The Big Store!

Children's Special Opening

Commencing Monday, May 27, and ending May 30.

We will conduct a special opening of Children's and Misses hats, and all the young ladies and misses of Brainerd and vicinity are cordially invited to attend. We are showing the newest and most tastefully trimmed hats in the Northwest, and we sell at so narrow a margin of profit that no other house can meet our prices. Mothers call with your daughters and look our stock over, whether you wish to buy or not, we will be pleased to show you our line. Our Ladies Hats are too well known to need much mentioning. Only wish to say the latest thing we are showing now is the "GAINSBOROUGH" hats, which are all the rage in New York and Chicago. This is a decided fad in present, and will be more so when hot weather comes, so call now and get the choicest.

Don't forget the date of our Opening. It will pay you.

BUILDING IN BRAINERD IS BRISK.

Nearly a Quarter of a Million Dollars Will Probably Be Expended This Season.

The Largest Amount in the History of the City—List of Buildings Being Constructed and Projected.

While Brainerd is not having a phenomenal growth, or what is known as a boom, yet it is enjoying a healthy growth this season unequalled since the boom days of 1892. Probably more building is being done this year than any time since that eventful year, and it is of a more permanent, solid and substantial character than ever before. The Dispatch has taken the trouble the past week to visit all sections of the city, and finds buildings in the course of construction with estimated cost as follows:

	Cost.
New wholesale house.....	2,000
Cale block.....	5,000
Pierce block, on Laurel.....	5,000
Swedish Baptist church.....	3,000
D. Mahoney's residence.....	3,500
A. Angel's residence.....	3,000
Jas. Long's residence.....	3,000
Jay Barchelder's residence.....	2,000
Hawkins & Baker, residence.....	2,000
Geo. Gardner.....	2,000
S. Walker, bluff ave.....	1,200
Residence 9th street south.....	1,200
Blair Nelson, residence.....	800
T. Eamay, residence 3d ward.....	1,500
H. A. Kalla, res.....	1,500
Edg. Richter, res.....	800
Mr. Warner.....	1,000

The above are structures actually being built, and there are others undoubtedly that are not listed that would make the aggregate \$75,000. But this is a small amount compared with those that are projected and will probably be built this season as follows:

Park opera house.....	20,000
New C. N. Parker block.....	20,000
Harrison school building.....	12,000
Brick block by Mrs. Dressen.....	8,000
Brick block by P. J. Arnold.....	8,000
Hemond residence.....	5,000
Jas. Cullen.....	3,000

Mention has heretofore been made of all the above buildings except the brick blocks by P. J. Arnold and Mrs. Dressen, and the residence of Mr. Cullen. Mr. Arnold owns two lots on 8th street next to the mill track, and on these he contemplates the construction of the solid brick business block referred to, which will be 90x28 feet, two stories high, containing two store rooms. Mrs. Dressen expects in the fall to build a building of the same character and dimensions, where her residence standing now stands in what a mercantile business will probably be conducted by her son-in-law now in Montana, who has sold out there and is coming here to reside. The Cullen residence will be built on lots just bought by Mr. Cullen of J. J. Howe adjoining the old Villard site on 6th street, a permit having been granted to Mr. Cullen at the recent council meeting. Almost every residence proper in the city also is undergoing repairs and having additions more or less extensive constructed, costing in the aggregate many thousands of dollars. Considering the above and the work yet to be put on the new shops, it is not extravagant to assert a quarter of a million dollars will be spent in this city in new buildings this season, a record to be proud of, and which means contentment and prosperity for all classes of people in the city.

MARVIN PLEADS GUILTY.

And is Sentenced to Three Years in Jail—Admits Serving Time Before.

The St. Paul Dispatch contains the following concerning the case of Louis E. Marvin, who was arrested some time since in this city for bigamy and taken to St. Paul for trial. Louis E. Marvin pleaded guilty today before Judge Lewis to an indictment charging him with the crime of bigamy, and received a sentence to jail for three years. Marvin married Bridget Heffernan while he had a wife living. He made a talk before the court, but said nothing that would in any way lessen the gravity of his offense. He spoke of the prosecution of the friends of his second wife. He had not lived with his first wife for some two years before he married his second wife, and that he had always supported her and the child, and invited her to come to St. Paul. The child is an adopted one.

The county attorney said that he understood that Marvin had served time twice in Missouri, but Marvin confessed to once only. He did not believe that he could get a defense without money or liberty. He had, therefore, pleaded guilty against the advice of his attorney. The defendant said he was born in Michigan. He is a strong man, and a water fitter. His language is grammatical and he seems intelligent.

OPERA HOUSE SYNDICATE INCORPORATED.

Officers Elected and an Organization Perfected.

The gentlemen composing the new opera syndicate held a meeting in Judge Holland's office on Monday afternoon and incorporated under the name of the Park Opera House Association of Brainerd, and the opera house will be known as The Park Opera House. Officers of the association were elected as follows: Hon. A. F. Ferris, president. R. R. Wile, vice president. J. B. LeBlanc, Secretary. F. B. Johnson, Treasurer. The capital stock of the association will be \$20,000, composed of 800 shares of the face value of \$25 each. Sketches of the proposed city quarters were received from the architect on Tuesday. Several changes have been made in the stage in the plans. It will be five feet deeper, and constructed so that curtains and scenery of a dimension of 41 feet can be used. It is also proposed to make a gallery besides the balcony after the plan of the Davidson in St. Cloud. This will add somewhat to the seating capacity. The plans will probably arrive this week when they will immediately be submitted to contractors for bids for construction.

