## TIGHE TURNED DOWN HARD.

### Extension of Franchise Refused The Minnesota Water Co.—Sewers

Ordered Laid on Kingwood Street.

The city council held a regular meeting on Monday evening. A large number of claims against the city, including the monthly pay rolls, were audited and allowed. The city engineer submitted estimates of the cost of laying sewers on Kingwood and Juniper streets, and they were, on motion, accepted, and the city engineer was instructed to advertise for bids for the construction of said sewers on Kingwood street.

The matter of exposed water pipes at the corner of Ivy and 10th streets and 5th and Quince streets was referred to fire committee, to report at the next meeting.

The superintendent of electric lights was instructed to place incandescent lights on the Laurel street bridge.

The petition adopted by the meeting of the business men last Friday night, protesting against any extension of the franchise of the Minnesota Water company, or the purchase of its plant by the city, was read, and on motion it was ordered printed in the official paper of the city.

The communication of Ambrose Tighe, asking for an extension of the franchise of the Brainerd Public Library Association will be held at the Y. M. C. A. building on Friday evening, Oct. 5th. A new board of directors will be elected and other business transacted. All members are requested to be present.

M. K. Swartz this morning commenced actual work on paving 4th street north.

## NO FRANCHISE EXTENSION DESIRED.

### Meeting of Citizens to Protest Against Extension of Franchise To The Minnesota Water Co.

A meeting of representative business men was held at S. & J. W. Koop's store on Friday evening last to protest against any extension of franchise to the Minnesota Water Co., or the purchase of their plant by the city, as proposed by Mr. Tighe. Dr. Hemstead called the meeting to order, and Geo. O'Brien was elected chairman, and John Hurley secretary. Remarks were made by Messrs. W. Hemstead, John Will, E. M. Westfall, Judge Holland and others.

On motion, a petition to the council expressing the sentiment of the meeting was drawn up and signed by those present, and the following committee was appointed to circulate the petition and secure additional signatures: John Hurley, A. L. Hoffman and C. E. Cole. The petition was circulated the next day, and signed by over 200 citizens, including the best people in the city.

The following committee was appointed to consider the matter of the city putting in a new plant of its own, to report at another meeting to be called by the chair, viz: Jas. Gullen, S. F. Alderman, C. N. Parker, Felix Graham and Dr. Hemstead.

### Annual Meeting.

The regular annual meeting of the members of the Brainerd Public Library Association will be held at the Y. M. C. A. building on Friday evening, Oct. 5th. A new board of directors will be elected and other business transacted. All members are requested to be present.

### Saloon Prosecutions.

Iver Holden, proprietor of the Eau Claire saloon on Laurel street, and A. Cashion, proprietor of the Last Turn, will shortly be arrested for keeping their saloons open on Sunday. The complaints will be made by the police, who claim to have information that both places were open and doing business last Sunday. The arrests would have occurred before this, but it is the intention to proceed under the ordinance instead of the state law, and cars is being taken to draw the complaints so that no flaw can be found in them.

Mayor Koop intends to strictly enforce the law for the balance of his term, hence any violations will be punished.

### RECTOR MOONEY'S SUCCESS.

Church Membership at Brainerd Has Many Accessions.

Under the above heading the Minneapolis Journal contains the following concerning the Rev. Mr. Mooney's very successful pastorate in this city:

Bishop Morrison conducted two services at the Episcopal church Sunday, both of them being attended by audience of unusual size. In the morning a class of some twenty-five was confirmed, the number including Mr. Wise, one of the best known business men of Brainerd. The local parish has flourished since the ministrations of Rev. Mr. Mooney began, and the additions to membership present but one feature of the success with which his charge has been conducted. Work on the new parish house, begun since Mr. Mooney became rector, has so far proceeded that it will be ready for occupancy before cold weather sets in.

Recently there was presented Mr. Mooney a handsome private silver service by E. J. Footner of the Great Northern Express company. Mr. Footner is not a resident of Brainerd, but his mother is, and when he was visiting home one morning he made the discovery that Mr. Mooney was using a modest-cut glass service in administering the communion in cases which required his attentions outside of the church.

Mr. Footner made no particular comment at the time of his observation; but recently there was received from him a solid silver cup and companion pieces, the whole being tendered Mr. Mooney as a mark of particular esteem.

