A. A. White, St. Paul. J. N. Waldrop, City.

Assumed the Editor-
Editor S. A. Brown, of Bentonville, S. O. was once immo-ly surprised. Through long suffering from rheumatism, he writes "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles she is entirely well, and set anything. It's a grand tonic, and its gentle laxative qualities are splendid for tropical liver." For indigestion, loss of appetite, stomach and liver troubles it's a positive, guaranteed cure. Only 50c at McFadden Drug Co., and H. F. Dunn & Co.

Clippert, Deere and Imperial chilled cow plow at Hassel's, corner of Fourth and Front Sts.

If a dealer asks you to take something said to be "just as good as Rocky Mountain Tea" made by Madison Medicine Co., ask him if he makes more money. McFadden Drug Co.

SHOP LABORERS ARE SCARCE

The demand in the Harvest Fields for men has created a scarcity in this city.

Master Mechanic Bean stated yesterday afternoon that men were particularly scarce in the city this year, and especially is this true in lines where many laborers are needed.

The scarcity is ascribed to the fact that there is a greater demand this year than ever before for men in the harvest fields of Northern Minnesota and North Dakota.

A. B. Bean, of Montgometry, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. It's guaranteed. H. F. Dunn & Co. and McFadden Drug Co.

Store your household goods with D. M. Clark & Co.

RADICAL CHANGE TO BE MADE.

Trains On M. & I. May Circle The City And Come In From The West.

SURVEYORS HAVE BEEN AT WORK

New Line to be Built from Leaks to Point West on Northern Pacific.

For some days a crew of surveyors has been in the city getting some lines on the west side of the river from a point on the Northern Pacific track to Leaks on the Minnesota & International line.

It is understood that this work is being done preparatory to making some extensive improvements on the Minnesota & International and it is thought (feasible the trains from of the road will be run into Brainer over a different line.

The trains from of the Minnesota & International are often delayed a great deal in the N. P. yards and some time the delay is quite aggravating but it is thought that by running a line from Leaks over to a point west of the Northern Pacific Sanitarium, all this trouble can be avoided. As it is now the road is built on the west side of the river and the new Northern Pacific bridge west of the city could be utilized.

If the line is built about five miles of track will have to be laid. This will be about the greatest expense. It is not thought, and has not been estimated, that the Minnesota & International shops will ever be moved across the river.

General Manager Gemmill was not in the city today, so could not be interviewed on the deal, but it is thought that the matter will be taken up at once by the officials of the road. The trains will then come into Brainer from the west instead of from the east at the present time. The engineers and the switching crew in the yard will be pleased to hear of this improvement. As it is now there is a great inconvenience in running a passenger from off the line into the city.

If it is thought feasible the work will probably be started at once and the track laid before winter.

World Hates Cost Him His Life
Oscar Brown, Lebanon, Ky., writes: "I have been using Foley's Kidney Cure and take great interest in stating it gave me permanent cure of kidney disease which certainly would have cost my life. Take note but Foley's. H. F. Dunn & Co. and McFadden Drug Co."

Mr. S. H. Allport, Johnston, Pa., says: "Our little girl almost struggled to death with croup. The doctor said she couldn't live but she was instantly relieved by One Minute Cough Cure. H. F. Dunn & Co."

Wolf Bounties Paid.

State Auditor Dunn yesterday issued warrants amounting to \$4,226.65 for wolf bounties for the past year. Lyon county did not appear on the list this year, although in previous years the county numbered the wolf product among its most profitable resources.

Folk county leads the list with 122 wolves, for which a bounty of \$291.32 was paid. Houston county is a close second with 119 wolves for which he received \$464.11. The discrepancy in the two amounts is due to the slaughter of a large number of female wolves in Houston county for which \$10 a scalp is paid. Fillmore county has claimed for 92 wolves, Stearns 83 and Olmsted 85. The total number of wolves caught was 1,468.

No more bounties can be paid until the legislature makes another appropriation.

Mr. Daniel Beale, Ottaville, Ia., says: "Have had asthma and a very bad cough for years, but could get no relief from the doctors and medicines I tried, until I took Foley's Kidney and Urinary Pills. It gave immediate relief, and now I am more good than all the other remedies combined." H. F. Dunn & Co. and McFadden Drug Co.

To Heal a Hurt
Use Bane's Salve, the great healer. It's guaranteed for cuts, wounds, sprains, rashes and all skin diseases. Use no substitute. H. F. Dunn & Co. and McFadden Drug Co.

THE SCHOOLS ARE AMONG THE BEST.

Prof. L. Bliss, of Wascona, Inspector of High Schools is in the City.

ADDRESS ON COMMON SCHOOLS

The instructors are, in his opinion, well adapted to the work.

The attendance at the Summer Training School continues to be good and the sessions do not lack any of the enthusiasm and interest which was noticeable at the opening.

Mrs. Clulow has been invited and has consented to give an address before the teachers on "Ireland and Its People," this evening at the M. E. church. The public will be invited to this lecture.

A reception will be given on Friday evening to the instructors at the Y. M. C. A. The event will be the focal feature of the session and it will probably be a very pleasant affair.

Prof. L. Bliss of Wascona, Inspector of high schools in the state, was in the city today and gave an address this morning before the teachers on "Our Common Schools." He said in part:

"Now, since in Minnesota about five-eighths of the school population is found in the country schools, it should be the business of these schools to teach the English language, the common branches and the elements of civics, and teach them thoroughly."

"It is not to be expected that the pupils of our country schools there amass great stores of learning; but they should acquire, while in the schools, intellectual power so that they can help themselves in the future. They should be so trained when they leave school, they will have the power to get information, the power to reason and form independent judgements, and the power to express their thoughts."

"In a country school, in rural districts, the teacher is not bound by grade lines. She is free. She can give her originality and enthusiasm full sway."

"The younger pupils have an opportunity to learn much just by hearing the older ones recite. In short, the teacher in the country school is free to do her best and can inspire her pupils to do their best, which can not always be done in city grades."

"The country schools, as well as the city schools suffer from lack of a sufficient number of properly prepared teachers. The teacher in the high school should be a college graduate, the teacher in the country school should at least be a high school or normal school graduate."

"A person of weak will has no business in the school room as a teacher. I believe that more teachers fall going to incapacity in the above particulars and also from inability to manage well, than from any lack of scholarship."

The professor touched upon the danger points or the critical places in a pupil's education. The address was very interesting throughout and was one of the best yet heard during the session.

Speaking to a representative of THE DISPATCH just before the train left for the east this afternoon, Prof. Bliss stated that he had visited eighteen summer schools this summer and he was very much pleased with the school here and stated that it would compare very favorably with any of the ones he had visited. He was greatly impressed with the intelligence of the body of teachers, who seemed too bright and enthusiastic. To the instructors he paid a high compliment stating that as a whole no better group could have been selected. The faculty is particularly well articulated.

