LABOR'S CELEBRATION A GREAT SUCCESS.

Biggest and most imposing Labor Day Parade Yet Held.

Splendid Programme of Sports at Swartz's Driving Park.

Grand Ball and Cake Walk in the Evening. List of Prizes.

The Labor Day celebration for 1900 will long be remembered in this city as the most successful ever held, and one of the most pleasant occasions in the history of the city. It indicates what the laboring man can do when an earnest and organized attempt is made.

To begin with the day was all that could be desired. The weather man certainly deserves the thanks of the laboring community for providing such a delightful and refreshing day. Although the sun shone brightly from a cloudless sky the weather was cool and delightful with a light refreshing breeze.

Early in the morning the streets began to fill with the happy faces of old and young, all on pleasure bent and no one was disappointed. By 10 o'clock when the parade began to form, the principal streets about the city were a dense mass of happy humanity. The head of the parade formed at the corner of Sixth and Front streets, Dressel's City Band in the lead. The column was started about 10:30 and proceeded west on Front to Fifth, south on Fifth to Laurel, east on Laurel to Eighth, south on Eighth to Front, west on Front to Sixth, north on Sixth to Juniper, east on Juniper to Eighth, south on Eighth to Front, west on Front to west end of Y. M. C. A. grounds.

It was many blocks in length and made a grand appearance. The chief marshal and his assistants rode ahead on horse-back, followed by the mayor and city council in carriages. Then came Dressel's City Band at the head of the men from the shops. A carriage containing Master Mechanic S. L. Bean and the general foreman of the shops followed the band. A magnificent float drawn by four grey horses and illustrating the work of the machine shop preceded the machinists, who turned out 75 strong, each dressed in a suit of blue overalls. Six machinists with the sign of the Red Cross on their arms, followed, bearing a circular flag. They presented a appearance and met with applause as they advanced.

Next came the blacksmiths with two floats, one equipped with a steam hammer and other modern equipments and the other a product of by-gone times, as a contrast. About 75 blacksmiths were in line, each carrying a hammer or a pair of tongs. They too were heartily applauded by the spectators.

The tin shop had a turnout of about 25, all carrying little tin sun shades. The car department came next with a float made of an entire boxcar on which the finishing touches were being put. About 50 car men were in line.

The tailors of the city a dozen strong marched next, each carrying an article indicating his trade. The Iron Moulder's Union, about 30 strong followed the tailors, who came the dandy portion of the parade in the persons of the retail clerks. Eleven lady clerks, each wearing a white shirt with red tabs, carrying a dainty case, occupied a tasty decorated float and it is unnecessary to state were the great attraction of the parade. They were followed by the male members of the union, dressed in black pants, white coats, red hat, white gloves, and cane, embellished with red and white ribbon.

They marched in perfect order, and it must be conceded, made a display that it was a pleasure to behold. The barbers came next, a detachment of about 100, mounted on a jack and carrying a

huge banner. They presented a pleasing appearance. A motley crowd of bums and tramps labeled Coxy's army followed, led by Arthur Winters. The parade from the street fair was next and certainly was one of the features of the parade, with a little boys and girls dressed to present the different mother goose characters.

Next came the speakers in a carriage, and the column closed with a real live elephant, conducted by C. A. Albright, it's keeper, and headed by the greatest showman on earth, Prof. G. D. Johnson, who preceded the ferocious beast in a carriage. On arriving at the Y. M. C. A. part an able address on the dignity of labor was made by Hon. Otas, Kris, of Duluth, who was listened to by a large crowd of laboring men and spectators.

Prizes for the parade were awarded as follows:
Best mechanical float—The blacksmiths, \$25.
Best appearing society—The mother goose parade of the street fair, \$25.
Second best appearing society—The Retail Clerks, \$15.
Most comical turnout—The elephant, Geo. Grewcock and Glenn Nielsen, \$10.
Most comical body—Coxy's army.

The afternoon was devoted to sports at the Swartz's Driving park, and they were interesting and very much enjoyed. Prizes were won as follows:
Three minute trot or pace—first and second, F. M. Paves, \$40.
2:40 trot or pace—Jack Burn's grey horse, first, \$35; J. Billedeau's sorrel, 2nd, \$24; A. E. Hall, 3d, \$9.
Free for all trot or pace—J. M. Gray's Greenleaf, 1st, \$45; Dr. Groves' bay, 2nd, \$30.
Bicycle race, green—C. Watson, 1st, \$4; R. Case, 2nd, \$9; J. Foxlock, 3d, \$2.35.
Bicycle race, free for all—L. Christensen, J. Pollock and C. Johnson each took first and second and got \$3.80 each.

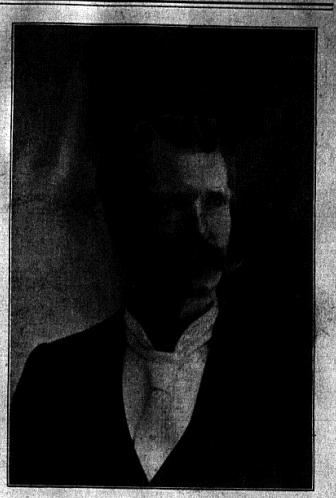

One hundred yard dash—Fred Vorge, 1st, \$5; Ed. Dressen, 2nd, \$3.
Two hundred yard hurdle race—R. H. Shoemaker, 1st, \$7.00; Fred Vorge, 2nd, \$3.00.
Pony race—H. Springer's pony, \$5.

