## THE CROW WING COUNTY FAIR.

Now in Progress at The Swartz Driving Park.

Fine Display of Vegetables and Farm Produce—Display by Merchants Very Limited.

Abominable Weather The First Two Days Prevents a Large Attendance.

The tenth annual fair of the Crow Wing County Agricultural Society is now in progress at the Swartz Driving Park. The weather man has seen fit to dish up a most abominable article of weather the first two days of the fair, making it almost impossible to conduct the fair in anything like a satisfactory manner. Wednesday, the first day of the fair, it was raw and cold with a light drizzling, misty rain falling, making it so disagreeable both overhead and under foot that practically not a thing was done to get exhibits into place. Yesterday morning was cool and steady, and although the rain fell, it looked threatening all the time. Exhibitors, however, began to get their goods and produce to the grounds, so that there was quite a display in the various buildings shortly after dinner.

In the exhibition building on the first floor a few merchants had a display of their wares, but very few. It is surprising the lack of enterprise the local merchants exhibit in making a display. The lower portion of this building, reserved for the merchants, ought to have been packed; instead it was only partially filled. Stipp Bros. had a neat display of hardware and stoves. A. L. Hoffman a fine display of white enameled ranges and furniture, W. H. To's a display of harness, H. F. Walters, a splendid display of boots and shoes, and H. P. Dunn & Co., a neat and tasty display of druggists sundries. These occupied one side of the building. On the other side Johnson's Pharmacy alone had a fine display of druggists sundries and notions, the rest of the space being unoccupied.

The second floor of the building was used for the display of art work and fine needle work. A. M. Orphan had a splendid display of photographs and art work. The International Correspondence School of which Henry Simons is local agent, had a nicely decorated booth advertising the school. The display of needle work was quite large and contained some exceptionally fine work. Vegetable Hall was well filled with a splendid display of farm produce of all kinds. The Dwyer predicted, owing to the dry weather early in the year, the vegetable display would not be equal to last year, but it is hard to see how it could be better, for the vegetables than those on exhibition there could not be imagined. Splendid displays in this line are made by the Brainerd Vegetable and Fruit Farm, Wm. Dodd, proprietor, T. C. Pollock, A. Fox, Bettsold Bros., H. C. Hughey, Wm. Balles, and many others. Mr. Dodd's display is exceptionally fine. He has 13 varieties of potatoes called the Dwyer, was exceptionally fine. Mr. Pollock has two pumpkins in his display weighing each about 150 pounds, and Mr. Balles has a squash of about the same weight. The display of plants and flowers by the Brainerd green house occupying the cent' pyramid is splendid.

G. A. Hunt, of Day Lake, has a splendid display of grapes, plums and crab apples, and Commissioner Archibald a display of apples.

The display of live stock was quite limited, but it is undoubtedly owing to the inclement weather that the stock was not brought in, and it will probably be brought in on Friday morning if the weather conditions improve. There was a pretty fair attendance yesterday afternoon considering the weather. The buildings all contained quite a few people, and the grand stand was about half full, while the harness race was pulled off in a drizzling rain.

Only two races, the three minute race and a running race was pulled off. The three minute race resulted as follows: Ensign, Dr. Camp's horse, first, Purdy's Pointer, 2nd, and Billedon's scree third. There were three mix-ups in the race causing no end of excitement. First Billedon's sulky ran into the fence, breaking a shaft, then Pierce and Billedon locked wheels, and each lost one, and the last heat Billedon's five got punctured and faltered causing a smashup of the rim. The running race resulted in first money for Smith's pony, H. Springer's second, with Jones third.

If the weather improves there will undoubtedly be a good attendance today and tomorrow, as the shops will be closed down.

## REDUCED THEIR ASSESSMENT.

Judge Holland's Decision in the Case of the Sheriff Against the Minnesota Water Co. a Compromise.

Judge Holland on Friday last rendered a decision dissolving and vacating the temporary injunction restraining Sheriff Erickson from selling the property of the Minnesota Water Co. to pay their personal taxes, which the company has refused to pay because they claimed that assessment of \$25,000 was exorbitant and out of proportion to what other property was assessed. Judge Erickson finds that the amount is exorbitant and reduces the assessment to \$20,000 but dissolves the injunction and directs the sheriff to apply for a receiver to take charge of the property until the taxes are paid, allowing, however, a stay of twenty days after judgment is entered for the company to pay up. The amount of the judgment is \$1,024 for taxes, \$52.35 for sheriff's fees, \$4.50 for clerk's fees, and the statutory cost of \$10.00. The judgment was not filed with the clerk until Monday morning, when Judge Holland was out of town. Mr. Tighe, for the Water Company, applied to Milton McFadden, court commissioner, for an order for a stay of proceedings in entering the judgment, in order to secure a new trial, alleging the judgment of the court to be erroneous. Mr. McFadden granted a stay until Wednesday, when Judge Holland returned and granted the stay of 30 days before judgment is entered as prayed for.

