SEVERIN KOOP IS DEAD.

Prominent Brainerd Business Man Joins the Silent Majority.
James Cullen, An Old Settler, Also a Victim of the Grim Reaper.

Severin Koop, the senior member of the grocery firm of S. & J. W. Koop, died at the Sanitarium on Wednesday afternoon at 3:30 o'clock, his death bed surrounded by those whom he most loved in life. He was a victim of Bright's disease of the kidneys, with which malady he has been afflicted only during the past few months, being previously strong and rugged and enjoying the best of health. He broke down during the winter, and on the advice of the physicians went to Florida to regain his health, but he had a very bad spell of sickness while absent. He returned a few weeks ago, and appeared to be benefited, but was soon taken worse and never again recovered. He was removed from his home to the Sanitarium for better care, and there his busy life ended.

Deceased was born in Hanover, Germany, in 1831. At the early age of 15 he shipped as a sailor, and for 14 years he followed the sea for a livelihood, advancing to the rank of mate. He sailed all over the world, the scenes of the battles of Manila and Santiago being as familiar to him as the well traveled Atlantic. In 1878 he went to St. Joseph, Minn., where his parents had located. For three years, until 1881, he managed a store at Sauk Rapids for Lineman & Demerue, when he came to Brainerd to work for Lineman & Koop. He remained in their employ and for their receivers until March, 1884, when he purchased the stock of the receivers in company with J. W. Koop, with whom he has since been associated, conducting the largest grocery business in the city, or for that matter, in northern Minnesota. In 1887 he was united in marriage to Miss Elizabeth Early, and to them has been born four children, two boys and two girls, who now mourn a loving father's loss. His aged mother, who resides in East Brainerd, and three brothers, Ed. Meyer, J. H. Koop, J. W. and John Koop, all living in this city also survive him.

Deceased was a man of exemplary habits and character. He was steady and industrious to a fault, his close attention to business and hard work, undoubtedly affecting his health. An indulgent father and a loving husband as well as an upright and industrious citizen, his death is a great loss not only to his family but to the community at large.

The funeral services will be held at the St. Francis Catholic church Saturday morning at 9 o'clock, Rev. Father Lynch officiating.

James Cullen, one of Brainerd's old and respected citizens, passed into the life beyond between 10 and 11 o'clock on Tuesday night, April 30th, at his home in East Brainerd, his death bed surrounded by the members of his family. Mr. Cullen died of the infirmities incident to old age in his 73rd year. The funeral services will be held at 9 o'clock this morning at St. Francis Catholic church, Rev. Father Lynch officiating.

Mr. Cullen was a native of Ireland, but emigrated to this country nearly 60 years ago. He lived in turn in New York, Indiana, Michigan, and in Swift county, Minnesota, where he resided seven years previous to coming to Brainerd in 1878, since when this city has been his home. His aged wife and four sons, Ed. and Jas. Cullen, of this city, and Mike Cullen, of Staples, and John Cullen, of Duluth, survive him, the latter being in the city to attend the funeral obsequies. Mr. Cullen was one of these quaint, witty Irish gentlemen, who made friends of the very acquaintance, and his death will be deeply regretted by all.

CASEY-STILLINGS WEDDINGS.

Two Popular Brainerd Young People Are United in Marriage.

One of the pleasant social events of the season occurred at the First Methodist Episcopal church, Brainerd, on Tuesday evening, April 30th, when Miss Leslie Stillings, only daughter of Mr. and Mrs. Fred Stillings, was united in marriage to Mr. James F. Casey, one of our popular young men, a machinist in the N. P. shops. The church was beautifully decorated with palms, roses, carnations, violets, and smilax for the occasion. The drapings on pulpit and altar rail were of white silk-lane, the mingling of which produced a very pretty effect. Promptly at 8:20 p. m. the bride groom, accompanied by Mr. Alex. McCarthy, arrived, followed immediately by the bride leaning on the arm of her father, and attendant, Miss Anna Grossman, with little Gladys Cooper performing her part well as flower girl.