The dance in the evening at Gardner hall was most delightful occasion. The immense hall was completely filled. The cake walk was the feature of the evening, and was participated in by eight couples, and they were "hot stuff" and no mistake. The prize was awarded to Herman Stado and John Goedders.

After the cake walk dancing was indulged in until a late hour in the morning and concluded the pleasure of a remarkably pleasant day. It was the best and most pleasant labor day celebration yet held.

Five new quarters.
S. J. W. Rupp have moved from their old location on Front street, where they did business for 16 years, into their new block on 7th street. That they have the finest grocery quarters in the northwest, there is no doubt. They are not settled yet, but will be in a week or so when they will be pleased to greet their customers.

People who burn the Lamp of Reason need Rocky Mountain Tea. Treat your nose, producer known. For sale at McFadden Drug Store.

PROF. TORRENS, BRAINERD'S NEW SUPERINTENDENT OF SCHOOLS.

THE STREET FAIR A GREAT SUCCESS.

Over \$500 Realized by the Guild—A Splendid Entertainment.

The first street fair ever held in this city is a thing of the past, and the ladies of the Guild are to be congratulated for offering so novel, unique and enjoyable entertainment, as well as because of the magnificent sum realized for the construction of the new parsonage.

The fair was held as advertised on Seventh street between Kingwood and Juniper streets. This space was enclosed by a high board fence, except the north end, where the huge circus tent finished the enclosure. Both sides of the streets were lined with all the various booths, previously announced, all beautifully and artistically decorated.

In the German village supper was served each evening. The enclosed was lighted by numerous arc lights that were suspended from poles put up for the occasion. Numerous incandescent lights and Chinese lanterns assisted in the illumination and decoration.

The circus was the feature of the entertainment, and certainly was the warmest thing that ever liked down the pike. We have not the space to enumerate the many wonderful and unexpressed features of the greatest show on earth, but the packed tent every night indicated that it was appreciated by the public.

A street parade was held on Tuesday and Wednesday evenings, and on Monday the parade formed part of the Labor Day parade, and the fact that it was awarded the first prize indicates the excellence of the parade.

The ladies of the guild certainly were to be congratulated on the magnificent success of their efforts.

DEATHS.
Mrs. N. A. Lense died at her home on 2nd street on Friday, August 31, of cancer of the stomach, aged 52 years. The remains were taken to Crow Wing for burial. A husband and several children survive her.

The remains of Mrs. Casey formerly a resident of this city, were brought here on Monday, from Superior for burial. Services were held at St. Francis church by Rev. Fr. Lynch.

Mrs. Carrie Rockwell, who died at Cross Lake on Saturday of lung trouble, was brought to this city and buried in Evergreen cemetery on Monday. She was 77 years of age.

An infant daughter of Mr. and Mrs. I. Backen, residing on 7th street north, died on Sunday of cholera infantum, and was buried on Monday, Rev. Grew conducting the funeral services.

Mrs. Sienca Olson, aged 72 years, died at her home in Southeast Brainerd yesterday of consumption. The funeral services will be held today at the Swedish Mission church, Rev. Sjodal officiating.

BOARD OF EDUCATION.

Music Teacher Elected and Other Important Business Transacted.

The regular monthly meeting of the board of education was held on Tuesday evening.

The matter of purchasing text was left with the building committee.

The treasurer submitted his report showing \$10,550.51 cash on hand, \$1,117.50 has been paid on new building.

On motion it was decided to rent Bakke's Hall in Southeast Brainerd for school purposes, at \$15 per month.

The matter of securing 200 cords of seasoned tanamack wood at \$2.40 per cord was accepted.

A. Everett was given the contract to move the East Brainerd school house to the mill district and repair the same for \$320.

A number of claims against the board were allowed.

A charge of \$1.00 per month was fixed for non-resident pupils.

Flo Halsted and Belle McCarty were elected teachers and their salaries fixed at \$45 per month.

Miss Grace Barker was elected music teacher at a salary of \$60 per month. The Barker has lately resided in Illinois, although a resident of this state.

STONE CRUSHER BOUGHT.
Special Session of the City Council on Wednesday Evening.
The city council held an extra session on Wednesday evening.

A. P. Shoberg asked that the council make a reasonable proposition to settle damages for injuries sustained by him by being thrown from a wagon on Norwood street. The matter was referred to the street committee with power to act.

A communication was received from the Mississippi Boom Company calling attention to the dangerous condition of the bridge at the dam.

The special committee appointed to act in conjunction with the commissioners and purchase a stone crusher, reported that a crusher and roller, including screen and elevator, had been purchased for \$1500, the council to pay one-half. The one purchased is an improved jaw crusher, selected from eight bids offered.

The clerk was instructed to present bill for 50 cords of rock to be delivered at central hose house, bids to be opened Sept. 17.

The purchasing committee was instructed to buy \$100 worth of trees for the park.

Loved by the people, hated by its would-be rivals, the foe of disease, the friend of humanity—Rocky Mountain Tea, made by the Madison, Madison Co. For sale at McFadden Drug Co.

