Lace Curtains...

We always spend much time and care in looking over the leading lines of curtains in the market. According to our usual custom we have again secured the newest and choicest patterns we could find. They are special bargains and sure to sell at sight. Each curtain is selected with the utmost care in regard to patterns and we offer them at astonishing low prices.

Time to buy curtains is almost here, you'll want them as soon as spring breeze blowing is over, and it won't be a bad idea to call and look over line over and get posted on style and prices.

Remember us when you get ready to lay a new

THE ANNUAL MEETING HELD

of The Crow Wing County Agricultural Society on Monday Morning Last.

PAID TO BE HELD SEPT. 11, 12, 13 & 14.

Officers and Directors for ensuing year elected—Other Business Transacted.

The annual meeting of the Crow Wing County Agricultural Association was held in the office of J. M. Elder on Monday morning, at 10 o'clock. President Werner Hemstead called the meeting to order, and as he had to leave on the noon train he called Mr. A. Fox to preside over the deliberations of the meeting. The following gentlemen were elected officers and directors for the ensuing year:

President—J. M. Elder.
Vice President—Werner Hemstead.
Secretary—A. J. Halsted.
Treasurer—Geo. D. La Bar.

Directors—M. K. Swartz, J. F. McGinnis, Joel Smith, J. C. Hessel, A. F. Ferris, H. S. Cohen, S. S. Adair, Adam Brown, D. D. Smith, F. E. Champ, C. W. Parker, A. L. Hoffman, J. T. Saabara, S. O. L. L. Maties, J. W. Koop, C. O'Brien, A. Arnold, P. M. Lagerquist, P. B. Johnson, Mons Mahlum, W. Wieland, W. S. Cox, M. J. Kelly, and G. W. Holm.

The secretary was instructed to notify the above members of their election and appointment, and to call a meeting of the board at the court house on March 19th, for the purpose of arranging and laying out the work of each member and to have the ladies meet to organize a ladies auxiliary of the association.

On motion, Sept 11th, 12th, 13th and 14th, 1901, was selected as the time for holding the annual fair of the association. This is the week following the state fair, and it is hoped that quite a number of the transactions of this exhibition can be secured for the local fair.

It was the unanimous opinion of all present that the coming fair can and will be the most successful of any yet held, and it is proposed to get to work at once to attain that end. Let everybody put their shoulder to the wheel and the thing is accomplished.

Brainerd Boy in Colorado. N. P. White, formerly of this city, is now located in Florence, Colorado. He writes to the Dispatch from that point as follows: "I find myself located in a town where the prospects are I will stay long enough to have my mail catch up with me, and with the rest I would be pleased to find the Dispatch, which I have missed very much the past three months while I was spending my time up and down through Utah, looking for a hole, which I did not find until I touched up here at Florence the first of the week.

This is a good, lively up-to-date town, doing lots of business. It is a supply and outlet point to the famous Cripple Creek country, where there seems to be no end of startling discoveries of rich deposits in the mines, one of the latest of which goes some \$20,000 to the ton. This country is all covered with oil wells and there are several large oil mills and oil refineries. There are also some oil judges, who they say, if one can judge by what he hears, and the few days' experience I have had in it, there is some better. I found my old friend Bert Smith, formerly of Brainerd, located here, and much pleased with the country."

IMPORTANT REAL ESTATE SALE.

Best Unoccupied Business Corner in The City Sold to Henry L. Cohen, The Popular Dry Goods Man.

One of the most important real estate transactions in this city occurred on Tuesday, when James McFadden sold lots 1 and 2, in block 48 to Henry L. Cohen for a consideration of \$4,000. These lots are at the corner of 7th and Laurel streets, and are unquestionably the best unoccupied business lots in the city. The lots were the property of Isaac E. Lum and J. N. Nevers, and as an indication of how real estate is advancing in this city, it might be stated that these gentlemen bought the lots less than a year ago for \$1,850, doubling their money nearly four times in less than a year.

Mr. Cohen said he had no plans in regard to utilizing the lots at present, but might build later on. That another party, not a resident of the city, was interested with him in the transaction, and he could not say if present whether a building would be erected on them or not.

