### The Marston Stock Company.

The Marston Stock Company opened a three nights' engagement at the Gardner Opera house last evening in "The Slave of Fortune." The DISPATCH has no hesitancy in saying that it undoubtedly is the best repertoire company that will be in Brainerd this season. Mr. Marston appeared in the role of Yonny Yonson, and as a dialect comedian made a decided hit. The company is well balanced and gave a very smooth and finished production. Some very pleasing specialties were introduced by several members of the company. The attendance was fair, but not the merits of the company deserved. To-night the splendid drama "A Woman's Peril" will be the bill, and a new line of specialties will be introduced. 10, 20 and 30c are the prices of admission.

### Mayor Koop on Monday and Tuesday

Mayor Koop on Monday and Tuesday circulated a subscription paper to aid the cyclone sufferers of New Richmond, and succeeded in raising \$211, for which he sent his check to the relief committee on Wednesday. We have the list of subscribers, which it was intended to publish this week, but time and space will not permit. Next week, however, the list will appear.

### Municipal Court Notes.

Mary Johnson, who was arrested in East Brainerd, was arraigned on Tuesday by Sheriff Erickson, charged with concealing stolen property. It is the theory of the officers that she received some of the \$750 stolen from a lumberman in Crawford & Donnan's saloon some weeks ago. The examination will be held on Wednesday the 28th, at 10 a. m.

Angus Cardel was arraigned in the municipal court on Monday on complaint of Selma Anderson, charged with assault. He entered a plea of not guilty. The case will be tried tomorrow (Saturday) at 10 a. m.

### The Best Wagon.

Deak & Hemmels are agents for the Climax Spring Wagon, the best wagon for all round work made. Especially adapted for farmers and delivering milk to creameries. Farmers should call and look it over before purchasing.

### The New Time Card.

The new time card which went into effect on the N. P. on Sunday is the best for this city and the traveling patrons of the road in general ever in force, and the company deserves the support of all, for giving such excellent service. In Brainerd connections can be made in every direction at noon, and the time of the arrival and departure of the mails could not be better for business purposes. It is hoped the company will continue the present time card indefinitely, as it cannot be improved upon.

### LOCAL EVIDENCE.

Our List of It Is Worth a Column of Foreign Testimony. Make a mental note of this. The endorser is well known in Brainerd. His veracity is unquestioned. You are reading local evidence. Investigating honest testimony. Brainerd news for Brainerd people. It is not from Florida or Maine. Suspicion can't lurk around it. Honestly is its prominent characteristic.

### Home endorsement its salient point.

Mr. R. D. Hanson, of Third Ave., past Brainerd, from at the Brainerd Lumber Co., says: "I can only speak of Dana's Kidney Pills as I found them a wonderful sight of good. For as long as twelve or fourteen years I was a sufferer from kidney ailments. My back ached me awful. I could sleep, but when I attempted to rise up severe pain caught me in the loins. Often in bed I could not change my position, and when morning came I had to be helped out of a very unbecomingly old and were otherwise irregular. I commenced using Dana's Kidney Pills which my wife brought me early in the spring. I began using them carefully, and that box did me so much good I took another. The result was simply this, my back has not troubled me since. The effect has been upon the kidneys has been shown by the change in color, etc., which was brought about by the kidney secretions. I ascribe this happy result to Dana's Kidney Pills, for I took nothing else. I believe that others will experience just as radical a change as I did from their use."

Dana's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Dana's and take no substitute. For sale by the McFadden Drug Co., and Johnson's Pharmacy.

### THE BIG CELEBRATION.

Plans for the Great Event are Being Perfected.

Grand Balloon Ascent and Parachute Jump Secured.

The 4th of July of 1899 in Brainerd Will Be One Long to be Remembered.

