

**THE MAROONS NOT IN IT.**

Debated by the First Nine on Sunday by a score of 16 to 6.

The Brainerd club and the Maroons, of this city, have finally met on the diamond, and the Maroons feel as though a cyclone had struck them. There has been quite a little falling between the two clubs, the first club assuming the position that it wasn't worth while to play the Maroons—they couldn't make the game interesting, and the Maroons had acquired such confidence in themselves that they figured the first club was afraid to play a game with them for fear of losing their prestige. Hence it was that a game between them was awaited with a great deal of interest, and a large crowd was in attendance to witness the game.

The game was quite closely contested for the first five or six innings, the Maroons, at the end of the third inning being in the lead. Vorge for the first club pitched a fine game throughout, getting stronger and better as the game progressed. Tommy Derocher, the first ball of the game, pitched equally as good ball for the Maroons, striking out some of the heaviest sluggers of the first club, and making them feel like 30 cents. He fell down the sixth inning, and was nated all over the field. This was probably due to a sick headache brought on by the heat and excitement of the game, otherwise the Maroons would have given them the bustle of the season. Rutherford caught for the first nine two innings, but as he has been sick for several weeks past he had not the strength to finish, and O'Connors finished the game in fine style. Errors were rank and numerous on both sides during the first half of the game, all runs on both sides up to the 5th inning being made on errors. Two umpires were used, Stahlman and Charlie Mitchell, and both were satisfactory. The following is the record of the game and summary:

Great consternation was felt by the friends of M. A. Hagar, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. Then he was referred to Dr. Electric Hitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its untold merits for all Stomach, Liver and Kidney troubles. Only 50¢ a bottle. Sold by McFadden Drug Co. and H. P. Dunn & Co., Ga. anted.

Government Land. The annual statement made by the St. Cloud U. S. land office shows that the government land in this district subject to homestead entry consists of 145,280 acres. It is located in the following counties: Aitkin, 54,660 acres; Cass, 41,320; Crow Wing, 14,200; Hubbard, 41,230; Itaska, 3,250; Itasca, 400; Miller, 180; Pine, 11,840; Todd, 500; Wadena, 2,480. At the beginning of the last fiscal year, July 1, 1899, there were 161,900 acres subject to homestead entry, showing that 16,620 had been disposed of, although the total amount entered will exceed this amount, as a great many entries had been relinquished by the government and taken immediately by other parties, the total homestead entries being 73,900 acres, each value 21,300 acres—a total of 95,250 acres.

The amount now held for entry, 145,280 acres does not include the Indian reservations, which contain 429,120 acres, and which will probably never be thrown open to settlement.—St. Cloud Journal Press.

LAUDS AMERICAN VALOR.

General Howard Page writes to the Brainerd Daily Express: "I have the honor to acknowledge the receipt of your issue of the 16th inst. containing a letter in which you say: 'I desire to express the high appreciation of the British troops of the honor done them in serving alongside of their comrades of the American army and of the high honor accorded to us by having them under my command.'"

"I thank myself for the mistake made in taking their position by the British regiments, and remembering that troops fresh to the scene of action and hurried forward in the excitement of battle were likely to lose their way. Still the position they took and gallantly stuck to all day undoubtedly prevented a large body of the enemy from turning the right of the attack and inflicting serious loss on the British and Japanese."

Sam Troubit is Brainerd. The merchants who are involved in the Kimball piano contest will hold a meeting tonight. It is claimed that some merchants have been giving more than the proper number of tickets with each purchase, and the managers of the contest are anxious that everything be on the square. It is blated that unless some agreement is reached that trouble may ensue.—St. Cloud Journal Press.

About the same trouble is occurring in this city in the Schubert contest. The manager furnished each merchant with 5000 tickets and some have ordered as high as 25000 in addition. Other merchants claim that only the original 5000 can be used, and state that if more are issued, it will mean paying their two dollar a week. How the matter will end is conjecture.
