The republican county convention to place in nomination candidates for the various county offices, was held at the court house on Saturday afternoon, and was a most enthusiastic and harmonious gathering. Several of the present officials were renominated without opposition, but there was one or two spirited and good natured contests, but the defeated aspirants cheerfully acquiesce in the result. It has given the republicans a ticket that is invincible.

The convention was called to order shortly after two o'clock by County Chairman John T. Frater, who read the official call, and made a few appropriate remarks. A temporary organization was then effected by the election of John Nevers as temporary chairman and J. J. Dye temporary secretary.

On motion the temporary organization was made permanent.

The committee on resolutions reported the following resolutions:

We, the republicans of Crow Wing county in convention assembled, hereby renew our fealty to the party and reaffirm our unwavering allegiance to its principles and platform.

## THE NOMINEES.

President McKinley, as a wise and patriotic executive commands admiration. His four years of office have been characterized by great and unexpected events, accomplished by these difficulties the administration has acted with courage and intelligence at every juncture, and party policies have preserved "honor at home" and secured "prestige abroad." American manhood and republican doctrine both have a magnificent exponent in Theodore Roosevelt, President McKinley's associate on the ticket.

To the voters of Crow Wing county we endorse Capt. S. R. Van Sant nominated for governor, Congressman Page Morris renominated for second time, and W. S. McClennahan, nominee for judge of this district, confidently asserting that each possesses those high qualifications and that integrity demanded by the respective offices to which they aspire.

The resolutions were unanimously adopted.

The chair then announced the next business of the convention to be the election of delegates to the legislative convention, S. L. Bean nominated the following gentlemen who were elected by acclamation: John T. Frater, John L. Berg, A. J. Halsted, N. H. Ingersoll, J. J. Dye, John Parsons, J. C. Davis, John Larson, J. C. Hessel.

Nominations for auditor were called for, and H. Patterson nominated A. Mahlum.

F. E. Kenney moved that where only one nomination was made, the secretary be instructed to cast the unanimous vote of the convention for the nominee. The motion was carried, and the secretary cast the vote of the convention for Mr. Mahlum, and he was declared the nominee.

J. T. Frater was renominated by acclamation in the same manner.

Nominations for sheriff were called for and F. E. Kenney placed in nomination Wm. Nelson. S. L. Bean nominated J. W. Slipp and J. J. Dye nominated J. F. Dyleman. E. D. Wilkins and Ed. Crust were appointed tellers and a ballot was ordered.

The first ballot resulted as follows: Slipp..... 20  
Nelson..... 15  
Dyleman..... 7

No one having a majority a new ballot was ordered.

J. F. Dyleman withdrew his name in favor of J. W. Slipp.

The second ballot was as follows: Slipp..... 24  
Nelson..... 17

Mr. Slipp having received a majority was declared the nominee by the chair.

Nominations for register of deeds were called for and W. H. Erb nominated H. J. Spencer. Olof Skau nominated A. G. Trommald, but Mr. Mahlum withdrew Mr. Trommald's name at his request. Mr. Spencer was declared the nominee.

M. McFadden was nominated for judge of probate without opposition, and S. F. Alderman for county attorney.

R. K. Whitely for surveyor, and Dr. Reimstad for coroner, were treated in like manner.

For superintendent of schools A. R. Case and J. A. Wilson were nominated. A ballot was ordered and resulted as follows: Wilson..... 25  
Case..... 19

Mr. Wilson having received a majority was declared the nominee.

By direction of the chairman the delegates from the different commissioners districts retired to ante-rooms, and after deliberation, recommended to the convention the nomination of the following gentlemen as nominees for commissioners in their districts:

- First district, R. J. Nashheim.
- Third district, J. A. Erickson.
- Fifth district, Robert Maghan.

The convention, on motion, ratified their action and these gentlemen were declared the nominees from their respective districts.

In the first district R. J. Nashheim received 5 votes and Fred Reed 3. In the 3rd district Erickson's nomination was unanimous, and in the 5th district Maghan had 5 votes to 4 for H. Patterson.