Arrangements for the grandest celebration on record in this city, on July 4th, are progressing and there is no doubt success will crown the united efforts of our citizens. Last week the Duxrath stated that Prof. Jenkins, the world's greatest aeronaut would probably be secured, and this week we are pleased to be able to state it is a positive fact. Prof. Jenkins will positively appear here, and will ascend over a thousand feet into the air and then make his famous parachute jump. This attraction alone is worth going miles to see and will no doubt bring a great crowd to the city. The committee every day is receiving applications for advertising matter from all the towns along the line of the N. P. for many miles. The splendid list of sports will bring crowds and it behoves our citizens to see they are entertained in a manner that will reflect credit on the town. A meeting of the various committees will be held tonight to report progress and make further arrangements.

J. Adam Bede, the popular and witty orator has been secured as the principal speaker of the day. J. Adam has a faculty for amusing and entertaining a crowd unsurpassed by any one, and he will be a whole show himself.

### CHURCH NEWS.

### Council Proceedings.

A regular meeting of the city council was held on Monday night, all aldermen being present except Ald. Crust. Bills were allowed as follows:

Tribune	\$ 28 85
W. D. McKay	188 69
E. K. Whately	60 00
James Baker	4 50
Chas. Cassett	4 50
N. M. Paine	4 50
F. J. Murphy	21 00
Ingersoll & Wieland	3 50
Elec. Eng. Co.	4 50
Western Electric Co.	11 71

Bill of Brainerd Lumber Co., for \$1.40, was referred to electric light committee.

The city clerk was instructed to draw an order for \$2,655 for hydrant rental for six months.

The street committee reported, recommending that the bridge at the dam be left as it is, that Forsyth street, near Fifth avenue, be repaired, and that the street in front of Wm. Graham's residence was all right. The committee was requested to report at the next meeting on the question of opening the alley in blocks 12 and 10, Sleeper's addition, and to have Fifth street south repaired at once. The committee was also instructed to repair sidewalks and crosswalks on Oak street in Southeast Brainerd, and to instruct the street commissioner to plow both sides of Pine street in Southeast Brainerd.

The matter of repairing bridge on Seventh street south was referred to the street committee with power to act.

The bills against the board of health, aggregating \$805.91, for caring for small pox patient, were allowed.

The board of health requested that the salar of milk in the city be required to register with the city clerk, and the matter was referred to the health committee, to act in conjunction with the board of health and city attorney to draw up an ordinance covering that point, to be presented at the next regular meeting of the council.

The council then went into executive session, and after the doors had been closed, the action taken in allowing the bills against the board of health was reconsidered, and they were referred to the finance committee to act in conjunction with the mayor.

The special committee appointed at the last meeting to consider the application of the D. & N. M. road for right of way on land owned by the city near the dam, reported recommending that the land asked for, about an acre, be leased to the company for a period of years to be decided by the council, provided said company agree to keep its machine shops and round house here, and if this is not satisfactory, to sell right of way for a sum to be fixed by the council. The report was accepted, and on motion the sum was fixed at the amount pro rata that the city paid for the property, and the committee was empowered to confer with the company on that basis.

The petition of citizens of the Fourth ward, asking for police protection, was referred to the police committee.

Application of Ed Gallen for liquor license was laid on the table.

The Hook & Ladder Co. was requested to tear down the burned building on Fifth street, owned by E. P. White, and the burned building on Sixth street, owned by John Chamberlain.

And still it rains.

Wednesday was the longest day in the year.

The festive mosquito has made its appearance. Summer is here.

If you want to have the only time of your life, come to Brainerd and spend the 4th of July.

Peaks' alleged gubernatorial boom will look like a wild fish-razz may moon's before the convention meets.

The Northern Pacific railway is deserving of great praise from the community. A better time for this city could not be arranged.

A loose pul, a strong pul, and a pull altogether by Brainerd citizens, will give us the grandest 4th of July celebration ever held in the Northwest. Get in line.

The Minneapolis Times says: "Havemeyer may be a democrat in theory, but in practice he is an orthodox republican." And it can be just as truthfully said that the Times is an independent newspaper in theory, and a "dog-patcher" in practice.

The Standard Oil monopoly has moved its headquarters from Ohio to New York. The determined action of the Ohio authorities made the state a very undesirable place for the great monopoly to conduct business. A new company has been incorporated in New Jersey.