The bridal party were received at the door by Messrs. Will George and Ed. Morrison, acting as ushers. Mr. Morrison presiding at the bridegroom and his attendant, and Mr. George the bride and her attendants, the party walked slowly down each side to the strains of the wedding march efficiently played on the piano by Miss Bertie Robinson, who continued playing during the service. At the altar they were met by the Rev. J. Clow and Mrs. Clow, who in the presence of a large gathering of invited guests and other friends, read the service that united the happy couple for life, the ring ceremony being used.

Following the service at the home reception was held at the corner of 10th and Kingwood streets, at which about 100 guests tendered their congratulations to the newly married couple.

The bride and bridegroom were the recipients of numerous and valuable presents, consisting of a china closet, rocking chairs, silverware, cut glass, household linen, etc., etc. Mrs. Stillings, mother of the bride, assisted by Mesdames C. M. Richardson, R. George and J. B. Williams, received the guests and served a dainty lunch. The bride and bridegroom amidst a shower of rice and old shoes, left on the midnight train to spend part of their honeymoon in the Twin Cities.

We are glad to know that this worthy young couple will make their home in Brainerd.

New Clothing Store.

A new clothing store will probably be opened in this city soon. Walter Davis has received an offer to lease his store room on East Front street now occupied by himself from the Vanstrom Clothing Co., of Minneapolis, one of the largest in that city, who propose to establish a branch house here. Mr. Davis will probably accept the offer, and move his stock of musical instruments and supplies into the hall above.

Rioters Indicted.

Sheriff Hardy, of Cass county, was in the city on Wednesday on his way to Minneapolis. Mr. Hardy stated that six of the men implicated in the recent riot at Ellinger had been indicted by the grand jury, and that five of them, Chas. Leary, John Henderson, P. B. Leaser, John Leaser, and Hestiah Leaser, had been apprehended and released on \$500 bonds each to appear for trial at the next term of court. Ed. Leaser has thus far escaped arrest, although the sheriff is confident of getting him in a few days.

The contract to build the new wholesale house of Clary, Hemstead and McGinnis will not be let until the first of the week, the plans have already been arranged only yesterday. The work of excavating for the basement has been completed.

A GOOD BEGINNING

The Brainerd High School Team Wins Its First Two Games This Season.

As announced last week the high school baseball team went to Little Falls last Friday, and after giving the high school team of that city a drubbing, went to St. Cloud on Saturday and repeated the operation. They played good ball according to the press of those cities, and we desire to predict that they will win the pennant in the North Star Athletic League, recently organized. The game with the Little Falls team was one of the league games, the Little Falls school belonging to the league. Concerning the games the papers of those cities say:

The first ball game of the season was played at the ball park. Friday afternoon between the Brainerd High school team and the local high school team. The afternoon was very agreeable, a high southeast wind blowing, and but a small crowd witnessed the game.

The game was very good from start to finish, although the local team had a bad feature. The Brainerd boys proved a trifle to mean for the local boys, finishing the last half of the innings by passing four men over the plate. The game started with the Little Falls at bat, and by some well placed and long hits the boys succeeded in piling up three runs. The Brainerd team took a turn at the "willow" and passed several men over the plate, and by a neat double play visitors were retired.

The second inning, however, proved rather bad for both, and the game closing was closed with a "goose egg" for both teams.

In the third inning the local team were shut out and the visitors landed a few good hits and got three more scores to their credit.

Little Falls was given another one of those "manly hits" in the fourth and Brainerd went to bat and by numerous errors by the local team, got five more scores.

Our boys got their eye on the ball in the fifth and chased two men over the plate. Lange was charged from half and Brainerd boys failed to reach first base.

In the sixth, seventh and eighth the visitors were unable to find Lange's legs and got three more scores to their credit.

Little Falls, however, succeeded in getting into the seventh and three in the eighth.

In the ninth Little Falls piled up two scores. The local team was tired and Brainerd took the stick, and by some good hitting and running, the score at 12 to 12.

Our boys went to pieces and after throwing the ball out twice Brainerd got the winning score, making it 12 to 13—Little Falls Transcript.

