"Grumbling"  
Rev. Wm. Wallace Dawley, of the Central Baptist Church, Minneapolis, will deliver a lecture on the above entitled subject on Monday evening, Jan. 23. The reverend gentleman is a speaker of note and will be sure to please, as the following notice from the Pioneer Press will indicate:

"The audience at the Woodland Park Baptist church, last night, enjoyed the lecture delivered by Rev. Wm. Wallace Dawley on 'Grumbling,' very much. It was a spicy talk, interpreted with amusing anecdotes, illustrating his points in a manner which served a double purpose in interesting his audience and impressing his arguments more firmly on their minds.

**Arrested for Forgery.**  
A lumberman giving his name as Chas. Smith, was arrested in the municipal court on Tuesday charged with forgery in the second degree. Complaint was made by John Hickey, foreman of a Cross Lake Logging Company's camp. Smith received a time check for work on which he reduced the amount of the warranter bill \$20.25, thus raising the cash received that amount, and had the check cashed and spent the money in dissipation. The case was continued until 3:30 Saturday, when the preliminary examination will be held.

## A CREAMERY ASSURED.

The First Enterprise of this Character in Crow Wing County Now An Assured Fact.  
An Organization Perfected and Incorporated, and Officers and Directors Elected.

For the last three or four years, spasmodic efforts have been made to secure a creamery in this city, and two or three times these efforts have been nearly successful, but at the last moment something would prevent. A successful effort has now been made, and by spring a creamery will be in operation, not in this city, but very close by. It will be the first creamery in Crow Wing county, and it is hoped others will follow until the county will contain a great many.

The present organization was effected by representatives of Cornish & Co., of St. Paul, a house whose business is the establishing of creameries. First a subscription list for stockholders was circulated in town and the following business men took stock as follows, which must be paid in cash on completion:

J. L. Kider	100.00
J. J. Conroy	100.00
Con. O'Brien	100.00
Geo. E. Gardner	100.00
C. W. Parker	100.00
S. & J. W. Koop	100.00
Mons. Mallum	50.00
Larson & Walters	50.00
J. G. Heald	50.00
A. Arnold	50.00
A. P. Ferris	50.00
J. P. Larson	50.00
D. M. Clark	50.00

The following farmers have taken stock to be paid in milk 5 per cent of the milk furnished to be applied on their stock until paid, the amount of stock to be proportioned among the farmers according to the amount of milk furnished: John Cameron, J. A. Hixby, Iver Benson, Henry Boush, Sever Faulson, Henry Mahle, Neils Gjernes, E. Eggen, A. M. Peterson, George Thompson, John Eys, Carl Gerber, J. Wasiek, F. G. Congdon, Neils Nesheim, Sanford Cameron, R. J. Nesheim, Tom Paulson, P. G. Sundberg and J. J. Nesheim.

Enough stockholders having been secured to close the deal with the company, a meeting of the stockholders was held in this city on Saturday last, and articles of incorporation were drawn up and adopted, and a board of directors elected as follows: Iver Benson, Sanford Cameron, John Cameron, Henry Boush and A. P. Ferris. Subsequently a meeting of the board of directors was held and officers elected as follows:

President—Iver Benson  
Treasurer—Sanford Cameron  
Secretary and Manager—Mons. Mallum

It was decided to locate the creamery on the northwest corner of the poor farm in Brainerd. The name of the organization it was decided was to be The Oskama Co-operative Dairy Association. Cornish & Co., by the agreement signed, are to establish a creamery, and are furnishing all the latest and best appliances for butter making, build the building, and delivering else, except sink a well and build an ice house, all for \$3,000. They commence the coming week to put in the plant. A meeting of the stockholders will be held tomorrow (Saturday) to adopt by-laws and transact other necessary business.

