SENATOR NELSON'S GREAT SPEECH.

The Distinguished Speaker Greeted By An Immense Throng Of People.

Hundreds of People Turned Away Unable to Secure Admission.

The Address a Mastery Presentation Of The Issues Of The Day.

Minnesota's Junior United States senator, the Hon. Kaute Nelson, delivered an address at Gardner Hall, on Tuesday evening, that means many votes for the republican ticket this fall.

The meeting was presided by a parade in the Rough Rider Club who escorted the distinguished gentleman to the hall, where a crowd had assembled that jammed the place to suffocation, and fully as many, if not more, turned away unable to secure an entrance.

A. J. Halted introduced the speaker in a most pleasing, referring to his distinguished services to the country.

The senator first discussed state issues, and his remarks, substantiated by conclusive proof, was an eye opener to many present. He showed how the prison twin plant under republican management had been so successfully conducted that a surplus of \$130,000 had been accumulated, and farmers got twice of good quality at less than market rates, and after a year of democratic control, the surplus had been dissipated, a debt of \$20,000 accumulated, and poor twice had been made at such a cost that it could not be sold for less than two cents per pound above the market price. The same demoralizing state of affairs existed in the grain inspection department during Lind's control, and he predicted that Van Sant would be chosen to remedy matters.

National issues were next discussed with telling effect, the large crowd remaining practically intact and listening for two hours to the speaker. He clearly established the well known fact that the only opponent to trusts is the republican party—the democratic efforts against them being all wind. The question of imperialism was fully discussed, and the hypocrisy of the popocrats on this subject was shown. He was enthusiastically applauded at frequent intervals, as he made a telling point against the fallacies of the opposition. He certainly did great good for the republican party here.

Real Estate Sales.

The real estate of Thom. McMaster, which was advertised to be sold last Friday, was disposed of at fair prices.

The City Hotel property was sold to J. T. Saaborn for \$6,500.

The brick residence at the corner of 7th and Maple streets went to G. Geddy for \$900. The house adjoining to John Brockway for \$800. P. J. Arnold bought lots 3 and 4 in block 67 for \$900, and lots 1 to 6 inclusive, corner 6th and Ivy, were acquired by D. M. Clark for \$1,100, and the McMaster homestead on Bluff avenue went to John White for \$1,250. R. J. Hartley bought the frame house and lot on Maple street, lot 1, block 5, in Fairview addition, and lots 7 and 8, block 4, Fairview addition. The prices were fair considering the manner of the sales.

Just as Mother Used to Cook It.

The young girls of the Altar Chapter of St. Paul's Episcopal church will conduct a fair and sale of fancy articles in the Guild Hall on Saturday, November 17th. Home made food will be offered for sale. Food cooked just as "mother used to cook them." Don't miss it.

and economy in the court expenses of the county. Mr. McLennahan's election means money saved to the taxpayers by reduced court expenses.

Registration is Small.

The following is the total registration of the city:

Ward	Males	Females
First Ward	230	8
Second	588	8
Third	375	8
Fourth	258	20
Fifth	325	—
Total	1,796	30

This is 271 less than four years ago, when the number registered was 2,068, and the number of votes cast 1,789. The loss is almost entirely in the first ward, which had 657 then, and only has 209 this year.

Don't Move Till Spring.

Under the above head the Minneapolis Times offers the following: The shops of the Northern Pacific at Gladstone will not be removed to Brainerd until next spring. Extensive improvements are now in progress at the Brainerd shops. That work will first be completed and simple accommodations for the Gladstone shops secured. As the improvements will not be done with for some time yet, additional time must be allowed for removal.

I hereby announce myself a candidate for the office of county commissioner for the Third commissioner district, of Crow Wing County, Minnesota, which includes the 4th and 5th wards, and promise, if elected, to endeavor at all times to carry out the wishes of tax payers of my district, and hereby solicit your support.

TRIED TO CUT HIS THROAT.

Ernest F. Richardson, of this City, Attempts Suicide While In Jail.

Ernest F. Richardson, a machinist of this city, was adjudged insane on Wednesday, and was taken to the Fergus Falls asylum that night by Sheriff Erickson, assisted by Rev. C. W. At Staples, while in the car on the side track waiting for the train to start, Richardson drew out his pen knife and attempted suicide by cutting his throat and wrist. He was stopped and the knife taken away before a mortal wound was made, although he cut himself quite badly and bled profusely. Dr. Cameron attended him and bound up the cuts. He also attempted to jump from the window of the car. The sheriff and assistant were relieved when he was safely landed in the asylum. He has a wife and three children living here. His main is of a religious character.

ATKIN 17, BRAINERD 5.