YOUNG LADY WAS UTTERLY HELPLESS

A Sad Drowning at Big Horse-shoe Lake Wednesday Afternoon.

FATHER NEARLY REACHED HER

Not a Member of the Floyd Family Could Swim and the Girl Went Down.

The sad news was received in the city last night of the accidental drowning of Miss Lily May Floyd, daughter of Mr. and Mrs. F. A. Floyd, who live on Ash street in East Brainer.

The accident occurred on the north shore of Big Horse-shoe Lake and her father and mother and little sister were with her at the time she fell in the water but none of the family could swim and the young lady drowned.

Mr. Floyd has been alling considerably late and the first of the week they went out to the lake for a few days outing. They were enjoying the time very much, the principal diversions being picnicking and bathing in the refreshing waters of the lake. Not one of the members of the family could swim, but there were all in bathing and although her father begged her not to go out too far she lost control of the raft and jumped in the water and tried to get to shore. She jumped into some fifteen feet of water and both the father and mother, frantic for fear the girl would drown, jumped in to try and save her. The girl came up three times and the last time the father had managed to work his way out to where the girl was gasping for breath but could not reach her and she went down never to rise again.

It was with difficulty that Mr. and Mrs. Floyd reached the shore again and at one time it was thought that all three would drown.

Miss Floyd was twenty-one years of age and she was a particularly beautiful young lady and had many friends in this city.

The funeral services will be held tomorrow afternoon from the family residence on Ash street. A state who lives in Bemidji has been sent for and she will arrive tomorrow morning.

A peculiar chain of circumstances connects the tragedies in this family. Mr. Floyd this morning, with tears in his eyes, remarked that their family lot in Evergreen cemetery was full of the remains of members of the family who had died from accidents. His daughter's husband was killed in this city about three years ago, and about nine years ago a son was drowned. It is a particularly sad case and the entire community sympathizes with the unfortunate family.

Eczema, scald head, hives, itchingness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

BOTH MEN ARE BOUNCED.

The Men Are Held Responsible for the Logging Train Wreck and Are Acquitted.

Engineers DuBois and Conductor Logan, who have been on the Minnesota & International for sometime, have both been let out by Superintendent Ball.

Engineer DuBois was in charge of the engine of one train and Conductor Logan in charge of the other in the head and collision on Saturday evening and both are held responsible.

Croup instantly relieved. Dr. Thomas' Eucalypti Oil. Perfectly safe. Never fails. At any drug store.

James White, Bryantville, Ind., says: "I was afflicted with Rheumatism and neuralgia. I had suffered 6 years. Doctors failed to help him. Got DuBois' Eucalypti Oil. It cured me. Accept no imitations. H. F. Dunn & Co."

FREE DELIVERY IS NOW ESTABLISHED.

The System Will Not Be Inaugurated Until the First of November.

EXAMINATIONS ON SEPTEMBER 7

Old Employees Come Under Classified List and Will Not Be Examined.

Postmaster N. H. Ingersoll has finally received official notification from the United States Civil Service Commission of the establishment of a free delivery system in Brainer by the postoffice department. While the system has been established and all instructions have been received the inauguration of the same will not take place until Nov. 1.

A request has been made by the commission that proper arrangements be made to secure an eligible register in order that the postmaster general may select carriers and a substitute from it in due time for them to select their uniforms and become familiar with their duties before the inauguration of the system. In this connection an examination will be held in this city on September 7, which will be a special examination for the applicants for the positions above named. A civil service board composed of local members will be established here and they will thereafter attend to all these matters.

Brainer is to have three carriers and one substitute, and the successful applicants must be able to pass an examination in spelling, arithmetic, letter-writing, penmanship, copying from plain copy, geography of the United States and reading addresses. The clerk or substitute must not be less than 18 years of age and the carriers must be between 21 and 40 years of age. No application can be received at the postoffice in this city after the hour of closing business on September 2.

All persons are invited to apply and applicants will be examined, graded and certified with entire impartiality and wholly without regard to any consideration save their ability as shown by the grade they attain in their examination.

Each carrier must furnish a bond of \$1,000 through some indemnity company.

Brainer, as soon as the free delivery is inaugurated will be classified and will be a civil service office from now on and will be under the supervision of the United States Civil Service Commission.

DEPARTMENT DOES NICE THING.

Meeting of the Fire Department at the Central Hose House Held Tuesday Evening.

In response to the call from Chief A. H. Bennett, there was a very good attendance at the meeting of the Brainer fire department at the Central Hose house Tuesday night.

It seems that when the boys met before they decided to have a dance on the evening of Labor Day and they went ahead and made all of the arrangements, even hiring the hall. Shortly after that the Labor Day Association decided to celebrate in great style this year and they felt a little hurt to think they did not get Gardner's hall for a dance on Labor Day evening.

The department last night realizing that it would probably be proper to let the labor association have the hall on that night gave way to them and it was unanimously voted to accept the offer from the association, which was in effect that they pay to the department \$40 to be used as prize money and take off their hands all the printing which had already been ordered.

In cases of cough or croup give the little one One Minute Cough Cure. Then rest easy and have no fear. The child will be all right in a little while. It relieves the throat, soothes the lungs, and cures the cough. Always safe sure and almost instantaneous in effect. H. F. Dunn & Co.

**IMPROVEMENTS AT
ST. FRANCIS CHURCH.**

A Beautiful New Altar to be Placed Soon in the Sanctuary.

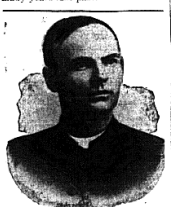

REV. D. W. LYNCH'S WORK.

Steeple to be Completed—Both May be Dedicated Simultaneously.

There are few cities in the state of the size of Brainerd which can boast of as many church organizations and creeds, and even those who are not interested in actual church work, contribute largely either in a direct or indirect way toward the maintenance of those institutions, and it is a singular thing that when anyone is giving a few points to a stranger regarding any city that they always refer to the fact that there are a large number of churches, and Brainerd is no exception to this rule.

No church organization in the city has made the strides that St. Francis Catholic church has in the past ten years, and to the untiring efforts of Father D. W. Lynch, the parishioners should render thanks. As a result of his labor there is no parish in northern Minnesota that can boast of as beautiful a church as St. Francis.

Rev. Father D. W. Lynch, pastor of St. Francis Catholic church of this city, is a man whose efforts are always directed to the upbuilding, not only of the church with which he is affiliated, but to the best interests of the city of Brainerd and Crow Wing county. His residence in this city of something like nine years has endeared him to the hearts of all who are interested in the healthy growth of high morals in religious, social and business circles.

REV. FATHER D. W. LYNCH.
Father Lynch is a native of Madison, Wis., where he was born in 1861. He attended school at the State University at Madison for three years after which he came to Minnesota and took a theological course at St. John's University. He was ordained a priest in June, 1887. He went to Hinckley after being ordained where he had charge of the parish there for five years, coming to Brainerd in 1892.