Baseball season in St. Cloud was opened by a game played Saturday afternoon at Athletic stadium between teams representing respectively the Brainerd high school and St. Cloud High. The visiting team was victorious by the score of 13 to 10 but ten innings were refused to settle the supremacy. The play was so mauve order throughout and the matter was not especially exciting from a scientific standpoint.

When it is considered, however, that the teams were for the most part very young players it was not so bad. Brainerd took the local lights in the same and kept it until the end of the ninth when the local caught them by the local lights. The opening of the last half of the ninth the score was Brainerd 14 and St. Cloud 10. It took nine runs to get it getting there by a succession of timely hits, yellow holding on the part of Brainerd and a series of unexcusable errors. The rosters are the impossible and when the score was tied the smallest pendulum was man size. In Brainerd's fourth, three men crossed the tenth, three men crossed the tenth, three men crossed the tenth, three men crossed the tenth, three men crossed the tenth.

It Saves His Leg.
P. A. Danforth, of LaCrosse, Ga., for six months with a frightful running sore on his leg, had cured that Dr. King's New Discovery. "I was cured in five days," says Mrs. Wozzles, Miss, it's the best medicine ever guaranteed.

WATERWORKS AFTERNOON
The Little Falls High School team will play a return game here to arrive afternoon on the 21st at West Front street. Curns out a buy ticket and encourage the boys to win the North Star pennant.

THE HOME GOLD CURE

An Inevitable Treatment by Which Drunkards are Being Cured Daily in Spite of Themselves.

No Nerves Do Not Weakened of the Nerve, A Pleasant and Painless Cure for the House Hold.

It is now generally known and understood that Drunkards are in a debilitated and not weak state. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradication of the poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by the wonderful "HOME GOLD CURE" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our formation of thousands of Drunkards into sober, industrious and upright men.

WIVES CURE YOUR HUSBANDS' DRUNKENNESS
YOUR FATHERS'! This remedy is in no sense a nostrum but is a cure for this disease only and is skillfully devised and prepared that it is so easily and perfectly administered, so that it can be given at a cup of tea or coffee without the least objection. It is the most efficacious and pleasant of all remedies. Thousands of Drunkards have cured themselves with this priceless remedy, and so many more have cured their wives and made temperate men by the use of this "HOME GOLD CURE" administered by loving friends and relatives without their knowledge in coffee or tea, and before they could get up, thus effecting a cure of their own free will. DO NOT WAIT. Do not be deluded by the "new" cures of the "HOME GOLD CURE." Do not be deluded by the "new" cures of the "HOME GOLD CURE." Do not be deluded by the "new" cures of the "HOME GOLD CURE."

THE HOME GOLD CURE
is sold at the price of One Dollar per bottle, containing 425 cc. in 10 directions a treatment more effective than any other, costing \$2.50 to \$5.00. Directions are given in a booklet which will be mailed upon request to the nearest agent, without extra charge. Sent prepaid to any part of the world. Address: Dept., H. P. Laws Sprinkling.
In order to remove all grounds for dissent in the Minnesota Water Works Company will furnish water at a rate of 32 cents for the season for a two-story house, and \$40.00 for the season for a city lot, and the balance before July 10, 1911. To each party pay in full for the entire season 10 per cent will be allowed. These rates will cover sprinkling through the season, and the amount of the meter and six and nine in the evening and will do so on permit for law sprinkling at four hours after that time, in all previous cases.

The rates are lower than those charged elsewhere, and the company has recently been remodelled at a great expense, and are expected to give satisfactory service. But they will not do so if strained beyond the capacity by the wasteful consumption of water.

WILL BE INDEPENDENT

AMERICAN LEGATION GUARD T. TAKE ORDERS FROM FOREIGN OFFICERS.

LEAVE THE COUNTRY FIRST

Would Have to Withdraw if One of the Powers Formally Declared War on China—German Take Steps to Acquire a Concession at Canton. Action Causes a Surprise at Washington.