The Up-River Foot Ball Team Defeats The Local High School Eleven.

The foot ball team recently organized in the Brainerd high school went to Atkin on Saturday noon last accompanied by a score of local enthusiasts, to play the high school team of that place. They left in high spirits on the noon train, each wearing the colors of the team, purple and yellow. A crowd of high school girls and other admirers were at the depot to see them off, and they entertained the bystanders with the high school yell. They probably were not so cheerful when they returned at midnight, as they were nicely beaten by the Atkin team, who outlasted them in weight and training. Brainerd made a touch down and a score of 5 before the game had progressed three minutes, but they never scored again. The Atkin boys were so hoary that the Brainerd boys could not break through them, and the only chance to score they had was around their feet. They succeeded in making a point.

In the evening the Atkin high school girls entertained the boys in the Odd Fellows' Hall, a lunch being served, and a pleasant social time enjoyed.

A game will be played at the shop yard in this city between the local high school and the Little Falls team tomorrow afternoon. It will be an interesting and exciting contest, and all lovers of the game should see it. The Alexandria team, with which a game had been arranged, has been disbanded.

GENERAL BOOTH COMING
Will Assume Control of the Salvation Army For a Time.
New York, Nov. 2.—General William Booth, commander-in-chief of the Salvation Army, is coming here next September to take practically the control of the Salvation Army in the United States for at least six months. This announcement was made by Commander Booth-Tucker, who has just arrived here on the steamer Teutonic from England. He was there early in October to invite the general to come over and assist in solution of problems which the Salvation Army is endeavoring to solve. One of the chief problems he said was that of organizing and maintaining the farm colonies which the army is establishing in some of the states.

NOT IMPROVING
Military Situation in South Africa Still Far From Being Satisfactory.
Boers Making Desperate Efforts to Keep Up an Illusion of Actual War.
British Outpost of Ninety Men in the Vicinity of Geneva Captured.

LOHNBURG, Nov. 2.—Conditions in South Africa are not improving. Dewet is a spy that always succeeds in finding cover. Boer partisans in hunting for a safe hideout. Negotiations with Botha have failed. Boer attacks are multiplied, and desperate efforts are being made to maintain an illusion of actual state of war. It seems almost necessary for the British to place guards at every farmhouse, and every night is exposed to attack by Boer commandoes. What is needed is a change in the points of view by which each side will be regarded as a criminal incident. Lord Roberts has not yet succeeded in convincing the Boers that war has ended and police work begun.

INSTRUCTIONS TO CONGER
Minister Informed of the Indemnity to Demand.
New York, Nov. 2.—Comprehensive instructions bearing upon the indemnity this government will demand of China have gone to Minister Conger, says a Washington special to The Herald. Administration officials decline to discuss the character but the demands this government will submit will be moderate. They will comprise reparation for injuries sustained by Americans and the damage done their property and reimbursement of expenses incurred in sending the expedition to China. It cannot be learned that the government has determined upon the exact amount to be demanded, but whatever it is it will probably be accepted in Chinese bonds, which are to be taken up by China in installments.

GOES OUT OF BUSINESS
The National Wireless News Trust Ideas to Dissolve.
Detroit, Nov. 2.—The Continental company, which owned the national news (door and screen window trust), formed about a year ago in Detroit, has closed up its business here. E. M. Kemp, for one of its directors, gave out the following statement:
"After a year's experience as a company we decided to quit rather than build up further competition. On account of the fact that the news columns have been harmonized among the firms interested in the trust. The combined business during the last year was \$1,500,000 in the United States and Canada."

FASTEST SHIP AFOAT
Charles R. Flint's Yacht Arrive Expected to Make Fast Time Home.
New York, Nov. 2.—Charles R. Flint's yacht, which was the fastest ship ever designed, has been fitted for a voyage to New York. The yacht has been built under a guarantee by her designer of 41 miles an hour, and it is expected that she will be able to make 50 miles an hour. The yacht was built at Newport, R. RUSSIA MAKES NO REPLY.
Only Power Not Heard From on the Anglo-German Agreement.
WASHINGTON, Nov. 2.—The alignment of the powers on the British-German agreement is now practically completed. Russia being the only government replying to be heard from. Aside from Italy and Austria, whose adherence to the agreement was expected, owing to their political relations with Germany, Japan is the only one of the powers which has given unconditional assent to the agreement. As the matter now stands, five of the powers are united in all the terms of the agreement, viz. Great Britain, Germany, Italy, Austria and Japan; two of the powers, the United States and France, accept the clauses relating to the "open door" and the territorial integrity of China, but withhold assent on the third clause relating to future procedure in case any power signs treaty.
