SPERS-EDWARDS SUPTIALA

One of Brainerd's Finest Daughters Led to the Marriage Altar.

On Wednesday evening, April 25th, at the home of the bride's parents on 9th street in this city, occurred the marriage of Mr. J. Herbert Spers and Miss M. Edith Edwards, second daughter of Mr. and Mrs. H. Edwards, well and favorably known in our city. Mr. Edwards occupies a prominent position in the Northern Pacific shops.

The bride's maid was her sister, Miss Lillian Isabella, and the groom's man was Mr. W. H. Aaga. The bride was given away by her father, the Rev. James Clalow, pastor of the M. E. church, officiating, using the beautiful service of the Episcopal church. The groom is a young man well known to many in this city, having until recently been employed in the Northern Pacific shops. At present he is a machinist in the Great Northern shops at Kallispell, Montana. All who know him speak of him as a young man of exemplary character. It is unnecessary to say anything of the bride, as she has been known here from childhood. She is greatly beloved by a large circle of friends, both old and young, especially so in musical circles, to which she contributed no little with the splendor of her voice, which she always in demand and to which she always willingly responded.

BROKE JAIL.

Bemidji Safe Blowers Make Their Escape.

The last issue of the DISPATCH, which went to press about 10 o'clock Friday morning, contained a notice of an attempt of the prisoners of the county jail to escape, by partially sawing off the window bars, but which had been discovered by the sheriff, and the attempt frustrated. The attempt, however, proved to be successful later in the day, when the prisoners were released from their cells for dinner. The sheriff had left the city, leaving Deputy Winters in charge. When the prisoners were fed, they were, as usual, released from their cells, and during the absence of the deputy for a few minutes, two of the prisoners, Edwin Decker and Geo. Gardner, held for safe blowing at Bemidji, succeeded in finishing the job of sawing off the lower end of two bars, which they bent upward by main force, and jumped from the window and escaped before the deputy returned. Sheriff Erickson's little girl saw them throw their coats from the window, and gave the alarm, and Officer Brockway got there in time to prevent the other prisoners from escaping. The released men ran as fast as they could in the direction of the mill, and although Chief Nelson mounted a bike and rode in that direction as fast as possible, no trace of the men could be found after they left the immediate vicinity of the jail. Deputy Winters telegraphed to all the surrounding towns, and sent out postal, notifying the authorities in neighboring places, but nothing had as yet been heard from them. It is known, however, that they have a lot of burglar's tools and considerable money which they took from the safe at Bemidji, hid somewhere near the latter place, and the sheriff hopes by keeping a sharp lookout in that vicinity to recapture his prisoners. They are tough characters, and it is to be hoped the sheriff will be successful.

Hoffman negotiates chattel loan. Escaped Through the Car Window. The police on Wednesday received a telegram from Walker to arrest a man by the name of Phil Ward, who had jumped his bond there and had been on a logging train. Ward was apprehended just as he was boarding the St. Paul train at noon, and taken to the jail and locked up. Deputy Scriber, arriving from Walker at noon, and started back with his man on the afternoon train. When near Pina River, Ward opened the car window and jumped from the swiftly moving train and made his escape. He is trying to get to Canby.

A DESTRUCTIVE FIRE.

Two Dwelling Houses and Two Barns Destroyed.

Quite a destructive fire occurred last Wednesday afternoon in the south part of the city. The residences of Jns. Molstad and J. H. Dickson were badly damaged, and Mr. Molstad's and H. Turcott's barn and two outhouses were entirely destroyed. The contents of both barns, including a fine horse owned by Otto Nelson, which was in Mr. Molstad's barn, were consumed, and the household goods in both houses were badly damaged by fire, water and smoke, or destroyed by the heavy removal. The fire was started in Mr. Molstad's barn by two boys playing with matches, and this barn and Mr. Turcott's close by were soon enveloped in flames. A high wind was blowing which carried large sparks and burning brands from the fierce flames several blocks. Mr. Molstad's residence, some caught in this manner, and it was only by the untiring work of the fire boys in keeping all the surrounding buildings drenched with water that prevented a general conflagration. In spite of their efforts a burning brand set fire to the residence of J. H. Dickson, two blocks away, and this roof was practically destroyed, and the house and contents badly damaged before the flames here were gotten under control. It looked at one time as if the wind and flames were masters of the situation, and only hard work and a fine water pressure prevented great loss.

Mr. Molstad's residence was owned by Martin Anderson, who resides in Wisconsin. The damage to the house and barn is probably \$800 which is covered by insurance. Mr. Molstad's loss on household goods was quite heavy, and he had no insurance. Mr. Dickson's loss is probably five or six hundred dollars, which is fully covered by insurance.