Sheriff Erickson says there are back judgments for \$1900 for personal taxes against the Water Co. which he proposes to collect.

## A FINE RESIDENCE PROPERTY.

Will be Constructed by Dr. Homestead Corner 4th and Kingwood Streets This Fall.

Dr. Werner Homestead on Tuesday, through Koenig & McFadden, real estate agents, purchased three lots at the corner of 4th and Kingwood streets, of Mrs. L. M. Pollock, and will immediately begin the construction of a fine modern residence property for a home. The doctor has sent for the architect, the plans are limited, but it is undoubtedly expected to get in a few days, when he will immediately contract for its construction. It will be modern in every way, with a basement under the whole, containing a laundry, storage cellar and heating plant, and will be two stories high, and will cost over \$5,000 when completed. It will be one of the finest houses in town, and will be a splendid addition to 4th street, now one of the best streets in the city. Let the good work go on.

### SEWERS FOR THE NORTH SIDE.

The Council at Last Orders Sewers Constructed in The Second Ward.

The council met in regular session on Monday evening, all the aldermen being present.

Bills against the city were allowed as follows:

Wm. Burgess	6 00
H. P. Dunn & Co.	20 00
Ed. Woodbury	3 00
S. Hall	6 75
John Underdown	6 00
W. D. McKay	25 00
J. T. Belmont	25 00
A. Wilson	6 75

Brainerd Lumber Co. reported that after investigating they found that there was \$2,056.68 left of the sewer bonds issued several years ago and the report was accepted.

The committee appointed to locate a hydrant near the school house in East Brainerd reported that the main would have to be extended three blocks, and recommended that the matter be referred back to the school board for them to ascertain if they can get the required consumers before the main can be ordered laid.

Geo. Lattar appeared before the council with a petition of property owners in the Second ward, asking that a sewer be constructed on Kingwood or Juniper street from 10th street to the river, and a resolution was adopted ordering an 18 inch sewer pipe laid and constructed at the intersection of 10th street and Kingwood and running west to the river.

A resolution was also adopted ordering an 18 inch pipe laid on Juniper from 10th street to the river. This action was taken so that either street could be used after the engineer's estimates were submitted.

Bids to furnish rock were submitted as follows:

J. E. Agrion, 10 cords, \$2.90 per cord	29 00
Geo. Kough, 10 " 3.75 " "	37 50
Joe. Cameron, 10 " 3.40 " "	34 00
A. Hilderland 15 " 2.85 " "	42 75

The bid of Geo. Kough being the lowest for 10 cords was accepted.

The matter of purchasing 40 additional cards was left with the street committee.

Applications of F. H. Bradford and Hencore & Hobben for liquor licenses were laid over until next meeting.

The city engineer was instructed to establish a grade on 7th street, between Front and Laurel.

The mayor was instructed to notify J. G. Dune to move his building on Laurel street within two weeks, or the city would have it removed in accordance with the city ordinance.

W. H. Gemmel, general manager of the B. & N. M. Railway, asked that an new and a fraction of land belonging to the city at the dam now leased for 20 years, by the road be devoted to them, and the request was granted and a proper deed ordered made.

The B. & N. M. was requested to assist J. H. Koop in getting out oak timber needed by the city.

The washout in Northeast Brainerd was referred to the street committee.

League Club Meeting. A meeting of the Republican League Club was held at the Central Hose House on Tuesday evening.

Geo. H. Spert tendered his resignation as secretary, because of a press of other business, and P. J. Murphy was elected secretary to succeed him.

A committee composed of G. A. Keene, J. J. Howe and A. J. Hasted was appointed to secure a hall for republican headquarters during the campaign.

### GRAND REPUBLICAN RALLY.

On Saturday Evening in the Tent at The Y. M. C. A. Grounds and Not At The Court House, as Previously Announced.

Some of The Best Speakers in the State, Including Our Next Governor, Will Be Present.