The buildings for the creamery is to consist of a main building and an annex. The main building will be a frame building 22x40 feet, 12 feet high, on a 16-inch stone foundation, painted inside and outside two coats, and the annex will be 18x20 feet, and will contain the power, engine and boilers, and the fuel. The main building will be divided into two rooms, refrigerator room and manufacturing room. A 10-horse power tubular boiler and a 10-horse power crank engine will be used. The separator used will have a capacity of 2,500 pounds of milk an hour, and all other machinery will have a corresponding capacity. The company will have the creamery in operation by spring. They also agree to provide a first-class butter-maker for the first year, to be paid by the Association.

"Old Maid's Convention."  
The writer was permitted last evening to witness a rehearsal of the "Old Maid's Convention," the entertainment now being gotten up by the Ladies' Auxiliary of the M. E. C. A., and we are so fortunate in saying that a more laughable entertainment has never put on the stage by local talent. If consists of a meeting of the "Young Women's Society" to discuss the "Debauch Society," introducing Professor Make-over and colored servants. FRIDAY, JANUARY 20, 1918.

The McCleary bill has been indefinitely postponed in congress.

NO STRONGER argument for electing senators by direct vote could be presented than the deadlocks now on in several state legislatures.

The usual bill to prevent public officials from accepting railroad passes has been introduced in the legislature and as usual, it will die in committee.

The New York legislature has elected Chalmers M. Depew United States senator.

GEN. KEVIN will be court-martialed for calling Miss several distinct and different kinds of a liar.

A MOVEMENT is on foot to place bicycles on the free list in other words to exempt them from taxation and the senate judiciary committee has recommended the bill for passage.

A FEW members of that organization known as the "anti-Eastis old soldiers' club" met in Minneapolis and elected officers.

A MINNEAPOLIS youth was arrested and sent to jail Monday for cigarette smoking.

THE democrats and populists voted for C. A. Towne for United States senator, and Hon. H. C. Stivers, of this city, was selected to place his name in nomination before the house.

THEY are having an interesting time down in West Virginia. The senate is republican and the house democratic, with a republican majority of three on joint ballot.

THE legislature on Wednesday re-elected Hon. C. K. Davis United States senator for a term of six years, every republican vote in both houses, and one democratic vote in each house being cast for him.

THEY are having an interesting time down in West Virginia. The senate is republican and the house democratic, with a republican majority of three on joint ballot.

SCRIPT.

KATHINE GLEANINGS.

Received late for last week.

Mr. Bath has sold her pine to A. A. Miller.

Mrs. G. A. Hunt has been very sick for the past week with grippe, but is now a trifle better.

T. Lundstrom will not return to his island home this winter, but will remain at Engelvald, N. D.

The improvement that the lumbermen are making in the roads in this vicinity is a fine thing for the farmers.

A. A. Miller has gone to Arizona to spend the winter. While he is gone Rev. Wilbur Hunt will look after his lumber interests at this place.

The little son of C. A. Hunt accidentally stumbled against a boiler of scalding water causing it to splash over his face and side. While badly burned it is hoped it will not prove serious.

Christ Wilson is the champion knitter of Minnesota. He can knit three pairs of men's socks in one day, or one pair of men's mittens in two hours, and is very busy supplying the lumber camps with his products.

Howard Perry has been unfortunate enough to lose his house by fire while away from home. His wife endeavored to quench the flames which were started from a stove-pipe passing through the roof, and was severely burned about the back of her neck. Nothing but a sewing machine was saved from the dwelling.

Matchless Pianos and Organs.

The Kimball Pianos and Organs are unequalled in tone, touch, workmanship and durability, receiving the Highest Honors at the World's Fair in 1893, Gold Medal at the Omaha exposition in 1898, and are endorsed by all teachers of music in Brainerd and also by the leading singers and musicians of the world.

Why run chances on cheap instruments, gotten up to sell without reputation, with stained cases, and which are good only for a few months, then you wonder why your instrument needs tuning so often?

The W. W. Kimball sells as cheaply as any of them, on monthly payments, and you are sure to get a square deal.

Installed Officers.