WILL LEASE THE ARLINGTON.

Negotiations Pending for the Lease of Brainerd's Leading Hotel.

Negotiations are pending for the lease of the Arlington Hotel. Mr. Wise stated to a Dispatch representative that he had determined to be relieved of some of his business cares which were weighing too heavily on him as his interests grew, and with this end in view he had concluded to lease the Arlington property, provided the right man could be found and suitable terms can be made. He has offers from more than a dozen parties, but a partial understanding has been reached with Wm. Matthews, of Aberdeen, S. D., a hotel man of experience, who will come here about June 1st, and if an agreement can be reached will lease the property for five years. Mr. Wise will retain his rooms in the hotel and make his home there, although he expects to spend most of his time at his farm a few miles west of the city, where he expects to get complete rest. He says he has been in the harness for over thirty years, and feels that he ought to be relieved from active business cares.

NEW PAVING ORDERED LAID.

Sixth and Seventh Streets Ordered Macadamized by the Council.

New Telephone Proposition Tabled Pending An Investigation as to Average Rates.

The city council held an important meeting on Monday evening. The usual claims against the city were allowed. The city clerk's financial report for April was read and accepted as follows:

RECEIPTS.	
Electric lights.....	\$1,635 78
Fines.....	863 05
Licenses.....	692 00
Total.....	\$3,190 83

DISBURSEMENTS.	
City expenses.....	\$1,155 11
Streets, sidewalks, etc.....	625 24
Fire protection.....	109 75
Electric light fund.....	649 25
Printing.....	62 54
Bicycle path.....	45 50
Total.....	\$2,646 49

The street committee recommended that no action be taken in opening up alley in block 183 until citizens present a petition, which was adopted.

The street committee also recommended that 7th avenue in Swartz addition be opened up as petitioned for, and on motion the recommendation was accepted and petition granted.

The fire committee reported favorably on petition of citizens of Gillis avenue to have a water main ordered laid on said avenue from Kindred street to Forsyth street, and the city attorney was instructed to draw up a resolution to that effect, a hydrant to be placed at the corner of block 3.

The alderman from the 5th ward to whom was referred the matter of narrowing 8th street, reported recommending that the council decide the matter, and on motion the petition was laid on the table.

The committee to secure a city pond asked for further time, being unable thus far to secure a suitable place.

The street committee recommended the laying of a water main on 2nd avenue as petitioned, and the location of a hydrant at the southwest corner of block 25, and the report was accepted and the main ordered laid.

The city attorney reported that he could not get proper deeds for an alley in block 183.

Alderman Wright then offered a resolution reciting that it is the sense of the council that the people of Brainerd are entitled to proper telephone service at reasonable rates, not to exceed the average rates existing throughout the state of Minnesota where substantially similar conditions prevail, and that for the purpose of ascertaining the character, condition and rates, a committee of three be appointed. Alderman Gardner offered an amendment to make the committee five, one from each ward, but the amendment was defeated, and the resolution was adopted. The chair appointed Alderman Wright, Doran and Koop on said committee.

Chas. Millypaugh made application for appointment as street commissioner, also Commissioner Wetzel. On a formal ballot Mr. Wetzel was re-elected, receiving 8 votes to 1 for Millypaugh.

Jas. Cullen asked for a permit to construct a \$3,000 frame residence property on the lots in block 46, just north of the Arlington, he recently purchased of J. J. Howe. The matter was referred to the fire committee and fire chief with power to act.

Ordinance No. 164, amending the sidewalk ordinance so that an 8 foot walk could be constructed on Front street from 8th to 9th streets, received its first and second readings and was passed.

The communication from C. W. Baumgard asking for a telephone franchise, and the ordinance granting the same was read, and on motion the ordinance was laid on the table

The communication from C. W. Baumgard asking for a telephone franchise, and the ordinance granting the same was read, and on motion the ordinance was laid on the table

pending the report of the committee appointed to ascertain rates.

Citizens of southeast Brainerd and Oak Lawn petitioned the council to open a road or street on the line between the city and that town from Oak street south to Daggett Brook road. The matter was referred to the street committee.

The application of the city band for \$200 to purchase new uniforms was laid on the table.

Messrs. Halliday, Doran and Purdy were appointed a committee in conjunction with the city attorney to amend the ordinance concerning dog licenses, the object being to raise the rate to \$3 and \$5.

Fire Chief Bennett reported the hydrant near the old Howe mill useless and recommended it be repaired and placed at the corner of 3rd and Juniper streets. On motion the water company was requested to make the change.

Alderman Fogelstrom, Rowley and Erickson were appointed to inspect street signs.

M. K. Swartz submitted plans for paving 7th street, and offered a bid to do the work for \$80 a lot, furnishing granite curbing for 65 cents per lineal foot. The plans call for a 60 foot street, with a layer of rock 4 inches deep laid by hand and rolled, and covered by four inches of crushed stone and rolled. Alderman Wright moved to accept, when it was discovered the proceeding was not regular according to the city charter, which provides the city engineer must first furnish estimates, and no further action on the bid was taken.

