**Naval Candidates**  
A competitive examination of candidates for admission to the Naval Academy will be held at the court house, in Brainerd, on Friday, April 13, 1900, commencing at 10 o'clock a. m., under the following conditions:  
**RESIDENCE**—Candidates must be actual, bona fide residents of the sixth congressional district of Minnesota for at least two years immediately preceding the date of this examination.  
**AGE**—The minimum age must be fifteen years, and the maximum age must be twenty years.  
**PHYSICAL QUALIFICATIONS**—Candidates must, at the time of examination, be physically sound, well formed and of robust constitution.  
**EXAMINATION**—Candidates will be examined in reading, writing, spelling, arithmetic, geography, English grammar, United States history, algebra, and plane geometry.  
**NOTIFICATION**—The young man receiving the highest average in this examination will be nominated as cadet, and the one receiving the next highest average will be nominated as alternate.  
**EXTRA**—The examination of candidates for admission to the Naval Academy will take place at the Academy on September, 1, 1900.  
**REGULATIONS**—A pamphlet of regulations governing the admission of candidates into the Naval Academy as naval cadets, will be mailed immediately upon application to Hon. Page Morris, U. S. Washington, D. C.  
Tomorrow night at Gardner Hall Miss Clara Thorpp and her splendid company will present Victorien Sardou's celebrated high-class comedy "A Remedy for Divorce." This is undoubtedly the strongest comedy attraction that has been seen in Brainerd since Miss Thorpp played Henrik Ibsen's masterpiece, "A Doll's House," a year ago, and those who miss seeing this pleasing and entertaining performance will regret it. Those who love clean, high-class comedy should get their seats reserved early at Swartz's drug store.

**DESERTED HER HUSBAND.**  
Mrs. Josephine Olson Forsakes Home and Husband and Leaves for Paris Unknown.  
When John W. Olson returned to his home on 8th street south last Tuesday evening after a hard day's work at the shops, he found his home deserted, his wife having left for parts unknown. She left a letter saying that she was tired of living here and was going to Minneapolis to work, but would write him a letter the next day. Mr. Olson, however, has heard nothing from her since, and has learned that she did not go south but went west on the noon train that day. She is reported living in Seattle and he thinks, probably she went there. She took with her \$100 which Mr. Olson gave her to deposit in the bank.  
Mr. Olson says he is at a loss to know why she left him, as they had lived happily together for ten years, and never had any quarrels. The morning she left him he was to come home to dinner at noon, as she intended to go to East Brainerd to visit a lady friend, and he completed his work. It was evidently an excuse to give her time to get away. Mr. Olson is a well known, industrious, honest, upright and honorable citizen, and had built a fine brick home, and provided every comfort for her, hence he cannot account for the step she has taken.

**CLEARED THE STREETS.**  
Andrew Paulson, a Lumberman. With a Jag and Gun Does the Business.  
On Monday afternoon, a husky Norwegian giving the name of Andrew Paulson, made things lively at the corner of 5th and Laurel streets for a short time. Andrew evidently had taken about two cubic feet of water of fighting brand, and he longed for a fight, red gore, consequently he sought a revolver. Ed White and started down the street prepared to do the Bloody Bridles Waltz set. Quite a number of men were on the street, but when they saw Andrew flourishing his gun they had business elsewhere, and disappeared like magic. After turning the corner at 5th and Laurel encountered Mr. Paulson's horse tied to a post, which he proceeded to use as a target, putting a bullet through the horse's head. A. Paulson's dog at this point advanced to the attack, which was a very narrow one, and he was a very brave animal, and he kept 22 calibre ball spinning after the audacious animal, who retired with low head of pain. He then proceeded to a house of ill repute in Third street, and taking a deliberate aim he took a shot at one of the girls, his revolver cocked ready for use. Officer Brown, who had followed him, lit on him like a lynx, pinning his arms to his side and by the force he jumped forward him to the ground, where he was speedily disarmed and handcuffed. Brockway's timely jump undoubtedly saved the girl's life, as the stood directly in front of the window, not three feet distant from the muzzle of the revolver.  
He was brought before the municipal court on Monday, by which time he had recovered from his faint for a while, and pleaded guilty to a charge of discharging fire arms in the city limits, and his honor gave him 15 days in jail, and a fine of \$25. A civil action was brought against him in injury to the horse by Mr. Tift, which was settled, we understand, by the payment of \$15. Having paid for the horse, Paulson had no money to pay his fine, hence he is boarding at the house during the winter for J. M. Gray.