### Hemarrk's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidney and Bowels are out of order. If you want these qualities and success they bring, use Dr. King's New Life Pills. Only 25 cents at McFadden Drug Co. and H. P. Dana & Co's drug store.

## THE FALLING LEAVES

BY G. W. HILLIARD.

The leaves have faded from the trees. The leaves are perched in the eaves. From the gray peaks the cold winds blow. And eaves will fall the heavy snow.

The leaves keep dropping at my feet, falling, falling, whirling, fast; Here lies a shining yellow leaf; There falls another, light and fast.

Now hanging swift from your high tree, Tightly clung, all entwined, close to me; But these come to shivers of gold, Traced with gay colors manifold.

The grass is brown with crispness fair, Still leaves are falling through the air. They swirl in eddies round my feet, While for them silent trees do weep.

Fall fast ye many linked leaves! Now life is dead, and you are leaves. Till then, sit firm and calm and cool; For ye have the trees, and wind and blue sky.

And when I see dead ones falling, Our father's home has seemed falling, I know beyond frost, snow, and ice, They all shall have new life again.

## A Pretty Home Wedding.

The wedding of Geo. D. LaBar and Miss Mayme Mitchell occurred on the home of the bride's parents, Mr. and Mrs. G. F. Mitchell, on Seventh street north, Wednesday evening, Oct. 3d, and was one of the pleasant social events of the season. The house was handsomely decorated with ferns, potted plants, and cut flowers, in which the ceremony was performed being especially handsome in its festoons of flowers and decorations. The number of guests was limited to the intimate acquaintances and immediate relatives of the contracting parties.

At precisely 9 o'clock, the bride on the arm of her father, unattended, descended the stairs and entered the parlor when she was joined by the groom, the two taking their places directly in front of a bank of floral decorations, Rev. G. W. Gallagher, of the First Congregational church pronouncing the beautiful wedding ceremony that joined them for life as husband and wife.

After the ceremony came congratulations and later an elegant supper followed. The bride was handsomely attired in a white Paris mullin dress trimmed with satin ribbon and delicate lace, and carried a bouquet of lilies of the valley. Her going away gown was dark brown broadcloth. The groom wore the conventional black.

The bride and groom are both well known to nearly all of our readers, the former being the handsome and accomplished daughter of Mr. and Mrs. G. F. Mitchell. The groom is the cashier of the First National Bank of Brainerd, a position which he has held for some years, a gentleman of sterling integrity and sound business qualifications.

Mr. and Mrs. LaBar left on the midnight train for Chicago and other eastern cities, and will be absent a couple of weeks, and on their return will occupy the home which the groom has built and furnished at the corner of 7th and Juniper streets.

The presents received were numerous and elegant, among the more substantial being a check of \$200 from the First National Bank, one of \$100 from G. W. Holland, uncle of the groom, and one of \$150 from the groom to the bride.

Among the out of town people present were Mr. and Mrs. Chas. Eastman, of Fergus Falls, Misses Mary and Stella Holland, of Minneapolis, and Dr. Cameron, of Staples.

Held for Embezzlement.

J. W. Green, formerly a moulder in the Parker & Topping's foundry, was arrested in Morrison county last Friday and brought to this city Saturday and lodged in jail. Green is charged with embezzling about \$85 in funds held by him for the benefit of Geo. Brockway, an older moulder, who was sick at the Sanitarium. Brockway was injured last winter, having his leg broken. In the spring his fellow employes at the foundry got up a benefit ball for him, and Green had charge of the distribution and sale of tickets. Green collected and had all the funds of the ball when he quit his job here, drew his pay and went to Little Falls. The other employes demanded of him that he turn over the funds from the ball, but he neglected to do so on one pretext or another. Finally the Moulder's Union took the matter up, and he got out of town in order to escape payment. The moulder determined not to let him escape so easily, so they followed him, and as a last resort have had him arrested, and intend to prosecute him to the extent of the law. He quit a job at St. Cloud and drew \$58, they say, to escape payment.

He was brought before Judge Manter on Monday and his examination examination continued until Thursday, Oct. 11.