The city engineer was instructed to establish street grade for all desiring to lay a cement walk.

The matter of repairing drinking fountain was left with the street committee.

M. K. Swartz asked for the payment of \$600 on 4th street paving contract, but as the engineer had not submitted an estimate of work done, the council could not comply. The engineer was instructed to submit an estimate of work done at the next meeting.

On motion of Alderman Wright it was ordered that 7th street be paved from Front to south side of Laurel, as specified in Mr. Swartz' plans, and the city engineer was instructed to submit estimates.

Alderman Wright also made a motion that 6th street be macadamized from Quince to Maple street, 30 feet wide, with 4 inch pine curbing, and from Maple to mill track 60 feet wide with granite curbing, and the city engineer be instructed to submit estimates. The motion was carried without a dissenting vote, thus marking the second important step in permanently improving our streets.

DIMINISHED.

The Martin-Courtney Case Taken From The Jury by Judge Giddings.

The Martin-Courtney case which has excited so much interest in this city in the past, was taken from the jury by Judge Giddings at Elk River last Thursday and dismissed on motion of the attorney for the defendant. The evidence of both the plaintiff and defendant had been given when the motion was made, and the case disposed of as indicated above. All the members of the Dispatch are familiar with the facts in the case. It was twice tried here and a verdict given each time for each time was appealed to the supreme court. As Judge McClellan was one of Dr. Courtney's attorneys, it could not again be tried here by him, and a change of venue was taken to Sherburne county. This disposition of the case is probably final. Dr. Courtney feels elated at the result, as he considers his professional honor has been vindicated.

Jas. Shannon, one of the West Point cadets suspended on Wednesday, was from Duluth in this district, and won the appointment two years ago in competition with Earl Mallory of this city, by a very small per cent over the latter.

FLOODS IN TENNESSEE

AT LEAST EIGHT LIVES LOST AND MUCH DAMAGE TO PROPERTY.

THE HIGHEST EVER KNOWN

The Doe and Watuga Rivers Swelled Beyond All Proportions—Elizabethton Submerged and Three Residents Drowned—At Knoxville the Inhabitants Have Been Warned and the Houses on the River Front Vacated.

Knoxville, Tenn., May 23.—Millions of dollars damage has been done and at least eight lives lost in Upper Tennessee by the floods which began their work of destruction when a rain across the Doe river at Elizabethton gave way, little mountain streams emptying into the Doe and Watuga rivers and into the Tennessee, which all proportions hitherto known, submerging Elizabethton, a town of 2,000 people, located at their junction, and drowning Mrs. Greig and Mrs. Phillips and two young boys. The Doe river is in the path of the raging flood and people are being rescued from homes in a building. The Watuga poured its volumes into the Tennessee, and the French branch which swept away with little warning. The Cherokee river in Greene county and the French branch in Jefferson are also out of bounds and growing creeks have been swept away all along their courses. Reports are reaching this point slowly of telegraph wires being down and great damage being done by the most terrible floods ever witnessed in the mountains of East Tennessee. On the Cherokee river three children of Joseph Hill were drowned in his home while he was at his barn looking after his stock and his wife.

Unaware of the Danger at his house. On this river six bridges were swept away, doing a damage of about \$50,000. The damage to farms, outbuildings and stock along the stream in Greene county alone will amount to \$50,000.

At Leipers mill, on Cherokee river, two Bellair brothers fell from a boat into the river, one being drowned.

The Holston river is rapidly rising. At Morris town 12 houses floated past and one corpse was put on drift-logs bound together by rails passed Morris town also. These are supposed to have been sent into the Holston by the Watuga and to have come from Elizabethton. The French branch has roared within four feet of its famous ford at 107 and is rising 12 inches an hour.

At Knoxville the Tennessee river is nearing the 36-foot mark, with indications that it will reach 36 feet. The warning has been received by farmers and houses are being vacated along the river bank.

WORST IN OVER TWENTY YEARS.

River at Roanoke, Va. Highest It Has Been Since 1877.

Roanoke, Va., May 23.—As a result of the heavy rains that have fallen during the past week the highest water mark has been reached by the Roanoke river since 1877. In Roanoke the flood water reaches to thirteenth street. The bridge over Market street and part of the bridge on the belt line and Roanoke were swept away.

The Norfolk and Western has suffered greatly. Washouts and landslides have shut up trains on the Pocahontas, N. C. Winston, Salem and Durham divisions. On the last named the water is still rising. On the Roanoke and Southern in this city there is a gap of 100 feet where the water has washed away the tracks.

Rising a Foot an Hour.

Charleston, W. Va., May 23.—The Roanoke river is rising at the rate of one foot an hour. Information received from up the river says the river at Hinton registered 18 feet, 8 inches at 6 o'clock and rising a foot an hour. This means a stage of not less than 58 feet here. Many families in Upper Hinton are preparing to move out. The government gauge is entirely submerged.

Two Lives Lost in Virginia.

Richmond, Va., May 23.—Two lives have been lost and considerable damage wrought in Southwest Virginia and East Tennessee by the heavy rains and high water. The James river is rising rapidly and a crevasse seems inevitable. Warnings were sent out by the weather bureau.

