A Pretty Wedding Solemnized Four Miles and a Half from the City Wednesday.

On Wednesday afternoon at the home of the bride's parents four miles and a half northwest of the city, Mr. William T. McClosky and Miss Christina Peterson, were united in the holy bonds of matrimony. The Rev. A. H. Carver, of this city, officiating.

The bride was given in a beautiful dress trimmed with white organdy and she carried in her hand a shower of fern. The groom was attired in the conventional black tuxedo. The ring ceremony was used. Hans J. Peterson was best man and Miss Hannah J. Nelson was maid of honor.

After the ceremony the bridal party regaled themselves from a table well laden with delicacies. Mr. and Mrs. McClosky left on the midnight train for St. Paul and from

thence they will go to Missouri, the home of the former. Both parties are well known in this city, the groom being the efficient engineer at the Spauldium. The bride was also accompanied with the hospital corps up a few days before the wedding and she is very well known there. A large number of friends of both young people extended congratulations.

Dr. Geo. Zwigg, a practicing physician of Summit Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure. "For years I have been greatly bothered with kidney trouble and enlarged prostate gland. I used every remedy I could find, but nothing helped me. I finally read in a paper of a man who had been cured by Foley's Kidney Cure. I have prescribed it in hundreds of cases with perfect success. Dr. Geo. Zwigg, 200 S. 2nd St., Summit Grove, Ky."

PICKPOCKETS GET IN THEIR WORK.

Under Eye of Officer of the Law A Man is Relieved of His Money.

GANG SUPPOSED TO BEAT WORK

The Man Who did the Deed was in Officers Hands but Managed to Escape.

One of the most daring holdups in the history of this city was perpetrated this noon when the Duluth passenger train was pulling into the city and as a result S. Nordakow, of Twin Falls, is minus \$200. The train was stopped by a gang of experienced pickpockets that even the passengers who were on the train did not realize what had happened until it was all over and the man who did the deed had made his escape.

Nordakow was a friend by the name of A. Olson, who lives in the southern part of the state, had been up to Aitkin on business and was returning this morning intending to take the first train for their home. Everything went lovely until the train was pulling into the station at Brainerd. Two men who it appears had boarded the train at Aitkin, came into the smoker where the two men were seated and one of them leaned over to Nordakow at the same time giving him a punch in the side saying, "I guess I dropped my ticket here; let me hunt for it." What the hunt was all over Nordakow realized that he had been touched. He carried in his hip pocket a wallet which contained \$200 in bills.

Before reaching the depot he notified his partner and as they alighted from the train Olson grabbed the man, and Nordakow went to get a policeman. Officer Drocher was on duty and he went to place the man under arrest. The man had nothing on his person, not even a coat of money, and he stated that he had nothing to do with the theft of the money and he was released. Nordakow was about the earliest man in the city about that time and he jumped around like a wild man. There was nothing for him to do but take his medicine and learn from experience what it is to go up against a genuine pickpocket gang. There was evidently more than one man in the deal and when he picked Nordakow's pocket he simply passed the wad to someone else, and this man got away from the police in the excitement.

Jan. G. Amberg, of Duluth, O. writes: "I had an obstinate sore on my face which everything else failed to heal. After one application of Benger Salve it began to heal and after three applications it was entirely healed leaving no scar. H. P. Dunn & Co., and McFadden Drug Co."

ENGINEER WHITELEY REPORTS

The Fourth Street North Paving Matter. Alred at Meeting of City Council.

A special meeting of the city council was held on Wednesday evening with President Orustin in the chair. Those present were: Aldermen Halsted, Purdy, Wright, Rowley and Doran.

The meeting, it will be remembered, was held for the purpose of hearing the recommendation of City Engineer Whiteley on the Fourth Street north paving matter and to settle the claim against the city with Contractor Swartz on the plan.

The city engineer's report was as follows: "I would report to your honorable body that Mr. Swartz had received on his contract of \$3,000.70 for grading, curbing and paving 4 1/2 street north the sum of \$2,745.35, and there remains due on the original contract \$255.35. He has not been paid, when he fulfills the conditions specified in the plan. He will be allowed by the common council, the contractor will be required to sign a certificate on said estimate that he will accept the same as a settlement in full of all claims against the city of Brainerd."

