District Court.

The grand jury in their report to the court on adjournment Friday evening last made several recommendations among which were that a steel ceiling was needed in the county jail and also screens over the windows, and that hammocks should be furnished; the closets were found in bad shape and badly in need of repair. Vermin was found in abundance and the grand jury suggested that more bedding and some additional clothing be furnished so that the sheriff might be able to remedy the matter in regard to cleanliness.

The jury in the case of Margaret K. Martin, administratrix, vs. Walter Courtney, returned a verdict this morning for the plaintiff, assessing the damages at \$2,500. On the previous trial of the case a verdict for \$1,250 was returned for the plaintiff, the case going to the supreme court and was reversed and a new trial ordered. The case has been on trial since Monday morning.

The case of L. J. Cale vs. Jacob Takert is in trial as we go to press. There are still eight civil cases for trial and probably four or five criminal cases before the session will close.

Sent to Fergus Falls.

Judge McFadden on Tuesday received word from John Costain, judge of probate of Clay county, at Moorhead, that Ole Paulson, of Crow Wing county, was in custody there and violently insane. To save expense Paulson was examined and sent to Fergus Falls from Moorhead. The young man made his home with his father who lives on what is known as the Guyett farm in Crow Wing and went to Gardner a short time ago where he was at work with a threshing crew. This is the second time he has been in the insane asylum having been committed from Morrison county something over a year ago, and it is thought he has entirely recovered. He is a machinist by trade.

Full and winter opening of millinery goods at Mrs. J. K. Pearce's next week, Thursday, Friday and Saturday.

Some New Teachers.

The board of education held a special session on Tuesday evening with all members present excepting D. Doran. The action of the finance committee in regard to the loan at the Northern Pacific bank was on motion endorsed. The resignation of D. Doran was accepted and Werner Hemstead was elected to fill the vacancy caused, and was later elected secretary of the board.

The supply committee was empowered to buy three or four clocks as may be needed for the city schools. The Harrison school, Miss Fuller's room, was reported very much overcrowded and the matter was referred to the committee on buildings and grounds with power to act.

The board proceeded to the election of teachers to fill vacancies and the first ballot stood nine for Miss Emma S. Hunt at a salary of \$45 per month and she was declared elected. A motion was then made to suspend the rules and proceed to a ballot for Miss Mary Duran for teacher and on a call for the ayes and nays the vote stood six for and three against, and she was elected at a salary of \$40 per month.

The meeting then adjourned.

TROUBLE IS OVER

HOW IN THE SOUTH CAROLINA REGIMENT AT ST. PAUL.

St. Paul, Sept. 14.—The trouble in the South Carolina regiment is over. Lieut. Col. Stover, Maj. Warren and Capt. Bates were released from arrest yesterday. Col. Stover refused to discuss the matter at all further than to say that the men are no longer under arrest. It is said here that Gen. Hoffer settled the matter by refusing to approve the charges filed against the men. He said the regiment was about to be mustered out and there was no use delaying that for a controversial case. Lieut. Col. Stover arrived yesterday, but refused to discuss the matter except to say that he was in the regiment and that he was in a body of short address of welcome at camp and was heartily cheered by members of the regiment.

For the first time since December the Minnesota regiment paraded yesterday afternoon. The parade took place in the parade grounds of the Frodo and the regiment was led by Lieut. Col. Stover and staff. The Minnesota boys made a fine showing, and the crowd witnessed the review.

In Lincoln, S. D., the 1st. Regt. Commercial club delegation, sent over a lot of fruit to the Frodo in the regiment. The men were very grateful and heartily thanked the Commercial club headquarters during the day. The delegation has been busy since the headquarters of the regiment and the committee decided to raise \$2,000 more for bottles and meals and will close the fund by Sept. 20. The amounts raised were as follows:

Valley City	\$1,800
Grand Forks	1,000
Wahpeton	1,000
Rushville	700
Grand Forks	1,500
Devils Lake	1,000
and for Company B and D	1,500
and on state ledger	500

and \$1,000 more, and other towns through the amount expected had suggested.