On Saturday evening last, January 14th, about 75 ladies and gentlemen, members of Pap Thomas, Woman's Relief Corps No. 47, and Pap Thomas Post No. 20, G. A. R., respectively located in this city, met at I. O. O. F. hall for the purpose of the joint installation of the new officers of their respective organizations for the year 1918.

The W. R. C. held their installation first, with Past President Mrs. Emma E. After this a substantial lunch was served to all present, and after this an hour or more was spent in songs, music, story-telling, etc., and in the end every one went home well pleased, this being certainly the most interesting social event that has ever happened in the existence of the Post or Corps, and we hope for more of them in the future.

News From Dolberg's Camp.

The following has been received from Pat O'Brien, foreman of Dolberg's camp out near Mille Lacs lake: There are 60 men in camp. We are all well and only one man has been hurt during the winter, while other camps in sight are having the grip and other sickness. The excellent sanitary condition of our camp is due to the measures in which it is kept, and the pride the men take in keeping everything clear of any rubbish in and about camp. The camp is on the shore of Shokopee Lake, which is the most pleasant and healthful place in Mille Lacs county. We have 500,000 feet of the land here, and have only been here two months. We still have 1,000,000 feet to put in, which we expect to get in by the 15th of February, and then we will be home again in Brainerd. Mr. Dolberg has provided well and paid good wages, and the men have only the highest praise to speak for him.

JUDGE FOR YOURSELF.

Which is Better, Try an Experiment or Profit by a Brainerd Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. Would you experiment on it? You will read of many so called cures. But they come from far a way places. It is different when the endorsement comes from home. Easy to prove that it is so. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case: Mr. W. S. Benjamin, practical band, gang or rotary saw filer, of 71 Third Ave., East Brainerd, says:— "Doan's Kidney Pills did more for me than I believe, the remote result of a fall I incurred several years ago, at that rate, ever since then I have had more or less pain and the renal secretion seemed to be acid in nature, thereby causing me considerable distress. Early last spring I got a supply of Doan's Kidney Pills from M. K. Swartz's drug store, and can state that they had the effect of completely altering the condition of my kidneys referred to above. I am content to continue to advise others to use this remedy if annoyed any way from their kidneys. Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Homeopathic Dispensary, and take no substitute.

The next day's drive brought us past "Shoshone Lake" and the "West Arm" or "Thumb" of the "Yellowstone Lake." This lake is exceedingly large and very wonderful. From the wharf near the lunch station one can see little bubbles rising in many places in the lake.

On our way to camp that night we saw a band of elk, many flocks of ducks and geese, several large beavers swimming in a pond, two large bears, and many other sights.

The next day we started for "The Grand Canon." On our way we sought to see the "Natural Bridge." This bridge is of solid rock, and its expanse is about 70 feet. This was very difficult to estimate as we were 175 feet above it. We passed "Mud

Volcano" just before noon. This is the most terrible and angry-looking of all things in the park. Its first eruption occurred about the middle of the summer. It is about 60 feet across the opening and the black boiling mud is about 50 feet below the surface of the ground.

The next falls we reached was the "Lower Falls." The greatest of white foam are formed and float about among the beautiful rocks. The most important of the places were "Point Lookout" and "Inspiration Peak."

From "Point Lookout" our party followed a narrow trail down over rocks and fallen trees until we reached "Red Rock." This is a rock pyramid of a dark red color, and it is very interesting to see them so many feet below and in such a treacherous place.

## WORK OF CONGRESS

Washington, Jan. 15.—A climax was reached yesterday in the debate on the question of expansion which is in progress in the senate. Hereafter all of the speeches, with the notable exception of that of Mr. Platt of Connecticut, have been in opposition to the acquisition of the Philippines. Yesterday Mr. Foster of Ohio addressed the senate in opposition to the declaration of the vest resolution that the United States has no constitutional power to acquire foreign territory to be maintained as colonies. While much of his speech was devoted to a constitutional argument in support of the right of this country to acquire and govern outlying territory, he gave particular attention to the interests that have been made in connection with that position, especially those of Mr. Vest and Mr. Senator Foraker, and he gave the broad proposition that he urged the vest resolution in his declaration that our fathers had bought forth a nation that was inferior to all other nations, regardless of the generally accepted fact that the United States is a more advanced and a more advanced nation than any other in the world, and that we are entering into treaty agreements with inferior nations that we are entering into treaty agreements with inferior nations that we are entering into treaty agreements with inferior nations...

