### HENDREN-HENNESSY.

Two Well Known People Married at Long Prairie Wednesday Evening. Father Lynch officiating. Father D. W. Lynch returned Wednesday from Long Prairie, where he went to officiate at the wedding of Mr. William F. Hendren and Miss Nellie D. Hennessy.

The affair was a brilliant one and there was a large attendance of guests not only from Long Prairie, where the bride was very well known, but from Walden, Duluth and other points as well.

The ceremony took place in the parlors of the Trent Hotel at 12:30 o'clock. Father Lynch being assisted by Father Breder of Long Prairie, and this followed by the elaborate wedding breakfast, was one of the

most elaborate events socially in Long Prairie for sometime.

The bride is well known in this city being a guest for two or three weeks prior to the wedding of Mrs. F. J. Murphy in Brainerd. Her father is a leading dry goods house and made Brainerd. He is now in business for himself at Duluth.

Mr. and Mrs. Hendren left after the ceremony for Buffalo, N. Y. to take in the Pan-American exposition and before returning to their future home in Duluth they will visit in Maine and Kentucky.

Cold Process for canning fruits and vegetables. No cooking required. Recipe, 35 cents. Powders, \$1.00, 50c, and 25c. Mrs. P. M. Watson, Maywood, Ill., Agent.

### SERIOUS CHARGE AGAINST ANDERSON.

Taken to Walker This Afternoon By Sheriff Hardy for Hearing.

### CLAIMS IT IS BLACKMAIL.

While Husband was away Anderson Became Enamored with Former's Wife.

Sheriff Hardy arrived in the city this noon from Ellis, a small burg, in Cass county, having in his custody one J. C. Anderson, who was taken to Walker this afternoon to answer to a pretty serious charge.

He was arrested last night near that place, the complaining witness being a Mrs. Bjorson, wife of a farmer also a resident of Ellis.

Anderson is charged with attempting to commit an abduction on the woman and it is understood that she is in a rather delicate condition as a result.

Some time ago the husband of the woman left home for a time and did not return for several months, having a job in a neighboring county. During his absence it is claimed that Anderson became enamored with his wife and for a long time the two lived as man and wife. The husband came home and found his wife very sick and she finally admitted her guilt and agreed to swear out a complaint against the young man Anderson.

Anderson is a young farmer near Ellis and has been very prosperous and has succeeded in accumulating considerable of worldly wealth and he claims that it is a case of blackmail and that he is not guilty of the allegations charged in the complaint. He was taken to Walker and will have a hearing tomorrow.

### THE BIG EXCURSION.

It is Predicted that the Largest Crowd Ever Will take it in Saturday—Great Time is Sigt.

Those in charge of the big excursion which is being given by the Y. M. C. A. and the People's church on Saturday of this week are very much elated over the manner in which things are progressing. There is no doubt at all but it will be one of the largest excursions ever going out of Brainerd.

The train will leave at a very pleasant hour in the morning and all will have an opportunity of enjoying a morning ride through the beautiful plains of Northern Minnesota. At Walker those who have ever been to a watering place or who have gone on excursions will find that this place compares favorably with anything in the United States. There is something wonderful about the place, the scenery being beautiful and there being all the privileges of fishing, boating, etc., making it ahead of anything in these parts.

The round trip is only \$1 and when it is considered that the regular fare up to Walker and return is something over \$2.00 one way it will be seen what a grand opportunity this is over a thousand going on this excursion.

### MAIL CARRIERS NOV. 1.

Washington Telegram Says Free Delivery Will Be Established in Brainerd On That Date.

A telegram from Washington to the Minneapolis Journal says: "Free delivery service will be established in Brainerd, Minn., Nov. 1. Three carriers, and one substitute will be appointed for this service."

Postmaster Ingersoll has not been advised as to the date, and his only information in regard to the matter was obtained from the above telegram. It is his opinion, however, that the service will be established Oct. 1st, as that is the beginning of the quarter and a much better time to inaugurate the service. It is a settled fact, however, that Brainerd will get free delivery.

### THREE VIOLATORS GOT THE MINIMUM.

One of the Men Discharged on Motion of Game Warden Himself.

