FRANKLIN A. WIELAND, Publisher.
MINNEAPOLIS, MINNESOTA.

It's just as much of a crime to take mail as it is to send a check.

Possibilities are all right in their way, but they better prove anything.

A girl should have a chaperon until she can call some chap her own.

An adherent of the faith cure says the red light in a drug store are danger signals.

The many people completely a wall of two— they are completely wrapped up in themselves.

Lots of people will never make any preparation for the better and until they see an execution advertised.

The coast of Catalina and the pretense of Monaco are completely estranged. Still somehow or other the world will get along.

A man who hoisted the flag was fined \$100 and costs. Those who commit this offense would get the stripes if some people had their way.

It is expected that certain congressmen would look upon this plan for an American Monte Carlo Club from Washington as a capital thing— capital.

The frank prediction to death in a moment of rage by a South Dakota woman may have been half humor as a claimer, but one will argue that for this brutal wreck who killed it.

Tom Stine paid \$1,000 for the privilege of cracking that water over his head with a champagne bottle. In the future Tom will probably confine himself to the pastime of cracking out bottles.

As between short skirts and clean streets the Women's club of Baltimore has decided to have the skirts shorter and the streets cleaner.

The insolent commission in declaring that Porto Rico and the Philippines are not really American territories, seems to have arrived at this question by a confabulation of national and international law. As a matter of fact, the commission probably understood that such a decision would be therefore fitted the law to the facts rather than the facts to the law.

The French bureau of agriculture shows in a recent report that Spain is now entitled to be called "anny" than Italy. About three thousand acres of Spanish lands have been planted with olive trees in the last year. While Italy is favored with an annual rainfall of about 40 inches, Spain has only 20 inches. The olive tree grows best in a soil which is not too moist and which is not too fertile. Spain has the advantage of this soil.

The Chinese Indian, untrammelled and only half-civilized though he is, has some qualities of status which are strongly by contrast with the actions of his white brethren. For instance, a Chinese who was under sentence of death was released on bail, showed up on an appointed time at the execution ground and was duly disposed of, according to Chinese law, while a Catholic politician, out under \$10,000 bonds, has not been seen since his case was called for trial.

Investigation of the authors of the distribution of terrestrial magnetism has led to the conclusion that the best of the abnormal magnetism is within the layer of the earth's crust, which is subject to temperature variations and that the layer is inclined. To arrive at a clearer conception of the causes of unnormal distribution of the earth's magnetism, the earth is supposed to be, in the first instance, a uniformly magnetized sphere, and then it is proposed to deflect the theoretical magnetization from the actual magnetization at corresponding points on the earth's surface. The chart obtained reveals the existence of three residual magnetic north poles and three south poles. The strongest of the north poles is situated to the east of Patagonia, the others being in China and the United States. The strongest residual south pole is in the French Congo, and the others are in the British East and West Indies. The most important result obtained is the determination that this distribution of the magnetic irregularities has some connection with the abnormal distribution of temperature.

It is rare that a statue is placed where it suggests so much in life of the person commemorated as that of Franklin, recently unveiled in Philadelphia. The statue stands in front of the postoffice building, and Franklin was postmaster of Philadelphia. On the site of this postoffice once stood the Franklinian, the first newspaper in the world. The field where he saw his kite is hard by, and Independence Hall is not far away. To those who know the history of the locality, the statue is eminently suggestive of the man—wise and good.

DREYFUS ON TRIAL

DEFENDERS WITH EVIDENCE AS HE PROTESTS HIS INNOCENCE.

TRIAL OPENS IN AN ATTEMPT AT PERFECT TRANSCENDENT SUBJECT TO A RIGOROUS EXAMINATION. HE ANSWERS SEVERAL QUESTIONS WITHOUT HESITATION—DREYFUS DENIES ACCUSATIONS FOR SEVERAL DAYS WHILE THE SEVERAL DEFENSES ARE BEING EXAMINED BEHIND CLOSED DOORS.

Paris, Aug. 9.—The proceedings of the court-martial before which Capt. Dreyfus is on trial opened at ten minutes past 1 o'clock yesterday morning. Capt. Dreyfus entered the court room with a firm step, though his features were pallid. He is partly bald, and what hair he has is gray and shows signs of age.

He answered the formal questions of the judge to his name, age, etc., in a clear, determined voice. He is facing the judge with his back to the court, his hands on his hips. He is dressed in a simple, dark suit, and his hair is combed back. He is looking directly at the judge with a steady gaze.

The court is composed of several judges, and the proceedings are being conducted in a formal, legal manner. The atmosphere is tense, and the focus is entirely on the defendant.

BIG BATTLE LATELY.

