Usual Proceedings.

A regular meeting of the city council was held on Monday evening. Reports of the chief of police, city clerk and street commissioner were received.

The question of handling electric light supplies was referred to purchasing committee. The superintendent has handled these supplies heretofore.

The clerk was instructed to notify Mr. Wick and the bondsmen of the number of dead trees in the city park, and to have the same removed.

The street commissioner was instructed to repair all side walks in the city after giving 10 days notice. Alderman Cohen was appointed to confer with N. P. railroad company to secure ground for a city pond.

The bicycle association requested the city to take charge of cycle paths, which was granted. The clerk was instructed to make an itemized list of supplies furnished the Nelson, and present same to county commissioner for payment.

MINING IN LUZON ISLAND

Information as to the Laws Sent by a Montana Reporter.

THE PROSPECT IS PROMISING.

Such has California and the Montana holders believe that when the mining fields are opened by they will be the most remunerative in the world.

Following are some extracts from a letter written by a former member of the First Montana volunteer, who is a practical miner, says a Helena (Mont) dispatch to the New York Item: "At present, there are in this city (Manila) about 200 ex-soldiers from western states in America, mostly all experienced miners, anxiously awaiting the necessary permission from military headquarters to rush into the rich placer mining country which lies north and east of here, but which permission is now withheld owing to the lack of definite information on the part of the government as to the exact interpretation of the mining laws governing these islands."

There is a new discovery in the Philippines, the laws pertaining to prospecting for tin, silver, copper, gold, and other minerals are so strict that a permit is required to place mine claims.

Intense suffering was endured by witness E. L. Martin, of Dublin, Ky., before he gave this evidence: "I coughed every night until I thought I was nearly dead. I was tried by Dr. King's New Discovery which gave me instant relief. I have used it in my family for four years and recommend it as the greatest remedy for Coughs, Colds and all Throat, Chest and Lung troubles. It will stop the worst cough and not only prevents but absolutely cures Consumption. Price 50c and \$1.00. Every bottle guaranteed. Trial bottles free at McFadden Drug Co's and H. P. Duns & Co."

PUT TO THE TEST.

Prayers People Appreciate a Good Thing.

Everybody has their hour of trouble. But people having any holiness of the skin. Have many hours of trouble. Nothing so annoying. Nothing so irritating. Scratch it, it becomes worse. Leave it alone and you can hardly stand the misery.

Holiness comes in many forms. Eczema and horrid itching piles. Relief and cure are here at last. Brainerd has put it to the test. Doan's Ointment cures every form of holiness of the skin. People at home are learning that this is so. Here is a proof in a citizen's statement: Mrs. S. Brain, of 125 South 9th street, says: "I can recommend Doan's Ointment highly for hemorrhoids an affliction which gave me no end of misery. Promoting a box at a drug store. I only made a few applications of the ointment and there has not been the slightest aggravation. I am fully convinced after such an experience that Doan's Ointment is a medicine which can be relied upon to cure any one suffering from such an exasperating annoyance as hemorrhoids had."

Doan's Ointment, 50 cents a box. For sale at the McFadden Drug Co., H. P. Duns & Co. and Druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the S. W. Remember the name, Doan's, and take no other.

LARGEST MILITARY POST

Extensive Improvements Planned For Fort Leavenworth.

MANY BUILDINGS TO BE ERECTED.

War Department, it is said, proposes to make this army post the most important of its kind in the world. The plans recommended by the board of army officers for the enlargement of Fort Leavenworth and approved by the war department are carried out, and I have the best of reason to believe that is the intention of the secretary of war, the Fort Leavenworth military reservation will, within the next three years, have within its limits the greatest military establishment of the world; were the words used by Captain Daniel R. McCarthy, assistant quartermaster United States Army, who arrived recently from Washington to take charge of the construction of the buildings to be erected this year in accordance with the approved plans and to cost \$300,000, says the Kansas City News-Examiner: "You may say," added the captain, "that the march talked of was college is the industry and cavalry school of Leavenworth. This school will soon be equipped with all the modern appliances. I have fully convinced after such an experience that Doan's Ointment is a medicine which can be relied upon to cure any one suffering from such an exasperating annoyance as hemorrhoids had."

The buildings to be constructed and for which bids will be opened in a few days are only a fraction of the improvements to be made. It is estimated that \$1,000,000 or more will be expended in the improvements to be carried out. The board which met last March prepared a plan of the present military reservation, showing the location and locations of all buildings necessary to quarter 2,000 men of different grades of the service, not including the hundreds of officers to be sent here for instruction in tactics belonging to the regular organizations.