When he came to Brainerd the Catholic congregation was small but it has grown in numbers until it is one of the strongest, if not the strongest, church organizations in the city. He built the beautiful parish church which was completed in 1899. Each year he is adding new improvements to the many already made in the parish and the latest which is now being consummated is the installing of the grand new altar, description of which appears elsewhere.

New Altar and New Steeple.
Father Lynch has for some time been considering the advisability of making still further improvements about the church, and today he is ready to announce definitely what at least two of these will be.
For some time he has been in correspondence with E. Haacker, of La-Crosse, Wis., the leading altar builder in the northwest, and some ten or a dozen different designs of altars have been submitted. Yesterday Father Lynch decided on the design, and THE DISPATCH takes pleasure in presenting a table upon which will give the reader a glimpse of the beauty and magnitude of the new improvement.
The altar will be one of the finest

in the northwest and is exactly like those in the West Superior church. From the top of the base to the top of the cross the altar will measure twenty-two feet. It is twelve feet wide at the base, and the figures, statues and carvings will vary in size to render harmony in the architectural lines. There are arrangements for eight statues which will vary in size and proportion.

The altar will be of white wood with gold trimmings. To give some idea as to the magnitude of the structure it might be stated that it will take about two months to install and get it ready for use.

In the interim while the workmen are at work on the inside, another improvement on the exterior has been decided upon which will make the church much more attractive than ever. Work will commence shortly on the steeple of the church. When the church was built, this part of the edifice had never been completed and Father Lynch has decided that it will be especially appropriate to have the steeple finished by the time the altar is installed and both can be dedicated at the same time. The steeple will be built half way up, and as it now stands, the top is 102 feet from the ground. The spire which completed will be 154 feet from the ground, an addition of 50 feet being added.

summer, and other little details, in and about the church have improved its appearance materially.

The Church.

The following words will best describe the growth and early history of the church, which are from the pen of one who is acquainted with the struggles through which the parishioners have waged their way since the beginning:

"A lasting monument, alike to Crow Wing county and the city of Brainerd's progress, growth and devotional zeal, stands St. Francis Catholic church. True, it may be that art and science have developed many charming and desirable innovations since its first foundation stone was laid, yet throughout the fleeting years it has proved sturdy and true to the Master's cause, an ark of refuge and consolation to those who worship therein. To those who have contributed their mites to its upbuilding it stands a memento of the tireless energy and persistent effort to the cause of Christianity. It is to be hoped that time will not dim the luster of its achievements, and that its walls will forever echo to those undying truths which tell of comfort, peace and of eternal rest. Here, then, within its beautiful structure, youth reads aright the story of a work well done and strives in emulation to do its share until old

are awaits the final summons. The St. Francis church structure is an ornament to the city, and those of the Catholic faith who desire to locate on lands in the vicinity of Brainerd can rest assured that church facilities are not wanting."

The congregation was organized over twenty years ago, and like many small communities at first met with obstacles until the present structure was begun in 1891. In the spring of 1892, with the advent of the present pastor, Father Lynch, the church was rapidly pushed to completion and today the church and parsonage is valued at \$18,000. The congregation numbers 250 families with a population of 1,240.

The Old Church.
The old Catholic church, which was situated on Fifth street burned in 1890. This church was very small, and yet it was a good building, and the residence in connection was a very good one. When the church burned there was very little insurance being carried, and this made it especially hard on the congregation.
Father Lawler then had charge of the parish. They decided to buy the location where St. Francis church now stands and immediately com-

menced the erection of a modern building. The church did not have a dollar when they started in to build, but today it is entirely out of debt.

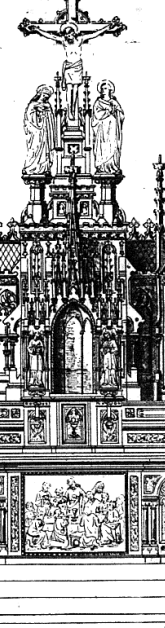

The debt on the church has been raised sooner than was at first expected and the result of the labors of the members of the congregation is laid down in the beautiful edifice which now stands as a monument in honor of the labors of the faithful.

Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Constipation, Palpitation of the Heart, Heartburn, Waterbrash, Gurgling and Burning Pains at the Pit of the Stomach, Yellow Skin, Costed Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, etc. Go to your Druggist and get a bottle of Green's Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac.

Lion Coffee
Made in every respect, equal with the finest coffee grown in the world. It is a healthful and delicious beverage.

O'MALLEY IN TROUBLE

The Genial Aitkin Landlord is asked to Move off the N. P. Right-of-Way.

Judge Lochren, St. Paul, was Monday engaged in hearing the suit of the Northern Pacific railway against J. R. O'Malley, of Aitkin, in which the plaintiff road seeks to eject O'Malley from a valuable tract of property in Aitkin on the ground that it has from the government a right-of-way through the property.

The company says in its complaint that the property is valued at \$5,000 or more.

O'Malley says that it is worth more than \$10,000. The property is improved and contains a hotel.

The railroad company also asks for damages of \$1,000 for the use and occupancy of the land.

O'Malley says that he had the property by a lease from Amanda Foley, and that she took it by deed from Nathaniel Tibbels, who acquired it in 1872 and afterwards received a patent.

The railroad company says it became entitled to the right of way by act of congress in 1862.

A WORTHY SUCCESSOR.

"Something New Under The Sun."
All Doctors have tried to cure CATARRH by the use of powders, ointments, inhalers and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membrane that their makers have aimed to cure, while pastes and ointments most reach the disease. An old and experienced practitioner who has for many years made a close study and especially of the treatment of Catarrh, has at last perfected a Treatment which when faithfully used, not only relieves at once but permanently cures Catarrh, by removing the cause, stopping the discharge, and curing all inflammation. It is the remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "Bantle's" the Guaranteed Catarrh Cure and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfected use.

"Bantle's" is the only perfect Catarrh Cure ever made and is now recognized as the only safe and positive cure for the annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or Cold in the Head.

Catarrh when neglected often leads to Consumption—"Bantle's" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition and you will receive special advice from the discoverer of this wonderful remedy regarding your regular price of "Bantle's" the Guaranteed Catarrh Cure.

Send prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. 100, Edwin B. Giles & Company, 5380 and 3032 Market Street, Philadelphia.

Neighborhood Gossip.

Eden Valley will have a new parochial school.

The new library, located at Clouet still swells.

There were big crowds at Verdale Tuesday and Wednesday.

County Auditor Gruber, of St. Cloud, in building an elegant new residence.

Personal property assessment at St. Cloud shows a falling off of about \$60,000.

J. J. Bobbar and wife of Washington, will be at St. Cloud for a time for a visit.

Owing to the illness of Judge Searle a term of the district court at St. Cloud was adjourned.

Rev. Smyth, of Verdale, pastor of the Congregational church, will resign, says the Verdale Sun.

Wadena bakery employees made a demand for higher wages and they got what they asked for.