YAGUAT STRONGHOLD CAPTURED BY MEXICAN TROOPS.

Chicago, Aug. 10.—A special to the Record from Guaymas, Mex., says: Yaguat, a small town, was captured by Mexican troops, a Yaguat stronghold, where nearly 2,000 savages are supposed to have been. On the arrival of the cavalry and machine guns, the Mexican garrison will be able to hold the place. The capture of the stronghold was the result of a long and hard fight. The Mexican troops were supported by a large force of savages, but they were eventually defeated.

ENEMY ON THE RUN

SEVERE DRUBBING ADMINISTERED BY M'ARTHUR.

FIGHT SEEN SAN FRANCISCO IN WHICH 4,000 AMERICANS MET A FORCE OF 6,000 FILIPINOS AND COMPEL THEM TO TAKE TO THEIR HEELS.

San Francisco, Aug. 10.—The fighting between the American and Filipino forces in the Philippines has been a severe one. General M'Arthur's forces have inflicted a heavy defeat on the Filipino army. The Filipino forces were routed and are now retreating. The American forces are pursuing them and capturing their supplies and equipment.

NO SETTLEMENT.

THE STRIKE AND BOYCOTT IN CLEVELAND HAVE BECOME IMPROVED.

Cleveland, Aug. 10.—The strike and boycott in Cleveland have become more organized and effective. The strikers are holding out firm, and the boycott is being strictly enforced. The employers are unable to get their business back on a normal basis. The situation is expected to continue for some time.

TROOPS AFTER THEM

MEXICANS WILL TRY TO GUESS THE YAGUAT PRISON.

AN ATTEMPT WILL BE MADE TO DRIVE THE WARRING BRAVES OUT OF THEIR STRONGHOLD IN THE SUBMOUNTAIN. WHILE THEY ARE RAPIDLY GATHERING IN LARGE NUMBERS.

San Francisco, Aug. 10.—The Mexican forces are expected to attempt to capture the Yaguat stronghold. The warring tribes are gathering in large numbers and are being trained for battle. The Mexican government is sending troops to deal with the situation. The tribes are determined to defend their territory.

THE COST OF CATALINA

The cost of Catalina and the pretense of Monaco are completely estranged. Still somehow or other the world will get along.

A MAN WHO HOISTED THE FLAG

A man who hoisted the flag was fined \$100 and costs. Those who commit this offense would get the stripes if some people had their way.

IT IS EXPECTED THAT CERTAIN CONGRESSMEN

It is expected that certain congressmen would look upon this plan for an American Monte Carlo Club from Washington as a capital thing— capital.

Tom Stine paid \$1,000 for the privilege of cracking that water over his head with a champagne bottle. In the future Tom will probably confine himself to the pastime of cracking out bottles.

AS BETWEEN SHORT SKIRTS

As between short skirts and clean streets the Women's club of Baltimore has decided to have the skirts shorter and the streets cleaner.

THE INSULTING COMMISSION

The insulting commission in declaring that Porto Rico and the Philippines are not really American territories, seems to have arrived at this question by a confabulation of national and international law.

THE FRENCH BUREAU OF AGRICULTURE

The French bureau of agriculture shows in a recent report that Spain is now entitled to be called "anny" than Italy. About three thousand acres of Spanish lands have been planted with olive trees in the last year.

THE CHINESE INDIAN

The Chinese Indian, untrammelled and only half-civilized though he is, has some qualities of status which are strongly by contrast with the actions of his white brethren.

RESULTS FROM THE DOCUMENTS

Results from the documents just published show that the commission's report is a complete failure. The commission has failed to provide any evidence to support its conclusions. The documents clearly show that the commission's findings are based on speculation and hearsay.

OUR FORCE IN MANILA

Will Number About 45,000 by October 25

Washington, Aug. 9.—A statement received at the War Department shows that by Oct. 25 there will be at Manila on the way to the Philippines 45,000 men. They will all reach the islands before the beginning of the dry season. The troops to be sent from this country are of regular, reserve and volunteer units.

GRAIN RECEIPTS AT PHILIPPINES

That of the Last Crop Year the Largest Yet

Grain receipts at Manila for the crop year have been the largest in its history. They have been as follows:

Year	Receipts
1913-14	32,550,000
1914-15	33,750,000
1915-16	34,250,000
1916-17	35,000,000
1917-18	36,500,000
1918-19	38,000,000
1919-20	40,000,000

LABOR SCARE

Help is very scarce in the vicinity of Manila. The shortage of labor is due to the fact that many of the men who were engaged in the sugar industry have returned to their homes in the United States.

RETURN OF VOLUNTEERS

Many of the volunteers who served in the Philippines are returning to the United States. They are being welcomed by their families and friends.