Washington, May 2.—The legation guard at the American legation at Peking will not be subjected to the order of any general. Official reports of the latest phases of the negotiations at Peking as given in the press dispatches will not reach Washington until it is suggested as a possibility that the demotion of the general is not unequalled. Still it is clear that the American legation guard will retain its independence even if Germany were to announce that it is necessary to that and to remove the legation guard from Peking. The latter course might become necessary in case of the formal declaration of war on China and extraneous rights to cause the withdrawal of all neutral forces, but under existing conditions the guard probably will remain.

LOTS MORE LIKELY

No chance for argument here. No better proof can be had. What a Brainerd man says is the best of evidence for Brainerd. Read this case.

We have lots more like it. Mr. R. D. Hanson, of Third Ave. East Brainerd, former at the Brainerd and Lumber Co., says: "For as long as twelve or fourteen years I was a back hurt and I could stoop but when I attempted to rise severe pain would me in the loins. Often I could not change my position and help out of bed. The kidney secretions were of a very unhealthy color and were otherwise irregular. I purchased and used Doan's Kidney Pills, 50 cents a box, for sale at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-McIlwaine Co., Buffalo, N. INDERMUNITY IS FIXED.

China Must Pay About Two Hundred and Seventy-five millions of Dollars.

Paris, May 2.—The foreign office has received a dispatch from Peking which states that the German French minister has presented the report of the committee on indemnity. The amount China is to pay has been fixed at 275,000,000 francs (about \$1,125,000,000). How it is proposed that the indemnity shall be distributed among the powers is not set forth. The Hague. It is thought the ministers are hopeful of being able to settle the proportion to be received by each power by discussion at the peace conference.

Fighting Reported in Manchuria.

Peking, May 2.—It is persistently reported here that there has been fighting between the Japanese and the Chinese in Manchuria. No fighting has been reported here since the Japanese forces were driven back to the Yalu river by the Chinese. The largest stock of boys' suits, all ages and new styles, in the city. Prices low.

No Special Privileges for Manchuria.

London, May 2.—The Chronicle publishes the following from a Hong Kong syndicate: "An order signed by the Chinese minister at Peking has been issued for the grant of special privileges of the Manchuria, who heretofore will be treated the same as the Chinese."

HERO'S RECEPTION.

Iowa do honor to Minister Conner at Council Bluffs.

Council Bluffs, Mo., May 2.—Mayor Edwin H. Conner was accorded a state as his first set foot on Iowa soil at Council Bluffs. He was greeted by more than 1,000 people who had assembled to be the first honors to the returning minister. Congressman Water Smith, Mayor Jennings and others honored his car to extend the greetings of the city. An Minister Conner appeared on the rear platform and doctored tremendous cheering and doctored tremendous cheering.

Reburial of Confederate Dead.
Washington, May 2.—Secretary Root has given orders to the commanding general's department for the reburial of the Confederate dead in the National Soldiers' cemetery at Gettysburg, Pa. The remains of the 136 Confederate soldiers buried in the National Soldiers' cemetery at Gettysburg, Pa. were removed by the secretary from the women of Virginia, who were buried in the National Soldiers' cemetery at Gettysburg, Pa.

Judge Holland sells lots in different parts of the city and five acre farms within ten minutes walk of the Northern Pacific shops. He sells land and sell lots or help persons to erect residences.

Call and see him before investing—smoke a Hyraman, figure with him how much more ground than Minnesota Northern Pacific shops cover than the Chicago exposition building did; talk of the different styles of architecture of the 97 buildings in the process of construction in the City of Brainerd on April 9th last.

He will not practice law while the boom is on. If requested he will tell you when Brainerd will be big enough to doff her girl clothes and appear in bang dresses.

When the carpenter's hammer roars night and it is heard days only, when the Northern Pacific Railway branches make direct connections between Brainerd and Koochiching, Brainerd and Mills Lake, Brainerd and Winnipeg and helps to form a north work of railroad tracks in northern Minnesota, when 300 men are employed at the Northern Pacific shops ten hours per day; when Brainerd shall be our largest city and population be 20,000, when 300 men are employed as up property river-shedlines, and the Brainerd boom passes to work in that department of science 23 years in Brainerd.