Moses Miner, an old resident of Madison county at Wadena was at Green Prairie, died Monday.

The young son of A. Steindorf, of St. Cloud, may lose his eye as a result of a Fourth of July accident.

A DeLacy Wood interviewed in St. Paul says the fact that he was sent to the insane asylum at Pergus Falls was all a hoax.

Mrs. Fred Peterson, living near Verdale, was thrown from a cart and received injuries which may result in her death.

Prof. Martin Simpson, of Ann Arbor, has been elected principal of the public schools at Wadena to succeed Prof. Marshall resigned.

Dr. H. M. Bracken, secretary of the state board of health has been at St. Cloud and some arrests may follow as a result of some laxity.

The Hastings Gun club won the five county gold badge at Red Wing, the contest being held between Hastings, Lake City and Red Wing.

The information has been sent out that the Duluth Normal school will not open the beginning of the next school year—lack of funds is the reason.

Bishop Trobec goes on Aug. 4 to Winona where he will confirm more than five hundred children at the Polish church in that city.—Journal Press.

George Smith, B. Mason and L. Laflair have been arrested at Winona for entering the grocery store of N. Moley last April and carrying away nearly everything in sight.

Edward Bennett, expert for the Champion Harvester Co., while at work near Sauk Centre, was overcome with heat and has been taken to Wadena for medical treatment.

At the last business session of the S. W. A., West Superior, it was decided to plan for the organization of an auxiliary organization composed of women of the four states of Wisconsin, Minnesota and Dakota.

Over at Grand Forks a man named Siltberman got to thumping his wife, who caused his arrest. He declared the woman swiped stuff from him and sold it, which she admitted saying that she had to do so or starve, as he wouldn't provide for her.

E. B. Forbes, acting state entomologist, has returned to St. Paul from the Red River valley, where he has been fighting grasshoppers. He says although the insects have done much damage to the crops, they are more of a menace than a scourge at present.

Joseph Puchner, a farmer, while at work in the harvest field at his home in the town of Millford, near New Ulm, was thrown from the harvester machine in front of the cutter and seriously injured. His leg was broken, and he received internal injuries from which it is doubtful if he will recover.

About 8:30 Wednesday morning Swan Peterson, the Northwestern elevator agent at Litchfield was found in the office of the elevator very sick. He informed the cop who discovered him that he had taken poison and asked him not to send for a doctor or tell what he had done. Before a doctor arrived he was dead.

Fred Shave, tail Sawyer at the J. Neil's saw mill, met with a painful accident last Monday morning. He was endeavoring to keep control of two boards at the same time and when the carriage started back it struck one of them which struck him in the abdomen and on the leg making quite a severe wound.—Sauk Rapids Sentinel.

The Burlington will erect a new depot at Owatonna.

John Gray, of Manly, directed a verdict in a case in that city for the plaintiff for six cents.

S. H. Haas was arrested in Little Falls for obtaining a team and settled by paying \$10 and costs, amounting in all to \$10.

George Fish has resigned his position with the Champion people and expects to engage for business on his own hook at Sauk Centre.

The members of the fire department at Albert Lea are elated over the fact that the city council has appropriated \$1,600 for a new hook and ladder truck.

The St. Cloud normal school has submitted to the state auditor \$80,885, and the Manitoba normal school \$76,074, as the receipts of those institutions for the past month.

Constable Hennessy, of Bemidji, went to Shelving to do some country work and got a chance to demonstrate his ability as an official, seeing a man he recognized who was wanted in Bemidji for some time.

Harvest is on in dead earnest in this section. The damage to wheat by the heat of over a week is estimated all the way from ten to fifty per cent. The rain of yesterday will help some of the late sown a trifle but is more of a benefit to corn and soybeans.

Pipestone is now a city in the eyes of the law as it long has been in size and importance. Yesterday Judge of Probate Ring issued the order for the first city election, to be held on Tuesday, September 2nd, and the issuing of this order is the act which transforms the village into an incorporated city.—Pipestone Daily Star.

A great improvement is being made on the front lawn of this hospital grounds, under the supervision of Dr. C. Heywood, whereby two croquet courts, one tennis court and one basket ball court are being laid out. These are for the benefit of the female patients, and much enjoyment is anticipated therefrom.—Rochester Bulletin.

Tuesday last T. B. Walker paid into the county treasury the sum of \$24,000, the total amount due for back taxes prior to 1900. He paid one-half of his current tax, \$7,000, on the same day, and will pay the remainder in the fall. The sum of \$24,000 dumped into the coffers of the county by Mr. Walker is no small affair and it will help very materially towards establishing the county's credit on a par basis.—Bemidji Pioneer.

According to the opinion of a prominent St. Cloud attorney, the practice of "tagging" wild game killed in the open season and placing it in cold storage for future use, is a thing of the past. The last legislature is said to have enacted an amendment to the game laws which prohibits the keeping of game after the season is closed, barring of course a few days permitted for its disposition.—St. Cloud Journal Press.

The largest timber deal of several seasons was consummated Saturday when Cook & Turin, a Duluth logging firm, sold to the Brooks Lumber company, a Minneapolis corporation, 170,000,000 feet of timber in St. Louis and Lake counties, involving about \$1,000,000. The Brooks interests are building a large sawmill at Clouet and this purchase will supply them with enough timber for ten year's work. A thirty-five mile logging railroad will be built by the company to run to Clouet from the newly acquired lands.

Pelton is divided in two determined factions as a result of developments in the settlement of the affairs of one of the leading business firms of Pelton. Some time ago Martin Nelson of the hardware firm of Nelson & Morgan mysteriously disappeared, leaving his business affairs in bad shape. Louis Gilbert, who was in charge of the store, has since settled the accounts of Nelson and today when Mrs. Nelson, who has been taking in washing since Nelson's departure, came to the store and demanded a voice in the management Gilbert refused to recognize her interest.

Foot Ball Schedule.

The following foot ball schedule has been published by the Sauk Centre Herald:

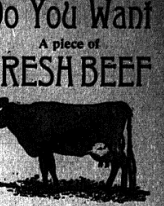

Sept. 21—Atkin at Brainerd.
Oct. 5—Clouet at Brainerd.
Oct. 12—Little Falls at Clouet.
Oct. 19—Atkin at Little Falls.
Oct. 26—Brainerd at St. Cloud.
Nov. 2—Atkin at Little Falls.
Nov. 9—Little Falls at Atkin.
Nov. 20—Clouet at Little Falls.

LOGGING TRAINS IN SMASH UP.

A Rear End Collision on the M. & I. Saturday Evening Near Merrifield.

VERY LITTLE DAMAGE DONE.

Engineer DuBois' Engine is Ditched But He Was Not Injured.

Then come and see us. We can give you the finest kind of steaks as well as other meats. If you once try us you will never go elsewhere for your meat.

Our Friends and the Public Generally are Invited to Call and see us at Our New Place.
R. J. HOLDEN.