Concerning the matter the Little Falls Transcript says:

Mr. Alderman came down here Wednesday and went out to Fennsburg to see Green. The latter admitted using the money and said the union would wait five or six weeks more until the good thing. Mr. Alderman made no promise but told Green he would lay it before the Union and let it decide what should be done. Mr. Alderman thereupon returned to Brainerd. Thursday Sheriff Rider received word from the Brainerd authorities to arrest Green. Consequently Deputy Sheriff Peterson went out to Fennsburg, got his man and took him to Brainerd, where he was turned over to the proper authorities. The reading of this article will reflect that about two years ago Green got into trouble for obtaining and cashing a money order which did not belong to him. He was let off with a light sentence, to me again commit a breach of the law. If the Brainerd authorities deal properly with him this time he will be made to pay dearly for his wrong doing.

New Industry.

A new and profitable industry has sprung up around the banks of the ponds and small lakes around Wahkiakum, Wash. In fact, says an exchange, the common cat tail, which grows in profusion in the marshy ground near the water's edge, has become a valuable substitute, while they cost far less than the materials mentioned. Since the 1st of March over ten tons of the commodity have been gathered and paid for at Syracuse, on Turkey lake alone. The demand far exceeds the supply and is increasing. Exchange. This is an industry that may be made profitable in this section of the country, as cat tails grow in profusion here, and can be had by the ton for the gathering.

THE WAY THEY HAVE.

What this Brainerd Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of Brainerd are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefits received from the use of Doan's Kidney Pills, the greatest remedy in Brainerd, must be given.

Read this: Mrs. S. Brain, of 125 South Wash street, says: "Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my kidneys. The kidneys were undoubtedly the kidneys were at fault. The secretions from those organs were scanty and caused some pain the itching in my back was constant and exceedingly distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally."

## UNITY OF ACTION

United States and Germany in Complete Accord on Chinese Question.

Latest Suggestions From Berlin Meet the Approval of Secretary Hay.

Instructions Already Sent Minister Conger Along the Lines Indicated.

WASHINGTON, Oct. 4.—The United States government has taken another decisive step in the development of the Chinese situation in a note delivered by Secretary Hay to the German charge d'affaires, Baron Spock von Sternberg.

In the note, favorable action by the government on Germany's latest suggestion, concerning the punishment of Chinese criminals, is expressed and the announcement is made that the United States already has sent instructions to Minister Conger along the lines indicated.

## GERMANY'S LATEST NOTE.

Suggestions to the Powers Regarding Punishment of guilty Chinese.

BERLIN, Oct. 4.—Germany has issued a second note to the powers regarding the method of securing punishment for those guilty of the outrages in China. This note is issued as a result of the notes of the emperor of China, Beijing, and others. The new note is as follows:

"The emperor of China has addressed to the powers an edict dated Sept. 29, in which he orders the punishment of a number of prisoners and dignitaries, mentioned by name, for having incited the Boxers. The edict contains the names of the guilty Chinese, together with the names of the German government, in furtherance of the procedure proposed in its circular note of Sept. 17, has further proposed to the powers to come to an agreement to instruct their diplomatic representatives in China to demand and give their opinion on the following points:

"First—Whether the list contained in the edict of persons to be punished is sufficient and correct?

"Second—Whether the punishments proposed meet the case?

"Third—In what way the powers can control the carrying out of the present proposal?

"Fourth—The sufficient Chinese guarantee for the future."

The proposal further asks for a complete legation guard at Peking, the raising of the Taku forts and their destruction and the establishment of a line of communication between the sea and Peking.

This Franco-Russian proposal has been sent to the president.

British Troops Start for Shan-Hai-Kuan and Chang-Tsiao-To-Peking.

The War Ministry, Oct. 1.—British official reports announce that Shan-Hai-Kuan surrendered to British forces Sept. 26. Three British regiments will leave here Oct. 2 to garrison Shan-Hai-Kuan and Chang-Tsiao-To-Peking and take possession of the railroad.

General Chaffee has left here for Peking. Reception to Gen. Walden.

Peking, Saturday, Sept. 29.—The members of the international force are arranging for a combined official reception of Field Marshal Count Walden. A detachment of mixed cavalry will escort him from Tsung-Chow to this city.