Don't be afraid to call. It won't cost you anything.

Mr. F. D. Arnold, Arnold, Ia., writes: "I was troubled with kidney disease about three years. GERMANS AFTER TRADE

WONDERFUL GROWTH OF EXPORTS IN SOUTH AND CENTRAL AMERICA.

COLONIZATION IN BRAZIL

Over Two Hundred and Forty Thousand of the Kaiser's Subjects Are Settling in That Country—Five Great Steamship Lines Engaged in the Trade—United States Utterly Unable to Compete.

Washington, May 2.—A report of timely interest concerning the remarkable growth of German commercial enterprises in South and Central America has been received at the state department from Vice Consul General Murphy at Frankfurt, Germany.

"The rapid extension of Germany's direct line of sea connection with our southern neighbors," says Mr. Murphy, "the growth of German colonies there and the consequent increase of German influence and trade, especially in Southern Brazil, in my opinion, should arouse a feeling of friendly rivalry in American business circles if we intend to maintain our position in these rich markets."

"Mr. Murphy enclosed extracts from articles recently published in Central American journals, showing Germany's remarkable foothold in South and Central America. Among the statements made are that the German steamship lines maintain such a position in the South and Central American trade that the North American commercial fleet is entirely unable to enter into competition with them. Not less than five great German steamship lines are engaged in trade with South America, especially with Brazil. Furthermore, it is stated that in the southern portion of the continent there are already over 240,000 German colonies and the German commercial spirit has completely driven out the English in the Central and Southern provinces.

SETTLERS FOR THE WEST.
Nearly Sixty Thousand People Taken Out This Season.

St. Paul, May 2.—A notable season in home-seeker excursions has closed. Since the second week in February multitudes of settlers have been left for the West, and as a result the cheap rates granted by the railroads, nearly 60,000 souls have gone to the far West in search of new homes. The climax was seven heavily loaded trains, one of them of five thousand cars, which left the Union depot this morning.

The flyers of the Great Northern and the Northern Pacific left in several sections, and the regular trains of the box road was composed of 14 heavily loaded passenger cars. Officials at the depot declare that it was the busiest day for excursions in the history of the station, and the figures of the passenger department show that all previous records were put in the shade. At a conservative estimate 2,500 passengers were handled out of the depot, and of these 80 per cent were bound for the state of Washington.

WITHOUT CEREMONY.

Gates of the Pan-American Exposition Opened to the Public.

Buffalo, May 2.—The beautiful electrical display at night was the centennial event of the opening day of the Pan-American exposition. The attendance in the morning was small owing to the threatening weather, which kept away many from nearby towns. Later in the day, when the sun broke through the gray clouds, the crowd began to assume the proportions of an exposition throng and at night thousands passed through the turnstiles.

The gates were opened without ceremony, the opening day ceremonies having been postponed until the 30th, when they will be combined with the dedication day exercises.

New German-American Society.

Columbus, O., May 2.—"The Bismarck" is the title of a German-American society which is to be national in its scope, incorporated here. It is a social organization whose chief object is to perpetuate the memory of Prince Otto von Bismarck, German-American in various parts of the country have expressed a desire to establish similar societies and have decided to make it a national organization and issue charters to branch societies.

Chairman Corrigan Gives In.

Cleveland, May 2.—President Ulmer of the Marine Engineers' association announces that J. J. Corrigan, one of the most prominent independent vessel owners on the lakes and chairman of the executive committee of the Lake Carriers' association, has agreed to pay the wage scale of the seafarers. The union employed Mr. Corrigan's boats will resume work at once.

Agency Superintendent Removed.

Frankfort, Ky., May 2.—Evergreen, Beckham removed Dr. E. B. McCorkle, superintendent of the Perkinsville insane asylum. The governor does not go into the details of the charges against Dr. McCorkle, but says his dismissal is required for the good of the institution. Dr. McCorkle has indicated that he will file counter charges of a sensational nature.

INTERNATIONAL ARBITRATION.