HAD FOREST FIRES.

The Town of Nary Destroyed Last Friday.

While the southern states have been drenched with rain, and badly flooded the past week, as a loss of millions, the northern part of Minnesota and the Dakotas have been suffering from a lack of moisture. Everything had become parched and dry, and a great deal of damage had been done by forest fires caused by sparks from locomotives and the carelessness of people burning rubbish incidental to spring cleaning.

On Friday afternoon the town of Nary, upon the B. & N. M., was practically destroyed by a forest fire. Every building in the town except the depot and a small saw mill was consumed by the flames. The buildings destroyed consisted of two general stores, three saloons, a large frame hotel, three houses of ill repute, and a large number of small cabins or residence houses, with the contents of all. The town contained a population of between two and three hundred, and all are homeless as a result of the fire.

Numerous fires in this vicinity also frightened and alarmed our citizens, although no damages of any consequence have been inflicted. On Friday a heavy fire raged south of town, fanned to fury by the high wind, and Joel Smith's buildings had a very narrow escape. Mr. Smith, who was in the city, was notified, and he went down in a great hurry, and by hard labor succeeded in preventing the destruction of all his buildings. A crew of men from the shops with dry apparatus was sent down the same afternoon to Crow Wing and assisted the settlers and section men there in fighting the flames that were devouring the company's wood. Small fires have been in progress in the woods and swamps all about the city, the department being called out Monday afternoon to extinguish a fire on the river flat, northwest of the city.

It is conceded by everybody that Smith will be elected mayor of St. Paul.

Democratic campaign literature will have to be revised, as the state department upon investigation has disproven Macnamer's charges that the official mail of his consulate had been tampered with.

Gov. ROOSEVELT, of New York, would be the best possible nominee for vice president, and the governor is a person of so much force, that it would not be a political graveyard to have him as it has been to others in the past.

Gen. LEW WALLACE, author of "Ben Hur," champions the cause of the soldier as against the claim of the United States for indemnity for missionary property destroyed. Abdul Hamid will have to pay up just the same.

An Omaha ladies' tailor has been driven to suicide by the carrying out of his fair customers. His method was probably better and braver than the usual one in such cases, as attacking the same result as seen, so the most of the morning was spent in gathering flowers.

Next Saturday morning, however, there will be more to see, and the boys are arranging to leave about 8 o'clock.

Sunday afternoon there will be a very interesting meeting for men. Mayor Johnson, of Fargo, will give some valuable advice to young men.

At the annual election of the board of directors last Wednesday night the following were elected: A. E. Lyndon, R. F. Walters, A. E. Losey, Prof. J. A. Wilson, F. McKay, H. E. Simon, Ernest Richardson, F. M. Zakariason, Albert Angell. Friday evening they will meet and elect their officers.

A new time card will go into effect on the N. P. road next Monday, when the new "North Coast Limited" trains will be put on. The time of the arrival and departure of trains from this city will not be materially changed. No. 6 from the west will arrive a few minutes later than at present at 12:30, and depart at 1:15. The trains from Duluth will run about as at present, except that No. 15, the noon train, will run daily and depart at 1:15. The arrival and departure of trains from this city will be as follows: No. 15, the noon train, will run daily and depart at 1:15. The arrival and departure of trains from this city will be as follows: No. 15, the noon train, will run daily and depart at 1:15.

Change of Time on the B. & N. M. The running time of the passenger train No. 1, B. & N. M. will change commencing next Monday. The train will arrive in this city from Bemidji, Walker and intermediate points at 11:30 a. m., instead of 11:50 as at present, and returning will leave at 1:30 p. m., instead of 2:10 as at present. The change was made necessary to make proper connections with N. P. trains under the new time card. For time of arrival and departure of train at intermediate stations see corrected time card published elsewhere in this issue.

Inset Upon Having Royal. Royal Baking Powder is in the stock of probably every dealer of groceries in the state. If not, the grocer will add to the reputation of his store by keeping it.

Royal Baking Powder itself, and the packages which contain it, comply with all the food laws and every other law of the state, and if any dealer attempts to hinder its sale he does so for the purpose of palming off upon the customer a cheap and inferior substitute.

Consumers requiring pure and healthful baking powder, free from alum, should call for Royal. The authorities certify this brand of greatest value, highest in strength, pure and wholesome.

A Horrible Outbreak. "Of large scope on my little daughter's head developed a case of scald head," writes C. D. Lahl, of Morganston, Tenn., but Huckle's Arctic Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Itch. Only 25c at McFadden Drug Co's and Johnson's Pharmacy.