### GAME IN THEIR POSSESSION.

Was the Charge Preferred Against Them at the Hearing At Walker.

Deputy Game Warden Saunders came in this morning from Walker, where he went yesterday with Buck, John and Will Batters and George Thon, the four men arrested for the shooting deer near the west end of Thunder Lake.

The men were arraigned on the charge of having in their possession deer which had been unlawfully killed. They had their hearing last night and Buck and John Batters and George Thon were fined each \$50 in default of same to serve a sixty day sentence in jail. The men were arraigned on this charge because it was thought by Game Warden Fullerton that this part of the act passed by the legislature would cover the men's cases fully.

It would seem, however, that the men should have received a more severe sentence than they did under the circumstances, according to the complaints being made by hundreds in the northern part of the state. One man who is deeply interested in the protection of game said this morning in speaking of the matter: "I think it is a shame. These fellows ought to have got the limit."

The following is Section 14, of the game and fish laws of the state, which covers all the points in these men's cases.

No person shall hunt, catch, take, kill, whip or have in possession, any elk, at any time, except that deer may be killed between November 10th and November 30th of the same year, but no person shall kill more than three (3) deer in any one season, provided that no buck, doe or fawn shall be offered for sale or sold at any time.

And provided further, that when any deer has been lawfully killed they may be had in possession for the purpose of being transported in the manner herein allowed, but not otherwise. It shall be an offense to make unlawful for any person to ship or cause to be shipped by any public or private conveyance, at any time, any elk, moose, caribou or deer, or any part thereof, or any thereof, other than an employee or a common carrier.

Provided further, that it shall be an offense to ship or cause to be shipped in any manner, any such animals in excess of three (3) in number, during any one (1) year, from and after November 10th, and whoever shall offend against any of the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished with a fine not less than fifty (50) dollars, nor more than one hundred (100) dollars, and costs of prosecution, or by imprisonment in the county jail for not less than sixty (60) nor more than ninety (90) days for each and every deer, fawn or elk, or any part thereof, including the hide and horns, so caught, killed, taken, shipped or had in possession or under control. Provided further, the shipment by express, by private or public carrier, by any person within the state, when the party accompanies the shipment on the same train or conveyance, shall not be deemed a violation of this section.

Will Batters, the youngest of the three brothers was discharged on motion of the game warden.

Of course in addition to the fine which will doubtless be paid, the entire outfit belonging to the men will be confiscated, which amounts to several hundred dollars.

Excursion Rates Via "The Milwaukee" Louisville—August 24, 25, 26, Triennial Coliseum, Exposition, \$21.50 round trip.

St. Paul—August 24, 25, 26, Pan American Exposition, \$24.50 round trip. All tickets good on celebrated Pioneer Limited. Call at the ticket office, or write J. T. Conley, Ass't Gen. Pass. Agent, St. Paul for details. Information. Ask for Pan American folder.

### WILL CONFISCATE THE WHOLE OUTFIT.

Game Warden Fullerton in the City This Morning Arranging for Prosecution.

### WILL ENFORCE LAW TO LETTER.

The Men Arrested Yesterday Taken to Walker This Afternoon by Officers.

State Game Warden Sam F. Fullerton arrived in the city this morning and he accompanied the four men brought to the city yesterday by Deputy Game Warden Saunders to Walker, where they will have a hearing on the charge of killing deer. The fourth man whose name could not be learned yesterday is George Thon an old offender.

The game warden stated this morning that there was altogether too much violation of the game law in these parts and he intended to start a crusade against violators that would bring about a different state of affairs. He has learned since coming to the city in the case of these men arrested, the Batters brothers and Thon, that they were thoroughly equipped to hunt deer and he is of the opinion that they went out to Thunder Lake with the express purpose of slaughtering the animals. Even headlights were taken which had been used on the boats to entice the deer to the water's edge. This is considered about the most successful way of making a wholesale slaughter. They had dogs, teams and wagons, camping outfits and all the paraphernalia necessary in an expedition of this kind.