## WORK NOT ACCOMPLISHED

Withdrawal of Troops Decried by Americans at the Time.

They Turn Monday, Oct. 1.—At a meeting of American citizens at the city hall, the following resolution was adopted:

"We, the citizens of the United States, deplore the contemplated withdrawal of a large part of the United States troops from North China. We feel the work of the allied armies is far from accomplished and that the removal of the American government to take its part therein is sure to be regarded by the allies as an unwarranted act and by the Chinese as a sign of indifference. We urge our government to carry to an end the work it has so honorably and efficiently begun and to maintain a sufficient force here to secure the protection of American mercantile and missionary interests and a settlement of the present trouble is accomplished."

## OPPOSED TO JUNG LU.

Government Folds That His Trade Restrictions Are Anti-Foreign.

WASHINGTON, Oct. 4.—Trade department has been making some inquiries as to the extent to which Jung Lu, one of the peace negotiators, is believed that these inquiries have at least developed something unfavorable to the acceptance of Jung Lu, whose tendencies have been anti-foreign, as a satisfactory person with whom to make a settlement. A rather guarded statement is made that the government is "formally opposed" to Jung Lu's appointment, leaving the inference to be drawn that its preference is against him being honored.

## HOUSES LEFT IN RUIN.

London, Oct. 4.—The British government has been making some inquiries as to the extent to which Jung Lu, one of the peace negotiators, is believed that these inquiries have at least developed something unfavorable to the acceptance of Jung Lu, whose tendencies have been anti-foreign, as a satisfactory person with whom to make a settlement. A rather guarded statement is made that the government is "formally opposed" to Jung Lu's appointment, leaving the inference to be drawn that its preference is against him being honored.

## FOR HORNS AND MULES.

England spent \$10,000,000 in the purchase of horns and mules for the transport of goods to Cape Town, as well as large quantities of food and other supplies, the paymaster being about \$10,000,000 in English gold. Several thousand American shippers are volunteers on board the transports for South Africa and many of them joined the night of the sailing. The sailing on Wednesday night of the last transport, Monterey, with horns and mules for Cape Town, has practically terminated the work of the headquarters.

## LARGE ONE SHIPMENTS.

Total for the Year May Exceed \$100,000,000.

Duluth, Oct. 4.—It is expected that the one shipment from the Lake Superior range will reach over 30,000,000 lbs. The shipments for the month of September are estimated at 3,000,000 lbs. The shipments for the month of October are estimated at 15,000,000 lbs., leaving only 4,000,000 lbs. necessary to reach 30,000,000 lbs. The shipments for the month of November are estimated at 15,000,000 lbs., leaving only 4,000,000 lbs. necessary to reach 30,000,000 lbs. The shipments for the month of December are estimated at 15,000,000 lbs., leaving only 4,000,000 lbs. necessary to reach 30,000,000 lbs.

## General War's Annual Report.

WASHINGTON, Oct. 4.—General Leonard Wood, commanding United States forces in Cuba, has made his annual report to the war department. It contains the previous recommendation that all troops in Cuba be mounted, together with an account of the withdrawal of the troops during the past year. The health of the troops, he says, has been very good and their conduct is commended.

Glass Chimney Association Formed.

FRANCISCO, Oct. 4.—An organization to be known as the Glass Chimney association has been formed by the largest producers and general offices established here. It is expected to include all of the chimney makers to become members, agree to sell only at association prices and thus stop the cutting of rates, which is said to have been quite heavy and destructive of late.

Wednesday Object to Heavy Drinking.

LONDON, Oct. 4.—Lord Wolsey in a public letter asks the public who wish to honor the returning soldiers to refrain, while making a hearty demonstration, from offering them intoxicating liquors, as, like all others, they are entitled to be respected.

Ministers Oppose to Heavy Drinking.

Curfew a Dead Letter.

MEXICO, Oct. 4.—From all indications the curfew law which was passed about a year ago is a dead letter. No arrests have been made and it is competent judges can see little difference in the number of children seen on the street since the law was passed.

San Juan, Porto Rico, Oct. 5.—At the Republican convention held here yesterday, the delegates were organized. The delegates will probably name Julio Llerenas for the same office.

Pittsburgh Plumber's Strike.