NORTH DAKOTA FUNDS.

Grand Forks, Sept. 14.—Lieut. Col. Jack has been chosen general treasurer of the fund being raised in the state by the transportation of the troops from San Francisco. Twelve thousand dollars have been raised and another \$10,000 is expected to be raised. The committee decided to raise \$2,000 more for bottles and meals and will close the fund by Sept. 20. The amounts raised were as follows:

Valley City	\$1,800
Grand Forks	1,000
Wahpeton	1,000
Rushville	700
Grand Forks	1,500
Devils Lake	1,000
and for Company B and D	1,500
and on state ledger	500

and \$1,000 more, and other towns through the amount expected had suggested.

FIFTY FINE MEN SENT TO ST. PAUL.

Grand Forks, N. D., Sept. 14.—The fifty men of the 1st. Regt. Commercial club who were sent to St. Paul for their part in the trouble in the 1st. Regt. Commercial club were sent to St. Paul for their part in the trouble in the 1st. Regt. Commercial club. The men were sent to St. Paul for their part in the trouble in the 1st. Regt. Commercial club.

BOATS AGAIN TIED UP.

Law Water, Sept. 14.—The big lake steamer which was on Sunday released from their long blockade in Detroit river by another obstruction. A break, steady westerly wind has loosened the water on the west side of Lake Erie so that there is but seven feet and one-half foot depth over the Tuscarora crossing near the mouth of the Detroit river. All arriving boats drawing that much or more water are tied up before reaching the crossing.

PRESIDENT'S WESTERN TOUR.

Washington, Sept. 14.—Although the president had thought it would be quite impossible for him to extend his Western tour beyond Chicago, he is now actually considering the matter, and while there is some clashing of dates, it is held that he will be able to visit St. Paul and Minneapolis and possibly Aberdeen, S. D., to welcome the returning volunteers.

NEW IN MINNESOTA.

Margaret Mich, Sept. 14.—There was a small flurry of news yesterday, the first of the season.

Washington, Sept. 14.—Although the president had thought it would be quite impossible for him to extend his Western tour beyond Chicago, he is now actually considering the matter, and while there is some clashing of dates, it is held that he will be able to visit St. Paul and Minneapolis and possibly Aberdeen, S. D., to welcome the returning volunteers.

VANDERBILT DEAD

RUDE DEATH OF THE RAILWAY MAGNATE.

A stroke of paralysis ended the life of Cornelius Vanderbilt, head of the Vanderbilt family. The attack was entirely unexpected and it was impossible to reach a physician before death occurred.

New York, Sept. 14.—Cornelius Vanderbilt, head of the Vanderbilt family, died at his residence in this city at 5:45 yesterday morning from a stroke of paralysis. Mr. Vanderbilt was in his fifty-fourth year. His wife was at his bedside when he died. No physician was in attendance. The attack was very sudden and entirely unexpected and it was impossible to reach a physician before death occurred.

THE BOARD OF HEALTH.

Brainerd, Minn., Sept. 15, 1899.

FRIDAY, SEPTEMBER 15, 1899.

The worst thing they say about Aguilado is that he won't stay bribed.

Delure has the distinction of possessing the only woman "dryman" in the northwest.

Coke to the extent of 40,000 barrels daily is used by the distilleries of Peoria, Illinois.

In France a man seems to have no right to be innocent after being suspected by a superior officer.

Grant Forks has followed the example set by Brainerd and now requires a license on all bicycles.

No matter if an innocent man has been convicted the "honor" of the French army has been preserved.

St. Paul and Minneapolis are now scrapping over which one of the two cities set the largest delinquency to the state fair.

Spain is beginning to get in shape with her army again and has called out 60,000 men of the 1890 class for military service.

Horses are worth more this year than last and the state board of equalization has made a material increase in their assessment.

The Minnesota democrats have gathered in all the good offices to be distributed and the populists have just awakened to the fact.