The Cuban are astonished beyond measure that a surplus should exist under American administration.

During Spanish rule no balance was permitted by the officers, and they cannot now understand why American officials do not pocket any balance in the revenues. The Spaniards seemed to like the democrats in this country, they have no use for a surplus.

The president should relieve the army officers in the Philippines at once and put the editors of the Minneapolis Tribune and Times in charge of the campaign against the army. They know all about how to crush the insurgents, and are appalled at the inefficiency of Gen. Otis and the army officers generally. At least this is the conclusion one arrives at in reading those papers.

Several towns throughout the country have arranged an alarm system to warn citizens of the approach of a cyclone, and Judge Fleming today suggested to the Dispatch the advisability of signaling the matter of arranging a signal for this city, the alarm to be given by ringing the fire bell in a manner that all would know its meaning, and in this manner alarm people at work in their homes or workshops of the approach of danger. Cyclones move forward very slowly, and in some instances several minutes have elapsed between the time of seeing the funnel-shaped cloud and the time of striking. In all cases there has been time enough to give warning if a proper alarm signal was in use.

August Flower. "It is a surprising fact," says Prof. Houston, "that in my travels in all parts of the world, for the last ten years, I have not more people having used Gaxen's Atrover Prover than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for filling office positions, where headaches and general bad feelings from irregular habits exist, that Gaxen's Atrover Prover is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at M. K. Swartz's drug store. Sold by druggists in all civilized countries.

KATRINE CLEARING.

There is a fine baby girl to be found at Max Knief's.

Joseph Rutger now carries four-lets back and forth from Deswood to Bay Lake.

Arthur Knief is home from the St. Cloud Normal and Hugo Knief has returned from Minneapolis.

Mrs. Max Knief is quite sick and at present is being visited by her mother, Mrs. Phelps, of Crow Wing.

Mrs. M. E. Hunt has assumed charge of the Kaitian post office. It is hoped that it will be liberally patronized.

Children's day was observed at the Bay Lake school house last Sunday. A profusion of flowers and appropriate exercises pleased all who attended.

The Fourth of July basket picnic will be held in Archibald's Grove this year. Those who have attended these Bay Lake celebrations once know that a good time and plenty to eat are the order of the day. All are invited.

GRAVE LAKE ITEMS.

Fred Martin returned from the drive on Saturday.

Mrs. Peterson, who lives on the north road, is confined to her room under a great deal of pain.

Miss Susie Shaw, of Maple Grove, is visiting with her grandparents, Mr. and Mrs. Jacob Shaw.

Lee Barber, with a party of friends, arrived at the Barber-Rice cottage, on Herron lake, for a four week's outing.

Ed Garlinghouse and Will Ramsdell started for Willow river on Monday of this week. Abel Stohn taking their through by team.

Our Scandinavian neighbors will celebrate the 4th in the grove on the Bush farm. All are invited to join in and have a good time.

Dputy Game Warden Chase, of Brainerd, visited the lakes here last week. He found several parties with nets and catching fish contrary to law. There has not been so much fishing done here since.

The phonograph and magic lantern combination that held forth at the Grove Lake school house on Friday evening of last week, was well attended and everybody appeared to be well satisfied with the entertainment.

ESDON ETCHEMS.

The first wild strawberries of the season were picked today.

M. L. Hammett is breaking up his clearing across the corduroy. It is a very nice looking field.

Mr. W. Martin left for Dakota on Monday. He thinks he will return after the threshing season is over.

The game wardens are abroad in the land, and say there is to be a stop put to all illegal fishing and hunting.

L. C. Hammett left Monday for Little Falls. He is favorably impressed with the country, and may return in the fall.

Mr. George Walker and family left for Minneapolis last Tuesday for a short visit, and will then go on to Montreal, Canada, to visit Mrs. Walker's relatives during the summer.

A school picnic to close the Ebdon school will be held in the Jack Pine Grove between Canby Thompson's and W. L. Hammett's. Every one is cordially invited to come and have a good time. The young ladies are especially asked to provide plenty of eatables for the many old bachelors in this vicinity.