ONE FROM MINNESOTA.

Names of West Point Cadets Dismissed and Suspended.

Washington, May 23.—The names of the cadets who have been dismissed from the military academy at West Point as a result of the recent disturbances there are as follows:

Henry L. Bobby, Nebraska; John A. Cleveland, Alabama; Thurgott P. Taylor, New York; Raymond A. Linton, Michigan; Birch O. Mahaffey, Texas. All of these cadets are of the second class.

The following cadets have been suspended:

Olan C. Alastair, Illinois; Benjamin J. McCallister, Mississippi; Benjamin A. Shannon, Minnesota; Charles Telford, Utah; all of the second class. Also Thomas N. Cummings, Ohio; and Harry Hawley, New York, of the third class.

These cadets are suspended without pay until April 1, 1902.

GUEST OF KNIGHTS TEMPLAR.

President McKinley Gives an Enthusiastic Reception.

San Francisco, May 23.—President McKinley was a guest of the Knights Templar at the Mechanics pavilion. The president arrived at the pavilion about 9 o'clock, being driven direct from the Scott residence. He was met at the pavilion by a procession of 800 St. Knights from this city and other cities of the state in full regalia and escorted inside the building, where 12,000 people had already assembled. The appearance of the president on the platform caused a demonstration that shook the large building. General W. H. L. Harney opened the programme with a graceful speech, introducing President McKinley. Following the introductory address of General Harney a choir of 2,500 voices sang the "Templar's Prayer," with the accompaniment of a band of 60 pieces, and the effect was most impressive. Then President McKinley responded to the address of welcome.

Every height and mass was provided with a small American flag, which were waved incessantly all through the exercises. The feature of the programme was a presentation of a beautiful sword of state to President McKinley. The flag is mounted on a beautiful wood stocks and is of which is a spear head of gold. Following the presentation of the flag the Star Spangled Banner was sung by the audience and there was a patriotic demonstration which is being remembered by all who witnessed it. This closed the exercises for the afternoon and the president returned to the Scott residence.

The Mechanics pavilion, which can accommodate 15,000 people, was filled to overflowing when President McKinley arrived to receive the uniformed legions of the League of the Young Men, who are pledged to temperance and morality. The occasion was a commemorative banquet of the regular army. President McKinley arrived to receive the uniformed legions of the League of the Young Men, who are pledged to temperance and morality. IS DOING NICELY.

Mrs. McKinley Passes Another Comfortable Day.

San Francisco, May 23.—Mrs. McKinley has passed another comfortable day. Secretary Cortes was at the Associated Press that she continues to improve and is now doing better. Her condition is such that a start may not be made until Monday. All depends on the state of Mrs. McKinley's health.

WILL SEND TROOPS.

Indians on the Shoshone Agency Getting Beyond Control.

Washington, May 23.—The interior department has received word from the Shoshone Agency, Wyo., reporting that a section of the Arapahoes on the agency are idle, restless and defiant. That agent is powerless to prevent them holding a sun dance in defiance of his orders, and asking the war department for the assistance of the troops at Fort Washburn, Wyo., to maintain order. Acting Secretary Ryan sent a request to the war department to have the troops at Fort Washburn, Wyo., assist the agent at the Shoshone reservation in meeting any emergency in connection with the sun dance of the Arapahoes to hold a sun dance in defiance of the official regulations.

ON AN UNCHARTERED ROCK.

Revenue Cutter Grant Ashore in Spanish Inlet.

Victoria, B. C., May 23.—The United States revenue cutter Grant, Captain Towner, ran ashore on an uncharted rock in Spanish Inlet. She struck well forward and tore a hole in her hull. The influx of water filled her forward part to the maindeck, and throwing her after part up, left her list. The crew gathered together what effects they could and went ashore in the cutter's boats, arriving in Colby bay, where they camped. Lieutenant Sadler came to this port to get assistance and returned with a wrecking outfit. The Grant was on a special mission, presumably to investigate smuggling, when she stranded. She is in a bad position, but Lieutenant Sadler thinks she can be saved.

Confidentially Reported.

Quincy, Ill., May 23.—Rev. Frederick W. Taylor of Springfield has been elected candidate for Bishop of Quincy by the Quincy diocese at the annual Episcopal diocesan convention. Rev. C. W. Leffingwell of Knoxville was the only other candidate. Bishop Burgess is now fatally ill at St. Albans, Vt.

McLaurin Opens the Campaign.

Columbia, S. C., May 23.—John L. McLaurin, United States senator, opened the political campaign in this state by denouncing the tax on liquor at Greenville. He defended his position in the senate in relation to the government's foreign policy and the ship subsidy.

KNOX IS PRESIDENT.

Alabama Constitutional Convention Meets at Montgomery.

Montgomery, Ala., May 23.—The constitutional convention last June 4-44 unanimously elected Hon. John B. Knox of Calhoun president. In accepting the post Mr. Knox said the white men of the North would not submit to negro rule any more than would those of the South.

"This is our problem," he said, "and we should be left to deal with it with our own sense of responsibility and recognition of the rights of the government. We do not hear of any Northern state in efforts to provide for parity of government and there should be some with us."

Killed Without Warning.