**MOBE SALOON ARRESTS.**  
Ed Cullen, of East Brainerd, Arrested For Keeping Open Last Sunday.  
The anti-saloon league continued its work the past week against the saloons. A committee of the league was about the city last Sunday morning from 12 o'clock until morning to see that saloons were closed at this time, as they say the mayor had entered into an agreement with the saloon keepers to let them keep open until 5 o'clock, to which the league objected.  
During the day a committee of the league, composed of W. B. Roth and two other gentlemen rapped at the back door of Ed Cullen's saloon in East Brainerd. Mr. Roth said a slide in the door was opened and someone looked out, and then they were admitted. They asked a man who appeared to be in charge for a pint of whiskey, and the man turned to a boy, Mr. Cullen's son, about 14 years old, said, "Kid, give these men some whiskey." The boy gave them the whiskey for which they paid and went out. Five other men, they say, were in the saloon at the time.  
On Monday Mr. Roth swore out a complaint against Mr. Cullen, and he was arrested and taken to the municipal court Monday afternoon, when the case was continued until tomorrow at 10 a. m.  
Mr. Cullen says the saloon was kept open by his last night. He gave orders to close Saturday night and remain closed on Sunday, and the boy was there again, and the case against Geo. Gardner mentioned in our last issue was continued until Monday morning, April 2nd.

**DEATH.**  
Martin Call, aged 92 years, died at the residence of his daughter, Mrs. John McNaughton, on 8th street south, on Tuesday evening, at 8 o'clock, of the infirmities incident to old age. The funeral services occurred this (Friday) morning at 9 o'clock at St. Francis church. Father Lynch officiating, and there were interred in Evergreen cemetery.  
Deceased was born in the county of Itasca, and resided in this city for the past 23 years. His wife died some five or six years ago, and some time since he made his home with Mrs. McNaughton. Two daughters, Mrs. McNaughton and Mrs. J. Saunders survive him.

CONGRESS

REVENUE OF THE HOUSE'S SUCCESSORS

Washington, March 22.—During the debate in the house yesterday upon the

bill relating to second-class mail letters there was a sharp exchange between Mr. McPherson of Iowa and Mr. Lister of Ohio over a charge made by the former that the latter was the author of the lobby which is fighting the bill, otherwise the debate would have been without incident.

Mr. Lister, however, the debate and opponents of the measure expressed the belief that the vote will be close.

Mr. Lister has agreed to accept two amendments, one to increase the number of sample copies which newspapers can send out at second-class rates from 500 to 1,000, and the other to limit the provisions requiring newspapers to separate their mail in addition to those already in existence to over 1,000 circulation.

These are all the concessions he will make. He says the debate has strengthened the bill and he believes it will pass.

The speaker yesterday gave Mr. Brownell of Ohio, George of Georgia, McPherson of Iowa, Burke of Texas, Brigham of Kentucky, Hester of Minnesota and Tamm of South Carolina, in fact, passed from 10 to 200,000 and Messrs. Latta of Ohio, Vandenberg of Michigan, and Messrs. DeLoach of Tennessee, Cochran of Missouri and Neff of Nebraska, against the measure.

Upon the authorities of the governor of Alaska Mr. Turner of Washington made the statement in the senate yesterday that the collector of gold mining in the bed of the great Cape Nome, Alaska, had been granted by the secretary of war, without any statement being made a resignation of inquiry.