Koons & Padgett have also sold during the past week other property as follows:

To C. W. Koenig, lot 13, in block 2, Fairview addition, residence property, consideration \$750.

To Michael Boyle, the brick veneered residence property of Mrs. M. H. Hagerberg, containing lots 23 and 24, in Second addition, southeast Brainerd, consideration \$1,000.

To Wm. Bordelau, lots 1 and 2, block 18, Farrar & Poyntz's addition, the property of E. H. Farrar. Mr. Bordelau, the purchaser, will build a residence in the spring.

INSTANTLY KILLED.

Robert E. Berry, a lumberman, Meets His Death by Falling From The B. & N. M. Passenger.

Robert E. Berry, a lumberman, was instantly killed on Wednesday by falling from the south bound passenger of the B. & N. M. By about a mile above Jenkins station. The body was found by section men, who notified Coroner Heintzeland, and he went up that evening and lay out the remains to Clark's morgue in this city, where an inquest as to the manner of his death was held yesterday noon. The jury, after hearing all the evidence returned the following verdict:

"Deceased came to his death by accidently falling from passenger train No. 2, of the B. & N. M. R. Y. Co. and an Illinois' Railroad to said railway company or any of its employees or any other person."

The details of his death as ascertained at the inquest is as follows: He was employed in Fletcher & Lynd's camp No. 3, near Lothrop, and being sick started for Minneapolis, where a sister lives. At Lothrop, E. C. Bush, another lumberman, helped him on the train, and he was last seen by the conductor sitting in his seat after Pine River had been passed. Near Pequot he was missed, and it was thought he had left the train. On arriving at Brainerd it was learned by wire that his body had been found near Jenkins lying on the west side of the track about two feet from the rail. His face was battered to pieces, and an arm was broken. He had evidently gone out on the platform and in his sick condition had accidentally fallen from the train. Death was produced by the fall, as his body had not been run over. About eleven dollars in money, two pocket books and a watch, and other trinkets were found on his person.

The sister in Minneapolis has been written to, and when she is heard from the remains will be disposed of.

D. M. Clark & Co., the only installment house in the city. Goods sold on easy terms.

Original Annual Self-Denial.

Pursuant to the annual custom which has been practiced for years by the Salvation Army that organization is about to enter upon its week of prayer and self denial comprising the dates from March 17 to 24 inclusive.

The object of this idea, the remarkable success of which is the best testimony to its excellence, is to furnish the sinners of war necessary to the carrying on of a work whose branches every day are going into wider and wider fields of labor.

During this special week every member of the organization is expected to deny him or herself of some more or less usual article of diet, clothing, etc., and the thousands of little savings thus effected are all going to swell the funds it is aimed to raise.

The general public, whose interest in the army's philanthropic institutions may not be willing to follow its members along the lines of personal self denial, are however not to be deprived of an opportunity to assist in the effort.

It has been the ambition of a great many citizens for some time past to build a city hall, and yet, though all admit it is a crying necessity, the matter has not received the enthusiastic support it deserves.

Each year throughout the United States has a target to reach. The Brainerd local corps, under the leadership of Esau and Mrs. Jaffrey, assisted by Captain Alice Anderson, has a target of \$55.00 to reach, which they not only expect to reach but to go away beyond it.

Many plans and schemes have already been laid in order to smash their target. Special meetings and demonstrations will be conducted at the Army Hall from now until after the 24th of March.

The Juniors of the Army are also targeted, and Captain Anderson who has charge of that particular branch of the work is pushing the children right to the front.

Already you can see the little Juniors of the Army collecting from house to house for that purpose with the self denial pig. Those pigs, when they are good and fat will be butchered at the Army Hall on the evening of March 23, the fatted hog getting the first prize.

Should those little Juniors come your way collecting with those hogs, don't turn them away empty handed. There will be special meetings conducted all day Sunday.

ARMY BILL PASSED

SENATE APPROVES THE MEASURE BY A VOTE OF 43 TO 18.