There is a great press of work and the company desires to work as many hours as possible, hence nine and ten hours there will be worked as soon as day-light will permit. DEATHS.

On Monday morning, Jan. 16th, at 3:30 a. m., Mrs. Almira Parker, wife of our esteemed fellow-citizen Mr. C. N. Parker, died at the family residence in this city, of a fatal paralysis aged 62 years. Mrs. Parker was stricken down on Monday, Jan. 2nd at Painesville, Minn., while there attending the funeral of her brother. She was cared for, but gradually failed until death relieved her suffering. She deceased has enjoyed good health all her life, hardly knowing what a sick day was. She had been confined of a pain in the head for some days before being stricken down. She and her husband have four children, but during that short time they were only about half as well as usual. She has made hosts of friends who will mourn deeply her loss. The funeral services were held at 3:30 p. m., on Wednesday at the family residence, Rev. Eile, of the Episcopal church conducting the services, and the Congregational church choir rendering appropriate music. The remains were taken to St. Paul on the 11:30 train, where they will be placed in a vault in Oakland cemetery until spring, when they will be buried. Mrs. Parker was born in Ashland county, Ohio, on August 1st, 1850, where she lived with her parents until the early 30s, when the family removed to Fond du Lac, Wis. Here she met Mr. Parker to whom she was married in the fall of 1865 at Kingston, Wis. They moved to Milwaukee, where their only son, Fred, S. Parker, of this city, was born. In 1886 Mr. Parker moved to St. Paul to accept a position as master mechanic, and here they lived for about 30 years, until 1895 when they moved to this city. Two brothers, D. P. Smith, proprietor of the Cameron House, La Crosse, Wis., and C. Smith, of Winnebago, Wis., survive her. The grief stricken father and son have a deep sympathy of the entire community in their affliction. Mr. and Mrs. Cunningham, and Mrs. E. B. Smith, of La Crosse, Wis.; E. E. Barnhart, of Milwaukee; Mrs. H. E. Emerson, of Grand Forks, N. D.; and Mr. G. C. Osgood and Mrs. N. P. Osgood, of Fargo, N. D., were in attendance at the funeral. Rev. Father Lynch attended the funeral of Father B. J. Lawler in Duluth on Thursday. Father Lawler was stationed here from 1890 to 1892, and was admired for his many noble

qualities. After leaving here he was stationed at Hickey, until that town was destroyed by fire. Rev. Wilkinson, of the Episcopal church, who wrote a book of the Hickey fire, has this to say of Fr. Lawler: "This heroic priest saved many human lives. Instead of taking the safe route to Duluth, he remained and rallied many of the terrified people to a gravel pit east of the town. Blinded with smoke, and fatigued, he remained in the water all night, from which he contracted a severe cold." The severe cold contracted that time grew up into consumption, from which he died on Monday night. "Father England, an employee of the N. P. boiler shop, died at the Sanatorium yesterday, January 19th, of uremia. He was aged 55 years, and was deceased very sudden. He was held in ill health at his home, Tuesday, and was taken to the Sanatorium where he died. He leaves a wife and two children in Sweden, and a brother in Michigan, who has been notified by telegram. B. J. Thompson, a lumberman brought down from the camp, died at the Lumberman's Hospital on Jan. 12th, of la grippe, aged 38 years. His remains were shipped to Anoka on the 19th, and buried on the 14th by the Masonic fraternity. August Carlson died at the Lumberman's Hospital on Wednesday the 18th, aged 34 years. He was brought in from Joe Smith's saw mill at Stony Brook. His remains are being held at D. M. Clark & Co's morgue. Mrs. W. D.