Mrs. Sewall Asks Clergymen to Explain The Hague Conference.

Indianapolis, May 2.—Mrs. May Wright Sewall, a member of the Western International Peace and Arbitration committee of the United States, has issued an appeal to the clergymen throughout the country to explain to the meetings to be held May 18 the results of the peace conference of 1899 and the court of arbitration as it has been formed. Mrs. Sewall has also sent out an address to be read and voted on at the meetings. A part of it follows:

"We quite in the expression of our conviction that nations, which are but aggregations of individuals, should be held to a morality as least as exalted as that which was demanded of individuals under the highest existing forms of civilization. The court of common justice in which differences are arbitrated by law and reason has succeeded in the past as a method of settling this kind of controversy. We believe this fact to be a pledge that nations also may be brought to settle, under corresponding laws of justice and reason, according to the principles enunciated in the convention passed by the conference of 1899. We should maintain the endeavor to augment public respect for it and take no step to diminish that which the range of its influence and that the range of its principles is in behalf of which it contemplates."

CHALLENGE FROM M'GILL.

Canadiana Wish to Meet the Oxford-Cambridge Athletes.

Oxford, Eng., May 2.—A challenge has been received here by the Oxford University athletes club from McGill university of Toronto to an athletic meet to take place in Montreal previous to the Oxford-Cambridge and Harvard matches. The challenge is being considered.

OLD OWNER MAY RECOVER.

Decision Without Precedent Handed Down by the Supreme Court.

St. Louis, Mo., May 2.—A decision without precedent in any Western case has been handed down by the Supreme court in the case of the Galena and Quincy Railway Co. vs. the Galena and Quincy Railway Co. The case involved the title to a certain piece of property which was sold at auction to a purchaser who had no knowledge of the existence of the mortgage. The court held that the mortgage was valid and that the old owner may recover the property.

RETURNING MINERS REPORT MANY WERE FROZEN TO DEATH.

Porting Miners Report Many Were Frozen to Death.

H. T. Reed and E. F. Dyer arrived from the North on the steamer Victoria, having left Nov. 1 and made the trip up the river, 2,000 miles, in five weeks.

The miners report that during the winter about 200 men who joined stampedes of scores of reports of starvation and some bodies have been found in the Klondike country and also in the Klondike district. Gold Pan and Alder crews, in the latter districts, have yielded from 50 cents to \$10 to the pan.

Quiet May Day in Germany.

Berlin, May 2.—May day passed off quietly. Three hundred and eighty-five thousand persons attended the various Social and trades union meetings and at all of these resolutions were adopted in favor of the hour day and the right of union. In consequence of the threats of the master builders to lock out all those workers who celebrated "May day" in the building trades went on, although many men were absent.

Might Establish a President.

Berlin, May 2.—A representative of the government has informed the roiling committee on petitions that Germany had demanded £5,000 from Great Britain on account of certain Transatlantic opinions and that Great Britain had refused the demand on the ground that she did not wish to establish a precedent, but was investigating the whole subject.

Shoebag Carriers Strike.

St. Louis, Mo., May 2.—Every union cooper in this city is being down his tools and will not return to work until a new agreement is reached. The scale of wages is reached with the contractors. The scale having expired. The large amount of building under way will be seriously hampered unless a new scale can be agreed upon.

Premium for Milwaukee Bonds.

Milwaukee, Wis., May 2.—The commission of public debt sold to E. H. Rollins & Sons of Boston issues of Milwaukee city bonds \$2,000,000 for \$1,970,000. These bonds bear interest at the rate of 4 1/2 per cent. The payment of this premium permits the city to borrow this money at the rate of 4 1/2 per cent.

SPOILED THE DOG SHOW.

Photographer With a Flashlight Sets the Animals Crazy.

Chicago, May 2.—A photographer brought the dog show, now being held under the auspices of the Massachusetts Kennel club, to an abrupt close. He took a flashlight picture of the show, where 2,000 dogs are chained up, being staked between the kennels being jammed with lighters. Ten pounds of flashlight powder were used and the flashes and fumes set every dog to the place frantic with excitement. They made every noise of which a practically insane dog is capable, and many of the dogs were set on their chains in the attempt to get at the crowd. The dogs were so wild that it produced much excitement among the people and there was a rush for the doors. A number of women faint-fits were suffered.