PITTSBURGH, Oct. 4.—Fifteen hundred journeyman plumbers, employed by 110 firms in Pittsburgh struck for uniform wages and a revision of the rules governing the trade. All the shops owned by members of the Master Plumbers' association are affected.

## SHERIFF ON HAND

Met Marching Strikers at Hazleton and Prevailed on Them to Obey the Law.

Intended to Induce Workers to Quit but Dispersed on Officer's Advice.

Only Change in the Situation is the Closing of Several More Collieries.

HAZLETON, Pa., Oct. 4.—The only incident of the morning in the Hazleton region worth mentioning was the march of about 800 mine workers from the Diamond, in the northern part of the city, to the No. 4 shaft of the Lehigh Valley Coal company in the eastern section of the town, where they expected to get more men to quit. Sheriff Harvey, who is in close touch with every section of Luzerne county, was only informed of the march and was waiting for the marchers at the shaft when they reached there at 10 o'clock. The sheriff had with him several of his deputies and half a dozen of the Lehigh valley coal and iron police. They were kept in the back ground while the sheriff reasoned with the men in an effort to induce them not to go to company property. He told them if they placed a foot on private property they would be compelled to arrest them for trespass.

The strikers took the county officer's advice and dispersed without attempting to carry out their plan.

MINERS STILL IDLE.

Concessions Offered by the Reading Company.

SHREWSBURY, Pa., Oct. 4.—Concessions announced by the Philadelphia and Reading company were not sufficient to induce the striking mine workers of a Schuylkill region to return to the collieries.

The organizer and leader of the foreign mine workers, says he made a careful canvass of the town and found the strikers determined to remain out until ordered to work by the mine owners' committee or by President Mitchell. In anticipation of a long strike this town foreign unions appointed a committee to investigate cases of need among strikers' families.

THRU ABOUT COMPLETE.

President Mitchell says only 2,000 miners out of 8,000 are working.

HAZLETON, Pa., Oct. 4.—A secret conference was held at the offices of the United Mine Workers, which lasted for an hour and a half. At its conclusion President Mitchell and the meeting was held for the purpose of canvassing the entire situation. It was found, he said, that only about 5,000 mine workers out of 8,000 were still at work. It was the opinion of the officials in the conference, he said, that all of these men should be put to work in a short time. Mr. Mitchell also said that about 10,000 strikers are in the Hazleton region and the remainder are at work in the Schuylkill district.

Failed to Secure the Mine.

SCRANTON, Pa., Oct. 4.—In spite of every preparation made by the Delaware and Hudson company, the company failed to get at least one of its collieries in operation. It was unable to do so because of the strike of the company's men. The company, which it was believed conditions were best for getting the men back to work, not a man or boy reported. The same experience was met at the Bellona working mine.

PHILADELPHIA, Oct. 4.—According to General Superintendent Leisher's report to President Harris of the Reading company, three additional collieries of that company failed to start up during the day. This leaves but one colliery in operation out of the 23 the company was working previous to the mine workers' strike.

SKAGWAY TO SEATTLE.

Telegraphic Communication Between the Two Places Now Open.

SEATTLE, Wash., Oct. 5.—The first telegram from Skagway to Seattle, marking an epoch in the history of business between Alaska and the outside world, has been received here. The time occupied by the message in transit was seven hours, which, however, will be reduced. The line over which it passed to Vancouver is that which the Canadian government has been engaged in constructing for the past four months.

Reparable to the Canaries.

WASHINGTON, Oct. 5.—The state department has received a report from the United States consul at Tenerife, one of the Canary group, saying that one of the steamers was laid on that island Sept. 3, which had been seven months but that no material damage was done. There have been several light shocks felt there before.

Reported to Have Taken Land.

Corporations, Oct. 4.—The Greenland expedition has arrived here on board the ship. They explored and mapped a hitherto unknown stretch of land extending from Cape Town, north 67 degs. 22 min. north.

Pittsburgh Plumber's Strike.

PITTSBURGH, Oct. 4.—Fifteen hundred journeyman plumbers, employed by 110 firms in Pittsburgh struck for uniform wages and a revision of the rules governing the trade. All the shops owned by members of the Master Plumbers' association are affected.

All who understand the French language should turn out and hear the Professor, as he is said to be a talented speaker.