There was a rear end collision on the Minnesota & International Saturday evening about 5:30 o'clock resulting in quite a bad smashup. The accident occurred near Merrifield between the two switches near the siding.

Conductor Logan was in charge of the train ahead and had topped on account of a hot box. No one was sent back to signal the other train and it came down the pikehead rammed into the train ahead with considerable force.

Engineer DuBois was on the engine of the rear train and when he saw that it would be impossible for him to stop the train he and his fireman jumped. The engine smashed into the caboose of the head train and it was badly demolished, and in the melee that followed several cars were thrown in the ditch, as well as the engine of the rear train. It made a great mess for a time, as both trains were loaded with logs. No one was hurt.

General Manager Gemmill went out yesterday morning with a wrecker and the debris was cleared and the engine raised before night.

There is a curve just before reaching Merrifield and it is thought that Engineer DuBois could not possibly see the train ahead of him until he was almost on top of it. Still on the other hand it is claimed that the conductor on the head train should have signalled the train in the rear.

The excursion train which was behind the wreck and Saturday was behind the wreck and it was feared in the city that the train would be held up. It was not, however, as the wreck occurred between two switches and the excursion train easily went around.

WHERE'S the LEAK?

I can find it and stop the damage. What I'll charge for the work will be economy, not expense. Don't be afraid I'll refuse a small job, and don't be afraid I can't do a good one.

F. J. MURPHY,

Legal Rates for Labor Notices. We, the undersigned, hereby agree to accept for the year 1920 on legal notices...

FRIDAY, AUGUST 2, 1901.

MORLEY'S new paper will appear August 2d.

ARE you preparing to pour your share toward making the county fair a success?

THE country merchants are not wasting crops on account of T. M. Roberts' financial difficulties.

MEMBERS of the state legislature will hold a reunion during the week of the state fair, the date being fixed for Sept. 3.

THE department has suspended all proofs to secure claims under the government timber and stone act on account of frauds.

PRESTON has been incorporated and is now a city in the eyes of the law, "as it long has been in size and importance," remarks the Star.

A DELACY WOOD has been discharged from the Pennington insane asylum. It has not been announced where he will start the next newspaper.

A TRI-STATE conference on small-pox will be held at Duluth August 18, at which the health officers of Wisconsin, Michigan and Minnesota are expected to attend.

MANY of the mill owners of the northwest fear they will have to close their plants early in August owing to the "summer fever" their laborers are getting for the harvest field.

THE Sampson-Schley controversy is occupying about as much space in the newspapers these days as did the occurrence that made the controversy possible some three years ago.

THE Ellis voted to hold their next grand lodge convention at Salt Lake City, Utah. It is recorded that the "offerings" of the above city carried the convention by a slim margin, but just what was offered is not stated.

ONE reason given for the recent hot spell by astronomers is that the sun has been on a tear. If "tear" produces heat like unto that we have been experiencing we hope Old Sol will take the cure before the time for the next crop rolls around.

THE Albert Lea Tribune thinks that a purse should be raised and presented to H. P. Ball for services rendered the state, and the good work he has done during the best years of his life in bringing Minnesota prominently and favorably into public notice.

ANOKA is marketing new potatoes at 15 cents per bushel while others at that vicinity are getting but 40 and 48. The reason is stated to be that the farmers of Anoka county have created a market for their potatoes and raise them in such quantities that buyers are now on the ground taking them in car load lots.

A LITTLE business transaction has just come to the notice of the Milwaukee road whereby certain employment agents in southwestern towns and the breakdown of that road had made a deal to carry laborers to the North Dakota harvest fields at 50 cents a head, the men to be stowed away in box cars.

DR. PAUL Health Commissioner Chicago has ordered that all needs be cut before the seeds ripen. The growth of weeds, especially burdock, has been rank this year. If they are allowed to seed, the growth next season will harbor dampness and be a menace to health.

BARBODK Blood Bitters gives a man a clean, an active, brain and a vigorous body—makes him fit for the battle of life.

BRAN is probably sincere when he says he does not know exactly what figure free silver will cut in the next campaign.

DELUTH is feeling very much put out on account of the impossibility of opening the new normal school there this year owing to a lack of funds.

DELUTH is all swelled up over a duel fought by a Duluth boy and a German officer, in which the former came out victorious, although he knew nothing of fencing when the "fair of honor" was arranged and took six months to learn the art.

THE court has decided that a woman has no legal right to go through her husband's pockets, and in this case "the porcupine takes down" is not necessary, for who would find the pocket in a woman's dress in a hurry, anyway?

THE sentiment seems to be growing that the place for the Youngers, that they have been released from life imprisonment, is at their old home in Missouri and the sooner they are allowed to go there the better for them, they will then drop out of public life and attention.

MINNESOTA has paid in wolf bounties during the fiscal year just closed \$4,226.65, and as there is no appropriation for this purpose for the next two years, the killing of these animals are practically safe for that period.

TALKING about fish stories this one is pretty good for a starter. James Snook, of Delaware, Ohio, wears a short coat as a substitute for an unspunated bath. He went to sleep in a boat with the book hanging in the water. He awoke with a start and on pulling the book from the water found he had landed a large black bass.

A WEAVER is fighting on a weekly fair or sale stand with the title of "increasing the trade and improving the home market, and the Herald says "substantially the idea would be to set a day upon which any person having anything to sell or trade would bring it in to be disposed of. As soon as it became generally known that this was being done there is no reason why an increase of business should not result and the interests of all would be enhanced by the scheme."

A NEW Ruling. Binger Herman, commissioner of the general land office at Washington, has written the local land office a letter, the effect of which will cause the United States court commissioners in various parts of the state to cut down their revenue and will work to the disadvantage of future homesteaders, says the Duluth Herald.

ONE of Joe Rutgers boys met with a painful accident Saturday, cutting the index finger nearly off on the right hand, while grinding an old mower section.

THE Bay Lake school district will build a new school house and the title for one will be removed, but the 16 years of service will not be so forgotten. Its associations will wither and many thoughts, to obey weary travelers adorns life's pathway. How often, have those words which echoed to the shouts of myriads of men and songs of gladness! How often, have tears of sympathy mingled with those of hearts bereaved. Surely, the passing of the long school house has a pathetic ring.

HELP one young ladie J. O. withstand the shock of madmen proposals, that's what "Bobby Morgan's" has done. Made by Madison Medicine Co., McFadden Drug Co.

Protect A Dam. Emil Munch, Senator Ives and T. J. McDermott called on the governor Monday to ask that he instruct the sheriff of Pine county to protect a dam belonging to Mr. Munch, which crosses the Snake river at Pine City.

THE dam has been the cause of much litigation and has engendered some ill feeling. It was built across the Snake river thirty-five years ago when this country was undeveloped, and it is still valuable to lumbermen using that river.

STORIES Conflict Regarding the Affair Relating to Jordan's Affections.