A DISASTROUS FIRE

At Hollis's Ranch, 12 Miles North of the City—Loss Over \$5,000.

A most destructive fire occurred at P. C. Hollis's stopping place on the Green Lake road, 12 miles north of this city, about 4 o'clock Monday morning, when practically all the buildings on the ranch were destroyed except the house.

Five buildings were consumed, including barn, granary, store house, hay shed 100 feet long, and other out houses and several stacks of grain containing approximately about 3,000 bushels. The hay shed had ten tons of hay, which was entirely consumed, and nine valuable horses were burned to death in the barn.

Six sets of logging harness, four sets of logging sleds and a fine logging outfit were stored in the barn and were destroyed by the flames. In the store house a large quantity of provisions were stored for use in the winter, and all consumed by the fire.

Mr. Hollis was away in Montana when the fire occurred, but was notified by telegraph and returned on Wednesday. He says his loss will aggregate considerably over \$5,000, and can find only \$300 in insurance.

How the fire originated is not known, unless some tramp stopped there for the night, and carelessly lighted a match, but this is only conjecture. The house and contents were saved, although they were fully covered by insurance.

KILLED BY HIS BROTHER.

Distressing Accident at Hubert Lake on Monday.

William Snell, aged 12 years, was accidentally shot and almost instantly killed by his younger brother near Hubert Lake last Monday. The boys were out hunting, each having a gun. The younger brother was firing his gun when it was accidentally discharged, the charge entering the abdomen, producing death in a short time.

The remains were brought to Snow & Dana's undertaking rooms and prepared for burial. The funeral services were held at the undertaking rooms, Rev. Father Lynch officiating.

The parents of the boys were both dead, and they lived with their step-grandparents, Mr. and Mrs. Seefoss, at Hubert Lake.

Imported Clay and French worsted suits at \$8.75 and \$10.75, well worth from \$10 to \$15.

WORK BEGUN ON NEW SHOPS.

Contracts Require All To Be Under Roof By January 1st.

Machinist Shop, Blacksmith shop and Boiler Shop To Be Near Thon Dahlen.

The actual work of building the new shops has been commenced. The foundations of the blacksmith and the machine shops are now in process of construction, and the masons are laying out the other buildings.

Plans for the shops have been on exhibition this week. The machine shop will be increased 150 per cent. The present shop is 230 feet long. The new portion will be 390 feet, making the total length of the new shop 620 feet. The new portion will be two stories high and contain 18 pits. The present shop has only 10 pits.

The blacksmith shop will be increased 90 per cent, and the boiler shop 100 per cent. The present boiler shop will be used for construction and paint shop, and the boiler shop will be in the new portion. A riveting tower for hydraulic riveting will be constructed on the east end.

The car shops will be increased about 80 per cent. An entirely new building will be constructed east of the present shop, with a transfer table between. The engine rooms, boiler rooms and all other portions will be enlarged to correspond with the increase made elsewhere.

When completed, Mr. Bean informs us, they will have a capacity for twice the present force. What this means for Brainerd can easily be imagined. Of course the force will be increased only as required by the work on hand, but there is no doubt, in a year or two, all will be operated to the full extent.

Great credit is due to Mr. Bean, who constantly urged upon the highest officials the necessity of building the new shops.

S. R. VAN SALT AND J. ADAM BEDE
To Speak in this City Saturday Evening, September 22d.
Capt. S. R. Van Salt, republican nominee for governor of Minnesota, in company with J. Adam Bede, will deliver a political address in this city on Saturday evening, Sept. 22d, the announcement having been received this afternoon just as the Dispatch goes to press. Full particulars will be given next week.

HAR WATSON—Will render a bicycle race on a half ton and good day, in.

FOOT BALL

The Advantage Derived from This Interesting Sport.

An enthusiastic admirer of sports on the gridiron offers the following:

Every one, both old and young should take an interest in this ever popular game and push it along and make it a success.

Since nearly all of the colleges of the country have gone into this department of athletics there surely must be some advantages to be gained therefrom.

This game might be compared to the game of chess, with the exception that the pieces are living men instead of blocks of ivory.

EDGELY GOLD DISCOVERY.

Hundreds of Paces in the West and South.

LA MOON, N. D., Sept. 7.—Intentional prospecting in the western part of this country over the discovery of rich deposits of copper and gold. Edgely, ranchman who lives about 10 miles northwest of Edgely, sank a well recently and some deposits of ore abounding with copper and some gold. Specimens were forwarded to an assayer, whose report was of such a nature as to cause several old miners to tie themselves with all possible haste to the scope of the discovery. They immediately staked out claims for themselves, and others in the neighborhood lost no time in doing likewise. The people of Edgely and Edgely are greatly excited, and loads of citizens went out to the Edgely ranch from these towns every day.

Northwestern Mine Output.

MINNEAPOLIS, Sept. 7.—According to the Northwestern Miner the floor output at Minneapolis last week was \$2,160,000, against \$1,300,000 for the corresponding week of 1900. Superior and Duluth mills ground 10,750 tons last week, against 8,000 for the corresponding week of 1900. A few mills made more output, but mostly made sales under output.

