states.

A visitor from another planet, whose parties and elections are unknown, might naturally ask on the day after an American election, "Where are the elected, applauding, denouncing citizens I saw in past crowds during the campaign before the polls opened?" The quiet acceptance of fully wrought defeat, the return to ordinary rounds of duty, a whole nation stirred and then calm—all this might seem inexplicable. The story is told in a word: The republic has cherished the principle that the honesty ascertained will of the majority shall prevail.

FRIDAY, JANUARY 6, 1908.

Is Governor Land now. Monk miles of railroad were constructed in Minnesota in 1898 than in any other state.

H. C. STEVENSON of this city, was honored by the democratic nomination for speaker of the house.

Born democratic and republican nominees for speaker were from the 6th district, the chief clerk of the house was long a resident from Brainerd and the 6th district.

The president has pardoned the Indians who resisted arrest and caused the late Indian troubles at Leech Lake. It is unfortunate for the people living in this upper country near the Indians that the president has a lot of timid old women as advisers in the Indian bureau.

On Sunday last, Jan. 1st, the object for which the war with Spain was waged, was attained. On that day the Spaniards evacuated Havana and the island, and the Americans assumed temporary control in trust for the Cubans.

STATS ARCHIB DUNN in his report to the legislature recommends that the gross earnings tax be increased from 3 to 4 per cent. He says that under the present rate the railroads are not paying their tax and equal share of the taxes and makes comparisons to show that his statement is right.

The Dispatch was designated as the official county paper by the county commissioners at their annual meeting on Tuesday of this week, for the ensuing year. The publishers take reasonable pride in the fact that it is the sixteenth consecutive year that the honor has thus been bestowed and we know that our many readers will be pleased to learn that they will continue to read of the doings of the county legislators through the medium of the Dispatch of the DISPATCH. The publication includes the proceedings of the board, the delinquent tax list, the county financial statement and all the matters pertaining to county government.

Buckman in Line. From the Minneapolis Journal: Senator C. B. Buckman put himself on record in the caucus as a straight republican in a mainly and eloquent speech.

Resume the Wolf Bounty. John James, of Daggett Brook, appeared before the county commission at their meeting on Tuesday and suggested that the county resume the payment of a bounty for the killing of wolves.

Application of Holden & Ekman for liquor license was laid over until next meeting. Bids were received for taking down and removing old East Brainerd bridge as follows:

Contract for building East Brainerd bridge was read and adopted, section by section, and on motion the amount of time to be consumed by the city engineer in inspecting the bridge be left in hands of the street committee.

PEOPLE WE KNOW.

They are Brainerd People, and What They Say is of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with our readers. When so many strange occurrences go the rounds of the press, are published as facts, when the intelligent reader knows they can't be true, there is no wonder people become skeptical.

Free of Charge. Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature who will call at M. K. Swartz, will be presented with a sample bottle of Boscini's German Syrup, FREE OF CHARGE. Only one bottle given to one person, and none to children without order from parents.

Terrible plagues, those itching, peeling diseases of the skin, Past an end to misery. Doan's Ointment cures. At any drug store.

Council Proceedings.

The city council met in regular session on Tuesday evening, all the aldermen being present. After reading of minutes of previous meeting, bill of A. Everett for \$50 for plans for bridge was allowed.

Monthly pay roll. Day rail electric light employees. Electric Engineering Co. 24 94. Gen. Elec. Co. 86 51. Western Electric Co. 40 10. Tribune 19 68.

Contract for building East Brainerd bridge was read and adopted, section by section, and on motion the amount of time to be consumed by the city engineer in inspecting the bridge be left in hands of the street committee.

Contract for building East Brainerd bridge was read and adopted, section by section, and on motion the amount of time to be consumed by the city engineer in inspecting the bridge be left in hands of the street committee.

Petition of citizens asking that an arched bridge be placed in Schwartz's Addition was referred to electric light committee to investigate the need of putting in the same and report at next meeting.

The matter of revising the commercial rate was referred to electric light committee to act in conjunction with superintendent and report to the next meeting. Council adjourned.

**FARM AND GARDEN.**  
**MATTERS OF INTEREST TO AGRICULTURISTS.**

Some Fly-Date Bill About Cattle.  
Chicago—Baltimore, Baltimore and Philadelphia.