Cincinnati, May 23.—Jones Lounsbury, a homestead, shot and killed Frank Riley, shipping clerk at the Russell, Morgan & Co.'s printing works on Madison avenue. The shooting was deliberate and without warning. Riley was fired on while at work. Lounsbury attempted to escape, but was caught by an officer. He was discharged by the firm weeks ago and blamed Riley with having been the cause of it.

Not Living on Her Capital.

London, May 23.—Sir Robert Clifton, in an address before the committee of bankers in London, said it is declared that the South African war expenditure came out of income and not of capital, adding that the war had scarcely disturbed business at home.

Deferred Porto Rico Interest.

San Juan, Porto Rico, May 23.—Munoz Rivera, the Federal leader, called on the steamer Philadelphia for New York to establish in that city a paper which will defend the island's interests. He resigned the presidency of the Federal party. Delegations from dozens of towns took him farewell.

SENATOR PETERSON HAS A CORPORATION LAWYER.

Mrs. McKinley has so far recovered that she can be brought back to Washington. Her recovery is probably due to "the glorious climate of California."

The council on Monday evening directed the dog ordinance to be amended raising the dog tax from one to three dollars. The council deserves a bouquet.

SOLD STATE LANDS.

The Duluth Herald has just discovered that the State Ordinance No. 10 has a branch house in this city. The Herald is wrong. The branch was established six months ago.

What's the matter with the street lights? Is the city to be in total darkness indefinitely. It's up to the council to provide lights for the streets, that are in use regularly.

The Minneapolis letter carriers have adopted short-waists as a part of their summer uniform. They should also wear eye glasses and carry a cane, don't you know?

Insurance Commissioner Dursh excluded another steam insurance company from doing business in the state last week. Under a republican administration the interests of the people are consulted.

C. A. Torck has been given a block of oil stock for the use of his name. If a wave of prosperity should strike the Honorable Charles, like Pettigrew, he would probably forget his claim to holding and populist privileges and get in line with the G. O. P.

A fund is being raised by subscription to provide a unique exhibit at the Buffalo Pan American exposition. It is to be a model, five feet high and eight feet long, of Minnesota's new crop, the finest in the west, and is to be constructed of Minnesota lumber the finest in the world.

The anti-canteen law has played havoc with the soldiers at Fort Sheridan, according to the report of Col. Van Horn, the commanding officer. He reports 73 men in the guard house at one time and 100 missing, while under the canteen two arrests in a day were considered unusual. The army officers will recommend its repeal, it is reported.

The Duluth council has passed an ordinance prohibiting the putting down of any wooden sidewalks in the east and west end of the city, only cement being permitted. The city council of this city should make a similar regulation for 4th street north, now that it has been macadamized and boulevarded. A large majority of the property owners favor the project.

Nine Goose Eggs. The Aitkin base ball team was treated to nine goose eggs in the game played by them with the Maroons on the West Front street grounds last Sunday afternoon. Tommy Derocher was in the box for the home team, and the visitors utterly failed to connect with his curves at any stage of the game, getting only three hits off him, while he struck out thirteen. The home team got eight men over the home plate, making the score 8 to 0.

MEMORIAL DAY 1901.

"They Lay Down Their Lives"—Order of Service.

Morning exercises 9 a. m. at Post room. 9:30 a. m. march to Evergreen cemetery, where Pap Thomas Post and the Women's Relief Corps will decorate the graves of the fallen heroes.

The afternoon exercises have not been decided upon as yet. Good speaking and singing will be the principal feature of the program.

It is desired that the Sunday preceding Memorial Day, to-wit, May 20th, shall be observed wherever possible, with appropriate exercises in the churches of all patriotic congregations and communities commemorative of those of our brave comrades who have closed their earthly careers.

G. A. R. MEMORIAL EXERCISES.

A memorial sermon will be preached by Rev. D. W. Lynch, on Sunday evening, May 20th, at St. Francis church, at which time all comrades, soldiers and sailors are requested to be present. Comrades will meet at the Post room at 7 p. m. and march to the church in a body.

SOLD STATE LANDS.

4,000 Acres Sold at An Average Price of \$64.25 Per Acre.

State Auditor H. C. Dunn concludes that the sale of state lands at the court house on Monday morning, a large crowd of farmers being in the city to attend the sale. Slightly over 4,000 acres were sold, most of it from \$5.00 to \$7.50 per acre, although one 40 in section 16, town 134 N 25, brought \$18.00 per acre. Most of the land was bought by farmers, speculators getting very little. In this respect Mr. Dunn said it was the most successful sale yet held. The sale of this land is of considerable public benefit, as 4,000 acres heretofore paying no taxes, are now placed on the tax list.

The Value of Jack Pine.

Firemen-Destroyers—Knowing the best way to reach my farmer friends, and offer a little timely advice on what I consider an important subject to them, would be through the columns of your paper, I ask that you publish my views on the protection of the jack pine from the ravages of fire. There is a good demand for jack pine for lumber and at good prices, and consequently farmers who are lucky in having standing lumber of this kind are cutting such of it that will make logs and let the small trees stand. If fire should get in and burn this land over it will not only destroy the balance of the small timber, but in less than five years these same farmers will have to buy the wood they burn. I think it is the duty of every farmer to see that the fire do not get started, especially in the fall. Nothing the changes that have taken place in the 24 miles of road between my farm and Brainerd during my 31 years in Crow Wing county has led me to think, especially during the past three years, and in my opinion every farmer should be his own fire warden and make it doubly sure that his lands are not burned over, and the years to come will prove the wisdom of my warning if I am not greatly mistaken.