Mrs. Pauline Minkh Buried.

Paris, May 2.—The body of Mrs. Pauline Minkh, the agitator who was transported in connection with the common trouble, and who died last week, was buried in Père Lachaise cemetery. Her coffin was covered with a red check and followed by socialist notables. At the cemetery a conflict occurred between the police and the agitators, the latter endeavoring to suppress revolution and seize several arrests were made.

Charged With Poisoning Her Husband.

London, May 2.—A woman charged with the poisoning of her husband, The Tribune from Bradford, Mich., Mrs. Josephine White is held here on a charge of having caused the death of her husband by administering poison on April 7. The woman's attorney announced that: "The White case is his death by strychnine poisoning, which, we suspect, was administered by his wife."

Russia Would Control Servian Army.

London, May 2.—I have said that the Russian minister of war, General Kuropatkin, has advanced a plan, says the St. Petersburg correspondent of the Times, "to induce Servia to conclude a secret convention with Russia which will give Russia control over the Servian army in return for political advantages granted Servia."

Jess Taylor, a "colored gentleman," who has worked for Butler & Ryan for several months, was arrested on Tuesday on the St. Paul train at Little Falls, on a telegram from Sheriff Erickson, of this city, for tampering with his board bill.

Davidson Gives His Advice. The St. Cloud Journal Press of Wednesday says: E. T. Davidson, manager of the Davidson opera house, has returned from Brainerd where he went on Monday at the invitation of a colony of Brainerd men to pass upon plans submitted for a proposed open house for that city.

"Fifteen men subscribed \$1,000 each," he impressively declared today in an interview, "and will build a first-class opera house. Treasurer Johnson has fifteen checks of \$1,000 each and an opera house will be built this season."

"Are the checks good?" was naively asked. "They are!" shouted Mr. Davidson. "Brainerd men save our things by heaven, and I look to see a modern theatre built with the money realized from the checks."

"What did you do at Brainerd?" queried the interlocutor. "I pencilled the plans drawn by a Duluth architect. The architect drew a beautiful plan but it was scarcely practical in any essential," said Mr. E. T. Davidson.

"I expected a delegation of business men over the Davidson with a view to utilizing their information in the erection of the Brainerd theatre. The committee will also visit the St. Paul and Minneapolis houses, not forgetting the Dreyer and the Star."

INDIAN SIGNALS. The Long Distance Code by which the Red Men Coverters. The inventor of the code in the early days soon learned the significance of the signs of smoke that he sometimes saw rising from a distant ridge or hill and that in turn he might see answered from a different direction.

The Indian had a way of sending up the smoke in rings of puff, knowing that such a smoke column would at once be noticed and understood as a signal and taken on the smoke of covering the fire again. The column of smoking smoke rings mild to every one within 20 miles.

There is an enemy near. "Two arrows meant 'Danger.' Three arrows said imperatively, 'The danger is great.' Several arrows said, 'The enemy are too many for us.' Two arrows shot into the air at once meant 'We shall attack.' Three at once said, 'We attack now.' An arrow shot off in a diagonal direction said as plainly as pointing a finger, 'That way.' The untutored savage could telephone fairly well at night as well as by day."

A Sympathetic Memory. In a woman who lives in a town lives a young woman who is blessed with both discrimination and tact.

The first of these admirable qualities she has displayed by her two marriages. Her first husband was a failure, a most delinquent man. He died, and after a lapse of five or six years she was united in his only brother, who was a successful lawyer in New York.

On her wedding day she stands a picture of the first partner of her joys and sorrows, and one day a curious caller asked whom the photograph represented.

"That," said the hostess, with evident surprise, "is a picture of my husband's brother, who died eight years ago and who was very dear to us both."

G. W. Strivalt, of Little Pine, was a social visitor at Brainerd last week.

Two of the Coniff boys, have gone to Brainerd to work during the absence of their trade, that of plastering.