The game warden in going to investigate a new scheme in the cases of these men. Heretofore in similar cases of this kind it has been the custom of confiscating nothing but the game and in some cases the guns. This is about as far as it has been carried, but in this case, which seems to be an extreme one, the game warden will confiscate every blessed thing the poachers had, before they are through it will mean quite quite expensive luxury they have been dipping in. They had valuable boats equipped with headlights, blooded hounds, good guns, teams and wagons and complete hunting outfits.

The law on this point is substantial and all devices and contrivances used in violating the law may be confiscated and as these men are known to be old offenders the whole outfit will go, even the dogs.

It is hoped by those interested in the preservation of game in the northern part of the state, that the men under arrest will get their just reward at Walker. The trouble has been that it has been impossible to get a conviction and as a result there is a feeling among some of the genuine poachers, such as were arrested this time, that they do not have to worry even if caught in the act.

### HELD TO GRAND JURY.

Both S. E. Dugas and his Son Charles Were Found Guilty in Judge Masters' Court.

Wednesday the case of the State vs. S. E. and Charles Dugas, charged with concealing mortgaged property was finished and both defendants were held to the grand jury.

The complaining witness, as was stated yesterday, was Chas. B. Bradford. Sometime last April Bradford sold a mule to the old gentleman and took a mortgage on the mule sold and another mule which the older Dugas stated he owned.

Sometime ago the young man sold the mule upon which his father had placed a mortgage, hence the complaint. The young man sold the mule claiming that it was his own, and that he knew of no existence of a mortgage. It is understood that this same scheme has been worked before rather successfully but this time it didn't go with the court.

### WALLACE DAORST HORRIBLY MANGLED.

Fell Beneath the Cars at Deerwood Station Last Night at 11:30 O'clock.

### ARM OFF AT THE SHOULDER.

Brought to the Northern Pacific Sanitarium and His Mother Sent For.

A very sad and deplorable accident occurred Wednesday at the 11:30 train was pulling through Deerwood coming this way and Wallace Daorst, of Duluth, age 19, will probably lose his life as a result.

The young man got caught on the railing of the passenger coach as he was getting off the train and fell between the car between the platform and the truck. It is not known whether the wheels of the car passed over the part of his body which was injured, but it is thought that they did.

The young man accompanied by his companion, Chas. Nolan, also of Duluth, arrived in the city this morning about two o'clock and he was taken to the Northern Pacific Sanitarium where he underwent surgical operations. His right arm was horribly mangled and crushed and it had to be amputated at the shoulder. It is also thought that his shoulder blade has been broken. It cannot be stated whether he has been hurt internally or not. The young man has been unconscious most of the time since he has been at the hospital, although for a long time after the accident occurred he was conscious and talked about his matters. The doctor at the Sanitarium stated just before noon that the patient had rallied somewhat since he was first brought in but the decisive point had not been reached and nothing definite could be given out as to the outcome.

Mr. Nolan states that he, young Daorst and another young companion from Duluth by the name of John Linbeck came out to Deerwood last Sunday for a week's outing. They had spent a very enjoyable week and intended leaving for home this morning on the early train. They went over to the train which arrives at Deerwood from Duluth at 11:30 o'clock to meet a friend who was going west. At the station they all went in the car and when the train started to pull out they bid their friend goodbye and started to get off.

Young Daorst was the last to get off and in some manner his coat caught in the railing of the car and he fell off and tumbled beneath the wheels. His companions were almost frightened to death and tried to signal the train to stop but could not. They were left with their injured companion at the Deerwood station without medical aid and hardly knew what to do.

They found, however, that a through freight was coming to Brainerd in about an hour, and they made arrangements to bring the injured boy in on that. The wait for the train was a long one, the injured young man suffering untold agony from the wounds. They did not get him to the hospital and in the hands of the doctor until after 2 o'clock.

This morning Nolan telegraphed the boy's mother. She lives at Duluth and is a widow. She telephoned to the hospital authorities at the early hour to ascertain the condition of her son and said she would be here on the first train. The family are well known in this city. At one time the injured boy's father was hurt about the same way, and was brought to the Northern Pacific Sanitarium, where he was a patient for a long time. While he was sick for a long time at Brainerd, the old gentleman died shortly after that, having been killed in another accident.