On motion of H. Patterson J. T. Frater was unanimously re-elected chairman of the county committee, with power to appoint chairman of county committee.

## THE NOMINEES.

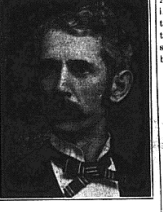

A. MAHLUM

The republican nominee for auditor is the present incumbent of the office, and is one of the most courteous, efficient and capable gentlemen ever holding the office. Mr. Mahlum is well known throughout the city and county, having served the public for several years in various positions, and was city clerk for several years, and was register of deeds for two terms. He is one of the most skilled accountants in this part of the county, and the amount of work he can require, would ordinarily require the services of several men, hence he makes a most efficient and capable auditor. His re-election, of course, is only a matter of time.

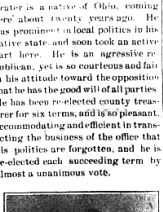

He is, in addition, a most agreeable, courteous, kind, sane and intelligent gentleman, when, with the experience in the duties of the office he has had, will make him a model sheriff. No republican should neglect to cast his ballot for the republican nominee.

The republican nominee for county attorney, having held the position for the past term, and has made one of the most careful and efficient county attorneys in the history of the county. To his care in examining accounts and preventing petty and useless prosecutions is due the savings of hundreds if not thousands of dollars of the county funds. This fact will be greatly appreciated by the voters of the county, who will in the future as in the past, accord Mr. Alderman a support that is flattering in the extreme. He has served the public in several capacities in the past, and it can be truthfully said of him, no one ever rendered better or more conscientious service.

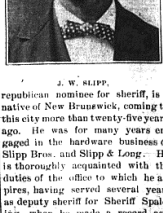

JOHN T. FRATER

The republican nominee for county treasurer was Wm. Nelson, and so highly respected throughout the county that anything that could be said would not do to the esteem in which he is held by every one. Mr. Frater is a native of Ohio, coming here about twenty years ago. He was prominent in local politics in his native state and soon took an active part here. He is an aggressive republican, yet is so courteous and fair in his attitude toward the opposition that he has the good will of all parties. He has been re-elected county treasurer for six terms, and is so pianant, accommodating and efficient in transacting the business of the office that his politics are forgotten, and he is re-elected each succeeding term by almost a unanimous vote.

H. J. SPENCER

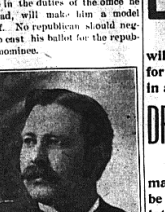

The republican nominee for register of deeds, is the present incumbent of the office, having served one term, and he has proven himself to be a very capable and efficient official. He is at his office early and late and attends so strictly to the important duties of the office that it is almost impossible not to find him. He has kept the valuable records of his office in a manner that could not be improved on, and is most courteous and obliging to all. He should receive the support of all republicans for the position.

J. W. SLIPP

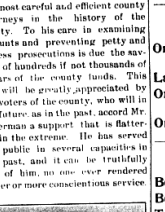

The republican nominee for sheriff, is a native of New Brunswick, coming to this city more than twenty-five years ago. He was for many years engaged in the hardware business of Slipp, Bros. and Slipp & Long. He is thoroughly acquainted with the duties of the office to which he aspires, having served several years as deputy sheriff for Sheriff Spalding, when he made a record as a most capable and efficient official.

# FROM DISTANT ARIZONA.

Interesting Letter From W. G. Percy Concerning Life in the Far Southwest.

## PHOENIX, ARIZONA, Sept. 20, 1900.

### EDITOR BRAINERD DISPATCH:

I send you under separate cover "poster" announcing the 90th anniversary celebration of Mexico's independence, Sept. 16. It may be interesting to you, as it is printed directly in the Castilian tongue.

A large part of the population of this territory is made up of Mexicans, and as they are very patriotic people, an affair of this nature is a big thing to them, perhaps, as our 4th of July is to us.