The death of John Blanchard, editor of the Minneapolis Times, removes an able and vigorous writer from the ranks of Minnesota's newspaper men.

The state timber board, consisting of the governor, auditor and treasurer of the state, have decided not to hold any large sale of stumpage this year.

It wouldn't be a bad idea for the local Red Men to apply a quantity of green paint to the eavesgutters on the Sixth street arch and restore them to their natural color.

The Thirteenth Minnesota welcomed Gov Lind on his arrival on the Pacific coast. Some ungrateful case has asserted that Lind purposely delayed his trip in order that matters might be reversed.

A RETURNER Klondiker sells at Dawson City and that they pull it up by the roots instead of cutting it. And speaking about hay, something like Klondiker prices will be paid for the commodity right here at home before another crop is harvested.

The rumor is published that Captain Mercer may be recalled from the Leech Lake Indian agency at Walker to active military duty with his regiment. The secretary of the interior protests and wishes to have Mercer consolidate with his duties those of allowing agent now performed by Der S. Hall.

The most valuable natural bridge in the world is to be found at Arizona lying across a deep chasm 40 feet in width. It is a petrified tree about 4 feet in diameter and at least 150 feet in length. It is pure quartz all through, and therefore is much more valuable as regards material than any bridge of marble or granite would be.

The state high school board has recommended that the classification of the high schools be abolished and that a diploma from any high school in the state be accepted in lieu of examination for admission to the university, and also in lieu of the ordinary state examination certificates.

The recommendation will doubtless be adopted by the university board.

STAYS STAY. Laws sends out word that the October apportionment of the state school money will be the largest in years.

The Northern Pacific and Great Northern roads have agreed upon a reduction in hard coal rates, to the basis of soft coal rates, which means a cut of about 50 cents from Duluth and Superior to nearly all points in the northwest. Will this be a benefit to the consumer or dealer?

At East Grand Forks a peculiar situation exists in school matters. The teachers have not resumed their positions in the schools owing to a discrepancy among the members of the school board, three having been a change of the board and the new members have refused their former positions. The teachers have hired an attorney and will fight the case to the red claiming they have had numerous offers and did not accept them owing to the fact that they supposed themselves under contract to the East Grand Forks schools.

The state board of health's rule requiring vaccination certificates in every district in the state before a pupil could be admitted to the public schools cannot be enforced. The attorney general has been appealed to and his finding is that the right to require vaccination as a condition precedent to admission to school is not expressly conferred by the statutes and does not exist except by express grant. Attorney General Douglas says the legislature has doubtless the discretion to affirm what precautions are necessary, and that in case of actual epidemic the board of health, either state or local, would have power to declare that vaccination is necessary. But neither that authority nor that emergency is present here and school boards would not be justified in excluding the children under the state board's rule.

The Theatre from the Inside. That there are five thousand theatres in America and that one million and a half people attend them each week-day night, spending serenely millions of dollars a year on theatre-going, are the surprising facts with which Mr. Franklin Fyles, the dramatic editor of the New York Sun, will open an important series in the next issue of The Ladies' Home Journal. The series will be called "The Theatre and the People" and will run through seven numbers of the magazine, lavishly illustrated with pictures made by twelve different artists. The articles will treat of every phase of theatre, from the inside, and will tell how a theatre is managed, the actual money which plays have made, how an actor is trained and what the actors are actually paid, how a play is written and what the authors receive, how the play is rehearsed, the first night of a play, how the actresses "make up" and what they use; and in a minute way the two last articles will show what goes on behind the scenes on the stage during a performance. It is a curious fact that this will be the first time that the theatre and the actor have ever been exhaustively treated in a magazine, and that there is no book on the subject in existence.

Supported by Allowances. In the case of Kittie Mattson against the Northern Pacific Beneficial association the defendant has filed an answer in which it alleges that it is not a corporation and is supported by monthly allowances from different persons who incur no liability and receive no profits, says the Duluth News-Tribune. Miss Mattson brought suit against the association to recover \$15,000 for injuries received in laundry machinery at the hospital at Brainerd. Miss Mattson's attorney, C. A. Allbright has filed an attorney's lien on the prospective judgment for her.