Mrs. Clayton Cnts in and Wants to Murder Her Own Husband. One man dead and another man wounded is the result of shooting affrays which occurred yesterday afternoon and evening at McGregor, Minn.

THE weather bureau has issued a statement containing data on the month of August, based on the weather conditions for the last thirty years. It appears from this that the average temperature for all these years has been 69 degrees, something that the people of St. Paul will not regret to learn.

BACK in 1884 a record of 100 degrees was established on the fourth day of the month, and this stood as the hottest on record until the commencement of the present hot spell. It is comforting to learn that just ten years ago there was one day in the month when the mercury went as low as 40 degrees, and no one in this city will be sorry if next month sees a repetition of the performance on the part of the official thermometer.

NATRINE. July 25, ripe tomatoes from our garden, and sliced cucumbers. C. A. Hunt has commenced to harvest his oats. They are a good crop. The much needed rain has arrived, and the growing crops put on a new luster.

CHARIE Magphas is improving. The frequent rains, and the scarcity of pickers, cause quite a loss in the raspberries.

REVEREND Carver, drover over the services at Bay Lake Sunday. He is stopping in his cottage on Crooked lake.

ONE of Joe Rutgers boys met with a painful accident Saturday, cutting the index finger nearly off on the right hand, while grinding an old mower section.

THE Bay Lake school district will build a new school house and the title for one will be removed, but the 16 years of service will not be so forgotten.

HIS DEADLY AM KILLS A FUGITIVE

One Man Killed and Another Seriously Injured in Row Last Evening.

A Dago Becomes Enamored With Daughter of Farmer Causes Trouble.

Jordan's body was brought back to the house and Dr. Avery was at once despatched as a coroner and he accompanied six men to serve on jury. An autopsy was held and the jury, after due deliberation, discharged Hudson and exonerated him of the shooting.

Jordan was an Italian and was well known about Aitkin. The Claytons are very well known. They have a very large family of daughters.

There is another story which is told in connection with the crime. It is stated that instead of Jordan being enamored with Miss Clayton, it was the mother who had won his affections. It is said that Mrs. Clayton and Jordan registered at a hotel in Aitkin not long ago as man and wife and this was really the start of the row.

At Aitkin Jordan, it is told, induced the woman to start proceedings for divorce. This was done and finally the two started back for the farm home.

HAND BADLY INJURED. James Cambridge brakeman on the M. & I. was Victim of Painful Accident Last Night.

JAMES Cambridge, a brakeman on the M. & I. was brought to the city last night and taken to the Northern Pacific Sanitarium. In making a coupling near Bendish he had his right hand horribly crushed, and it may be that he will have to have the member amputated.

FOR WHOOPING COUGH. "Both my children were taken with whooping cough," writes Mrs. O. E. Dutton, of Danville, Ill., "a small bottle of Foley's Kidney Cure cured the cough and saved me a doctor's bill."

ALL Sadsville, Ky., was curious to learn the cause of the severe illness in the family of Mrs. S. P. Whiteaker, who had for a long time suffered from suffering from chronic bronchial trouble.

THE Sheriff and a posse of men took after the man, Deputy Sheriff Hudson, being one of the posse. Jordan ran at full speed and was nearly to the tall timber. The sheriff had commanded him to halt several times, but the man paid no attention to the demands.

COMMITTEES NAMED.

President Sadler, of the Labor Day Association Submits List At Meeting Tuesday Night.

THERE was a meeting Tuesday eve of the Labor Day Association and the attendance was very good. The report of the Chief of the Fire Department Bennett on the Gardner hall matter was received and the association by a vote tendered thanks to the chief for the courtesy shown.

It was decided to pull the hose races off in the evening at 7 o'clock. President Sadler appointed the following committees to circulate petitions throughout the city and secure agreements from different citizens to turn out for the parade:

Excelsior shops—George Halladay, Ed. Anderson and J. A. Johnson. Machine shops—Tim Tooley, William Storm and Gust Anderson.

Excutive committee—W. H. Sadler, J. C. Smallwood, P. G. Hall, Kenneth McDonald, A. L. Mattered, Alex McCarthy and T. E. Cannan.

Committee on speakers—Kenneth McDonald, Albert Johnson and Henry Lincoln. Reception—Gust Johnson, Gust Warren, Ernest Jones, Tom Eusse, E. D. Wilkins, Mike Lillig, George Pippy and Tim Tooley.

Notice. Teachers public examination at consolidation school building, on August 6th, 8th and 7th. J. A. Wilson, County Supt. of Schools.

NO such thing as "summer complaint" where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for every looseness of the bowels.

Notice. Public examination at consolidation school building, on August 6th, 8th and 7th. J. A. Wilson, County Supt. of Schools.

G. O. Pack, Boone, Ark., says: I was troubled with constipation until I bought Dr. Williams' Little Early Cure. Since then I have entirely cured of my old complaint. I recommend them. H. P. Dunn & Co.

PRETTIEST GAME OF THE SEASON

St. Cloud and Brainerd Put up a Great Article of Ball Sunday Afternoon.

BRAINED WON BY A LENGTH.

Fin's Sensational Catch in the Center Field Was the Feature of the Game.

St. Cloud 1; Brainerd 2. The greatest game ever played on the local diamond was the one played Sunday afternoon between the locals and the St. Cloud team...

Orth was in the box for the locals and he pitched a fine game although he was landed on for quite a few hits. He kept them well scattered however so that they did not seem to count. He struck out twelve men during the game. The hero of the game was Finn in center field, who made the starry catch of the season...

It looked as though it might be a starry catch of the season. Vossberg up for St. Cloud struck out, Domick singled but he did not get far in the air and it seemed as though it would soar away beyond the track and score a home run. Finn made for it but did not get the ball so he could get it with both hands but he struck out his left hand and got the ball. It was a sensational catch...

For St. Cloud, Hansen pitched a good game. He did not strike out as many men as Orth but he played a good game all the way through. St. Cloud's team is a good one and the boys, while they would like to have won, need not feel ashamed of the article of ball they put up yesterday afternoon. Wire was the first man up for St. Cloud in the first inning. He got a dinky liner out to Orth, who very easily threw him out at first. Murray walked up to the pen and singled, hitting a daisy out over in the left garden. He advanced to third but did not score. Griebler and May struck out. For Brainerd, Finn made a man up was Peterson. He fanned the air three times, as did also P. Boyle, who followed him and who began to think they were up against the real thing. Connors went out from Lacher to Vossberg. In the second the first man up for St. Cloud was Lacher. He struck out but Vossberg, who followed touched the ball for a grounder out toward the third bag. P. Boyle was then and got the ball throwing him out at first. Domick struck out. For Brainerd, Dreesen came up and succeeded in going out by flying to Lacher. J. Boyle went out from Hansen to Vossberg and Finn followed in his footsteps by going out from May to Vossberg.