Setting Out Manure.  
Observation shows that a large majority of farmers have not yet learned to take advantage of this job, which is one of the hardest and most disagreeable on the farm, says a contributor to the "Michigan Farmer."  
The common practice is to rig up a stude wagon and team, drive in and load up, then drive to the field and spread the manure from the wagon. When managed in this way the team is standing idle over half the time stamping the roadway. It is better, when it would be more comfortable on the move. The men spend nearly half the time riding to and from the field.

It is next to impossible to do even a passably good job of spreading manure by standing in the wagon and throwing off bunches here and there in following proper fashion apart. This whole job becomes tedious and tiresome in a very little while, and is ended from first to last, which will tell on the next crop.

It is better to have a man who has helped me with this work have told me that he had done it better than I had ever done. This whole job becomes tedious and tiresome in a very little while, and is ended from first to last, which will tell on the next crop.

**Just a Cough**

Not worth any attention, you say, because you think it is only a cold. It is anything but a cold because you remember that coughing is a family failing. At first it is a slight cough. At last it is a hoarse cough. At first it is easy to cure. At last, extremely difficult.

**Ager's Cherry Peccoral**

quickly cures your little hacking cough. That is the best about the cure now. Doubt comes for over half a century Ager's Cherry Peccoral has been curing colds and coughs and preventing consumption. It cures Consumption also if taken in time.

Keep one of Dr. Ager's Cherry Peccoral Pills over your nose if you cough.

Send me and you a book on the subject, free.

**Origin of the Galloway.**  
In a pamphlet on the "History of the Galloway," Chas. D. McKays says: "Galloways are a hardy hardy breed of beef cattle, which take their name from an old district in the southwest of Scotland. Near the sea, and along the valleys of the rivers are many green and fertile lands. On the higher ground the surface is more undulating and irregular, with numerous small lakes, wide stretches of mossy moorland, rocky hills, and high heathery mountains. The climate is mild and moist, and while cattle usually have winter shelter provided, they sometimes winter well without any, and are so all the year. In the days of the Romans it contained dense forests, largely of oak, and many traces of the Roman occupation may still be seen. The forests have disappeared, but there is still in many sections considerable wooded shelter."

This whole job becomes tedious and tiresome in a very little while, and is ended from first to last, which will tell on the next crop.

**Heathy/Thyppy Girls**

Often, from an apparent cause, become languid and dependent in the early days of their womanhood. They drag along always tired, never hungry, breathless, and with a palpitating heart after slight exertion to such a degree that they are unable to walk up stairs is exhausting. Sometimes a short, dry cough leads to the fear that they are going into consumption.

They are **ANEMIC**, doctors tell them, which means that they have too little blood. Are you like that? More anemic people have been made strong, energetic men and women by the use of Dr. Williams' Pink Pills for Pale People than by any other means they are the best tonic in the world.

Miss Leta Stevens, of Dover, Vermont, N. H., had been very healthy until about a year ago, when she grew weak and pale, and her appetite failed. She was unable to do any work, and she was so weak that she could not walk. She was advised to take Dr. Williams' Pink Pills for Pale People, and she took them for a few months, and she was well and strong again.

The genuine are sold only in packages, the wrapper always bearing the full name. For sale by all druggists and sent postpaid by the Dr. Williams' Medicine Company, Schenectady, N. Y., an receipt of price, fifty cents per box. Book of cures free on request.

**MANITOBA'S CAPACITY.**  
Somebody thought it was a good idea to try to get the people of the United States to buy more of the products of the province of Manitoba. The result has been a very successful one. The people of the United States are buying more of the products of the province of Manitoba than ever before. This is due to the fact that the people of the United States are realizing the value of the products of the province of Manitoba.

**Wheat**  
The wheat crop in the United States is expected to be a very good one. This is due to the fact that the weather has been very favorable for the growth of the wheat. **ONE PURE BAKING POWDER.**

Over seventy per cent of all baking powders contain alum. The ill effects upon the system of food leavened by this injurious food are attested by the highest medical authorities. Alum baking powders would be less dangerous were they fatal at once, for then they surely would be avoided, but their baneful action because imperceptible at first and slow in its advances is no less certain.

**Dr. Price's Cream Baking Powder**

is certified by all authorities as free from alum or any other adulterant. Its purity has never been questioned, and while it does finer and better work, it costs no more than many of the adulterated powders.

It received the highest award at the World's Columbian Exposition, (Chicago, 1893) and at the California Midwinter International Exposition, (San Francisco, 1894) a special gold medal.