To enable the citizens of Brainerd and vicinity an opportunity to enjoy an outing on Leech Lake at limited expense, the Brainerd & Northern Minnesota railway will make a very low rate of fare to House Boat and camping parties of 20 or more. Dinners to Walker and return. Parties desiring rates should apply to O. W. Winter, General Manager, Brainerd.

Don't delay a minute. Chokers in fasten, drydock, disarrange come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

Teeth filled and crowned with Gold or Porcelain, and teeth extracted with Oculander, at Dr. Ribbel's.

POLITICS AND EXPRESSIONS

Gleaned from Our Exchanges and Brought Down for Dispatch Readers.

"Love one another" cries J. Adam Bode. If he should be turned down in the Sixth district, he would probably change love to damn.—Anoka Union.

The Western Pioneer Journal says W. R. Baumbach has no idea of entering the race for the republican nomination for governor.

Before election Mr. Towns always looks like a tremendous proposition, after election he bears a remarkable resemblance to thirty cents, in the way the Duluth News-Tribune refers to an assertion of the Western Tribune "that Mr. Towns is altogether more than the Sixth district republican want to tackle."

We believe Judge Collins to be the strongest man available to men for the fight for governor. After this Moses E. Clapp is probably the best gubernatorial timber in the republican party. Heavens, the Northfield Adonis, and representative for the Second district is the latest aspirant for the honor, but is not likely to get much more in the contest.—Cloquet Pine Knot.

The Grand Rapids Herald-Review says Attorney W. S. McClellan, of Brainerd, was in town yesterday and Thursday on legal business, incidentally renewing acquaintances with many old-time friends. Mr. McClellan is not campaigning but he acknowledged to the Herald-Review that he expected to be a candidate for the judgeship of this district at the next election.

The Fairbank Republican brings up the matter of representation in the next republican state convention and says that the claims of the parties living in localities where there was a serious defection upon Mr. Gustis that it ought not to be based upon the vote for governor in 1896 in the interest of those who went back on the ticket in 1898 and if needed will be nothing more nor less than ferrier a premium for bolters. And there's some truth in the statement.

When the Hon. Charles A. Towns was running for congress on the republican ticket five years ago, says G. S. Pease in his Anoka Union, he hadn't enough money to pay his incidental expenses and a gentleman, big hearted, generous and kind, known as Judge Robert Jamison, of Minnesota, gave him fifty dollars to help him out. Today the honor able gentleman is travelling in Europe, living like a nabob, and is spending silver lavishly. Wonder if he can raise another like John J. and if he is he a owner of silver mines and rich.

ONE GLASS OF WINE.

A Better Than It Changed the history of the country. It is said that a single glass of wine probably wrecked the Democratic party in 1860.

Old men who remember that speech say that it was a powerful argument, and the impression gained ground that after the noon recess the speaker would demolish his opponents with a few stinging hammer blows.

But the overconfident friends of the minority report were doomed to disappointment. Johnson felt the strength of the morning session so much that he was unable to say anything, and he took a glass of wine upon an empty stomach to strengthen himself.

The great orator remained the same, but the wine had suggested him. He was happy, vigorous and unshakable at the time. His style was unimpaired, his vigor, consistency and positiveness. His friends looked at one another in dismay. The men on the other side were exultant.

It was evident that the speaker had done a great deal. He had succeeded in inducing the Georgia convention to adopt his conservative ideas. It is safe to say that other southern states would have fallen into line with our commonwealth, and the national Democratic party would have remained unitary.

This is the story of what a little glass of wine did. It ruined a great party, it wrecked a disastrous war, and behind the loss of life cost the south over \$4,000,000,000. Perhaps this is rather speculative, but there are many who believed in a generation ago.—Atlanta Constitution.