Captain McCarthy brought with him the plans for the buildings to be erected at once as well as the plans showing the location and extent of the improvements to be made. It is estimated that \$1,000,000 or more will be expended in the improvements to be carried out. The board which met last March prepared a plan of the present military reservation, showing the location and locations of all buildings necessary to quarter 2,000 men of different grades of the service, not including the hundreds of officers to be sent here for instruction in tactics belonging to the regular organizations.

It is proposed next year to begin the construction of the buildings for the regular organization. This building will be placed on Popo avenue, facing south and beginning at the intersection of Popo and Grant avenues, running west and east. A new cavalry stable of the new buildings, and a new road to be built in front of the quarters II will be in three sections, one for each level and a new parade made running all the way west to the cemetery. The present infantry barracks will be used for the accommodation of a mountain battery, a company of engineers, a signal corps detachment and possibly the stee battery. A gun shed and stables will be erected west of similar structures for the light battery, which a gun shed and stables for the mountain battery will be placed along McPherson avenue, facing the south and immediately west of the post guardhouse.

The old stone building in the northeast corner of the Summer place will be torn down and a new double set of officers' quarters erected in its stead. Thomas and McPherson halls are to be set of quarters facing to the west and three double sets of quarters placed on the line in rear of the two halls facing the east. Around the square in which stand the quarters of the commandant also sets of quarters are to be put up, three facing Popo avenue, three facing Grant avenue and three facing Meade avenue.

The two small brick cottages west of the main parade ground and facing the east will be torn down and the parade ground enlarged in such a way that the largest and finest parade in the United States. As this parade is only divided by Popo avenue to the south from the parade to be built for the infantry there will be no opportunity to march an entire brigade without inconvenience. The present post headquarters, or administration building, will be torn down and a handsome circular building erected within the walls of the fort. The Grand statue and known as the triangle. All of the buildings will be prepared for electric lighting. Part of women's paper, La Froide, which boasted that all the work was done by women, has run foul of the law and does not permit women to set type at night.

**FROM OUR COUNTY CORRESPONDENTS.**

**SEWELL LAKE JOTTINGS.**

Miss Alice Coombe visited at the home of Mr. and Mrs. Caughey, at Long Lake.

Mr. Wm. Reed, who left this place about April first, writes that he has a claim in Detroit worth \$5,000.

There was a very good attendance at the meeting held by Mr. Martin on Sunday. A Sunday school was organized with Mr. Wilson as superintendent.

**KATHIEE GLEANINGS.**

Mr. Wolf took a trip to Deerwood last week.

Mrs. Godfrey Christanson was seen this way visiting her old friends last week.

C. Wilson has purchased a bay 40 in section 28, joining his other one, which contained the old camp.

The North Bay Lake S. S. is in flourishing condition, with the general Mr. Somle as superintendent. There will be a children's service on June first.

It may be all right to purchase a forty dollar bicycle from a drunken man for two dollars, but we would prefer not to be the party who did it.

The gentleman who brought a herd of Angora goats to Mille Lac, has been in our neighborhood and purchased all of the sheep belonging to Chris Wilson, E. Elmore, R. J. Maghan, J. D. Carr and J. C. Peterson, these parties being discouraged by the depreciations of the wolverine. The new owner will keep a herder, a dog and a gun in regulation.

C. A. Hunt, who so narrowly missed a burn out before, was again visited by flames on the fifth, and his house reduced to ashes. There was a high gale blowing at the time, and a spark from the chimney evidently set fire to the main roof, as the fire snatched the roof before it was discovered. Fortunately, the children were removed before the roof fell in. Only about ten minutes' time could be spent in removing a few articles from the house before the building flames.

A piece of tarred paper from the fire was carried two miles by the gale, and deposited at E. Elmore's. Mr. H., with considerable pluck, started out to meet a temporary residence on the site of the old one.

**EAGLE LAKE ETCINGING.**

Bert Conliff expects to move into his new house in a couple of days.

Elly Olmstead has taken a home-stay in W. W. of 18, 28.

Mr. Irwin, a transient logger on Little Pine, has permanently located in our end of the county.

Mr. Sam Boehle, of Wright county, is now in town among the inhabitants of our neighborhood.

Mr. Lambert, of Emily, is feeling off a good sized stock pasture.

Al Stees has sold his farm of 168 acres to a Mr. Whitney, consideration \$500.

Another departure in the vegetable line is being undertaken by H. G. Butterfield this season, in the way of raising peas.

Lake Emily dam is undergoing extensive repairs, as there is about 10,000,000 feet of logs to be sluiced through it this spring.

E. A. Andrews and son, Frank, have gone back to Wright county to bring up his cattle that he wintered on his father's farm.

Mr. Dean has made quite an improvement in his drive-way around his barn by filling in the old tracks up at the south-west corner.