BOTH AMENDMENTS CARRY

Propositions for a Temporary Government in the Philippines and for Future Relations With Cuba Are Adopted—An Avalanche of Passionate Oratory Precedes Final Action. House Has a Busy Day.

Washington, Feb. 28.—The senate by a vote of 43 to 18 has passed the army appropriation bill, containing the propositions of the majority for a temporary government of the Philippines and for the future relations between the United States and Cuba. Many amendments were offered to both propositions, but were voted down.

Not since the enactment of the resolution declaring a state of war to exist between the United States and Spain has there been such an avalanche of passionate oratory as that which has been heard during the day. Throughout the session the army appropriation bill was under discussion, the controversial questions being the proposed Philippine amendment and the future Cuba amendment. Curiously enough the debate was confined to the Democratic side of the chamber with one exception. Both amendments were denounced as unconstitutional by members of the United States and unparalleled in the history of legislative enactments.

The most noted speech of the day was delivered by Hon. Bacon of Georgia. He had been thoroughly apprised by reports that Democratic members of the senate were endeavoring to withdraw their objection to the proposed legislation and he passionately denounced as a libel upon himself or men or senators any such statement which would effect the amendments if he could although he realized the majority would have to accept the responsibility for them. His arraignment of the administration for "cheating" congress into enacting such provisions in the closing hours of the session was sensational in force and he declared the only possible object of such legislation was that "the plunderers and vultures" might have an opportunity to prey upon the private land of the Philippines.

Senators Turner of Washington, Tillman of South Carolina, Pettigrew of South Carolina, Hearst of Minnesota, Feltner of Colorado, Malloy of Florida, Lindsay of Kentucky, Culbertson of Texas, Jones of Arkansas, Bismarck of Mississippi, Allen of Nebraska and many others denounced the proposed legislation.

During the early part of the day the conference report upon the former appropriation bill was accepted by the senate.

BUSY DAY IN THE HOUSE

Conference Reports on Three Important Bills Agreed To.

Washington, Feb. 28.—The house had a busy day of routine agreed to the conference reports on the following bills: (1) of Columbus and the military academy bill, the last named containing the anti-beating legislation. The naval appropriation bill was sent back to conference after the defeat of a motion to concur in the D. Boarder's resolution for three more marine torpedo boats. The Louisiana purchase exposition bill, which has been in a precarious preliminary state, was finally sent to conference for an adjustment of differences. Several bills for states were disposed of by preliminary measures. The revenue cutter bill also received a reverse, the house adjourning when an effort was made to take it up.

Sundry Civil Bill Ready.

Washington, Feb. 28.—The senate committee on appropriations has completed the consideration of the sundry civil appropriation bill. The committee recommends the addition of appropriations amounting to \$1,272,672 and reductions amounting to \$1,940,000, the net total carried by the bill being \$2,152,750.

MORE REPUBLICANS BOLT.

Supporters of Roosevelt Withdraw From Senatorial Caucus.

Lincoln, Neb., Feb. 28.—Eighty more members of the legislature making 15 in all, have deserted the Republican senatorial caucus. The eight new absentees comprise the anti-Republican delegation from Douglas county. They are supporters of Edward Roosevelt for long term senator. As justification for their action they claim that certain Republican members of the legislature have declared that they would not support Roosevelt if he was nominated.

Boys Wreck a Passenger Train.

Marshall, Mo., Feb. 28.—Four boys, inmates of the poor farm, destroyed near the Chicago and Alton railway, near here, caused to wreck a passenger train. They put fish planks under the rails on the track. The train struck the obstructions, took the cars down and cut the air lines. Three of the boys are now in jail. They say they did it "just for fun."

NEW STEEL CONCRETE BRIDGE

Will Have a Capacity of Half the Country's Pig Iron Output.