A. T. KIMBALL, Pelican Creek, May 18, 1901.

DEATHS.

August Wendt, aged 76 years, died on Monday, May 20th, in the town of St. Mathias of heart disease.

Aplonia Dubenstein, aged 68 years died at her home on 1st avenue, East Brainerd, on Saturday May 19th, of dysentery. The funeral services were held at St. Francis church on Wednesday, Rev. P. Lynch officiating.

A Disastrous Celebration.

The celebration of the Norwegian Independence Day last Friday at Bemidji resulted disastrously. In the evening the steamer "Siadon" docked with fireworks set out in the lake about a mile to discharge the fireworks, when suddenly a terrific explosion occurred of the fireworks kind, and the vessel was soon a mass of flames. Before assistance could reach those on board several jumped into the lake. Three persons, Fredrick Driver, Joe Marchand and Richard Zacharias were drowned, and Fred McCauley died from the effects of burns. Many others were injured, some of whom are not expected to live, while it is thought others were drowned.

The State Fair.

Premium lists for Minnesota's great fair have been distributed. A copy can be seen at this office or can be secured by a postal card request to Secretary E. W. Randall, Hamline, Minn. The fair will be held upon the state fair grounds, midway between the twin cities, during the week of Sept. 2 to 7, and it is evident that the splendid growth of this institution is to be continued. Expansion is the order of the day. The prize list has been revised by generous hands and the exhibits will be varied and comprehensive, special attention being given to live stock and to field, garden and orchard products. The American Showboat Breeders' Association and the American Hereford Breeders' Association will each conduct their next national exhibit and sale at this fair, each association paying \$4,000 in premiums. This will add two most important and useful features. Not only will the exhibition department be strengthened, but the amusement features are being bettered also. Twenty thousand dollars are offered in prizes which assures ranking of the highest order and some of the best special attractions. "The Bickets," "Lionel Legare," and others have already been engaged rounding out a day programme of unusual excellence. We are assured also that eight programmes of the most brilliant character will soon be announced.

DEERWOOD.
Mr. Osterback, of Atkin, filed the pulpit last Sunday evening. Summer people are flocking to Deerwood the same as usual. So are the mosquitoes. James Magee has jumped his job at the mill, so we are likely to have more news in the future. James McCarroll has started to build a fine residence on his property in the west end of town. The Rev. Mr. Cooper, of Atkin, will preach to the people of Deerwood on Sunday evening, May 26th. Mr. J. Parsh left on Monday of last week for Ontario, where he will spend a few weeks visiting at his old home. C. J. Rathvon is cutting ten thousand feet of lumber a day. He says all on account of the new Hoe chisel tooth saw. The fine weather with frequent showers makes the farmers happy, and there are good prospects for a heavy crop of hay. H. J. Hage's yard has the appearance of a wagon and carriage factory on account of the number of rigs he is handling this season. Mrs. Chas. W. Michael and daughter, Fern, of Minneapolis, are visiting with the Michael's parents, Mr. and Mrs. Rathvon, of the Deerwood Hotel.

KATRINE.
Corn planting is well under way. The fruit prospect never was better. Grain and the tame grasses are good. The assessor will soon call around to find out about that dog. There was a good attendance at the church services Sunday. Mrs. Skillings and Mrs. Jefferson were callers at Katrine Tuesday. Lee Mack sports a new wagon, purchased at the Bay Lake store. Chas. Coleman has left the railroad shops and gone back to the farm. Miss Emma Coleman, clerk at the Bay Lake store, is home nursing a sore throat. The large green cattle flies have arrived and the poor cow makes for the stables. Now it is rumored that Bay Lake capitalists are planning a June corner on frogs. Mesheas Soole, Butinger and Wasserscher, escorted by Oscar Klaufer, were in Brainerd Monday.

EDSON FISHINGS.
The bell for the school house has been ordered. White and Charlie Rosenkrantz spent last Sunday in Brainerd. Mrs. J. L. Hammett and Miss Paine spent Sunday in Brainerd. Mrs. S. A. Chord is very sick. Her friends think she has lung fever. Orono Marshall spent Sunday at home, going back to Brainerd in the evening. Mr. Geo. Dinwiddie, who bought J. Anderson's farm, moved on to it last week. There was quite a severe frost one night last week. It did some damage to fruit, plants in particular. Mr. J. Anderson, who sold his farm lately, has gone to Brainerd. From there they will go to St. Cloud to visit this summer. They are talking of going to Oregon to locate in the fall. Mrs. M. C. Garrison was up from the big lake on a visit. We are all glad to see her looking so well. The pound is ready for business. Our poundmaster, however, is not anxious, but if stock is allowed to trespass it will be necessary to keep it shut up until costs are paid. The pound is for use, and not for ornament.

DAME RUMOR.

BRAINERD BOOMING.

City West of Duluth Expressing Great Prosperity—Stone-Ordian-Wells Company Establishes Branch House.