Our summer weather of the past month is getting badly frost this May night. Ice formed half an inch thick in the night of the 4th inst.

Mr. Edicks, of Iowa, has purchased a large tract of railroad land between here and Emily, and has gone back to get his family and stock.

Geisel Jack Gillman is home once more, after an absence of two or three weeks. He reports that he has his spring crusting about round.

**STORIES OF PRINCE WILLIAM.**

Germany's Crown Prince, Prince William, is the first of a soldier. When he was younger, he was dainty, but his health was literally drilled out of him. He was never to the cavalry captain and the infantry sergeant was who took him to hand. He rode like a centaur now, driving forward and in front of driving. In a word, he is no longer a weakling. He is now a man of iron.

Mr. Stirlitz moved into his new house the 28th, that the Sunbeam people helped raise some five weeks ago and was duly noted by Gossip at the time it happened.

Tommy Carl, at Little Pine Lake, says there are an unusual amount of boys in that vicinity this spring. He has captured two cubs and is making pets of them.

John Shies began his duties as assessor last Saturday, beginning on his near neighbor, H. G. Butterfield. I suppose he thought of the old adage, a short horse is soon curried.

Mr. John Buehite has returned to his homestead, after an absence of several weeks in Wright county where he also owns a farm. His wife and smaller children will arrive later.

There are thirty-five families (or report says) enroute to our end of the county from Iowa to make homes for the future. They are tired of the prairie winds and soft coats of Iowa.

Born to Mr. and Mrs. T. Kenaday on the 5th inst a son. Mother and babe doing well. This accounts for the broad smile that has been illuminating Tom's countenance for the last few days.

The bug-doo is still pursuing Mr. L. Sgrue. His Eagle Lake dam, that he has just made extensive repairs on has washed out a portion of the east wing and will cost something in the neighborhood of a hundred dollars to repair.

Mrs. W. H. Andrews, of Emily, got kicked with both feet of a vicious horse one day last week. Luckily no bones were broken, as she was so near the animal he could not get the full strength of his kick in force before striking her. She is up and around.

D. Sgrue seems to be hoodooed so far as driving logs is concerned, as his booms broke again during the late high winds, and scattered the logs to all points of the compass. Up to the present writing he has not moved the rear from where it was landed on the ice.

Diana Rimmer, of Oak Lawn, seems to take exception to our district employing Minneapolis school teachers, as Crow Wing county has plenty of good ones and good looking too.

Jim Slick had better look at his geography and learn where the township of Daggett Brook is located before he begins to correct Gossip on spelling Eagle Lake was christened several years before Jim Slick was born.

Jim had also better learn to call grown people, especially old folks, Mr. or Mrs., and not old Nick, as he did in last week's news items. It shows bad manners. Jim, do not blame a correspondent for the mistakes of the type, neither does it sound very nice for a younger person to call a young man and a comparatively stranger by his christian name.

Come at us again, Jim, as long as our editor does not object. We are willing.

**A Woman's Awful Peril.**

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt, of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice.

Gall stones had formed and she constantly grew thinner. Tison began to bleed. Her Bitters which wholly cured her. It's a wonderful stomach, liver and kidney remedy. Cures Dyspepsia, Loss of Appetite, Try It. Only 50 cents. Guaranteed.

Tonight, the library ball.

You'll miss the swell social event of the season if you fail to attend the library ball tonight.

The W. C. T. U. will hold their regular meeting Tuesday, May 8, at 3 o'clock p. m., in the Y. M. C. A. parlors. All members are requested to be present.

James Hickey and Dan McIntosh were elected delegates by Howe Co. No. 1, to the state farmers' convention at a meeting of the company held on Tuesday evening.

Boy Outrigger Glee. Abbott was elected delegate by Howe Co. No. 2 on Tuesday evening to the state farmers' convention, to be held at Winona next month.

The Brainerd ball team will play at Little Falls next Sunday with the club from that city. As the St. Cloud club last Sunday defeated the Little Falls team by a score of 15 to 6, the boys will have a snap.

Wm. Spencer, came down from Superior on Monday and went to the Lumbermen's Hospital and had Dr. Camp remove the second finger on his left hand, which was drawn out of shape by an injury received some time ago.

The Ladies Auxiliary of the A. O. H. will give an entertainment at their lodge room on Wednesday evening, May 16th. A fine literary and musical program has been arranged. All friends of the order are invited to attend.

On Tuesday, May 15, a partial programme of the O. C. C. will read as follows: The Journey of Paul, M. Angel; Teaching Hints on the International Lessons, by the pastor; Question Drawer; Some Baptist Heroes, (paper) Mr. J. Hildson.