The matter of having buildings on the line of sewer connected with same was referred to the health committee in connection with the city property committee.

The following communication was then read from Mayor Koop regarding police matters:

COMMUNIQUE—In my official capacity as mayor, I reluctantly performed my duties by declining, on July 14th, last, Officers Derocher and Hurley for police duty.

After a thorough investigation I found that their behavior was unbecomingly and dishonorable on the night of July 15th. However, since that time I have received large petitions for the reinstatement of Officer Derocher from the principal business and tax paying people of our city, laying particular stress upon his long and faithful service to the city's interest, and praying me to overlook this conduct unbecoming an officer entrusted with police duties.

After careful perusal of the different petitions in favor of Officer Derocher, I have reconsidered the discharge, and hereby do appoint him as captain of our police force, and had it not come to my notice since the discharge of both officers took effect, that Officer Hurley greatly misused that confidence, which a mayor has a right to place in his subordinate officer, I would not have felt constrained to have reinstated Officer Derocher without also reinstating ex-Officer Hurley, but this unshaken confidence in the officer mentioned has changed my views in his fitness as a police officer, and for that reason have dropped him from all further consideration at my hands, and at your next meeting will be ready to lay before your honorable body, for your consideration and confirmation, the other permanent police officer for our city.

I have also been requested to ask you to appoint a special bicycle police for one month with pay, for which position I hereby appoint and recommend for your consideration, Mr. D. E. Walker, who is now serving as special policeman without pay, as he has been recommended to me by the Bicycle Association for this particular service.

I hereby submit said petitions for your use.

Very truly yours,
 J. H. Koop, Mayor.

On motion the mayor was authorized to appoint a special bicycle police for one month at a salary of \$50.

The mayor then announced the appointment of the following officers: Wm. Nelson, chief of police; Moses Derocher, police captain; D. E. Walker, special bicycle police. A motion was made to confirm the

appointments which was amended to strike out the words Moses Derocher and the amendment carried by the following vote: Ayes, Pres. Crust, Ald. Low, Gardner, Cohen, Fogleston, Johnson, Jamison, Holliday, Nays, Ald. Adair and Koop.

The police committee were instructed to investigate the conduct of Officers Hurley and Derocher and to report at the next meeting.

Bonds of H. W. Linsmann, as city treasurer, and F. J. Kiley, for making a bill, were approved.

A liquor license was granted to Henry Thevier.

The request of local Red Men's lodge and Retail Liquor Dealers' Association for permission to erect an arch at the corner of Front and Sixth streets and that the city place electric lights upon the arch, was granted, and the superintendent of electric lights is instructed to wire it for lights.

The city clerk was instructed to issue an order of \$488.50, payable to the sinking fund commission, being the amount left from the sale of certificates of indebtedness on ravine bridge contract.

The matter of repairing the Mahlum bridge was referred to the street committee with power to act.

Death of G. G. Pierce.

The Charleston, South Carolina, Post, contains the following particulars of the death of Gaylor Pierce, which occurred in that city last week.

G. G. Pierce died suddenly in bed Tuesday morning at the boarding house of E. J. Noonan, corner State and Market streets. Mr. Pierce had been in Charleston only a short time, representing the publishing house of P. P. Collier, of Atlanta. Deputy Sheriff Waring made an investigation and found the statement of Mr. Noonan true. Mr. Pierce had never before been dead, and of the physicians who reached him immediately after death. The coroner was satisfied that death was due to natural causes, congestion of the brain being assigned as the cause of death. Saturday about 10:30 o'clock the deceased retired for the night and nothing more was seen of him alive until Monday morning when the porter went into his room to clean up and found him in a dying condition. Mr. Pierce was called and he saw at once that Mr. Pierce was in a critical condition. A physician was called but before he arrived Mr. Pierce was dead. The Collier publishing house in Atlanta was notified of the death of Mr. Pierce, and Mr. O. M. Varley, district manager for Collier, was sent to Charleston to wind up the affairs of Mr. Pierce. Mr. Varley arrived this morning and took charge of the body, which will be sent to Augusta this afternoon for burial, where he has a married sister living, Mrs. H. Hascombe. The deceased was about 25 years of age and had been with Collier for some time. He was a native of Minnesota. The personal effects of Mr. Pierce and the notes of the publication house were delivered to Mr. Varley by the coroner.

The funeral occurred at Augusta, Ga., Tuesday, August 1st, at the home of Mrs. H. Hascombe, a sister of the deceased. The other relatives are his father, G. A. Pierce, of Hampton, Ga., and his two sisters, Mrs. George O. Whitney and Miss Christie Pierce, of this city.