Under the above startling headlines the Duluth Herald contains the following:
The city of Brainerd, 110 miles west of Duluth, is experiencing a great boom. It is not Brainerd's first experience of the kind, but it has the appearance of being more substantial and more lasting than the last. The previous boom came about 1890, in the days when the Northern Pacific road was in the height of the Villard prosperity. Shops had been built at Brainerd, a street car line was put in and other improvements had been planned in great number. The population more than doubled and everyone in Brainerd expected the city to take on a population of not less than 100,000, without a setback. However, F. Knudsen, who represented the Northern Pacific railroad, was the life of Brainerd then, and every project of any magnitude had him at the bottom of it. Knudsen was a jerk, and Brainerd gradually lost its spirit. The street railway line was finally abandoned and now is doing duty on Park Point in Duluth. The shops have always operated to more or less extent, but not at anything like the large capacity that people expected. The building of the cut-off from Little Falls to Staples, Minn., was a mistake for the people of Brainerd, for it made them for a through being practically an isolated station, for of the trains made through that city when thirty miles from Brainerd to Staples. Disconnection of the road was made for several years.

Now there has come an awakening. It has begun with the opening of the Brainerd & Northern railway, through it did immediately take root. Indirectly the building of the Foster branch of the Great Northern railroad had as much to do with it as anything, for, while it does not directly benefit Brainerd, it does bring a number of thriving communities along the route, and this gave an incentive to people to build up a city of the kind that growing section. The Twin Falls shingle mill, which is one of the importance of the country that was developing, and that Duluth would have things pretty much its own way if something was not done. The plan was to push from Brainerd northward to that country, and this is what has been done. A new station for the Northern Pacific railroad has been followed by renewed vigor on the part of that city and Brainerd has profited by it. The old shops at that point have been gradually being replaced by new ones, and this is what has been done.

The opening of these shops on the line is bringing a large number of new citizens to Brainerd, and the crying demand now is for houses. It is said that more than 150 buildings are in course of construction. The erection of dwellings is not all that is being done, either. There are a number of the business houses going up. A new hotel is planned. An opera house, costing \$200,000, is being built. The city is full of years had a very good theater, but it was destroyed by fire a few years ago. J. J. Wengert, of this city, is preparing the plans for the opera house. Two wholesale grocery houses are locating there. One is a branch of the Stone-Ordian-Wells company of this city. The lumber interests of Brainerd are also reviving wonderfully and are giving employment to many men.

The "Live Bird" of the Living Room.
A new and pretty way of arranging spring flowers for indoor decoration is to obtain a tin milk pan and have it enameled green. Place a palm or tall foliage plant in the center and fill up the remaining space with hydrangea, juncos, narcissus or tulips in pots. Bank up with fresh green moss. Thus you have a stand of sweet smelling flowers which may be watered without disastrous results. It is so easy that so few people use baskets of flowers in their rooms. A picture of a looking richer basket, the handle tied with large bows of fresh green ribbon, containing a small palm or fern, lasts for months and needs but the addition of a pair or two of tulips or hydrangea to give looking richer. The basket, when dilapidated, may be scrubbed, painted green, white or silver and draped with fresh ribbon. A tin should be fitted inside the basket; otherwise the pots must be removed before being watered.

Not Luck or Chance!

The present proportion of Parker's increasing business was not attained by luck or any chance of circumstances. Every advance has grown from careful planning. Every advantage has been secured by close attention. Step by step the business has grown under an iron purpose to be worthy of city of Brainerd and useful to its citizens. Our aim has been to improve the quality of our goods and to give them the highest possible standard. As a proof of this our efforts have been rewarded, and the superiority of our goods has been managed by constantly increasing the quality of our goods. It is not too much to say that the position we occupy in the estimation of the public has brought about by force of quality and low prices. We neither quote nor handle second quality. Our stock is the cheapest because it is the best. Merely talking low prices and exceptional bargains does not satisfy buyers. The doing of it is the thing that brings and holds the trade. These items are put before you on account of their special value.

Spunky Wilhelmina.
Queen Wilhelmina even as a child possessed indelibility of will and in those early days a consciousness that she would one day be queen of the Netherlands. It is not to be denied that she is a woman of a high order of intelligence, and she is a woman of a high order of intelligence, and she is a woman of a high order of intelligence.

The Color to Suit Him.
A prominent citizen, a former president of the chamber of commerce, says the Cleveland Plain Dealer, was abroad not very long ago. Incidentally it may be stated that he abstains from all alcoholic beverages. While he was in Berlin he determined to order a suit of clothes. He went to a tailor who was well recommended and looked at his goods. The tailor was anxious to show the entire stock and had something pleasant to remark concerning the virtues of each piece. Finally he passed and held a bolt of cloth before him, with an ecstatic expression on his face. "Ah," he said, "this is the color to suit you. It is a piece of cloth that is just what you need. It is a piece of cloth that is just what you need. It is a piece of cloth that is just what you need."

New Way to Dust Books.
Newark's new public library building has a unique device for disposing of dust which will be the envy of every housekeeper. At the corners of the rooms are air exhaust fans, run by the ceiling. Powerful ribbons drafts passing down these fans seize the dust and carry it away. When a volume is dusted, it is done near one of them, and consequently the dust is drawn down and not permitted to settle again upon the books.