"This is too much, John, I won't stand it any longer. To-morrow I leave for my mother's, unless you get me more Hocky Mountain Tea." Sensible woman, 35c at McFadden Drug Co.

See, young maiden, that you take the genuine Hocky Mountain Tea, made by the Madison Medicine Co., if they like it, buy fair. 35c at McFadden Drug Co.

DEWEY'S GIFT FROM THE CHILDREN.

Presented to the Great Admiral on Wednesday,
April 25th, at Washington.

Six months ago Archie Cadzow, a contributor to the children's supplement to the Minneapolis Journal, known as the Journal Junior, suggested that paper that the children of the Northwest contribute from 5 to 25 cents each to raise a fund to purchase a watch for Admiral George Dewey. Archie Cadzow is a Minnesota boy living at

could be used in the job. The response was prompt and satisfactory being in the shape of some bronze from a torpedo captured at Manila. A copper ring from the Reina Christina also supplied material for alloys in the job, while part of an armor piercing shell from a Spanish magazine worked up nicely in the shape of gemmetal. This was the gift of the sovereign is deeply significant. The watch itself has what is known to jewelers as a "16" size case, that figure denoting the size which is most convenient for a gentleman's timepiece. The case is of plain gold made up from United States coin, and is 22 carats fine. It is a hunting case, bearing upon its front the monogram "G. D." most artistically done in blue enamel, which is led into the gold. Upon opening the timepiece another distinctive feature appears in the dial. Instead of the usual Roman figures or numerals, the points are represented by the letters "E. R. G. D. E. Y. Y. Y." By a lucky circumstance there happened to be just eleven letters in the admiral's name, and as a watch dial rarely has a figure where the second hand comes, the name exactly fitted. In the outside of the back cap there appears the admiral's flag set in the gold in the same handsome blue enamel. This flag bears the four white stars indicative of his rank and gives a beautiful decorative effect. Inside the back cover appears crossed cannons surrounded by a ribbon which encloses enough space to permit the names of the Spanish ships destroyed at Manila to be engraved upon a sort of scutcheon. In this design high relief is effectively used, and the bright gold is also employed to give contrast. The presentation inscription occupies the cap over the movement inside the back case. This inscription is delicately inscribed in blue enamel and reads as follows: "Presented to Admiral George Dewey, U. S. N., by the Children of Minneapolis and the Northwest, May 1, 1900; Each Donor Contributed One Cent."

The case of the Dewey watch, while modest, is at the same time one of the richest ever made. The manufacturers, the American Watch Case company, of New York city are authority for this statement and certain it is that they put more into the work than they would accept for

ham, Mass., and the best turned out by that factory. It is fully jeweled with twenty-two ruby and diamond bearings and is carefully adjusted both for temperature and position. While it is guaranteed not to vary more than half a minute a month, it may run even closer.

The job, most elaborate in design and perfectly executed by Carter, Hastings & Howe, of New York city completes the gift of the children. This part of the souvenir is especially ornate. Here, too, the four stars of the admiral are reproduced, this time in the bright gold which is encircled in the ornamental wreath of black gun metal. In the center of each star is set a diamond of the clearest luster. The seal has for a handle an anchor in the black metal flanked by two dolphins in bright gold with emerald eyes. The face of the seal has the monogram "G. D." in reversed intaglio, suitable for stamping.

Accompanying the watch is a large book, bound in blue morocco, bearing the title, "The Story of the Dewey Watch Fund." In the book neatly pasted on heavy cardboard, is a complete story of the raising of the Dewey Watch Fund, clipped from the Minneapolis Journal, followed by the names of all the Minneapolis children, and by the names of all the contributors throughout the country. The book was taken to Washington by Miss Mae Harris Anson, editor of the Minneapolis Journal Junior. The formal presentation speech was made by Mr. McClary, congressman from the Second district of Minnesota. Archie Cadzow, the boy who conceived the idea of the Dewey watch, enjoyed at the Journal's expense the peculiar pleasure of being present on the occasion of the presentation as the representative of the little people who contributed the tens of thousands of pennies for this beautiful gift.

A DROP IN PRICE.

These fabulous stories you hear, and a Colorado man, "the wonder"

discoveries made and prices received for chains in the mining regions bring back to my mind a story that used to be told in the earlier days of Colorado.

"A young chap had there located a claim in which he had every confidence that one excited but try as he would he was unable to locate the precious metal, and little by little he became sicker and sicker at heart until at length there came a day whose closing was marked by deep discouragement on his part. His last piece of bacon was eaten, his last stick of gunpowder fired and his credit utterly used up. He believed the ore to be there, but he recognized the utter futility of his part of trying further to get at it. Loney and out of spirits, just as most men stood at the door of his cabin looking for the last time over the scene of his useless efforts, when down the winding trail came a stranger outside of a bonnet. Taking in the situation at a glance, the man retired in his cap and called out to the lonely figure, the cabin door. "My pardner, what will you take for that?"