San Francisco, Sept. 7.—Word has been received in this city that the steamer William Cliff, which left Vancouver, on October 27 for Vera Cruz has not yet arrived at that destination, nor has communication been received from the steamer since it was reported to have been wrecked in the Gulf of Mexico.

COMPLIMENT VAN NESS.

His Action in Raising a Beer Flag at Bar Harbor Approved.

New York, Sept. 7.—A meeting of the New York committee to aid the South African Republic was held here to consider the Beer flag incident at Bar Harbor when a Beer flag was raised by Edward Van Ness, one of the members of the committee, at the approach of the fleet of English war vessels and was taken down by the authorities of Bar Harbor.

Made Free of the Whisker.

New York, Sept. 7.—William Fitzpatrick, a weak-minded man, killed Richard Gordon and inflicted wounds that will probably be fatal to Louis Gordon, Richard's twin brother, at Clifton, S. I. The trial was held by the Gordon family, son of Fitzpatrick's whisker, at which the latter attacked the brother with a knife.

With Attended Hotel McKinley's Wedding.

WASHINGTON, Sept. 7.—President and Mrs. McKinley will leave here either Monday or Tuesday for South Beach, Pa., to attend the wedding of Miss Mabel McKinley and Dr. Boer. The trip to South Beach will be made by day train, immediately after the ceremony they will depart for Canton to remain some

CAFFERY FOR PRESIDENT.

National Party Meets at New York and New York, Sept. 7.—The National party—official name of the third party—met in convention in Carnegie hall, this city, and nominated Charles Caffery for president and vice president of the United States. A platform was adopted and a vote and address chosen. These are the candidates: For president, Charles Caffery of Louisiana; for vice president, Archibald Murray of Cambridge, Mass. There were no other candidates for the positions and the nominations were received with acclamations. The platform adopted says:

"We find our country threatened with alternative perils. On one hand is a public opinion misled by organized forces of commercialism that have perverted a war instigated by the people to a war of humanity into a war of conquest. On the other hand is a public opinion swayed by demagogic appeals to factional and class passions the most fatal of diseases to a republic. We believe that either of these influences, if unchecked, would ultimately compass the downfall of our country."

"We do not believe that either represent the sober conviction of our country."

"Convinced that the extension of the jurisdiction of the United States for the purpose of holding foreign people as slaves, is a danger to our liberties and repugnant to the principles upon which our country was founded, we pledge our efforts through all constitutional means to secure the immediate and complete withdrawal of all our troops from all foreign territories, claimed to be ours, and to secure the immediate and complete withdrawal of all our troops from all foreign territories, claimed to be ours, and to secure the immediate and complete withdrawal of all our troops from all foreign territories, claimed to be ours."

...The supreme court of Minnesota may consider itself reversed. Its learned justice doubtless labored under the impression that they knew the law, but their short cuttings have been laid bare.

...The only surprise produced by this recent disclosure is the fact that the writer of the Arens could go for the legislature, explain in his classic diction that Judge Holland and never make a mistake in a law with his life, and the supreme court reports with the history of 39 mistakes could then be introduced.

...How those 39 mistakes break into sleep of the present incumbent, claim everything about everybody, pay no attention to facts, have been the orders issued. 'Save me, I must be saved.' Why but these 39 mistakes if the supreme court and every district judge in the state except the job ...

FROM OUR COUNTY CORRESPONDENTS.

Interesting Local News of the Surrounding Country. EAGLE LAKE. Messrs. Blowers & Steinbach have the contract of building the Emory school house.

Will rise in good shape to be harvested, and there is an excellent crop this year. Mr. Fred Howe, the clerk of the Emory school house.

Mr. Wm. Moore has been appointed clerk of our school board, vice Mr. Neidreder resigned.

The lakes have about regained their normal level since the heavy rains of the last two weeks. In this vicinity, very near two inches.

One hour's rain on the night of the 19th inst. raised the lakes in this vicinity, very near two inches. Born, to Mr. and Mrs. Neidreder on the 12th inst. a son.

Mr. F. Dean says he has a large contract of putting in all the Nelson & Frey timber lying in this neck of woods, the coming winter.

Mr. Wm. Blowers, of Lake Anna, has taken the contract for the winter's supply of wood for school district No. 48, the Eagle Lake school.

Dakota mustard is getting out a start in our community, and if the farmers do not pull it up we will soon be as bad off as the Dakota farmer.

All haying operations have been at a standstill, owing to the wet weather, but there is hopes of a dry spell, so the wind has got out of the wet corner.

The Sugar drive is now in the thoroughfare between Eagle and Mitchell lake. As the lakes have now an abundance of water there should not be any more hang-ups.

Messrs. Andrews & Lambert, of Emory, have lost thirty tons of hay by too much rain. The high winds scattered the hay-cocks and the wet weather ruined every pound of it.

Mr. Blowers and son, of Lake Anna, are working for H. G. Butterfield a few days, helping him get the upper hand of the weeds, which have become very troublesome since the recent wet spell.

Some of our young men are bound to have chicken to eat, whether they get it at their boarding house or not, at least it looks that way, as a couple were seen stirring a couple of domestic fowls the other night that we know they never purchased or raised.

Gospiak has learned that some of the more cautious would be good people of this end of the county are trying to throw the blame of the blind piper's arrest onto his shoulders, but they need not lose any sleep over it, as the parties that swore against the man are non-residents.