Charles Nolan will remain in the city until there is a change in his companion's condition either better or worse.

### THE INDIAN WAS SURELY HOT STUFF

Brainerd's Inability To Land On The Ball Lost Them The Game.

### BUT ONE DINKY HIT WAS MADE

Derocher Pitched a Very Good Game Although He Was Rather Wild.

Atkin 4; Brainerd 0. One of the best base ball games witnessed for some time was played Sunday afternoon at the Swartz driving park between the locals and the Atkin team. The home team did not win, but that did not detract from the many good features of the game.

It was a pitchers' battle from beginning to end and while Derocher struck out in the box for Brainerd, struck out four more men than Rogers, who was doing the twirling for Atkin, the locals did not seem to be able to make many hits and consequently failed to score throughout the game.

There was really but one earned run during the whole game and that was made on Myers' two-bagger in the sixth inning. This game was lost simply by the inability of the members of the home team to land on E. Rogers' balls. Even Connors, who can always be depended upon to drive out a few, did not appear to be in the game at all yesterday so far as the batting was concerned. But one hit was credited to the home team and that was by young J. Boyle in the seventh inning. Derocher pitched a very good game throughout, but he was at times very wild.

There were several errors by the home team which is an indication that a little team work will not hurt the boys any.

In the first inning Kast for Atkin was the first man up. He walked but Burns who followed was thrown out from Derocher to Peterson. E. Rogers singled and Kast scored. Derocher then seemed to get down to business and struck out J. Honnold and Kewitza. For Brainerd Peterson was the first man up. He struck a lone grounder out toward the first bag and it was promptly and easily taken by Chapman. Fin struck out and Connors only got a light tap at the ball and was thrown out from E. Rogers to Chapman.

In the second inning Chapman came up and he looked dangerous but fanned the air three times. J. Honnold drove a styrocket out to center but Murphy was there and took it. Myers got to first on an error by Connors but it did him no good as C. Rogers went out from P. Boyle to Peterson, which by the way was a very clever throw by this young player. It looked like business in the last of the second when P. Boyle drove one way out into center field but Kewitza fielded the ball and managed to get it. J. Boyle and Derocher both went out from J. Honnold to Chapman.

In the third there was a succession of errors and as a result another score was made by the boys from the line. Kast landed at first safely and when stealing bases Derocher threw a ball to Fin who snuffed it and he in turn threw a wild one to P. Boyle and in the mole's Kast scored. It was easy money during the rest of the first half of the inning. Burns flied out to Fin and E. Rogers and T. Honnold struck out. For Brainerd three men were fanned in succession. They were Holliday, Murphy and Derocher.

In the fourth Kewitza started things going by getting a single. He was followed by Chapman who also got a hit, the ball dropping in the right field and it looked as though either Peterson or Halliday knew which one should go after the ball. There were two men on base and no one out and something had to be done. Both men advanced the one to second and the other to third, but there they died for Derocher did some great work here striking out J. Honnold and Myers. C. Rogers' fly went to the wrong garden for Murphy the man in center is not to be trifled with. He took in the fly and the side was out. For Brainerd Peterson went out from C. Rogers to Chapman, Fin struck out, Connors got his base on balls as did P. Boyle. The two men advanced the one to second and the other to third and it looked as though Brainerd would score but there were two men out and J. Boyle fanned the air

### CASE DEVELOPS INTO SENSATION.

George Wolfe Will In All Likelihood Be Pardoned By The President.

### OTHERS ARE IMPLICATED

Two Men In Hubbard County are Said to be the Real Offenders.

Another move has been made in the timber cutting game in which George W. Wolfe, of Kestey, is involved, and the indications are that Mr. Wolfe has a shade the best of the deal.

It will be remembered that Mr. Wolfe was convicted in the United States court at Fergus Falls on the charge of cutting timber on government land in Hubbard county. He was sentenced to ninety days in the county jail and a fine of \$800 was imposed by the court. Mr. Wolfe was brought to this city and was to serve his sentence in the county jail here but it will be remembered that he was taken to St. Paul by the authorities for the reason that he believed that Sheriff Erickson was giving him too much liberty. The fact in the matter is that one of the reasons for his being interested in Mr. Wolfe, when they asked that he be given more liberty than the ordinary prisoner, was their belief in his innocence.