A grand republican rally will be held in the tent on the Y. M. C. A. grounds tomorrow evening. Every body in the city should attend and bear Minnesota's next governor, Capt. S. R. Van Sant, and Congressman J. T. McKeary, of the second district, who is one of the best points of men the United States on the financial question, and an eminent speaker, J. Adam Debe, well known to all, will also be present and deliver the occasion by a flow of wit, such as only Adam can produce. Let everybody turn out and hear the political issues discussed from a republican standpoint. All those who believe in prosperity should not fail to attend.

"A Breezy Time." Fitz and Webster's "A Breezy Time" Co., will appear at the Garden Hall. If you want to go to the theatre to be wrought up and have your nerves set on edge by harrowing and tear-producing situations, you are cautioned to avoid "A Breezy Time."

It is announced by the management of the piece that it contains absolutely no moral lessons, social satire, or story of contemporary human interest. It was not put together for the purpose of elevating the American drama, and it was not calculated to make dramatic critics get out their best set of scales and rules of construction. The purpose of the piece is to amuse by means of a series of clever specialty performances, devoid of suggestion and executed by performers with the very best ability. The piece is, in point of fact, an olio. In each act, music, vaudeville comedians and graceful dancers. There is a slight story, but it is unimportant that it is not worth mentioning.

The cast is well balanced, each one having been engaged for some particular talent that he or she possesses, but they play together in such a way that the result is harmonious in the extreme, and best of all, very laughable. This comedy fairly satirizes with much north and merit most, has the sweetest songs, jolliest jokes, and happiest bits. The novelties introduced are the three-egg salad, lava volcanoes, the electric flag, serenade, frolic of the frog and a grand cake walk by the entire company. Prices 25c and 50c.

Annual Harvest Celebrations of the Salvation Army. There is the sight of great preparation in the Salvation Army camp for their forthcoming harvest festival. It is too late in their day to go into details to show how much this organization deserves the contentment and support of the philanthropic public. The land terms from one end of it to the other with abundant evidences of this. All that is needed, if we have any desire to help on a good cause, is to send them all the assistance we can, in whatever form we can, so long as that help can be turned to a practical good. The writer has known of a set of garden tools and implements being sent by some one who had removed from "the house with the garden," and of another case where a washing machine in good condition was turned out of house and sent to the corps festival and sold. This is just a hint, by the way, to act as thinking about how many ways we can aid the deserving if we only look around us, to see what we can spare.

Of course, all kinds of food products form the bulk of harvest festivals, and are looked for in plentiful supplies and multitudes of forms. Cash too is not an unwelcome factor at these festivals, and a donation or contribution at such times is like mercy in a boiling kettle—it makes things look about lively. If anyone doubts this, let him go to one of these Salvation Army festivals and throw in a \$5 or \$10 bill into the treasury, and the memory of the scene that follows will be something that will not "never forget," but "never regret."

This festival will take place at Brainerd in Salvation Army Hall, on the 29th of Sept. to 2nd of Oct., inclusive.

Store your stoves with D. M. Clark & Co.

Mrs. N. G. Blake, of West Brainerd, says: "I suffered a great deal from inflammation of the kidney's and I grew worse in place of better. My back in the region of my kidneys was sore, was lame, and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were administered I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine. I found, however, that they were mild in their operation and did not produce any bad effects. Before taking them I was very ill, but after taking them I became healthy in color, all deposit was removed, and the soreness and pain were relieved. By a perfectly comfortable feeling."

Reuben Bryan is pledged to the free coinage of silver, which means disaster and business ruin to the country. It will cut in two the purchasing power of any wage earners in the land. Don't let the false cry of imperialism obscure that fact.

THE GLOBE'S BOLT

Powerful Arrangement of the Latter Day Democrats by the Minnesota Organ of Democracy.

BRYAN A MENACE TO NATION

Good Head for Sound Money Men and Those Who Believe in a Government That Governs Wisely.

The St. Paul Daily Globe, which since its establishment has been the recognized organ of the Democratic party in this state, has published its refusal to support the nomination of Bryan at the Democratic convention and given its reasons for such refusal.

A CRIME REPEATED. The St. Paul Globe has not only been bold and willfully, a Democratic party, but it has also, in its editorial, repudiated its own position on Bryan.

These turn out on Tuesday evening all republicans and those who place property and industry before party, and help in the good work of organizing to continue the present prosperous times.

These Want Office. The Republican county convention will be held at the Court House tomorrow afternoon to nominate candidates for county officers and to elect delegates to the legislative convention at Little Falls.