In the third Cronin, up for St. Cloud, flied out to Murphy in center field. Hansen came up and got a nice hit, but Wipe did not seem to be able to connect with the ball and was struck out. Murray made his second clean hit but the drive did not seem Hansen, who by this time circled the diamond in the third bag. With two men on bases and possibility that both Hansen and Murray might score, Griebler flied out to Connors and rested the team. For Brainerd, Murphy up drove out a little liner and got to first safely. Spencer struck out and Peterson's foul pop-up was easily taken in by Griebler.

Things were getting rather interesting about the opening of the fourth with not a score by either team. May came up for St. Cloud and there was blood in his eye. He landed on the ball and it went soaring in the air and looked like a sure home run. Both Finn in center and Peterson in

NEW IMPROVEMENTS WILL BE MADE

Northern Pacific Bank to Have Entire New Plate Glass Front.

Other Alterations Made.

Several New Houses Will Be Erected at Once by Minneapolis Firm.

Workmen commenced tearing down the front of the Northern Pacific Bank building this Monday and some extensive improvements are to be made in and about the building. The entire front of the bank will be torn out and new plate glass put in which will cost several thousand dollars. It will take sometime to make the repairs but when completed the building will present a very hand some appearance.

A crew of men was at once put on work tearing up the old walk in front and around the side of the bank and new cement walks will be put down to conform with the new ordinance recently passed by the city council making the walk or front street, 16 feet wide and on Seventh street 12 feet wide.

CROPS DAMAGED.

Reports of a Big Storm in North Dakota Are Received.—The Grain Is Lodged.

The following from the Pioneer Press gives an account of a storm which occurred in North Dakota Saturday afternoon. A heavy rain and wind storm prevailed this afternoon over a good part of the state. The greatest damage reported at Tappan, a hundred and twenty five miles west of Fargo, where it amounted to a tornado. A church, a store, some dwellings and some barns were blown down and the Northern Pacific depot was unroofed. The crops, being the best of the season, which were several miles wide, were totally destroyed. The river valley ran all the way down the state to the north, but around Fargo and over to Minnesota, there was quite a heavy straight wind which has lodged the grain some, but was not seriously damaged to determine tonight.

The damage was made worse by the fact that the wind changed in direction during the storm and varied in velocity from thirty miles an hour and blew for an hour. The rainfall was 1.60 inches and it will make it impossible for plowers to be put in the fields for several days. Many farmers had planted to begin to harvest tomorrow or Tuesday. The grain is heavy and is now matured so that it is a matter of speculation whether it will straighten up, and harvesters may be able to operate in only one direction. Estimates of the damage from different sections are not available. A warm day or two may straighten much of the lodged wheat, corn was damaged.

Old Indian Gone.

The reported small epidemic at Big Lake on the Fox-Lake reservation is not so bad as has been supposed. A band of Mills Lake Indians came up to Big Lake and soon after their arrival one of the band took sick with smallpox and died. Indian Farmer Orval at once ordered the rest of the Mills Lake redskins back to their reservation and to date no new cases have developed at Big Lake.

The Indian who died was named Kah-we-dasay and was a well known character among the Chippewas. About forty years ago Kah-we-dasay took part in a battle between his tribe and the Sioux at a point near where Taylor's Falls now stands. In this battle Kah-we-dasay was shot through the leg and through the mouth, but although he survived the bullets of his hereditary enemies, the Sioux, fell a victim to smallpox.—Pine Knob.

Monday morning the members of the Brainerd Gun Club went to a shoot at the grounds, near Swartz driving park. But one event was shot off, twenty-five birds, and J. Goederger got the high score, killing 18 birds out of the 25.

The following is the individual scores in this event: J. Goederger, 18; H. Goederger, 16; H. Rosenber, 15. Teeth filled and crowned with Gold or Porcelain, and teeth extracted with Obeunder, at Dr. Ribbel's.

CASES IN CHAMBERS.

Judge McClenahan hears Several Important Matters Tuesday—Two Walker Cases.

Monday afternoon in chambers Judge McClenahan took up the case of A. L. Cole vs. V. Harmon and wife. The interested parties in this suit are all from Walker and there was a large number of witnesses present yesterday afternoon and this morning in court.

It is a foreclosure suit and the principle point raised on the defense is on the part of Mrs. Harmon, who claims that she never signed the mortgage and that it is a forgery. The case has attracted considerable interest. The litigation involves the home of the defendants at Walker. Attorney M. R. Tyler appears for the plaintiff and D. F. Harshorn appears for the defendant.

The case of Mrs. Ellen Moore vs. O. E. Griffith was taken up Tuesday afternoon. This will be an interesting case and it involves considerable land in Cass county. Griffith was a purchaser from judgment creditors of the late Mrs. Moore and she now asks that judgment creditors be paid out of the land. The case of Mrs. Ellen Moore vs. O. E. Griffith was taken up Tuesday afternoon. This will be an interesting case and it involves considerable land in Cass county. Griffith was a purchaser from judgment creditors of the late Mrs. Moore and she now asks that judgment creditors be paid out of the land. The case has attracted considerable interest. The litigation involves the home of the defendants at Walker. Attorney M. R. Tyler appears for the plaintiff and D. F. Harshorn appears for the defendant.

The case of Berth E. Otto vs. Jennie Otto was also taken up Monday afternoon. This is a case where the wife appears against the husband, but there is no antagonism between the two. It simply appears they have to get even with some logging firms. Last winter the defendant took a contract to do some logging and the wife did the cooking and the outfit. The defendant lost money on the deal and in order to get money out of the transaction Mrs. Otto secured the deed to the land. The case has not been decided as yet.

She Was Known Here.

The following is clipped from the Bemidji Daily News: Mrs. Estella Gagnon, wife of Frank Gagnon, died at her country home near Bemidji yesterday afternoon at 4 o'clock, aged 15 years. The remains were brought to her residence in this city last evening and the funeral services were held at the residence this afternoon. Rev. F. J. Murphy officiating. The interment will be at the cemetery.

Estella Morgan was born and reared at Church's Ferry, Morrison county, this state. In 1887 she was married in marriage to Mr. Gagnon in the city of Bemidji. She had one child, Benjamin, where they have since resided.

Knowing that death was near, she summoned Judge Rivlin on Monday and by his aid secured a power of attorney to her family, which she proposed to the amount of \$10,000. Her husband's business partner, which she survived by one son, Willis Gagnon, 14 years of age, which she has in at Bemidji, St. Thomas college, St. Paul. The funeral this afternoon was largely attended. The pall bearers being Ted Smith, A. B. Hazen, Matt Meyer, A. R. Dinsore, Archibald, and John O'Brien. Mr. Gagnon had just provided a neat and comfortable room for his billiard furniture and the loss of his wife is keenly felt.

The Marine Band.

The young men who are interested in the organization of a city band are busy today soliciting funds. They should receive a hearty support. The committee that is out today is composed of Walter Hinman, Fred Hanson and James McGinnis. The boys are going to buy their own instruments and give the city free concerts and it seems that as long as they are willing to put in time and money that they should be encouraged.