**THE FOURTH ANNUAL.**

The Editors of Northern Minnesota Particpate in a Very Enjoyable Outing.

The members of the Northwestern Editorial Association, accompanied by their wives and sweethearts, enjoyed the fourth annual outing of that organization last week by a trip through Northern Minnesota. The party assembled at Walker on Tuesday evening, arriving at that city at 6 o'clock over the Brainerd & Northern Minnesota and Great Northern railroads, Editor Bernard escorting the wing of the party which came by the way of Brainerd, and Harry Wheelock taking charge of those who made the trip by the way of Park Rapids. At Walker the excursionists were met at the depot by a brass band and were escorted to the Parneda by the reception committee. Here supper was served and as soon as the spacious dining hall could be cleared dancing was indulged in till a late hour, Dresselk's orchestra, of this city, furnishing the music for the occasion.

The program for Wednesday was a day's ride on P. H. McGarry's new house boat to a point of interest on beautiful Loch Lake, including a trip at Sugar Point, the scene of the battle last October between the Indians and United States troops, and although it rained, as it always does when the editors visit Walker, the trip was made and thoroughly enjoyed. At Sugar Point the boat tied up for an hour and dinner was served on board. Many of the more venturesome braved the elements and wading through the mud and wet grass visited the place that made "Old Bug" famous. It was found upon arriving at the battle field that the log shack in which the six dead soldiers had been laid after the fight had been burned to the ground, and the information was imparted by a square man that Bug was superstitious and he was of the idea that if the building was left standing it would bring him misfortune, so he quietly visited the place and fired it, waiting until the last embers had died out, and then as quietly stole back to his solitude at Boy Lake. K. C. Deaton, of the Minneapolis-Tribune, and H. L. Knappen, of the Times, who were in the memorable fight, were with the party, and they pointed out and explained the position of the troops, showed where the Indiana were ambushed and located the places where the soldiers gave up their lives. The return trip to Walker was made without incident, if the fact that several of the excursionists departed with their dinner on account of the roughness of the lake can be overlooked. The houseboat which carried the party is practically a first-class hotel afloat and has accommodations for a large number of people, being provided with state rooms and public accommodations, and P. H. McGarry is now prepared to give his friends' most ample accommodations.

"Old Peck," as usual, made himself very popular with the ladies, and if they could have the say the editor of the Anoka Union would be Minnesota's next governor.

The Zolton Quartette, of Brainerd, composed of E. P. Alderman, E. O. Webb, Misses Mayme Mitchell and Berlie Robinson, and Miss Nellie Merritt, accompanied, accompanied the excursion on the entire trip, and have practically become part of the organization. They furnished music on all occasions and were appreciated to a degree that certainly must have been agreeable to them. The people of Brainerd are proud of the quartette and the Editorial Association is indebted to them for the entertainment they furnished in a degree that can scarcely be paid in words for they were the life of the whole party.

Editor Strawbridge, of the Cass Lake Times, made his first trip with the boys, but declares he will never miss another.

The new officers of the Association elected at Grand Rapids are: A. G. Bernard, president; Mrs. Franklyn Lee, vice-president; E. A. Nelson, secretary; N. H. Ingersoll, treasurer; W. J. Stevens, W. H. Craven and W. E. Hutchinson, executive committee.

A pleasant trip contemplated by the Association next year is to Winnipeg, Lake of the Woods and the Iron Range country.

Jack O'Connell, well known to many of our readers, were conspicuous among the crowd that thronged the depot platform.

Grand Rapids was reached Thursday afternoon and here the party received a royal welcome. The city, which is one of the oldest on the upper Mississippi, has every evidence of prosperity. Its school buildings, churches and court house are models in their line and of such magnificent structure and proportions as to call forth exclamations of surprise from those who had never visited the place. It is metropolitan in all respects has electric light and city water works and everything that goes to make a live business town. This is the home of our former townman, Hon. D. M. Gunn, proprietor of the Hotel Pokenaga, and at which place the party was housed during their stay. The hotel is a magnificent three-story structure, electriclighted and steam heated and would be a credit to a city of 25,000 inhabitants. It is furnished throughout in modern style and is one of those clean, homelike places that make one feel as though he would find camp life right there for the balance of his life.