For the legislature Hon. A. F. Ferris and Joel Smith will probably be supported by the delegates from this county.

For county auditor A. Mahlum, the present efficient incumbent, will undoubtedly be nominated, and John Frater will be re-nominated for treasurer.

It is in the month of our Democracy which secures the attention of the national platform to our right to be heard on the national platform.

It is necessary at great sacrifice of individual preference, as well as of the national platform, that the Globe is forced to assume this attitude toward the Democrats.

The Democrats are professing great exultation over the result of the Maine election where the Republicans had a majority of only 21,000.

J. T. Sagnorn has announced himself as an independent candidate for the next four years. The past four years made him a millionaire.

The greatest trust in the United States is the silver trusts, which are willing to bring ruin and disaster to the country to swell its own profits.

ANTWARY Bryan's candidacy will give him some mighty good advertising for his lecture tour for the next four years.

ORGANIZE A ROUGH RIDER CLUB.

A meeting of the Republicans of the city will be held at Dresen's Hall, opposite the postoffice, on Tuesday evening, next to organize a Rough Rider Club.

There is no such question as imperialism and the Democrats know it. The cry of imperialism is made to hide the attempt of the silver trust to hasten the free coinage of silver on the American people.

THE GLOBE'S BOLT

Powerful Arrangement of the Latter Day Democrats by the Minnesota Organ of Democracy.

BRYAN A MENACE TO NATION

Good Head for Sound Money Men and Those Who Believe in a Government That Governs Wisely.

The St. Paul Daily Globe, which since its establishment has been the recognized organ of the Democratic party in this state, has published its refusal to support the nomination of Bryan at the Democratic convention and given its reasons for such refusal.

A CRIME REPEATED. The St. Paul Globe has not only been bold and willfully, a Democratic party, but it has also, in its editorial, repudiated its own position on Bryan.

These turn out on Tuesday evening all republicans and those who place property and industry before party, and help in the good work of organizing to continue the present prosperous times.

These Want Office. The Republican county convention will be held at the Court House tomorrow afternoon to nominate candidates for county officers and to elect delegates to the legislative convention at Little Falls.

For the legislature Hon. A. F. Ferris and Joel Smith will probably be supported by the delegates from this county.

For county auditor A. Mahlum, the present efficient incumbent, will undoubtedly be nominated, and John Frater will be re-nominated for treasurer.

It is in the month of our Democracy which secures the attention of the national platform to our right to be heard on the national platform.

It is necessary at great sacrifice of individual preference, as well as of the national platform, that the Globe is forced to assume this attitude toward the Democrats.

The Democrats are professing great exultation over the result of the Maine election where the Republicans had a majority of only 21,000.

J. T. Sagnorn has announced himself as an independent candidate for the next four years. The past four years made him a millionaire.

FROM OUR COUNTY CORRESPONDENTS.

Interesting Local News of the Surrounding Country.

OAK LAKE NEWS.

As this is fair week, we ought to have some fair weather.

Geo Jackson has taken a 30 acre homestead in Sec. 6, 43, 29.

Miss Inga Dulian has gone to Brainerd to work for Dr. Ribbel.

Doc Sagis finished putting up Mr. Gerseman's large crop of hay Tuesday.

Some people claim that corn can not be raised on breaking in this part of Minnesota, but if any one wants to see this fall crop exploded let him go to Charles Andrews' homestead, in Town 138, Range 26, and there they will see stalks from five to seven feet tall, bearing ears of corn from ten to 16 inches in length, so far toward maturing that the frost will not injure it.

Gossip is sorry to see one or two of our neighbors seemingly trying to discourage new settlers in this part of our beautiful and beautiful country, by predicting all manner of calamities for the future, or as soon as the logging industry becomes a thing of the past. Evidently if other new countries (that have not as good natural advantages as this) can become thickly settled and establish good industrial communities in this part of Minnesota, with its healthful and other natural advantages we do so.

East Brainerd, were looking over I. B. Porter's farm Monday with a view of buying. They seemed very well pleased with the place.

Some of the Dispatch reporters state that the hay crop is very short in their respective neighborhoods. It seems to be very long out here, so long that some of us will be getting our Thanksgiving turkey on the hay meadow.

Mrs. Sagis claims to be the champion woman hay stacker in Crow Wing county, having stacked about 75 tons of hay this summer, and no where in the county can there be found ten stacks of hay as well as that, and next as those stacked on Mr. Gerseman's farm.