"Hope you'll give me a dollar for the mine's sake, but I'll take 100,000,000 gold to buy me out."

"That's not much, I'll take 100,000,000 gold to buy me out."

"All in cash?" queried the late prospective millionaire eagerly.

"Yes, was the response.

"The claim's yours, on the part of the mine owner closed the transaction."—New York Tribune.

What is the matter with our Cross Lake postmaster. He has an awful stack of the blues. His best girl must be giving him the cold shoulder.

Mr. Lambert, of Emily, caught two pickers the other day from Lake Emily weighing 25 and 26 pounds. This is a big fish story, but as he is a total abstainer we know he did not use double, hence the story is a true one.

One of Earnest Andrews mill cows, while being led down a steep hill to water, lost her footing and fell into a tree top, where she could not get up until the limbs were cut away. She walked to the barn apparently unharmed, but was found dead in her stall the next morning.

Mr. Berdon, of Hornschober Lake, was a visitor in our mill last Sunday. There seems to be some attraction up this way for him, as he shows up this way quite frequently lately.

Some of our young men had better spruce up a bit if they don't want to see another flower plucked from our garden of civility.

Evidently river drivers are scarce articles, when men can hire out to drive that do not know enough to stay on the top side of a large log, as two of them did in Eagle Lake the other day while practicing. They say the water is pretty cold just about this time of year. They ought to know, as they both went in head first.

On the evening of the 19th inst, while on his way home from school, eleven-year-old Clarence Henneman met one of his father's horses grazing by the side of the road and the supposition is that he either tried to mount him or drive him home, when the horse either kicked or stepped on him, inflicting a severe cut just below the temple. He was found lying in the road, unconscious, by George Nelson and carried home. He does not remember how he got hurt, as his parents have not been able to get any definite information from him yet. He is resting easy at the present writing.

Some of our local lumbermen are bawling the scarcity of timber, and are warning themselves prematurely they headed for lean future generations will not have timber to build homes with. But if they will take the time to read a few government reports on the amount of standing timber they will change their tune.

For example, take the states of Washington, Idaho, Oregon and see the vast area of timber in these states; then let us make a few figures on one acre that has lately been scolded by our government surveyor, on 124 acres taken in different parts of Oregon; the average was 112,376 feet per acre, or a grand total for one township of 2,898,390,040 feet.

Mr. A. Neiderer has just returned to work after a ten days leave of absence. Miss Lura Van Dorren went to Mr. Gould's last week. She intends to go below soon.

We would advise the 'Eagle Lake Gazette' to take a special course in 'spelling proper names.'

Quite a few of our citizens from Daggott Brook attended the Star-walt raising, near Lake Emily.

Mr. Macoshen took his wife to Brainerd the other day. She is going to Minneapolis to see a doctor.

Miss May Andrews has been on the sick list for the past week, but we are glad to say she is on the mend.

Mr. Bretshaer has left Mr. Doane's and rented a house at Cross Lake. Mr. O'Shay has kindly given her a piece of land for a garden.

Miss Miller, our teacher, climbed Eagle Mountain last Saturday. She must have been anxious to see the country to run the risk of crossing the ice this time of the year.

OAK LAWN GRERS. Miss Lena Tabern is working in Brainerd.

Nelson Jarbo bought a new \$60 wagon last week.

Peter Dullman has a new \$24 wheel from T. M. Roberts.

Merth Congdon came home for a visit from Oelwein, Iowa, Saturday.

J. P. Dallman has three large hogs which he will dispose of in Brainerd this week.

Jack Wray is working in Brainerd, and Doe has found employment in a saw mill twelve miles west of Brainerd.

The March appointment for school district No. 4 was \$356.70, No. 5, \$115.93 and town of Oak Lawn \$218.99.

Joseph Weber and three children, of East Brainerd, were visiting Mr. Weber's sister, Mrs. John Gerzeman, on Sunday.

Fred Cannon returned from Mill Lake Friday night with about three hundred pounds of fish, which he disposed of in the Brainerd market on Saturday.

SEWELL LAKE JOTTING. Mr. and Mrs. Anderson visited at Long Lake last Sunday.

John Chisholm, Jr., of Crow Wing, came up Wednesday to put in his wheat.

Mr. and Mrs. Anton Weber visited at their daughter, Mrs. William Wende, in St. Mathias last Sunday.

Charles Ericsson went to Round Lake one night last week to fish, and had a very narrow escape from losing his tent in the quicksand.