THE BENEFITS DERIVED.

How a County Fair Helps Both Merchant and Agriculturist. In speaking of county fairs and their benefits to the community in which they are held, the Northfield News points out that there are many good reasons why a fair is a good thing and among them are:

First, it is the only time in the whole year when a merchant can see what his customers, the farmers are raising; he can visit with his customers and look over their goods as they have to look over his all the rest of the year. The merchant should be interested in what the farmer raises and he should take pride in helping to make for him a place to show his stock, vegetables, grain, etc.

Second, a fair is a good thing for the farmer who is at all interested in having good stock. He can take this opportunity to look over what other farmers have and learn from their ways of handling grain, feeding stock, breeding, etc. The merits of different breeds of stock can be discussed at the fair.

The side attractions, such as horse racing, etc., is for the purpose of amusing the exhibitors and spectators, and while only a small part of the fair it helps combine business with pleasure.

What is necessary to make a successful fair is to have agriculturalists interested, to have them bring in their products and look over the products of others.

As the time for holding our county fair approaches it is but just to state that the Great Wing County Agricultural Society has endeavored to interest all farmers this year and the premiums have been placed where exhibitors can be partially compensated for their trouble in making their exhibits.

The date of the Crow Wing county fair is Sept. 28, 29 and 30, don't forget it. DONT LEAVE THE CITY. Plenty of Proof Right here in Brainerd.

Claim is one thing, proof another. Columbia is the proof in this case. Proven in Brainerd by local experience. Here is one case from the many we have.

Mrs. J. H. Zellers of G2 Mall at St. Paul, says: "I believe after what Doan's Kidney Pills did for me they will help any one similarly troubled. Before using them I suffered for six months from my kidneys, there was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten from a drug store and as I was glad to try anything to obtain relief, I took the pills, and really they acted like a charm. I can truthfully say that I am not but had my symptoms since. In my old condition I could not do a half a day's work without my back giving me no end of trouble. Doan's Kidney Pills, 50 cents. For sale by McFadden Drug Co., and Johnson's Pharmacy, and all drug stores. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute.

Direct Connections at Union Depots was made at St. Paul and Minneapolis by all trains from Pacific Coast and Northwestern points, with the Wisconsin Central Railway, thus affording a comfortable and convenient journey to Manitowish, Milwaukee, Chicago and eastern and southern cities, via two modern trains leaving daily. For further information apply to your nearest ticket agent.

A Railroad Remor.
A railroad rumor is gaining considerable circulation that the Northern Pacific has purchased the Northern branch of the Eastern Minnesota line and will extend it to Brainerd. The report is far from being credible as the Northern Pacific would have little to gain from such a route as it is a matter of distance it would be almost an exact duplicate of the present line running up through St. Cloud. If the rumor has any foundation at all it is more likely that it is the Brainerd & Northern that has secured the branch through some mutual traffic agreement with the Great Northern, and will connect it with their system at Brainerd by an extension from Miles. The Brainerd & Northern needs a direct outlet to the Twin Cities, and the Great Northern needs a direct connection with its Fosston branch from the Twin Cities, and there you have it.—Millie Lacs Times.

Grand Concert.
Miss Julia Donovan, of Duluth, assisted by local talent, gave a grand concert at Gardner hall on Monday evening. Quite a fair sized audience composed of the best people of the city was present. The concert was a splendid success from a musical standpoint. Miss Donovan is a magnificent contralto, and delighted the audience with her splendid singing, every number receiving an encore. Miss Donovan was assisted by Miss Georgia Alexander, of Duluth, and local talent at follows: The Solian Quartette, Miss Maud and Maybelle Davis, Miss Mayme Mitchell, Miss Bertha Robinson and Miss Marie Edwards, and Messrs. Alkman, Webb, Murphy and Prof. Graham. Prof. Couin presided at the piano, and Mrs. D. M. Clark gave a recitation. The singing by home talent was especially pleasing, and the concert thoroughly enjoyed by all.