Billy Moore is working for the government since his house raising of the 23rd ult. The drive that has been hung up so long on Little Pine has again started on its journey toward the father of waters.

NEAR THE POLE

Duke of Abruzzi's Arctic Expedition Penetrates to Latitude 86.83.

Members Suffer Great Hardship and Are Forced to Eat Their Dogs.

Vessel Fast in the Ice for Eleven Months, Greatly Damaging Machinery.

CHRISTIANIA, Norway, Sept. 7.—A telegram from Tromsø, Norway, in reporting the return of the Stead Polar expedition on board, says the Stead Polar reached a point in latitude 86.83 north, that penetrating further north than Dr. Nansen's record.

The Stead Polar remained fast in the ice for 11 months. The pressure against the hull, and the hole in inches in breadth, and her machinery was also damaged.

The party that borrowed the money wrench (without leave) from the hay meadow in Sec. 25, 183, 27, had better return it as his identity is known and he will be exposed if the wrench is not returned; also the other haying tools.

Some people are always kicking one way or the other. Occasionally Gospiak can hear a howl because he has put someone's name in the paper, and the next week the same parties have been heard to emit another howl because they did not find their name or names in the county news.

New, good friends (or otherwise) Gospiak does not intend to say anything through the medium of the paper to hurt any one, but he intends to chronicle the news, and if he does not want to see things in print that is detrimental to their welfare, they should not do things that the world at large should not see or know of.

Certainly we are all liable to mistakes and we local scribe always is willing to correct them when he knows that a mistake has occurred.

Brother farmers and gardeners, if you wish to have the potato bugs exterminated in your potato fields do not kill or scare away the pin tail grouse that may happen to be running through your vines.

Gospiak thought to have a nice young grouse for dinner one day recently, and upon opening the crop he was greatly astonished to find it full of potato bugs, from a full grown bug to the bug apparently just hatched.

I have not used any paries green this season, as there were very few bugs to be seen on the vines, and as there was a couple of broods of pin tails reared close to my potato field, evidently they are accountable for their being none to speak of.

MUST STUDY FOREIGN NEEDS. That Alone Necessary to Make United States First in Imports. CHICAGO, Sept. 7.—Charles T. Traut, special commissioner of the National Business League, sent abroad to report on the commercial interests of Europe for the special instruction of American merchants and manufacturers, delivered his report to the executive committee of the league here.

He declared that to make the United States first of all the nations in exports of manufactured articles, organization and systematic study of foreign requirements is necessary, and in exhibits of machinery and labor saving devices this country was far and away the leader, although the fine and industrial arts, the Paris exhibition is at least an equal of the Columbian exposition.

According to the report, France, Russia, Germany, Austria and Switzerland in the order given appear to have been given the most favors in the way of imports. The report awarded the United States, Mr. Traut added, is wholly unprepared to meet them.

IN WINNIE'S INTEREST. Social Democrats Will Open Headquarters in Indianapolis. Indianapolis, Sept. 7.—At a conference of Social Democrats it was decided to establish national headquarters in Indianapolis, probably next week, and conduct a campaign in the interest of McKinley.

General Charles Tracy of New York was the most conspicuous visitor. He said that while the Social Democrats had not made a formal declaration to support the Republican national candidate, a quiet campaign would be waged in their behalf the same as it was in 1904.

Literature will be distributed all over the country and "sound money" clubs will be organized in the different states. The campaign fund left over from 1904, amounting to \$10,000, will be used and a light general assessment may be made upon the leaders.

MINNESOTA DEMOCRATS. State Nominating Convention in Session at St. Paul. St. Paul, Sept. 7.—The Democratic state convention was called to order at noon by State Chairman Hooding and Captain W. H. Harriet selected for temporary chairman. The list of delegates as handed in by the state committee was accepted and the temporary organization made permanent.

After selecting a committee on resolutions the convention recessed until 9 p. m. After reassembling the convention proceeded to the nomination of a candidate for governor although the constitution committee named to meet with the Pupilla was not ready to report.

MAY DELAY WITHDRAWAL. Russia Has a Plausible Reason For Retardation in Peking.

LONDON, Sept. 7.—What is now designated in some quarters as an attempt to establish a "Russian Monroe doctrine" in Asia seems doomed to modification. Hence the prospects of the continued concert of the powers are believed to be improving.

Unusually favorable. LONDON, Sept. 7.—A special dispatch from Hong Kong contains the remarkable statement that Li Hung Chang has received advice from Peking to the effect that the allied forces are gradually handing over the management of the capital to the Chinese and that Prince Ching (former president of the league) is being recalled to Peking.

NEW COMMANDER-IN-CHIEF. Major Ramsey's Appointment Member of the War Department.

CHICAGO, Aug. 31.—Judge Leo Reaser, commander-in-chief of the league, was elected president in 1904. His people came to this country in 1904, settling in St. Louis. At the breaking out of the Civil War, Leo Reaser, who was 17 years of age, enlisted as a private in the 10th Missouri.

DETROIT, Aug. 31.—Supreme Vice Chancellor Otho H. Peckham of Jenneville, Wis., was elected supreme chancellor of the Knights of Pythias. His year was \$6 to \$8 for Supreme Chancellor.