Cleveland, Feb. 28.—It is learned from a reliable source that the newly organized United States Steel corporation takes in complete covering 78 blast furnaces, 145 steel works and 45 finishing plants. This includes bar mills, structural steel and plate mills, tin plate mills, sheet mills and wire rod and wire mill mills. The annual capacity in finished material is about 8,000,000 tons. The company owns Lake Superior iron mines, which produced last year nearly 11,000,000 tons of ore. It has 18,399 coker ovens, 79,228 acres of coal lands and about 80,000 acres of surface lands in the coal region. Its lake fleet will number 68 vessels in when the Rockefeller ore and vessel interests are absorbed, which, it is said, will probably be done later. The iron ore capacity will be increased about 2,000,000 tons a year and the number of lake vessels by 68, making 115 large ore carriers in all. A conservative estimate of the new steel capacity of the corporation's various interests puts it at 11,500,000 tons annually. The corporation's 78 blast furnaces is equal to 4,200,000 tons of pig iron a year, or half the pig iron output of the United States in 1901.

MAY OVERTURN THE DEAL

Holders of National Tube Stock Disappointed With Trust's Terms.

Pittsburgh, Feb. 28.—The Pittsburgh Leader says that the holders of the National Tube company in this city are not satisfied with the terms made them by the Morgan syndicate in the issue of the proposed National Tube stock corporation. They share in the National Tube company. So dissatisfied is the syndicate that there are some of the stockholders who say that they will positively refuse to make an exchange of securities unless they are accorded more favorable terms. Indeed, the tempo of some of the stockholders is such that there is grave danger of the whole enterprise being abandoned as it is now proposed unless some concession is made to them.

FOR PRIZES IN ORATORY.

Northern Oratorical League Given a Permanent Home.

Chicago, Feb. 28.—Frank O. Lovden of Chicago has sent a check for \$1,000 to the officers of the Northern Oratorical League as a permanent endowment fund, the interest of which is to be used to pay the annual prizes awarded by the league to the two best orators in the institutions represented in the organization. The Northern Oratorical League, which Mr. Lovden is president, is a national organization made up of the universities of Michigan, Northwestern, Minnesota, Wisconsin, Iowa and Chicago and Oberlin colleges. The interest on the \$1000 will amount to \$150 annually, \$100 of which will be given as a first prize and \$50 as a second prize at each of the future contests of the league.

Engineers on Great Lakes Strike.

Cleveland, Feb. 28.—As a result of the refusal of the Lake Carriers' association to grant the demands of the marine engineers for additional help in the engine rooms of steamers National President George Ulmer has declared a strike in force, affecting about 1,800 engineers on the Great Lakes. The strike order affects all members of the engineers' organization, on passenger as well as on freight boats. It is said fully 45 per cent of the engineers of the Great Lakes are members of the organization.

Was Trying the Cuddeby Scheme.

Honour Springs, Kan., Feb. 28.—M. D. Boarder, a reformed citizen, is under arrest here for connection with an attempt to force \$10,000 from Frank Warner, cashier and principal owner of the bank at this place, under pain of death to himself and wife or the kidnapping of his child. Boarder was arrested while making off with a bag of drugs supposed to contain money and which was left at a point designated in a threatening letter received by the banker.

Died in Each Other's Arms.

Pueblo, Colo., Feb. 28.—A special to The Chieftain from La Junta, Colo., says the bodies of Louis Berch and Addie Taylor, both 18 years of age, residents of La Junta, were found in an abandoned house a mile south of town. They were locked in each other's arms and each had been shot through the head. Parental opposition to their marriage caused the double suicide.

Eighteen Bodies Found.

London, Feb. 28.—The house of commons after a lengthy debate passed the second reading of the bill restricting the work of miners to eight hours a day by 212 to 189 votes. The bill is a private measure. The opponents of the restriction of the hours of labor insisted that such a restriction would enormously reduce the price of coal.

Oil Found in South Carolina.

Charleston, S. C., Feb. 28.—The reported discovery of oil near Kings Mountain battlefield has caused considerable excitement in York county, S. C., and Cleveland and Gaston counties, N. C., where many options have been given on leases.

Brained My Stepmother.

Columbus, Ind., Feb. 28.—George Jewett, aged 35, brained his stepmother, Estelle Malloy, with an axe. Malloy on going to his home had started trouble with his family.

THE END OF THE WEDGE

RECENT SUCCESS IN SOUTH AFRICA, SO REGARDED BY THE BRITISH.