Senator Turner of Washington said that he had been made a state approach and a position in the resolution was agreed to. In a recess, and without discussion, the additional amendment to the bill was passed with one or two other measures of importance. Mr. Allison gave notice that he would call up today the conference report on the Porto Rican appropriation bill.

The Senate.—Washington, March 22.—Almost the entire session of the senate yesterday was spent in the consideration of the conference report upon the Porto Rican appropriation bill.

The conference report upon the Porto Rican appropriation bill was passed by a vote of 65 to 35.

The House.—Washington, March 22.—There was little debate in the house yesterday during the consideration of the Porto Rican appropriation bill. Little if any was pertinent to the measure.

The bill was passed by a vote of 65 to 35.

A SUCCESSFUL FARMER.

With a Small Farm—See How He Does It.

With a few acres of the best soil, Mr. W. W. Creamer, one of the municipality's largest and most prosperous farmers...

Mr. Creamer came to this country in 1880 and settled on a portion of the land which comprises his present extensive farm of 1,200 acres...

In common with many others of a similar period, he experienced all the hardships and difficulties common to the absence of railway and market facilities...

In no way daunted, by machinery, industry and indomitable will, he was able to surmount all obstacles...

His operations extend over 1,200 acres, two sections (the thoughtless of so much land makes the eastern farm a very small one).

He has a crop of 600 acres of wheat and 300 of other grain. Four hundred acres are planted and ready for wheat and next spring, Mr. Creamer is, as has been stated, a successful farmer...

His farm buildings are found on his farm fifty-five feet square on a level of six acres, containing a large number of cattle, the left is stored with twenty tons of hay...

Another building of large dimensions is the granary, which, with other teaming large quantities to market, is still a large stored 3,000 bushels of wheat. A crumpling machine is in the building...

There are a number of leaner buildings containing chicken hocks, a residence in a handsome frame structure of ample proportions...

The water supply is abundant, being supplied by an artesian well in the main and a better-tasting spring situated in a bluff which never freezes...

Mr. Creamer is a successful farmer, and his success is only one instance of what can be accomplished in western Canada...

## The Absolutely Pure BAKING POWDER

Made from pure, grape cream of tartar.

Cream of tartar is refined and powdered acid of grapes, the most healthful and pleasant of all fruit acids.

Professor Prescott, University of Michigan, says: "I believe that the acid salts of fruits are the most wholesome and important constituents of the food of man. Not all natural substances are wholesome articles of food, but cream of tartar has a high rank as such."

This expensive fruit acid is employed in making Royal Baking Powder because of its absolute wholesomeness, and because of its value as a food substance. Alum would cost but one-tenth as much.

Alum, however, is a poison, which cannot be used in food without endangering life. All cheap baking powders contain it. Think of feeding it daily, as the makers of the cheap alum powders would, to delicate women and children!

Rev. John Roosa, formerly pastor of the Swedish Baptist church in this city, but now of St. Cloud, is visiting acquaintances in Brainerd.

Mr. Roosa is taking subscriptions for the only authorized and official life of Dwight L. Moody, by his son, W. H. Moody, and which was prepared at Mr. Moody's special request. The book is handsome, is bound, contains 600 pages and is profusely illustrated. It is a work that should be in every library.

Rev. D. W. Lynch entertained the ladies and gentlemen composing the next of Grand Forks, at a five o'clock dinner last Sunday evening. Rev. Lynch is a most genial and interesting gentleman, to most society, a whole souled host and a royal entertainer, hence his guests will long remember his kind hospitality on that occasion. The dinner was a very elaborate affair, eleven courses being served. Those present were: Misses Maud Carney, Della Bally and Mrs. B. B. Bolin, Gertrude Slipp, and Messrs. Geo. H. Spear, Joe. P. Early, W. P. Dunn, Geo. E. Wilson, W. S. Cox, Geo. Murphy and Walter DeLaguerre.