MINOR DELAYING CAUSES. LINA, Pa., Sept. 7.—Mr. Ervin R. Dunbar, United States representative, has left for the United States, via Panama, Mr. R. H. Hill, secretary of the United States legation, will act as chargé d'affaires during Mr. Dunbar's absence.

ATTEN, Minn., Sept. 7.—The 8th district Democratic nomination for Congress was held here during the afternoon and resulted in the nomination of Henry Trenchard of Duluth. The resolution endorses the Kansas City platform.

SERVICEABLE YOUNG MAN.

By HOWARD FIELDING. Copyright, 1910, by CHAS. W. HOOKER.

The Savannah steamer was about to sail from the port of Boston. She had the full complement of passengers and there was the usual number of friends and relatives to say good-bye. People were standing about upon the main deck near the gangplank and in the saloon above, leaving one another in a hasty and seemingly reckless manner.

He was near the foot of the main salway leading to the saloon, and she obviously did not know whether to go up or stay where she was. Three or four times she ran up a few steps, only to descend again, and she made many futile attempts to attract the attention of uniformed men who dashed by her on their various errands.

"There wasn't a minute to lose!" exclaimed the old gentleman, and in two seconds more he was out of sight. Suddenly Howell was aware of a bare complexioned man who seized him by the arm. He turned to face an elderly lady of agreeable countenance, though her dirty apron showed that from the effect of her excited state of mind, Howell had been a quick-witted girl.

"My wife and my daughter, I must find them. If they haven't the steamer, I'll search the harbor." He displayed a big pocketbook which he had brought along for the purpose of his mad career.

"Why, Mr. Winslow?" exclaimed the young girl, "the steamer is starting; you'll be carried away." "I can't let it go," he returned. "This young man was with me for some time, I haven't enough with me to see through it, but I must say and do what I can."

"What shall I do?" "What shall I do?" "This is all my fault," cried Howell in mortal anguish. "But I'll get you out of it somehow."

"What shall I do?" "What shall I do?" "This is all my fault," cried Howell in mortal anguish. "But I'll get you out of it somehow."

LABORERS' VISIT TO PARIS. Definite will be made by the president of the American Federation of Labor, Samuel Gompers, to visit Paris in the near future.

Dr. William H. Tolson, secretary of the League for Social Service, who lately returned from Paris, expressed himself as follows, says the New York Post regarding the laboring man at the exposition.

"Through the wisdom of the board of managers of the coal mines of Austria, of which company M. Caudin Payer is an influential member, 4,000 of the miners will be brought to Paris in a group of 200 each to spend a day at the exposition.

"The large day works of Sir Herbert Parker in Paris there are various movements for improving the condition of the employees. Early in the summer Sir Herbert had announced that he would give any of his workmen who would accept his invitation to the exhibition 100 francs toward the expense of the trip. Nearly 50 of the men are available for an opportunity to advance one of his workmen who has been requested to make a memorandum of anything which he notices in the exposition.

REPUBLICAN CANDIDATES

Brief Biographical Sketches of the Nominees for the Various State Offices.

Personal Popularity of Each Combine to Make an Unusually Strong Ticket.

Indications of the Greatest Republican Victory in the History of the State.

The dominant note of the Republican campaign of 1900 is one of confidence as to the result—of the fact that Minnesota is ready a Republican state. Today's confidence is one of the logic of events.

Beginning with the national convention in Philadelphia every Republican gathering this year has been characterized by confidence of the loftiest kind. Minnesota is simply one link in the chain. It all means a Republican victory in November of propositions that will compel Democrats to choose new leaders and new issues. The outcome of the campaign of 1900 will either be the destruction of Bryanism or the destruction of property. Property and Bryanism rule our politics at the same time.

Bryanism means absolutely free silver, at 16 to 1, and the destruction of all money values. Bryanism is Populism, and Populism is born of and sustained by hatred of success. The Republican party is a practical party, its record of accomplished facts speaks for itself. What further demonstration of its claim for support can be asked. The people of this great state, regardless of party affiliation, will rally to the support of the Republican state ticket, the personal of which is given here in portrait and brief biographies.

LYNDON A. SMITH,
Republican Candidate for Lieutenant Governor.

As lieutenant governor of the state during the past two years, Hon. Lyndon A. Smith has won a high reputation for his ability and integrity. He presided over the last senate with dignity and to the mutual satisfaction of the members of that body. He was given the deserved compliment of a re-nomination by acclamation and will be re-elected by a handsome majority. Governor Smith was born at Brownsville, N. H., in 1854. After attending the public schools in that immediate vicinity, he attended Dartmouth college and later the Georgetown (D. C.) university. He taught school and was city superintendent of schools in Vermont for four years, was assistant to the United States commissioner of education at Washington for five years, and was superintendent of the education of Minnesota for the entire establishment of the people of the state which was manifested in his renomination by acclamation.

Mr. Douglas was born in Leyden, N. Y., Sept. 31, 1832. He attended the public schools and spent a year in Casnovia seminary, that state. He later attended the University of Michigan at Ann Arbor and was graduated from the law department in 1876. He practiced law in Chicago until 1883, when he came to Minnesota and located at Moorhead.

Mr. Douglas served as city attorney of Moorhead several years and was also county attorney of Clay county. In 1884 he was elected representative to the legislature and was one of the most valuable members on the floor of the lower house.