GENERAL FRENCH THE HERO

Controlling Head of Kitchener Recognized Under Every Circumstance. Constant Hammering Expected to Reduce Operations to Decoit Stage. Believed Each Commandant Will Have to Be Subdued Separately.

London, Feb. 28.—General French's most recent success combined with the other advantages gained by the British forces in South Africa, has created a representative of the Associated Press learns, a most hopeful feeling in the war office here. Lord Roberts' military genius is described as being "the end of the wedge" and it is the opinion of the military critics, who believe that while the war cannot be expected and much more strenuous this constant capturing of men, guns and supplies and horses means that the operations will soon be reduced to a Decoit stage.

General French is quite the hero of the hour on Pall Mall, though, of course, General Kitchener's controlling hand is believed under every circumstance. It is felt by Mr. Broderick that the British forces are doing something to diminish the boer supply of men, horses and supplies. It is believed that the only possible objective is to believe that his action will only affect the force under his immediate command and that the same policy which is now being pursued would have to be continued against the other Boer forces operating in vicinities far removed from the Boer commandments.

It is not believed to be at all likely that General Kitchener will grant any armistice as a preliminary to peace, or, if he does, he will not let the war office know of it until he learns the result. In fact such a release is thought upon such an offer, for if General French were to grant an armistice it is considered that his action would only affect the force under his immediate command and that the same policy which is now being pursued would have to be continued against the other Boer forces operating in vicinities far removed from the Boer commandments.

HAS BOTH SURRENDERED?

London Paper Publishes an Unconfirmed Dispatch.

London, Feb. 28.—The Daily Chronicle which has received a report which it believes trustworthy and which it has no means of verifying, says that General Botha has surrendered to Lord Kitchener, says.

According to an earlier report General Botha was to have been taken to Lord Kitchener's camp about the end of the week, but if the foregoing report is true events have proceeded with unexpected rapidity.

News of Botha's surrender to the Daily Telegraph from De Aar under Tuesday's date as follows.

The Orange river runs high. Our columns are tightening their grip upon the Boer forces. Botha's army at Petrusville and our patrols have been engaged. I anticipate that a general action is about to be fought and the contest is liable to prove serious.

The dispatches from Pretoria-Bloemfontein and Botha's army, north of Middleburg. They point out that it is probably in the hands of headquarters of Commandant Viljoen and the seat of the Boer government beyond the Orange River has been at Bloemfontein for the past few days, but in no other information than that relied on by The Daily Chronicle that General Botha has surrendered.

WRECK OF THE RIO DE JANEIRO.

Captain and Pilot Are Charged With Criminal Negligence.

San Francisco, Feb. 28.—The coroner's jury held an inquest over the 11 bodies recovered from the steamer Rio de Janeiro, returning their verdict during the evening. The jury charges Captain Ward, who was drowned, and Pilot Jordan with criminal negligence. The Pacific Mail Steamship company, accused for having had a Chinese crew on the steamer. Second Officer Graham Corbett is commended for heroic conduct in saving lives.

Edward Made the Naval List.

London, Feb. 28.—In the March issue of the official naval list, there is an interesting innovation. King Edward appears as head of the navy. Until now the naval list has not recognized the existence of the monarch and the omission was the result of the old struggle between the crown and parliament.

Fourteen Bodies Found.

Kemmerer, Wyo., Feb. 28.—So far 14 bodies of the victims of the Diamondville mine have been recovered. The bodies were all lying on their faces and showed every trace of asphyxiation. The rescuing party experienced much difficulty on account of the wet and which the mines flooded.

Remove Verdi's Remains.

Milan, Feb. 28.—The remains of Giuseppe Verdi, the composer, were removed with much ceremony from the tomb in the cemetery of San Isidoro by the military band of the municipality founded by Verdi. Troops led the route between the cemetery and the home and an immense concourse of people witnessed the ceremony.

A Happy New Year.

It is store for all who have determined to give us the best of their coal orders for 1901. Speed the passing year, old 1900, welcome the incoming year, giving 1901 by giving a housewarming gift for the occasion. In other words, have good coal on your fire and in your cellars. Good coal here every time. At.