The controversy between the Little Falls Water Light and Power Co. and the city council, has been settled by mutual concessions. The city pays all amounts due for past services, aggregating \$15,000, and the company retains its 30 year franchise, but makes some reduction in the cost of service, and provides additional facilities.

The petition of J. S. Gardner, administrator of the estate of Susan McClary, for a final hearing and examination of his accounts occupied the attention of Judge McFadden at the regular session of the court on Monday. Judge Fleming, for the heirs, objected to the account, and the matter was continued until the first Monday in December. The settlement of the estate has been pending since 1885.

A large delegation of Methodist ministers passed through this city on the noon train on Tuesday, on their way to the general conference of the church at Crookston. The train stops here for dinner, and the ministers were given a fine dinner at the Y. M. C. A., by the ladies of the church in this city. Rev. Clulow went with them on to the conference.

BOARD OF EDUCATION.

Regular Monthly Meeting Held Monday Evening—Business Transacted.

The regular monthly meeting of the board of education was held in the Washington building on Monday evening.

The text book clerk reported as follows for month of September: Amount of sales, \$68 59; Amount purchased, 135 66; Amount turned over to Sec'y, \$14 45; Amount teachers' desk book, 72 72; Amount free books, 34 30.

The superintendent reported \$14 tuition paid by non-resident pupils. Messrs. Storm, McDonald and Tisdale, appeared before the board and complained of transfers made from the Washington to the Whitfield school, but on motion the transfers were left as made by the superintendent.

Mr. Everett was directed to floor the mill school. The request of Rev. Clulow to hold Sunday school in the second story of the mill school was granted. The matter of providing closets, woodshed, etc. for the mill school was left with the building committee.

The superintendent's report showed the number of pupils registered to be 1,602, and the actual daily attendance 1,569.

The insurance on the Washington building was increased to \$22,000. The insurance committee reported that they had placed \$15,000 in insurance on the Lincoln building, all for three years.

Mr. Mahlum moved that the lots on which the old East Brainerd school house stood and also the lots occupied by the 6th street school building be advertised for sale.

On motion of Mr. Dickinson it was ordered that C. E. Rowley be paid \$500 on his contract. A large number of bills, including bills for heating plant of Lincoln school, and pay roll for September, were allowed.

The building committee was instructed to buy blinds for the Lincoln school. The finance committee was instructed to negotiate a loan to pay current bills.

Communication from Pres. T. B. Hartley, explaining his sudden and unexpected resignation, and containing a check for \$50, as a donation to the school, was received, and on motion a vote of thanks was tendered Mr. Hartley for his efficient services in the past, and the check was returned, as the board deemed it inadvisable to accept private contributions. Mr. Hartley expressed himself as much interested in a new method of teaching reading introduced by himself, and sent check to cover cost of books made available by the change. He also expressed a desire to reimburse the board for any extra expense caused by his resignation, and asked the board to make another contribution next year for the same purpose as above.

A. E. Law, recently superintendent of the Minnesota division of the N. P., has been appointed assistant general superintendent, with headquarters at Tacoma.

The new republican county committee held its first meeting yesterday afternoon at the court house according to the call issued by Chairman Frater, and an organization was perfected by the selection of N. H. Ingrasoll as secretary, and P. M. Lagerquist treasurer. Seventeen members of the committee were present and some very encouraging reports were received. A line of campaign was mapped out by the committee, and after a general discussion an adjournment was taken subject to the call of the chairman.

The stone crusher recently purchased by the city and county has been in operation for several days during the week, and apparently is a success, crushing the hardest flat granite rock with ease. A 14 horse power engine is used, and is hardly efficient. An engine and steam roller should have been purchased, and the equipment for street making would be complete. The machine was tested yesterday before a committee of the council and commissioners, and was decided satisfactory and accepted. It easily crushed seven and one half tons in 30 minutes, which is at the rate of over 20 cords a day.

SALES.

Bicycles rented at Hoffman's. L. M. Koop has moved their clothing department into the store formerly occupied by Koop Bros.' grocery store. A big archway has been cut between the two rooms, making it practically one large room. The office has been removed into this archway, which makes it handy and convenient for both departments. This gives this firm the largest store in the city.