CHARLES M. START,
One of the most highly respected legal lights of Minnesota and an honored member of the supreme bench in Judge Charles M. Start, who was nominated to that high position by the unanimous vote of the convention.

Mr. Start was born in Vermont in 1839, and after attending school and college in that state, he engaged in the study of law, being admitted to the bar in 1861. He practiced law in the Vermont volunteers and a month later was commissioned a lieutenant. Being disabled in service, he resigned from the army and in 1863

relocated in the New Orleans territory.

Mr. Smith studied law and was admitted to the bar. He came to Minnesota in 1885 and has made his home at Montevideo, where he engaged in the practice of law.

PETER E. HANSON,
In Peter E. Hanson, the convention nominated a representative Swedish-American, and a gentleman well qualified for the office.

Mr. Hanson was born at Brunstad, Sweden, in 1857. He came to America with his parents and settled in Meeker county, that state, where he has since made his home. His boyhood days were spent on the farm and attending school. At the age of 21, he married and started in farming for himself. In 1880 he went into business banking and real estate in Lehigh, where he still continues, also operating several farms.

Mr. Hanson served as chairman of the Meeker county board of commissioners for several years and in 1894 he was elected to the state senate, where he served by the satisfaction of his constituents. He enjoys a wide acquaintance and is popular throughout the state.

JULIUS H. BLOCK.

Julius H. Block is a stalwart type of the true German-American. His parents came to America from Germany in 1850. Julius was born near Oshkosh, Wis., in 1860. He came to Minnesota with his parents in 1870, and in early years went to school at his father's farm.

WALLACE B. DOUGLAS,
For nearly two years, Wallace B. Douglas has filled the office of attorney general of Minnesota.

Mr. Douglas was born in Leyden, N. Y., Sept. 31, 1832. He attended the public schools and spent a year in Casnovia seminary, that state. He later attended the University of Michigan at Ann Arbor and was graduated from the law department in 1876. He practiced law in Chicago until 1883, when he came to Minnesota and located at Moorhead.

SAMUEL R. VAN SANT.

Republican Candidate for Governor of Minnesota.

Captain Samuel R. Van Sant is known throughout the length and breadth of the state, and in fact all over the North-west. In nominating him as the standard bearer of the party in Minnesota, the Republican convention merely carried out the demand of the people; his nomination was unanimous and was carried on the strength of his name, which has done so much for the party in Norway. Captain Van Sant is one of those hearty, whole-souled men who make friends everywhere, and his personal and family life is all-praising. He was attending one of the high schools in 1861. Four summers was spent on the farm, and in 1863 he was elected to the legislature. He served two terms in the legislature in 1863 and 1864. The latter term he was chosen speaker of the house and presided with ability.

IRA B. MILLS.

The presence of an attorney of such high standing on the railway and warehouse commission was a necessary state convention and in the nomination of Judge Ira B. Mills the convention was well fortified.

Mr. Mills was born in Orange County, New York, in 1845. He attended the public schools and later the law college at Albany, N. Y. He came to Minnesota 20 years ago, locating at Moorhead, where he engaged in the practice of law. He was elected judge of the district court and was one of the ablest and most popular judges in that part of the state.

JULIUS H. BLOCK,
Republican Candidate for State Treasurer.

Mr. Block was born in Norway in 1860. He came to Minnesota with his parents in 1870, and in early years went to school at his father's farm.

CHARLES F. STAPLES,
C. F. Staples was born in Dakota county in 1856, was educated in district schools and at St. Paul, engaged in teaching several years, is a practical farmer and dairyman, operating on the largest dairy in the state. He has held many positions of trust here and elsewhere in school, town and county; was member of the house in 1881, and served on several important committees. He was appointed member of the pine land investigating commission and afterward chosen as its secretary; was a member of the house in 1881 and 1882.

LOREN W. COLLINS,
For 18 years Judge Loren W. Collins has filled the important position of an associate justice of the supreme court. In 1887 he was appointed by Governor Mead to fill an unexpired term and has twice been elected by the people, each time by such a majority that evidenced the fact that the voters recognized his ability and integrity.

LOREN W. COLLINS,
Republican Candidate for Associate Justice of the Supreme Court.

Mr. Staples was returned to the house in 1886, and in the session of 1897 performed the most important duties. He has always stood for the right and opposed the wrong, and through a strict adherence to principle he could today command the Democratic endorsement for railroad commissioner.

Mr. Staples has a record and a standing that any man might envy, and it has been predicted for him that though his name appears well down on the list of candidates, he will lead all in the majority he secures.

JOSEPH G. MILLER,
Joseph G. Miller of Two Harbors was born at Orango, Wis., Sept. 3, 1858. He is of German descent, and his father was always active in Republican politics. After receiving a common school education, Mr. Miller began railroading as a telegraph operator, in 1880, and has since devoted his time to the business of railroading. He has had practical experience in all branches. He became a resident of Two Harbors in 1885, and in 1890 he was elected clerk of the district court for Lake and Cook counties, defeating his opponents three to one. He is a life-long Republican and since 1894 has been chairman of the Lake county Republican campaign. Mr. Miller has been an endorser by all the best railway organizations in the state, regardless of party lines, which represents

JOSEPH G. MILLER,
Republican Candidate for Railroad and Warehouse Commissioner.

their work and votes in securing the passage of our railroad laws. He is a constant for the people is favored and a constitutional amendment to that end recommended.