Sealed Proposals.
Contract Work—Paving and Curbing Seventh Street between Front and Laurel Streets.
Office of City Engineer,
Brainerd, Minn., May 24, 1901.

R. G. Valtynov sold a house and lots 10 and 11, of block 11, in the town of East Brainerd belonging to the Waldman estate at public auction on Monday morning at the First National Bank corner. Dr. Werner Henstead was the purchaser for \$975.

Henry I. Cohen and L. W. Burrell made another trip to Fish Trap Lake the first of the week, and as a result the writer and several other fortunate ones enjoyed a meal of delicious wild-eyed pike. These gentlemen seem to be remarkably successful in catching the wily pike.

Kenns & McFadden on Tuesday sold to E. Katz lot 3 in block 3, Town of East Brainerd, for \$300. The lot was purchased by J. L. Berg through Kenns & McFadden within sixty days for \$100. Mr. Berg thus doubling his money in that time. This is a fair indication of how Brainerd really is appreciating.

An attempt was made this morning in the railroad yards to shove several car loads of logs off of a side track on the main track while two loaded cars of logs were standing right at the switch. The result was the usual one, the cars collided and one left the rails before a stop could be made. Over an hour was consumed in getting the trucks back on the track, and ties were smashed galore.

Matt J. Johnson, manufacturer of the great blood and rheumatism cure 6985 was in the city this week. Mr. Johnson's remedy is one of great merit and protected by a guarantee that a person using half a bottle and not satisfied can return it and their money will be refunded. This guarantee, however, is good only through their agents, The McFadden Drug Co. and H. P. Dunn & Co., who report large sales of the remedy.

The people of East Brainerd are to have a treat on Wednesday evening of next week in the form of a stereopticon lecture on South Africa. The lecturer will be Rev. J. H. B. Smith, pastor of Morley Church, Duluth. Mr. Smith and his wife were missionaries for five years in South Africa. The scenes and incidents connected with the Boer war will be presented in the lecture, also all the prominent places of interest. The lecture will be given in the Peoples Church.

The Salmagundi social at Odd Fellows' hall tonight will be great treating from the program arranged. Mrs. E. W. Crane will favor the audience with one of her delightful whistling solos. The McCarthy Bros. will sing, and there will be a burlesque solo by S. F. Alderman, a cornet solo by Prof. Graham, and a mandolin solo by Jay Patek. Dancing will be indulged in and refreshments served. All desiring to spend a pleasant evening should attend. Tickets 25 cents.

DECLINED THE CALL.

Rev. M. L. Hutton, of Warren, Declines the Call of the Congregational Church of this city.

Some days ago Rev. M. L. Hutton, of Warren, Minn., was extended a call by the First Congregational church society of this city to become their pastor. Rev. Hutton had conducted services here two Sundays and pleased all and it was known that he desired the position. However, on Wednesday Mr. S. L. Bean received a letter from the gentleman saying he was compelled to decline for private reasons unknown at the time the call was extended. This action will be deeply regretted by many members of the congregation, who believed he would have made a most acceptable pastor.

Bought an Arc Machine.

A special meeting of the city council was held on Wednesday evening to purchase an arc dynamo. The old one was burned out some days ago and the city has been in darkness ever since. It would cost between three and four hundred dollars to get a new armature for the old machine, which was deemed inadvisable, as it was out of date and liable to be burned out again in a short time on account of its construction, hence the council was unanimous on the matter of getting another machine. A representative of the Western Electric Company was present, and offered an 80 light machine for \$1,150. This machine has had three months' use, but for the above amount the company agrees to put in an entirely new armature, and give the same guarantee as with an entirely new machine, which would cost \$1,550. By a vote of 6 to 2 the council decided to buy the machine offered. Let us hope we will have lights again very soon.

It's folly to suffer from that horrible plague of the night, itching piles. Don's Ointment cures quickly and permanently. At any drug store, 50 cents.

Schubert Notes.

Reserved seats for the Schubert entertainment will be ready Monday, May 27th, at 9 o'clock in the forenoon at Dunn's drug store. It costs no more for a seat than standing space. Their regular price is \$1.00. Saturday night being an open night in this city, the entertainment will not begin until 8:30. Get your seats early that ample provision may be made for late arrivals.

The State Journal, of Lincoln, Nebraska, says the Schuberts were greeted by a large audience, which was enthusiastic from the first number, scores being demanded and granted after every selection.

Mr. Louis McPike's comedy work is appreciated by the many. But he has rare musical talent also, and his versatility makes him pleasing to all classes. You will never regret the price to hear him alone.

Pleasing the people is a trade with the Schubert Symphony Club and Lady Quartette.

Mr. Julius A. Brander, the violin virtuoso is a Scandinavian, and as a musician and performer on the finest of instruments, has at his age, less than twenty years, no superiors and few equals. The memory of Ole Bull is still fresh, and the mention by the press of the young man's abilities alongside the famous performer is recommendation enough. He comes with the Schuberts Saturday, June 1st.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

Advertisement Letters.

The following is a list of the names of persons who have written letters to the editor of this paper, which would cost \$1,550. By a vote of 6 to 2 the council decided to buy the machine offered. Let us hope we will have lights again very soon.