The people of Grand Rapids are justly proud of the Hotel Pokenaga and its proprietor, and well they may be. Thursday evening the party was entertained at a banquet tendered by the citizens at that place, and it was what some of the gang termed "a very swell affair." The tables were prettily decorated with cut flowers and an orchestra played sweet music while the editors devoured the delicacies that were laid out and left behind to keep the office open and receipt for any hay or wood that might be brought in on subscription. After the banquet the party adjourned to the city hall and tripped the light fantastic until daylight. Friday morning a trip was made to the state experimental farm, and other points of interest were visited, and the party left at 8 o'clock for Duluth, which place was reached at 7 p. m. Here a banquet was tendered at the Hotel St. Louis, Mayor Truelson turning the city over to the newspaper men and their ladies in a very neat speech. Congressman Page Morris was present and other prominent Duluthians.

Saturday forenoon was spent in driving about the city and viewing her greatness. At 11 o'clock a military and civic parade was witnessed from the Spaulding Hotel, given in honor of Secretary of War Alger and Gov. Lind. The party disbanded in the afternoon, some going to their homes, others visiting West Superior to view the launching, many lingering about the hotel resting from the excitement of the day, and the next day's trip. Take it all in all it was one of the most pleasant experiences the Northwestern Association has enjoyed, and those who participated carried for their home the kindest feelings for all who helped make the trip what it was, a complete success.

"Old Peck," as usual, made himself very popular with the ladies, and if they could have the say the editor of the Anoka Union would be Minnesota's next governor.

The Zolton Quartette, of Brainerd, composed of E. P. Alderman, E. O. Webb, Misses Mayme Mitchell and Berlie Robinson, and Miss Nellie Merritt, accompanied, accompanied the excursion on the entire trip, and have practically become part of the organization. They furnished music on all occasions and were appreciated to a degree that certainly must have been agreeable to them. **Restoring Power of Snow.**  
Some experiments were made recently in France on the restorative power of bullock dung. The dung was heated in a boiler and the steam was used to melt snow. The result was that the snow melted much more rapidly than when it was melted by the sun alone. The explanation given for this is that the steam carries with it a certain amount of ammonia which is deposited on the snow as it melts. This ammonia acts as a fertilizer and causes the snow to melt more rapidly.

### IT WAS EASILY DONE.

#### TRUE STORY OF THE PAYMENT OF TWENTY MILLIONS.

**Our Immense Credit Balance Abroad**  
Remitted the Settlement of the Spanish Indemnity Without Expediting Our Stock of Gold Coin.

The most important recent event in the world of politics and finance has been the payment by the United States of the \$20,000,000 gold for what is known as the Philippine indemnity under the provisions of the treaty of Paris. The fact of the payment of this huge sum and the further fact of the settlement through the treasury of the provision of the treaty and of the remittance of the money to Europe have received merely passing notice in the public press.

And yet this notice is the public press. It is highly important international transaction, which cannot fail to be of great historical interest, seems to be worthy of more than ordinary notice for the reason that the transaction could not have been accomplished without more or less financial disturbance had not the United States government been in a position to make the payment. And the most striking fact is that the payment was made in a very simple and direct manner, and that the payment was made in a very simple and direct manner.

The conditions which now exist have never before existed in the history of this country. These have been established when the government was established under the payment of the Spanish indemnity. The conditions which now exist have never before existed in the history of this country. These have been established when the government was established under the payment of the Spanish indemnity.

The fact is that the world is a wonderful place. It is a place where there are many things that are wonderful. It is a place where there are many things that are wonderful. It is a place where there are many things that are wonderful.

the election of William McKinley. Had it not been for the enormous amount of the trade balance, more or less directly resulting from the operation of the McKinley protection tariff, the National City Bank could not readily have accumulated credits in Berlin to an amount sufficient to cover the \$20,000,000, and the remittance to Europe would necessarily have been made by the actual shipment of gold from New York to Berlin.

