A SAD ENDING.

Edward C. Gordon and Miss Mamie Kelly While Boating On Donald Lake Meet With an Accident Which

COSTS THE YOUNG MAN HIS LIFE.

Frightful Experience and Heroic Conduct of the Young Lady.

Edward C. Gordon, who had made this city his home for some time and who was employed as brakeman on the B. & N. M. Ry., was drowned at Donald on Sunday afternoon last. Mr. Gordon and Paul Winters, son of O. O. Winters, of this city, in company with Misses Mamie and Della Kelly, who were visiting Mrs. C. O. Lightfoot at the above place, started out for a boat ride. During the course of the afternoon Mr. Gordon and Miss Mamie Kelly, who occupied a boat together, started across the lake towards the point where the river flows out of the lake. When a mile or more from shore their boat was captured by the waves, the wind having arisen and was blowing quite a gale. The water was very deep, but both succeeded in gaining a hold of the overturned boat. Mr. Gordon being an expert swimmer tried to right the boat, but found it was impossible. The position, yet they did not feel alarmed as the wind was drifting the boat toward shore. After finding that he could not right the boat Mr. Gordon placed his companion on one side of it and getting on the other the two took hold of hands across the bottom of the overturned craft and drifted with it. After being in the water for over an hour and a half Miss Kelly noticed that her companion was losing consciousness, as his color changed and his head dropped forward on the boat. She tried to cheer him up and arouse him by saying the boat was coming for them, but he only motioned towards the boat without speaking as if trying to get courage her, and then lost consciousness altogether. The position must have been a trying one, but the young lady bravely held up under the fearful ordeal and clung to the hands of her dead companion until the boat drifted onto a bar where she found she could touch bottom, the water being a little over three feet, and which was a half mile from the shore. Here she endeavor to turn the boat over, but it was impossible. A small steam boat passed within sight, but she was unable to attract the attention of the occupants. Finally the attention of a farmer by the name of Newman was attracted to the place and he put out in a boat and took Miss Kelly to shore and a return trip was made for Gordon's body.

Miss Kelly and her sister returned to Brainerd Monday morning and she has been confined to the house most of the time since owing to her severe shock and the exposure from being in the water for such a length of time. The young lady undoubtedly owes her life to her bravery and rare presence of mind during the unfortunate occurrence.

The remains of Mr. Gordon were brought to this city and were embalmed at Loney & Dean's undertaking establishment, and shipped to Huntington, West Virginia, for burial. He was 26 years of age and an exceedingly bright young man, being a graduate of the law school at Ann Arbor, Michigan, and was a general favorite among his circle of acquaintances. He came to Brainerd some months ago, and had made his home with the family of O. O. Winter.

All Next Week.

Speaking of the entertainment that will be at Gardner Opera House all next week the Rockford Morning Star says:

The usual immense audience greeted Dr. H. L. Flint, and his charming singing assistant, Grace Marion Flint, the first night of their annual visit to Rockford. To say that the spectators were delighted by this talented pair hardly conveys a description of the almost uproarious comedy that held away at the theatre tonight. Round after round of applause greeted the doctor and his wife. The program is the most elaborate Dr. Flint has yet given here. More than twice the number of scenes given during previous engagements was presented. Most of them are entirely new. Some of the featured were the imitation of the mocking bird, banjo and guitar, the "dick" and the skirt dancer, the last of which was especially impressive. "Carmelita," "Jole Fuller," "Mina Harrington," and "Miss G. W. W." are new things the doctor has gone in for, and the dances formed a decided novelty in this class of work. The dancing was such as to make a professional dancer envious, and the young men under the professors' power gave good an exhibition of this art as is ordinarily seen.

With Sordid Intent.

Mrs. Alexander Cockburn, of East Brainerd, took a quantity of corrosive sublimate yesterday morning with the intention of committing suicide, and as a result lies in a precarious condition, and her death is hourly expected. Mrs. Cockburn is a woman some 50 years of age, and the act can be accounted for in no other manner than that she was temporarily insane at the time. The poison was taken immediately after her husband had left the house for his work, and her daughter, Mrs. Ida Carlson, and Miss May Davis, of Ft. Ripley, who were at the house with Mrs. Cockburn, immediately informed of the neighbors and a physician was called, everything possible being done to allay the sufferings of the unfortunate woman. She stated that she wanted to die and that she did not want anything done to prevent it. She has for some time grieved over the death of a daughter whose body was recovered to one Ft. Ripley to the Brainerd Obituary.

JUNE WEDDINGS.

On Monday evening at the residence of the bride's parents, Mr. and Mrs. J. R. Pearce, Miss Margaret Kate Pearce was united in marriage to James M. The refrigerating machines used in this plant are gas, the gas being compressed to liquidation and producing cold when it is allowed to expand.

The plan is intended merely to maintain a low temperature, without reaching the freezing point, thus providing storage rooms cool enough to insure the proper preservation of meats and other market articles, and at the same time avoiding the objection of too low temperature, which would be distributed through the storage chambers by a forced circulation.

The refrigerating machines used in this plant are gas, the gas being compressed to liquidation and producing cold when it is allowed to expand.

 of Crow Wing County Commis-
 sioners, Meeting Held
 June 6th, 1899.
 (OFFICIAL.)

Proceedings of the board of com-
 missioners.
 Meeting held June 6th, 1899.
 Board met at 10 o'clock a. m., all
 members being present.
 On the reading of the minutes of
 the last meeting the same were ap-
 proved as read.
 A petition signed by twenty-eight
 residents and legal voters for the
 organization of Town 137, Range 28,
 said town to be known as Ideal
 Township was read, whereupon Com-

 1899, at school house in School Dis-
 trict No. 40, at White Fish Lake, in
 said township, said notice to be

 missioners, and delivered to the
 sheriff as required by law.
 Commissioner Paine seconded the
 motion, which was then carried.
 On motion duly carried, the board
 resolved to request the Northern
 Pacific R'y Co. to allow re-open
 water course of Crow Wing Lake on

Moved and duly carried, that Com-

 two to open up wagon road at outlet
 of Crow Wing Lake at once.

 137, Range 28, and Town 137, Range
 29, to appropriate sufficient sum of
 money to purchase material to build
 a bridge across Pine River on or

 tions 12 and 13, Town 137, Range 29,
 the petitioners to do the work free
 of charge, was read, and on motion
 duly carried, an amount, not ex-
 ceed \$150, was allowed, to be ex-
 pended in the purchase of such ma-
 terial, under the direction of Com-
 missioner Gardner, with power to
 act in the premises.

C. S. Nichols appeared before the
 board and explained further about
 the Tribune illustrated supplement,
 said Mr. Nichols having previously

Mrs. H. D. Treglaw, N. H. Ingersoll and Dr. W. Hemstead.