The regular meeting of the W. C. T. U. will be held in the Y. M. C. A. parlors next Tuesday afternoon, at 3 o'clock. Visitors will receive a cordial welcome.

Fredrick Sanborn was quite severely burned about the face and forehead Sunday while lighting the fire with kerosene. While the injury is painful it is not thought that the burn was deep enough to leave a scar.

The new M. E. church at Deerwood will be dedicated on Sunday, Jan. 15th, at 3 o'clock, p. m. Dr. Forbes will preach the dedication sermon, and will also hold services in the evening at 7:30. All are cordially invited to attend. G. W. Hunt, pastor.

Sunday morning at 10:30 o'clock, at the Presbyterian church, the Lord's Supper will be observed. All communicants are requested to be present. The session for Bible study will immediately follow. The evening service will be held at 7:30 o'clock. The pastor will be present at all services.

The appropriation of \$30,000 for the erection of a school house on the Leech Lake reservation which was recommended in the Indian appropriation bill has now been increased to \$50,000 and has the approval of Secretary Bliss. The government evidently thinks there is nothing too good for the Leech Lake in the way of educational facilities.

A dispatch from New York to the Minneapolis Journal says that the Northern Pacific railroad company has placed an order for 10 postal cars and 500 flat cars, and is also asking for bids for 20 first class coaches. The dispatch further states that the B. & N. P. is reported to be in the market for from 50 to 75 cars for carrying stone and lumber.

Joel Smith has again been chosen as chairman of the board of county commissioners, and the members of that body have made a wise selection. Mr. Smith has filled the position in an able manner and his extensive acquaintance in the various portions of the county makes him a valuable member and a fair and just presiding officer of the board.

The property and business of the Rice Lake Ice Co., owned and operated by Jas. McCulloch, was sold by Mr. McCulloch to S. J. W. Koop, and on Tuesday Messrs. Koop sold the business to Peter A. Stedal, who for several years has conducted the Brainerd Ice Co.'s business here, and Mr. Stedal will probably have no competition next season. There doesn't seem to be business enough in this city for more than one ice dealer to make a living, and Mr. Stedal certainly has conducted his business in such a manner as to merit the patronage of all.

Mr. Wm. Holst desires the dissolution of partnership between himself and Mr. M. **DEATHS.**

Who Shot Mrs. Cox.

Mrs. John Cox who lives on Oak street between 4th and 5th, received a wound in the breast from a 22-calibre revolver on Thursday evening of last week. Medical assistance was called but it was found that the wound was not serious and unless blood poisoning sets in the woman will suffer no bad results. There is a question as to who fired the shot, the woman having told two different stories, one implicating her husband. No arrests were made.

Some Interesting Figures.

A. H. Bennett janitor of the Central hose house and secretary of Wood County No. 1, in his annual report of the business done by the fire department during the year 1898, gives the following interesting data and has kindly furnished the Board with the following figures:

Number alarms during year..... 43  
 Miles run during year..... 281  
 Hours worked at fires..... 47  
 Number feet of hose laid..... 21900  
 The amount of loss by fire during the year is placed at \$42,612, and the amount of insurance paid on loss was \$20,462.

Mr. Bennett in his report makes mention of the fact that had it not been for the disastrous opera house fire which also consumed the building and stock of Cox, O'Brien, the fire loss would have been but about \$8000 which is extremely low for a city the size of Brainerd.

Coming Soon.

Dr. H. J. Hienland, the well known and successful optician, whose home is Brainerd, Minn., will be at the Windsor hotel from Jan. 7 to 15, inclusive. The Dr. is now prepared to do his own grinding of prescription lenses. Don't fail to see him. Consultation free.

L. W. Berrell.

Having resigned the use of his hand has formed a partnership with Fred Dreier and they would be glad to take their friends at the old stand on 4th street.

We desire to thank our friends and neighbors for their kindness in our aid and bereavement in the loss of our daughter, and especially to the tail makers.

Dr. H. J. Hienland, the well known and successful optician, whose home is Brainerd, Minn., will be at the Windsor hotel from Jan. 7 to 15, inclusive. The Dr. is now prepared to do his own grinding of prescription lenses. Don't fail to see him. Consultation free.

L. W. Berrell.

Having resigned the use of his hand has formed a partnership with Fred Dreier and they would be glad to take their friends at the old stand on 4th street.

Card of Thanks.

We desire to thank our friends and neighbors for their kindness in our aid and bereavement in the loss of our daughter, and especially to the tail makers.