Excited also is a copy of Monday's Daily Republican, giving a synopsis of their festivities on the preceding day. You will see by its account that this people always observe a holiday on the exact day on which it falls, be it Sunday or any of the week days. We did not attend their celebration, but heard their corresponding very plainly all day Sunday. The event of the day concluded with a dance held in a hall as large as Gardner's, at which while the people as well as Mexicans attended. The singing by their women of their national airs is a leading feature.

Well, our very warm weather is most over for the year. Yet "Old Sol" directs his rays so that during most of the day one still feels quite warm. We are still enjoying "sleeping out," as it is called, for no one thinks of sleeping under a roof here during summer season, except in case of sand or rain storms, the last of which have been few and far between this year. The nights, however, are growing cooler and a person needs a blanket over them in the early hours of the morning. Every one who "sleeps out" during summer enjoy it so much that they try to make enjoy giving it up to move under roof in the fall.

My family are enjoying good health and at the present write me feeling stronger and better than for some time past. I am exercising mind and body by fixing the house for cooler weather and arranging quarters on the green Mt. Arizola for my family. I very often over-see in taking exercise in this way and feel ill effects, and nearly always retire very tired. But it makes one in condition who is sick and who feels himself regaining health.

Mr. T. C. Kerr's family were well when I saw them last week. Mr. Kerr is working every day and feels better than he did during the middle of the summer. Both the boys are working for the nightingale delivery service. Mr. Francis Britton and family are all well. Francis is doing carpenter work and is kept busy. He talks of going to the Alaskan country in the spring.

Our valley has suffered from the long drought this season. Very little hay or grain has been produced. We haven't had a good shower of rain in the valley all summer and little rain in the mountains.

We note through the columns of the Dispatch that Brainerd is enjoying renewed activity, which we are glad to know. The improvement of the N. P. shops will mean much for Brainerd. The repairing of board by cement walks and bettering of roads is something Brainerd has needed. Cement is used here for walks exclusively not so much because it is more hygienic as because it is cheaper than lumber for the component of one is \$50 per M, out from \$100 to \$125.

Well, I have saved more of your space than I intended, so will close with kind regards to all Brainerd friends.

Yours truly,

# The Past Mail.

The attraction of the Gardner Opera House last Monday evening will be Lincoln J. Carter's great scenic melodrama, "The Past Mail."

It has been one of the greatest successes known to the stage for years.

There is a story of thrilling interest, and the scenic and other mechanical effects are said to be marvellous.

There is a representation of an engine room on a Mississippi steamer, with the furnaces under the boiler in active operation. A very realistic train of cars shoots across the stage, and the Niagara Falls scene is one of the most elaborate and daring things ever undertaken in the drama. It is described as a beautiful, vivid and accurate representation of that appropos marvel of nature. The Falls are shown by moonlight with the roaring and plunging water, and the mist that rises from the settling current. One of the most prominent of the play's features is the complete freight train of fourteen cars, with an illuminated engine, drawn by a practical locomotive. The play itself has thrilling situations in abundance, plenty of humor to lighten its tone and give it an agreeable flavor throughout.

Roosevelt's Reception in Several  
Colorado Towns is Full of  
Excitement.

LINCOLN, Neb., Sept. 28.—W. J. Bryan started during the day upon his last tour of the country in the interest of his presidential campaign. The day began bleak and quite cold. Mr. Bryan's departure was in every way simple and unostentatious. A numerous crowd was at the depot, but among those present were a few personal friends who were there to see Bryan off.

The first day of Mr. Bryan's tour was spent in Eastern Nebraska and he will then cross the Missouri river to Sioux City, where he will take the special car provided by the national committee for his accommodation during the remainder of the campaign. He is leaving Mr. Bryan expressing himself as feeling in excellent physical condition. He also expressed himself as confident as to the outcome and said that he would not return to Lincoln until two or three days before election. He will speak in this city Saturday night preceding the election.

#### TRIP TO MOB HIM.

Governor Roosevelt has a Little Excitement at Victor, Colo.  
CHIPPEN, Colo., Sept. 28.—Governor Roosevelt had a most exciting experience at Victor, a few miles from Cripple Creek, at the mine where a demonstrative crowd had assembled. The governor had a narrow escape from some personal violence. The incident was the only one of this kind that has occurred during the progress of the trip and it is said that the trouble was occasioned by a small body of roughs who had been organized and paid for the purpose of breaking up the meeting. The men engaged were few in number, but very violent in their attack.