Mr. Wolfe has maintained from the start that he had nothing to do with the timber depredations which in this case, at first a petition was circulated addressed to President McKinley asking that the prisoner be pardoned. This was withdrawn for a time but was again circulated and the same was sent to the president.

The papers it is understood have been returned to the United States court in St. Paul, for the recommendation or approval of Assistant United States attorney Purdy, who tried the case. Attorney J. P. Murphy of this city has been retained by Mr. Wolfe and he will go to St. Paul tonight to look after the prisoner's case.

An interesting feature of the matter and one in which Mr. Wolfe seems to have strengthened his case considerably is the fact that to back up the petition which was sent to the President some twelve or fifteen affidavits were secured from prominent people in Hubbard county in which they state that they do not cut the timber at all, and they go on to give the names of two parties who did the work.

These affidavits are very strong and it is understood that on their strength the United States authorities took the matter up, and have had warrants sworn out for the arrest of at least one of the two Hubbard county men. Their names are John Glasser and Matt Sikes. It is understood that the officials are next after Glasser and he will probably be arrested in a day or two.

The timber in question was on one of the land Sec. 33, Twp. 141, N. 4, Hubbard county. The men live near Nevis postoffice and are very well known.

It is also claimed that if Attorney Purdy was not unfriendly to the Wolfe family that the prisoner would be pardoned at once. The father of George Wolfe, a respected old gentleman, has been doing his best to secure his son's pardon and it would now seem in the face of the strong evidence in hand that Attorney Purdy cannot but help recommend the pardon and forward the papers at once to Washington.

### ENTERPRISING AT OAK LAWN.

An Enthusiastic School Meeting on Saturday Evening—John Britton Declared Director.

On Saturday evening there was a very largely attended meeting at the school house in District No. 4, Oak Lawn township. The meeting had been called for the purpose of electing a director on the school board. John Britton was elected by an overwhelming majority.

The board of directors were authorized to make extensive improvements to the school building and \$600 will be expended in this way. The board was also instructed not to engage teachers in the future who do not hold first grade certificates.

AWAY FROM HOME AND FRIENDS A Girl Twenty-two Years of Age Dies in a House of Ill Fame in This City.

A young girl, twenty-two years of age, who has been called since she came to this city not long ago, Ethel Williams, died at the house of ill-fame on Myrtle Street on the west side from the effects of a pelvic abscess.

The cause of this has not been investigated, but an autopsy will probably be held before the body is buried. The officials are trying to locate the girl's parents. She would not tell the doctor what her right name was when he asked her about half an hour before she died.

### CAUGHT IN ACT OF KILLING DEER.

Deputy Game Warden Saunders Caught Four Young Men Near Thunder Lake.

John, Back and Will Batters and another young man whose names could not be learned, were brought to the city today and they will be taken to Walker tomorrow to answer to a serious charge. Deputy Game Warden Saunders, caused their arrest and drove in with them this morning from the west end of Thunder Lake.

The young men are charged with shooting deer and so well did the warden close in on them, that they were caught right in the act and green hides taken away from them. They had been out something like eight days, and it is claimed that they have been slaughtering the post of the forests in large numbers. The arrest was so complete and the evidence against them so conclusive that it is understood they will plead guilty to the charge.

They will be taken to Walker for they were arrested just over the line in Cass county.

**CROW WING'S LAND IS IN DEMAND.**

Certificates of Sale Recently Held Show that 4,000 Acres were Sold.

**LAND SOLD AT GOOD PRICE.**

Of the 100,000 Limit the County Sold More than its Proportion.

County Treasurer Frater is busy today entering on the records in the county treasurer's office the certificates of sale which cover the sale of school lands in this city on May 21. According to the law the lands sold brought the minimum of \$5, or over. Most of it of course sold for this price but there was a great deal that sold for a much larger price. The law also requires that the interest on the money must be paid in advance up to the first of June after the certificates are sent out. Fifteen per cent of the amount of the money which the land sold for is to be paid down at the time of the sale so it has brought in quite a bunch of money.