The contractor has also done the additional work of putting crushed rock instead of gravel on the street crossing, being equivalent to 81 and one-half lots, at \$4.00 per lot, amounting to \$324.00, making a balance due Mr. Swartz, if the additional amount it allowed for crushed rock of \$255.35.

The matter was discussed at length and it was moved and carried that the report be accepted and placed on file. The council, on motion, then decided to allow Contractor Swartz the \$324.00, provided he sign a release to the city in full settlement of the contract.

Contractor Swartz was seen by a representative of THE DISPATCH yesterday and it is ascertained that he will sign no statement of this kind. He stated that he would accept what they were willing to pay him on account of that was all. He will at once begin suit against the city to recover the full amount of the contract, including the \$4.00 per lot, which is claimed as an extra compensation for putting in crushed rock instead of gravel, as called for in the original contract.

There was some discussion regarding the granting of a license to the Pawnee Bill west shows. City Clerk Low charged the assessor agent, but \$18, which is the amount usually charged for shows other than regular ring circuses. The assessor agent evidently misrepresented matters to Mr. Low, as he stated that the show was on the order of the Gentry organization, but it has been learned since that there are something like five hundred horses and it requires thirty cars to transport the outfit from place to place. The chief of police was instructed to try and get more out of the management of the shows.

Mayor Halsted was at the meeting of the council and he took exception to the manner in which the committee appointed sometime ago to investigate the matter of Sunday saloon law violations reported the matter. Mayor Halsted stated that he never ordered the saloons to be closed, and he further stated that there was no city ordinance covering the matter. Mayor Halsted stated that he had been informed that the committee had called on the mayor and he had informed them that he never ordered the saloons to be closed, and he further stated that there was no city ordinance covering the matter. Mayor Halsted stated that he had been informed that the committee had called on the mayor and he had informed them that he never ordered the saloons to be closed, and he further stated that there was no city ordinance covering the matter.

ELIASON CHARGED WITH LARCENY.

Postmaster of Garrison Bought to City Last Night by Sheriff Erickson.

CLAIMS HE SOLD SOME LOGS

Arraigned This Morning He Waived Examination. Held to Grand Jury.

Yesterday afternoon Sheriff Erickson went out to Garrison and last night returned with Elias Eliason, of that place who was arrested on complaint of A. E. Moberg, the popular merchant of this city, the particular crime set up against Eliason being grand larceny in the second degree.

It seems that Mr. Moberg has considerable timber land in the vicinity of Garrison. He hired Eliason to cut the timber and recently it has developed that someone has been stealing the logs out from the place. Mr. Moberg did not suspect that Eliason was the guilty party for he had been very friendly with the man and it is understood he set him up for \$200. Mr. Moberg did not suspect that Eliason was the guilty party for he had been very friendly with the man and it is understood he set him up for \$200.

It is claimed that Eliason had cut something like 20,000 feet of logs and floated them in the lake and afterward sold them to different parties. Eliason runs a small store at Garrison and is a postmaster. He has been pretty well thought of and his arrest caused some surprise in this city where he is quite well known. The defendant had a hearing this morning before Judge Munroe. He waived examination and was held to the grand jury in \$400 bonds. He furnished the bonds and was released shortly afterwards.

BASE BALL.

The Clerks of the Shops by the City Clerk Yesterday Afternoon.

There was rather a large crowd out to witness the game of base ball yesterday afternoon between the clerks of the city and the clerks of the Northern Pacific shops.

The boys from the shops were too many for the other fellows and at any stage of the game the clerks from the city did not appear to be in it. The shop boys had Watson in the box and he twirled the ball like an old timer. Witman, the old veteran player, was behind the bat and he ate them all up.

For the city clerks, J. O'Brien was behind the bat and at the beginning of the game E. E. Reilly was in the box. The latter was substituted by F. Murphy before the close of the game, however, and he pitched a good article of ball.

The score was 20 to 13, in favor of shop clerks. There was a very good attendance but the library did not take in much money on the game, there not being a disposition on the part of those present to liquidate.

The Orioles returned last night from Yerdale where they played a game of ball yesterday afternoon with the team from Farban. Farban won by a score of 6 to 3.

TWO ACCIDENTS.

Lightning Does Some Damage on South Side—Accidental Shooting Wednesday Night.