Such a transaction as that involved in the payment of the Spanish indemnity of \$20,000,000, without the shipment of a dollar in gold from the United States to Europe, would have been impossible under any other than exceptionally sound and prosperous conditions prevalent a little more than two years after the restoration of the American policy of keeping our money at home through the increased use of domestic products and the decreased use of foreign commodities.

It was chiefly through the operation of this wise policy that in 1898 we sold abroad products of our own value of the goods produced abroad, and in this way created in our favor the actual trade balance of \$25,000,000. Four years ago we were in debt to Europe, because of our purchases of foreign goods under a free trade tariff, and much smaller value of the goods produced abroad.

Four years ago it would have been necessary to draw upon our foreign credits, for we had no foreign credits, and in order to obtain the gold another of the purchases of foreign goods under a free trade tariff, and much smaller value of the goods produced abroad.

R. A. Kingsley and wife arrived in the city on Monday from Erie county, New York, and are the guests of Mrs. Sarah L. Sleeper. Mr. Kingsley is Mrs. Sleeper's youngest brother, and lives on the old family homestead.

Mr. and Mrs. John Clark, Mr. and Mrs. A. Angel, Mrs. C. Hughes, Mrs. M. Sumner, Mrs. A. Graham, Miss Etta Kemp, Mr. A. P. Riggs and Rev. Millican went to Little Falls on Wednesday to attend the annual meeting of the Northwestern Baptist Association.

A week of the Opera.

The Beggar Prince Opera Co. will have all next week in Erie county. The company is now playing a week's engagement at St. Cloud, and the papers of that city speak highly of them. It has been several times Brainerd has had a season of light opera, and the people are anxious to attend amusement of this character, hence it is certain the company will enjoy a good week's business.

Elected Officers.

The following newly elected officers of Brainerd division, A. O. H. were installed at the regular meeting of the Division on Wednesday evening:

Comp. President—J. F. McGinnis. President—Wm. Barron. Rec. Secretary—Jas. Cullen. Fin. Secretary—Tom Murphy. Treasurer—John F. Russell. Medical Exam.—J. M. Elliott. Sentinal—Jas. McGivern. Medical Examiner—W. H. Stensted.

Held at the Grand Jury.

Edward Coyte and Chas. Clapp, who were arrested last week for the murder of Geo. Buckley, had their preliminary examination before Justice Weston, in Cass county, four miles north of Motley. It is the first time since the death of Coyte and Clapp induced Bebo, who has already been indicted, so do the shooting, and hence are equally guilty with him for the crime. Attorney Fleming, for the defense, says that the theory is absurd, and that the men were apprehended for evading purposes to get them to tell what they know, the prosecution believing they knew who the guilty party is. The men were held to the grand jury, and taken to Minneapolis and lodged in the Hennepin county jail for safe keeping until the next term of court. Coyte was the telegraph operator and station agent when Barclay was killed.

P. J. Murphy and R. G. Valentyne have formed a partnership for the purpose of fire insurance and realty, and have purchased the insurance business of J. M. Elder and located their office in the rooms formerly occupied by J. M. Elder and F. J. Murphy's plumbing shop. The rooms have been re-arranged and newly papered, which make neat offices, the first room being used in common, and Mr. Murphy using one of the rooms in the rear for his law office and J. M. Elder the other rear room for his private office.

An Aitkin aggregation came down last Sunday to play ball with a Brainerd nine. The Brainerd boys found the visitors so easy that they did not furnish amusement, and up to the 7th inning did not permit them to score once, the home team then having 20. A few Brainerd boys were then put in to assist the up river aggregation, and they succeeded in getting 7 runs, the score at the close standing 27 to 7.

**RE-CONSTRUCTION.**

Of our business is planned. Before doing so, we will make a sweeping reduction in the price of everything in our stock of bicycle shoes. Men, women and children can buy a good shoe at the former cost of a poor one. Children's and boys' shoes we have a large variety of and a deep cut in the price will be made to move them. We always mean what we say and do it too. Call and see for yourself.