"Shantytown" was presented at Gardner Opera House on Monday night to a packed house. It consisted of farce comedy and specialties, and met the best of that. On Tuesday night the same company presented Hans Hansen to a very much similar audience.

The DEATHON was in error last week in stating that Wm. Guthrie died of consumption. Mr. Guthrie's death was due to lung trouble, but it was not tubercular. It was rather a gradual consolidation of the lung tissue, produced by acute pneumonia, which Mr. Guthrie had about a year ago.

The DEATHON is indebted to Prof. Wm. Graham for a copy of his latest effort in musical composition, a march, song and chorus, entitled "The Modern Woodmen of America," both words and music, by Mr. Graham. Mr. Graham is a local musical composer, and is attaining quite an advanced position as a musical composer.

Mrs. O. Hendall was adjudged insane on Friday afternoon last by Judge of Probate Milton McAdison. Mr. and Mrs. Hendall remained at Calumet, Michigan, last fall, but she had not lived there long enough to gain a residence, and she was brought back here where her parents and brothers live to be cared for.

Help sustain the public library. Buy a ticket to the ball whether you attend or not.

#### CHURCH WORK AND SERVICES.

Everybody's going to the library ball tonight.

The scarf figure in the German, in which scarfs of many bright colors are used, is alone worth the price of a ticket to the library ball.

On Saturday Wm. Tift was arrested on complaint of his wife who charged him with threatening her life. His trial was set for Thursday, but his wife failed to appear against him and the case was dismissed.

The F. E. Long Theatre Co. will open a week's engagement at the Gardner Opera House on Monday evening, May 21st. This popular company has appeared in our city before and has always met a hearty reception. It is one of the best repertoire companies on the road.

A party of N. P. officials were in the city on Wednesday inspecting the shops. Among them were Mr. Lovell, superintendent of machinery, Mr. E. L. DeLambert, general storekeeper, and the mechanical engineer of the road. They came in Mr. Lovell's private car.

The fire department was called out yesterday morning to subdue a fire in a pile of rubbish that threatened Wm. Drexell's barn, and yesterday afternoon the boys went to the old mill yard of J. J. Howe & Co. to put out a fire that was burning the sawdust and chips that underlie the whole yard.

O. C. McMullen, for a number of years chief train dispatcher at Staples, has been transferred to a responsible position in the office of the superintendent of transportation at St. Paul. He is succeeded by J. Mackenber, who has filled the position of night chief for the past year, and who will be succeeded in that capacity by John McLean, of the Minneapolis office.

The brick residence property at the corner of Oak and 13th streets, Southwest Brainerd, belonging to Mrs. Selma Erickson, was quite badly damaged by fire on Saturday evening last. Howe Co. No. 4 was called out and soon controlled the flames.

The house was occupied by Mr. Hutchinson. The damage to the house is estimated at \$800, and is fully covered by insurance. Mr. Hutchinson's loss of household goods was slight.

Mr. C. S. Warner, of Rochester, N. Y., was in the city yesterday. Mr. Warner has been the chief clerk of the superintendent of machinery of the Buffalo, Rochester & Pittsburgh Railroad Co. for several years past, but on May 1st Mr. Warner was promoted to general storekeeper of the above road with an office at Lincoln park, N. Y. Mr. Warner is a most competent and enterprising young man, and his many friends here at his former home are greatly pleased at his deserved promotion.

#### The Old Shakespeare.

Probably the greatest profit ever enjoyed by the government as a result of the destruction of money was in connection with the fractional currency or shillingtons, issued during the civil war.

The total amount issued was \$200,000,000, of which \$40,000,000 has never been presented for redemption.

A large amount has been preserved as relics by collectors, and occasionally even now it is offered for redemption.—Tallahassee News.

#### Promised Answer.

'My friend,' said the long haired passenger to the young man in the seat opposite, 'no what end has your life had since last year?'  
'To both ends,' was the reply: 'I have the only first class hat and shoe store in our village.'—Chicago News.

#### General Sir Herbert Chermade.

General Sir Herbert Chermade was formerly a member of the Legislative Council in a recent month, he sent a couple of beautiful Algerian cats to a present to a lady in Constantinople. The lady was so pleased that she asked him to send some more. Sir Herbert gave his native servant some money and told him to go and buy two or three. 'This time a demand for more cats from the count's friends, said to give his servant and more money with which to buy cats.'

'This quest on for two or three months, and the native servant was exceeding fat. One morning, however, the general, on coming out of the cuisine, was surrounded by a host of infuriated yellow women, who besought him to cease their purchases, he had stolen all their cats. It appears that the native servant had pocketed the money for himself and gone round with a sack and confiscated every cat in the house.'