There was rather a lively time around L. W. Burrell's blacksmith shop Wednesday evening, and for a time it was thought that one man at least would suffer serious injuries. Mr. Burrell, who besides being a blacksmith is a gunsmith, was engaged in sighting a rifle. A man by the name of George Moberg, who works at the blacksmith shop, had just stepped out from the shop in the back yard. Instead of returning to the shop he went in a side room and it was in this direction that Mr. Burrell was aiming the rifle to get the right sight.

Moberg happened to get in the way of one of the bullets and was quite badly wounded in the left leg, the ball striking him just above the ankle. Dr. Camp was called and the wound was dressed. While it was a very painful injury it is not thought that Mr. Moberg will be laid up for more than a day or two.

During the heavy electric storm on 4th of July morning several homes and dwellings in the city came in contact with the electric current. The house occupied by John Paulson on Seventh street south was struck. Mr. Paulson, who was in bed received a severe blow on the head by a fall after the lightning had struck the house. He tried to get out of bed and in doing so he fell to the floor, his head striking on a sharp edge of the bed. He was at once removed to the N. P. Sanitarium, where the wounds were dressed. It is not thought the wounds will prove serious but he will be laid up for some time.

FOREIGN CAPITAL COMING IN.

Guaranty Loan & Savings Company Will Build Several Residences.

President Fairchild, of the Guaranty Savings & Loan Association of Minneapolis, says that the city Wednesday evening with P. W. Neilson, the local agent. During the morning hours the two gentlemen were driven about the city by George A. Keane, of the firm of Keane & McFadden, and it has been decided to build a large number of houses in the city for the winter months.

Several lots were bought Wednesday and the association will invest further and will build houses to rent as well. Mr. Neilson has been in the city for some time, and he is confident that this point is about as good as any he knows of for the investment of money. Good modern houses will be built and they will be constructed as fast as the demand presents itself. They expect to expend thousands of dollars in the city.

Mr. I. U. White is preparing the plans for building which P. J. Arnold has about decided to erect just north of Lagerquist's grocery store on Sixth street south.

The building is to be a modern two story brick block with a frontage of 50 feet and a depth of 30 feet, and is to cost the neighborhood of \$75,000. The upper floor is being designed for a lodge room and it will be one of the most convenient for the purpose in this city. The room will have beside the usual large assembly room, room for banquet, reception, etc.

The lower floor will be used for store purposes and it is understood that Mr. Arnold already has a tenant for the place.

The new building will be a great addition to this street and will add to the attractiveness of the city. The contract for the building will probably be let in a short time and work will commence at once.

It is easier to keep well than get cured. Doan's Little Early Bowers taken now and then, will always keep your bowels in perfect working order. Use no other gripes but recognize any genuine about H. P. Dunn & Co.

BRAINERD DROPS TWO TO ST. CLOUD.

The Home Team Put Up Two Very bad Exhibitions in Granite City.

DEROCHER WAS VERY WILD. Sunday Afternoon's Game Was a Shut-Out—Saturday's Very Near as Bad.

Well, St. Cloud has at last won a game or two and the management of the team of that city will probably be able to hold the team together for at least one or two more games this season.

The Brainerd base ball team which went to the Granite city for two games for Saturday and Sunday afternoon met defeat in both games, being entirely shut out in the last game. The boys were doomed to defeat so there was no use talking, but the fact remains that if Brainerd wants to be on the map so far as base ball matters are concerned there is got to be a little more practice, and especially along the line of team work. Yesterday afternoon's game was almost devoid of errors, and yet what errors there were, were costly ones and came in at the most unimportant time.

In the game Saturday James Boyle went in the box, and Spencer was behind the bat. Boyle felt when he left Brainerd that he was not in condition to pitch the game. He was wild and St. Cloud landed on him pretty hard, getting in all sixteen hits. There were a total of nine errors credited to Brainerd in this game. Boyle's support being particularly on the punk order in this game St. Cloud was credited with but one error and Peter Hansen pitched a steady game. The fielding of the home team was very poor. Swanson was substituted in the place of Boyle and he did very good work, and had he been in at the outstart things might have been different.

The score for this game was 13 to 3 in favor of St. Cloud.

The Brainerd team expected better things Sunday afternoon as they were keeping Derocher in reserve, but the game was even worse than the one on Saturday. Derocher fell down terribly in this game, the St. Cloud team landing on him right and left. They got nine hits during the game and the score was 7 to 0 in favor of St. Cloud.