Governor Roosevelt spoke at Lattimer hall, which was filled. He had hardly begun speaking when he was interrupted by noisy demonstrators. He succeeded in finishing his remarks, though there was an evident intermission among those present that he should not do so. When the governor left the hall with his party he was mobbed by a group of men and his party were on foot. A crowd of men and boys.

He was surrounded by a mob of roughs and shouting for Bryan. The rough riders, mounted and unmolested, closed in and around the governor to protect him from assault. One man made an attempt on Governor Roosevelt and succeeded in striking him in the breast with a stick. The assailant was immediately knocked down by Dan Mulcahy, postmaster of Cripple Creek. A rock was then thrown at the governor. The men on foot, clothed in khaki, closed around the governor, forming a wedge, and succeeded in reaching the train, closely pressed by the mob. There were from 1,000 to 2,000 in the mob, and business was freely exchanged. Many of the mob were armed with clubs and sticks, many with rotten potatoes, stage eggs and bonnets. The party, however, reached the train without injury, and it pulled out with the rough riders on the rear platform.

Governor Roosevelt, while regretting the occurrence, was not disturbed by the incident, and was ready to proceed with his speeches in Cripple Creek.

#### WAR WITH CHINA.

Apprehension Felt at Wash-  
ington That Germany is Pre-  
paring to Fight.  
Has Retarded Peace Negotiations  
and Is Continually Sending  
Reinforcements.  
Attitude of the United States a  
Matter of Official Criticism  
by the Germans.  
NEW YORK, Sept. 28.—A dispatch to The Herald from Washington says: Grave apprehension is expressed in official circles that Germany is making into war with China. Kaiser Wilhelm has given unmistakable evidence of his purpose to retard a settlement of the trouble by strongly reinforcing his fleet and army in the Far East and in the process which he has exhibited to the powers. It is further known at the department of state that the attitude of the United States is a matter of official criticism in Germany and it is said that the Berlin government will be willing to accept any suggestion which this government may make unless forced to do so by pressure applied from other powers.

IN VIEW of the new prospect that the United States may enter preliminary negotiations with Prince Ching and Li Tsung-hang for peace, attention is expressed that Germany's representatives about Europe are considering a further military operation.

#### UNJUST CRITICISM.

Foreign Press Lamenting Under a Misap-  
prehension of Facts.  
WASHINGTON, Sept. 28.—The state department has been advised by Shanghai, the mouth of Shanghai, of the appointment of Prince Tuan, the former head of the Chinese navy, as general secretary to the emperor. He says nothing of the reported designation of Tuan as president of a number of the privy council, but it is believed here that it is entirely according to Chinese forms and a prison of Tuan's rank to fill both posts simultaneously. The tone of the foreign press comment respecting Tuan's appointment has gone far to convince the officials here that the course of the United States in this matter is being criticized upon an entirely misapprehension of the facts.

For instance, it has been asserted with great energy in some of the continental papers that the course of the United States in rejecting the German proposition relative to the surrender of Chinese officials, directly inspired the emperor's decision to appoint Tuan.

The appointment of Tuan to be grand secretary, in defiance of the great empire, is a matter of fact. The records of the state department show that an appointment was publicly announced Sept. 23, having occurred several days previously. On the other hand, the state department did not make public its answer to the Chinese ultimatum Sept. 25, and it could not have been received in China and particularly at the important court in the interior, for at least one or two days thereafter. In the opinion of the officials here, this is a government decision. The action of the United States government in this particular case did not influence the appointment of Tuan. The state department has not as yet been within the character of the reply to be made by Great Britain to the ultimatum, but confidence is felt that it will, like the government's reply, except to the leading feature of that proposition.