Rob. Andrews has been sporting a neat looking black eye, but it was caused by his best friend, the result of an accident.

Chas. Andrews and family are back from their Wright county visit and are none the worse for the wear and tear of travel.

Wm. Andrews' new house is rapidly nearing completion, and when done will be one of the most substantial houses in the town of Emilly.

R. Neiderer is contemplating the building of a house near his work at the government dam, after he has proved up on his homestead in this vicinity.

Mr. John Vaniclike has had a hard time of it, hauling green lumber over bad roads to Duck Lake to build a wharf for the Little Pine dam.

The dance at Mr. Chas. Andrews for the benefit of the ball team, was a success socially and financially, the netting a nice little sum for their benefit.

Boness & How's have a crew of men at work on the Eagle Lake dam, and will soon have it in shape to stop the wild career of the raging torrent of Daggott Brook.

The Emilly Sawmill Co. have put up a good, substantial mill house for the accommodation of their new shingle mill, and will soon be turning out shingles for the local market.

The copious rains of the 28th and 29th ult. have made the verdure of the country spring into life with a joyous bound, and the farmer with herds of stock and no hay are correspondingly happy.

M. D. Butterfield is home again from Walker, where he has been teaching the Walkierites the art of pleading in jury, and other business incident to the proper adjustment of the scales of the Goddess of Justice.

Rumor has it that our local cruiser has shipped out for parts unknown, but as he did not leave any unpaid bills behind, I guess we do not need to worry any, as a man has a right to take a walk if he feels inclined that way.

Some miscreants have made a wretched slaughter of fish along Foss and Daggott brooks. Where is the game warden, and what does he do with his salary? There are hundreds of fish killed and left lying along the banks of the above mentioned streams, that have evidently been killed just for the pleasure of destroying something.

You are much more liable to die of German Syphilis, if it not only bleeds and stimulates the tissues to destroy the germ disease, but also inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. KATRINE.

The mill is turning out lumber again. The rain Sunday night was much needed.

The lake is clear of ice. It broke up the 25th.

The boys have settled and wheeling is good.

Beavers—Bay Lake has several of them floating around.

Several new houses are being erected, two on the Brainerd road.

We learn that Supervisor Chord, of Faxon, was quite sick, but is about again.

The advance agents of the mosquito invasion have arrived and are posting bills.

Miss Stogard, Miss Ethel Archibald and Chas. Coleman were home over Sunday.

Mrs. Katrina leaves a sign when she reads that Mrs. Oak Law has finished her house cleaning.

The young people are planning a social event for the near future, and a society is requested not to tell.

One of R. J. Maghan's little daughters came home from a visit, and brought samples of the measles for all the little Maghans.

Guess some of the scribes have the planting fever. It is epidemic over here, the children have it, and they plant and plant. Just human nature.

Annual Meeting. The annual meeting of the Evergreen Cemetery Association will be held at the office of F. W. Little, Tuesday, May 7th, 1901, at 8 p. m.

ESDON EITCHINGS. Wild flowers in bloom on April 24th.

John Waldrop has gone to Brainerd to work.

Phil. Iale is working at Wm. Geran's at present.

Wm. Peters is building a new frame house on his farm.

Mr. and Mrs. Lison are the owners of a nice new buggy.

Mr. Isles sold all his cattle to parties in town recently.

GARRISON GEMS.

Old Mr. Nelson has gone blind. Mrs. Borck visited at her sister's, Mrs. Scott's, on Saturday.

I. B. Avery has the wood cut and hauled for the school house.

Mr. Francis is having a stone basement laid for a barn 32x40 feet.

Mr. and Mrs. R. Redfield visited at Mr. Joe Harrison's on Sunday.

Those wishing to have sheep shearing done should call on Messrs. Scott and Redfield.

Mr. Abe Warren, accompanied by Miss Coaly and Miss Minnie Harrison, went to Brainerd Saturday.

Miss Arlie Scott has quit working for Mrs. Ellison. Her place will be taken by Miss Nettie Francis.