As near as can be ascertained at the present time something like 4,000 acres of land was sold. The law only allows the state officials to dispose of 100,000 acres of land in the entire state, and the fact that as much as 4,000 acres of the land was sold in Crow Wing county goes to show there is some demand for land here.

It is thought that the sale could have been much larger, but it was impossible to dispose of more under the circumstances.

According to the St. Paul Globe George Wolfe's Request for a Warrant is Turned Down.

In addition to the article published yesterday in The Dispatch the following from the St. Paul Globe will be of interest:

"Yesterday Wolfe applied to the district attorney's office for a warrant to arrest a man who, he claimed, was really the party who cut the pine, on the ground that he was about to flee to the state of Washington. J. M. Dickey, assistant United States district attorney, unhesitatingly refused to comply with the request, on the ground that one man had already been convicted and sentenced for the offense. Wolfe was advised to direct his attention to proving his innocence and thus securing his liberty instead of working to secure the arrest of a man who had been found guilty. Wolfe was tried April 15th, and convicted. June 16th a motion for a new trial was heard and refused, and on that date sentence was imposed. In addition to the fine, a fine was imposed, because the pine cut was valued at \$300, and the statute provides for a monetary penalty of three times the value of pine illegally cut.

H. Spalding has secured an option on the Slipp & Atherton block on Front street for thirty days and it is not at all unlikely that he will acquire the property before that time. Jos. Spalding who sold his home recently to Dr. Camp has not decided whether he will build another home or not. He may not build until later in the fall.

E. M. Westfall is quite sick at his home on the north side. He is not much improved today. Mrs. H. A. Towne, sister of Mrs. Westfall, came up from Minneapolis this noon with a trained nurse. A specialist in nervous diseases will be upon the twins this evening to examine the sick man. He has been troubled for some time with nervous ailments which have been aggravated by the hot weather.

Ethel Williams, who died Saturday night at Myrtle Dale's house of ill-fame, was buried Wednesday. Every effort has been made to reach her parents. Her real name was Myrtle Dale, and her parents live in a small town in Wisconsin. They were notified shortly after the death, but no word came from them and it is thought that they either do not care or that they live in the country and have not received the message.

Rev. J. C. Huntington, of Paris, Texas, but formerly pastor of the People's church in this city, after spending a few days in the city, left for Wadena, where he will visit for two days. He will return to Brainerd and will participate in the excursion on Saturday, renewing his acquaintance with old friends and on Sunday morning he will speak at the People's church. His family is spending a little time on Lake Superior, where he will soon join them.

The case of the State vs. S. E. and Chas. Dugan is being tried today before Judge Mastor, of the municipality court. The complaining witness is C. B. Bradford and the charge is concealing mortgaged property. It is understood the mortgage in this case is the same as the one which is the basis of contention in the Bradford-Marks controversy. It seems that S. E. Dugan, was in charge of Chas. Dugan, put a mortgage on his son's mule, without the latter's consent. The son sold the mule because it was his and ignored the mortgage for he never gave his consent. It will take most of the day to try the case.

A young boy who gave his name as Horace Hoyt, of Staples, was taken in tow by Officer Derocher this noon and locked up in the city jail. The boy was recognized by some one from Staples and an officer was notified. When officer Derocher asked him if he had run away from home he answered in the affirmative, whereupon the officers took the boy with him over to the city jail. The boy gave his father's name as Owen Hoyt. He states that he left home because his father was cruel to him and threatened to lick him. He says he was trying to get to Royalton, where an aunt lives. The officers will notify his parents.

Miss Edith Davidson, of Duluth, passed through the city today enroute to Little Falls where she will visit her uncle, Banker Davidson, of that city. While in the city she visited with Day Clark W. Ford at the Arlington, an old acquaintance.

This morning at Walker when the case of the State vs. J. C. Anderson, charged with committing a criminal offense on Mrs. Bjornson, of Ellis, was called, the defendant's attorney discovered a flaw in the complaint and the court at once dismissed the prisoner. He was re-arrested, however, and the trial is now going on at Walker.