Charles Cunningham the other day took one of his feet for a week. Now on one foot he does slowly go.

And the other foot drag along with a very sore toe.

DEERWOOD.

Jack Frost appeared on Sunday night.

Cuyler Adams and family left for Duluth on Monday.

We again have the pleasant hum of C. J. Rathvon's planing mill.

Miss Eva McKay, of Duluth, spent Saturday and Sunday with Mrs. Rathvon.

The Deerwood Clubhouse are preparing to reorganize for the winter sport.

Judge Hale has closed his cottage and taken his family to Duluth for the winter.

Rev. Mr. Chulow, of Brainerd, held the fourth quarterly meeting and preached in the M. E. church on Tuesday evening.

School opened on Monday with Mr. Sven Bursson, of St. Cloud, as teacher. Thirty-five scholars enrolled the first day.

Slewert Blum has purchased two lots on Forest Road and is hauling stone and lumber for a nice two story house. We think it looks very auspicious.

JACOB.

EAGLE LAKE.

Mr. and Mrs. Phipps, of Plainville, are visitors of John Lambert for a few days.

The school house is in progress rapidly, and from all indications will be ready for the fall term October 15th.

Mr. and Mrs. Lambert, of Wright county, parents of John Lambert, are making him a visit this fall and looking over this new part of the country.

The pavement for Pine street up Moore avenue to Mooreville is not very smooth of late. What's the matter, Bill, in cutting of some of the largest trucks (pumps of the ground) mean?

The Dispatch was in error, of the kind. It was Mr. A. Andrews, of Brainerd, and not E. A. Andrews, of Cross Lake, as stated, that was a passenger on the Tuesday noon train enroute to the Twin Cities.

BOERS SCATTER.

Lord Roberts Asserts Nothing Is Left of Their Army but Marauding Bands.

The Big Force at Komatipoort Seven Hundred Enter Portuguese Territory.

Kelly-Kenny Now Engaging the Boers Holding a Position at Dodoberg.

London, Sept. 21.—Lord Roberts cables from Napier, on the Pretoria-Delagoa Bay railroad not far from Komatipoort, the frontier station, under date of Wednesday, Sept. 16, as follows:

"Of the 4,000 Boers who retreated from Komatipoort before the British arrived from Machelobery 100 have secured Portuguese territory, others departed in various directions, and the remainder are reported to have crossed the Orange river and to be occupying portions of Lebont mountain, south of the Orange river, near the junction of Lebont mountain with the Orange river. A general pursuit seems to have occurred when they recognized the hopelessness of their cause. Their long tons and field guns have been abandoned, and nothing is left of their army but a few marauding bands. Kelly-Kenny is dealing with one of these small bodies at Dodoberg."

Will Roberts be Present at the War, says the Times, T. P. W. N. J. Coleman, of War Superior, is visiting his mother, Mrs. G. A. Hunt. His daughter will return home this week.

This week the fair, as usual the old-fashioned remark will be in evidence, "I have better than those or that at home."

A card from Mrs. Young reports her safe arrival here with her new home in Montana. Full particulars and opinions coming later.

Mr. and Mrs. Jack Frost left their offices on the pumpkin vines and on Monday morning, announcing that they would be here to stay in the near future.

The sympathies of Mrs. Katrine goes out to the destitute scribbles of Oak Lake. Ere another fair, may some one care to remove his nothingness (my prayer).

The same old story, "a little boy lost while after the cows." Mr. Francis, of Garrison, was the anxious father. The boy when found at John Pircea, town of Bay Lake.

The Eagle Lake correspondent ventures the query as to the political attitude allowed correspondents. Editors are sticklers usually for facts, (news as they term it) ideas and opinions generally go glimmering, but it is awfully hard to keep mum about these things.

The average attendance of the Bay Lake Sunday school is about 40.

Bestie Archibald's recitation last Sunday was fine, readings and recitations being a part of the school program. If you want to get the moral status of a community just look into their Sunday school.

Chairman Jones Goes to Chicago. Mr. Jones has left this city for Chicago. Before leaving he said that the situation in the East was very favorable for the election of Bryan. He does not expect to return to this city before election day.

Wonders are being accomplished in the way of clearing up the city and preparing to establish industries.

Two hundred and seventy-three dead were recovered Wednesday and 115 more bodies were recovered Thursday. South and West side contain less than 700 corpses. The rest of the week probably will find the city clear of the dead.