Edward still remained in the same place and said nothing. Rankin after his passionate protest and explanation walked over to the window again. Willis and a crowd of students were just returning from the ladies' hall. As they came noisily up the steps, singing, Edward walked to the door, saying as he opened it:

"I've made up my mind to carry the papers another day. It's the only course I can take. Of course I will hand you the subscription list as made up to date."

"Say, come back a minute!" Rankin spoke in a quiet tone, and Edward closed the door and stood with his back to it. He could hear Willis go into the room across the hallway, whistling and singing merrily.

"Don't you carry the note until I can hand your father? It's not an easy matter to transfer the note now that the terms are fast along and the fellows all have secured some regular work."

Edward hesitated in real perplexity. He did not have any father. Rankin's severity and did not know how long he would probably put him off and pretend that he could not find any one else to take the note. On the other hand, Rankin had been so kind to him that he felt that every day added to his compliance with an ungrateful and ungrateful man. He had been so kind to him that he felt that every day added to his compliance with an ungrateful and ungrateful man. He had been so kind to him that he felt that every day added to his compliance with an ungrateful and ungrateful man.

"Then you can go to the devil!" said Rankin with a heavy emphasis. "I've been to him already," replied Edward with a gleam of excitement. "I've been to him already," replied Edward with a gleam of excitement. "I've been to him already," replied Edward with a gleam of excitement.

ROYAL BAKING POWDER. The absolutely pure BAKING POWDER. ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it assures you against alum and all forms of adulteration that go with the cheap brands.

Alum baking powders are low priced, as alum costs but two cents a pound; but alum is a corrosive poison and renders the baking powder dangerous to use in food.

A VOTE GETTER

Was the Republican Rally in the Big Tent on Saturday Evening Last.

Capt. S. H. Van Sant, Our Next Governor, Made a Foremost and Eloquent Speech.

The republican rally in the big tent on the Y. M. C. A. grounds last Saturday evening was a splendid success, and will be productive of much good to the republican cause.

The big tent was packed and hundreds of people stood on the outside and listened, and it is a great compliment to the speakers that hardly a person left during the meeting. All were interested in the speeches, and the ringing words of Capt. Van Sant and other speakers were carried to the echo.

Hon. W. A. Fleming presided at the meeting, and made a short address. The judge set the pace and made a decided hit when he said that all that was necessary was for the voter to have a memory.

To contrast the splendid times we are now having with the soup house regime of 1896, and a republican vote was assured. He served with Capt. Van Sant and Hon. C. F. Staples in the legislature, and he could testify that two more honorable men never served a constituency.

Hon. C. F. Staples made a brief speech, dealing at first with national issues, and then state issues. He showed how the one or two times of partial democratic control in the state had been a costly affair, and additional taxes levied.

Capt. Van Sant was then introduced, and at once worked his way into the sympathies of the audience by his frank and open manner and his generous criticisms of the opposition. The Capt. is not what one would call a flowery orator, but he is earnest, forceful, logical and intensely patriotic, and while generous in his criticisms, deals shrewdly and manly blows by the plain and homely truth of his assertions, and carries conviction to his hearers. His speech was listened to by quite a few of the faint forces, and seemed to make a decided impression. The Captain concluded his remarks by a glowing tribute to the ladies, and called for three cheering cheers for them, which were given with a will.

After the Captain concluded the Captain's son, Grant R. Van Sant, made a speech, dealing principally with the trust question.

The meeting was a splendid success in point of attendance and enthusiasm manifested in a republican victory this fall.

Capt. Van Sant was tendered a reception by Pap Thomas Post at the post hall from 7 to 8 1/2 the evening. Post Commander J. A. Williams, made an address of welcome, which was responded to by the Captain. Short and appropriate remarks were made by G. A. Hank of Bay Lake, and Messrs. J. T. Prater, W. A. Fleming and J. J. Howe, of this city, and Mrs. Besell, ex-state commander of the W. R. C., of Litchfield, Minn.

After the meeting, Capt. Van Sant and other speakers were carried to the echo.

Hon. W. A. Fleming presided at the meeting, and made a short address. The judge set the pace and made a decided hit when he said that all that was necessary was for the voter to have a memory.