Again Brainerd showed its weakness in the field and the article, all they put up was something terrible. Within behind the bat made some very costly errors and the St. Cloud team seemed to find Derocher for all kinds of hits. It seemed to be his off day and he couldn't do a thing and Swanson was again put in the box and did good work in the last two innings but it was too late.

The locals kicked pretty strongly on the umpire. Derocher states that his failure to do good work was an account of the rank decisions by Umpire Barden. He stated that he was required to out the plate in two every time and he thinks he got the worst of it. The day was extremely oppressive also and Derocher was nearly over come.

Hammerel, for St. Cloud pitched a very good game, although it is thought that the locals could land on him on any other occasion but yesterday. They were simply out of the game and could not win.

For the benefit of the home team it might be stated that they tried hard enough, but they have got to get out and do some hard work if they expect to play with such teams as the St. Cloud aggregation.

The following is the summary of the game played Saturday afternoon:

A WARNING TO YOUNGSTERS.

Jacob Henderson Had a Hearing Before Judge Mantor this Morning.

REPRIMAND FROM THE COURT. He is Fined \$15 Which is Paid—Testimony Showed There Was Intent.

On Monday the case of the city against young Jacob Henderson, charged with firing a revolver off in the city limits, was called before Judge Mantor. This is the young man who was looked up after the little fracas occurred in Southeast Brainerd when young John Hill was wounded from a bullet shot from the revolver held in Henderson's hand. The charge of firing a gun off within the city limits had been lodged against the young man so that the city officials could have more time to investigate the more serious features of the event.

The young man pleaded not guilty to the charge the other day but this morning he changed his plea and entered a plea of guilty. Being satisfied on this point Judge Mantor required at length into the affair to ascertain the intent etc.

The boy, Jacob Henderson, was called to the stand. He testified that he and the Hill boy were the best of friends and when he shot the gun of Hill man in front of him and at the time he testified, one of his eyes was closed as he was trying to aim at a knot hole. He said the fence was about 100 feet away but that young Hill was only about three feet from where he stood. He denied ever stating that he would shoot anyone.

The little brothers, Weimner and John Baekal, were called and they testified in substance, that they saw the shooting and heard young Henderson say that he would shoot Hill. Each one of the boys had had the revolver in their hands and had shot once or twice.

H. Kolland testified that he was only 10 or 12 feet from Henderson when the ball struck Hill. He swore that he did not hear young Henderson say that he would shoot anyone.

After hearing all the testimony, Judge Mantor stated that the case was perhaps a little more serious than either the boy or his parents realized. He was prone to believe the testimony of the two Baekal boys, and cautioned the father of the boy, that he should in the future keep his eye on the lad, for he believed that he would bear watching. Under the circumstances the judge stated, that it would be impossible for him to impose the minimum fine. He fined the boy \$15, in default of which he was to serve 12 days in the county jail. The fine was paid this afternoon.

FROM OUR COUNTY CORRESPONDENTS.

Interpreting Local News of the Surrounding Country.

NORTH END GOSSIP.
Mrs. J. P. Atwater has gone to Wright county for a short visit. Between the crows and out worms the corn has a tough time of it this summer.

The first drives of the season have just passed Eagle Lake dam, that of Ed. Hasty's.

Wm. Andrews, of Emily, was a short caller in Eagle Lake settlement one day last week.

Howe & Bonness' drive is expected in Eagle Lake in about six days, as it is now in the Crooked Lake Brook.

What is the matter of our local merchants, that so many of the sections are traveling so far to do their trading.

After a two week's sojourn in our part of the country Mrs. John Anderson is well pleased, and will make this her future home.

Emily is making extensive preparations for a Fourth of July celebration. There will be all kinds of sports, a flag drill, dancing and other amusements.

Mr. and Mrs. Cliff, of Lower Pine, made their initial trip to the residence of our settlement the other evening, and were nicely entertained at the dance, where they made a favorable impression.

The social dance at Billy Moore's, on the night of the 21st, was numerously attended, notwithstanding the inclemency of the weather. Billy will have to enlarge his house if he intends to give any more dances.

The wedding bells rang merrily on the evening of the 21st at the residence of Justice Vassiotto, when he united in marriage Arthur E. Spaw and Miss Lammie Harrison. After the ceremony the bride and groom attended the dance at Billy Moore's residence, where they received the congratulations of friends.

You can never cure dyspepsia by dieting. What your body needs is plenty of good food properly digested. If you eat your stomach will not digest it.