As a member of the state railway and warehouse commission, Judge Mills brought to it abundant experience in legal questions and particularly on those intricate points relating to commerce and railroads.

W. C. MARTIN.

Insists that every business, whether owned by corporations or individuals, should bear its just share of the public burden. We heartily approve of the legislation enacted by the last Republican legislature known as the "Home-rule law," imposing a tax upon all foreign corporations doing business within this state.

We heartily commend the present gross earnings system of taxation as to railroads. We believe that pressure to be applied with less friction and expense and to have produced better financial results than the method of direct taxation which prevails in some adjacent states. We are in favor of continuing the maintenance of this system in this state and we insist that the rate of taxation under the gross earnings system shall be maintained each year as well as the tax annually collected on railroad property equal

TAMM BIXBY,
Chairman Republican State Executive Committee.

The adoption of the gold standard law is approved and the sound financial policy of the party is credited with having contributed largely to the present prosperity.

The brewery and patriotism of our soldiers and sailors in the war with Spain is commended and a fair and liberal administration of the pension laws in behalf of the widows and orphans of those who fell in that war is favored. The platform declares an unalterable opposition to all trusts and combinations having for their purpose the stifling of competition arbitrarily or protection and unfair trade.

The record of the Republican party as the friend and champion of labor is referred to and a pledge made to use all legitimate means to secure the passage of legislation making eight hours the legal working day on all public works.

Coming down to state affairs the platform expresses confidence in Senator Knute Nelson and recommends his re-election by the incoming legislature.

The speedy passage of legislation now pending in congress to prevent the sale of monopolies is favored, and the senators and representatives from this state are called upon to aid by

CHARLES C. WHITNEY,

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality or wholesomeness. The highest grade and most highly refined ingredients only are employed in Royal; hence its well known superiority.

Royal Baking Powder costs only a fair price, and is cheaper and better at its price than any similar article in the world.

It is always the case that the consumer suffers in pocket if not in health by accepting cheap powders as substitutes for Royal Baking Powder.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. "Just as good and cheaper" is a fraudulent cry, intended to deceive the unwary. Alum is a corrosive acid, which taken in food means injury to health.

MARRIED.

REHEARSED—DORAN.

The home of Mr. and Mrs. Daniel Doran was the scene of a very pretty wedding on Tuesday evening, when their only daughter, Miss Mary Amanda, was united in marriage to Dr. Christian S. Reimstead, of this city.

The house was very tastefully decorated, the front parlor being ornamented with cream roses and white carnations, while the decorations of the rear parlor were pink roses with smilax and ferns. The dining room was green and gold, graceful festoons of woodbine and gold flowers being used.

The ceremony occurred in the front parlor at 8:30 o'clock. Rev. Father Lynch conducted the ceremony. Miss Mabel Early was bridesmaid and Dr. Reimstead was the groom's best man. The bride looked lovely in a cream silk gown trimmed with liberty silk, and she carried a bouquet of cream roses tied with cream satin ribbon. The bridesmaid wore white organdie and carried pink and white roses.

After the ceremony the happy couple received the congratulations of the assembled guests, after which a sumptuous wedding supper was served. They left for Minneapolis on the midnight train and a shower of rice and the best wishes of the guests who accompanied them to the depot. They will return to this city on Sunday and will reside in the Smith Gray place on Fourth street north.

Each of the contracting parties are well known and most highly respected in this city. The groom has resided here for the past five years, is a graduate of the state university, has been county coroner for the past two years, and is a rising young physician with constantly increasing practice.

The bride has resided here from infancy and is a handsome, intelligent and refined young lady whose friends are numbered by her acquaintances. She is a graduate of

the Brainerd high school and the State Normal school, and taught school one year in the public schools.

The Divorcee with hosts of friends extends congratulations and best wishes. Many costly and beautiful wedding presents were received including some very fine statuary from the doctor's brother who is now in Denmark, Geo. Reimstead and Miss Reimstead, of Minneapolis, were in the city and attended the wedding.

CLARK-SMALL.

Dr. Collis R. Clark, of Youngstown, Ohio, and Miss Jean B. Small, of this city, were united in marriage at the home of Mr. and Mrs. F. A. Farrar, on Buff avenue, on Wednesday evening, at 8 o'clock. Rev. R. J. Mooney, of St. Paul's church, conducted the service. They left on the night train for Minneapolis, from which point they will go to Mackinac, to spend their honeymoon, making the trip from there to the doctor's home in Ohio by the lakes.

Both of the contracting parties are well known and most highly respected in this city. The doctor was for some time assistant surgeon of the Sanitarium, and became a great favorite with all patrons of the institution. He is already a surgeon of note, and will be a great success in his profession. The bride is a daughter of J. C. Small, and is a young lady of refined character and lovable disposition. They have the best wishes of their hosts of friends.

Mr. William Logan and Miss Isabelle Martyn were united in marriage on Monday, Rev. H. J. Mooney conducting the services.

License to marry was issued yesterday to Chas. Cannon and Sadie Avery.