The following are the members of the band and the instruments they will play: Cornet—Prof. Graham leader, Eddie Boye, Henry Tache, James McGinnis, Ed. Hornahl. Clarinet—John Cummings, William Pippy. Trombone—Henry Veigel, Fred Sushers, Andrew Anderson. Alto—Henry Murphy, A. Hitting, Walter Hinman. Baritone—Frank Slipp, H. Radice. Trumpet—Y. G. Axtell. Drums—Leslie Hill, Ed. Murphy. Saxophone—Prof. Tache, Joe Midgley. Drums—Ray Bean, Everett Dorn.

The Standard Oil Company.

The Standard Oil Company Blue Flame Gas Store burns kerosene oil. The most celebrated gas stove on the market. Guaranteed oilfree. A. L. Hoffman & Co. local agents.

Handwritten Note.

A handwritten note, possibly a receipt or a letter, containing some illegible text.

Alexandria in Mourning.

Lucille Brown, youngest daughter of L. F. Brown, of Alexandria, was drowned Sunday evening while bathing in Lake Umbagog. Her body was found by the boatmen on the lake Sunday afternoon. Her father was notified and he immediately started for the lake. The body was recovered and taken to Alexandria. Her parents were out of the city at the time, and everything conspired to make the casualty a very sad one.

Soren Doors, 85 etc at Hoffman's Uncle Sam has the Earliest Huckleberry has the coolest work in.

A Good Thing. Gorman Syrup is the special prescription of Dr. A. Rosebosc, a celebrated German Physician and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Croup, Croup, Whooping Cough, Pertussis, Asthma, Hoarseness, Catarrh of the Throat, Sore Throat, and all other ailments of the Throat and Lungs. It is a safe and effective medicine, but has stood the test of years, giving satisfaction in every case. It is rapidly increasing in popularity every season.

Two German Syrup was introduced in the United States in 1868, and has since that time been sold in the civilized world. Three times as much as other cough syrups. Price 75 cts. Get Green's Prize Almanac.

Contest Notice.

Notice is hereby given that a contest will be held between the City of Minneapolis and the City of St. Paul, Minnesota, on the subject of the proposed extension of the Minneapolis and St. Paul Railway Company's line from the city of Minneapolis to the city of St. Paul. The contest will be held on the 1st day of July, 1901. The City of Minneapolis is desirous of securing the right to construct and operate a railway line between the two cities, and for this purpose it has filed a petition with the State Engineer for a charter for such a line. The City of St. Paul is opposed to the construction of such a line, and for this purpose it has filed a petition with the State Engineer for a charter for such a line.

Every woman in the country ought to know about

Mother's Friend

Those who do know about it would love they were getting without it. It has robbed children of its fathers for many a young wife. It has preserved her health and saved her much suffering. It is an eternal friend and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soothe and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other ailments of pregnancy.

"I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lamberton, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

Get Mother's Friend at the drug store. It is sold by mail for \$1.00 per bottle. Write to THE HERRICK RUBEN CO., MILWAUKEE, WIS.

Ladies, Boys and Gentlemen.

GET A Sign & House PAINTING.

Gold and Silver Lettering, Engraving, Gilding, Carriage and Show Card Painting, Kalsomining, Molding Colors, Contracting, Varnishing, Etc. from our Patented Book. Our book of 25 years experience in sign and house painting is so simple that even a boy can teach themselves the painter's trade in a short time. 25 illustrated alphabets are included in our book. This great treatise and money saver will be mailed postpaid for 50 cents. Val. Schreier Sign Works, Milwaukee, Wis.

TIME ARRIVED FOR DECISIVE ACTION.

Citizens of Walker and Cass Lake Want the Reservation Opened Up.

ENTHUSIASTIC MEETING HELD.

Resolutions Adopted and Sent to Representatives at Washington Making Requests.

The business men of Cass Lake and Walker have taken a stride in earnest to try and have the Chippewa reservation opened up. A meeting has been held at Cass Lake, and after a full discussion of the matter the following resolution was adopted:

"Be it resolved by the Commercial Association of Walker, Minn., in joint meeting assembled, That the time has arrived when decisive action should be taken by the secretary of the Interior and congress looking to the immediate opening of the Chippewa reservation, the disposition of the timber thereon, and the settlement of the agricultural lands.

For years the people of this section have waited patiently and anxiously for some executive or congressional action to the object for which we have come, and up to the present time nothing has been done.

The people came here with the reasonable expectation that the Chippewa reservation would be thrown open to settlement and the pine timber disposed of in some manner, action after session of congress has passed, and nothing has been done in the direction hoped for by the people of this section of Minnesota.

The withholding of the Chippewa reservation from settlement and the sale of the pine timber thereon is retarding the growth and development of northern Minnesota, besides working a gross injustice upon Indians.

It is every reason to expect that the provisions of the Rice treaty be fulfilled. The spirit of realness now exhibited by the Indians is caused by their growing belief that the government is not keeping good faith with them under the provisions of the Rice treaty, and that their holdings are being slowly but surely alienated in a useless and unnecessary expense for the maintenance of superintendents and other employes.

We believe that the best interests of the general government and the Indians would be subserved by the immediate opening of the Chippewa reservation and the sale of the standing pine timber under what is known as the bank scale system, so successfully carried out under the direction of Captain Mercer while in charge of La Pointe agency in Wisconsin.

Under this plan there is an honest disposition of the timber and the best interests of both the general government and the Indians alike protected and cared for.

Be it further resolved, That should it from any unknown reason seem inadvisable to the government to withhold for the present the sale of the timber, we respectfully ask that the standing pine timber of the entire Chippewa reservation be thrown open to settlement on the earliest time under the provisions of the Nelson law.

Be it further resolved, That we respectfully request the government to reserve from public disposition what is known as the peninsula on the south arm of Leech Lake, and the historic Bear Island in Leech Lake, and the two large islands in Cass Lake said reservation to be used for park purposes.

Be it further resolved, That we highly appreciate the services of Capt. W. A. Mercer, acting Indian agent at Leech Lake, and heartily endorse his admirable and business-like administration of the affairs of the Indians since he took charge of matters on the reservation.

He has handled every delicate question in connection with the administration of his duties in a manner that has won for him the confidence and respect of both whites and Indians, and we firmly believe that it would be for the very best interests of the government and the Indians should Captain Mercer be given exclusive control of all matters in connection with the opening of the Chippewa reservation, disposition of the timber, and the settlement of the agricultural lands.

Be it further resolved, That the copies of these resolutions be sent to the United States senators and members of congress from the state of Minnesota, to the honorable secretary of the Interior, commissioners of Indian Affairs, Captain W. A. Mercer, acting Indian agent at Leech Lake, and to the newspapers of the Twin Cities, Duluth, Crookston, Grand Forks, N. D., and all the newspapers published within the state.

FOR SEATING AND HEATING.

New Park Opera House Board Opened bids Last Night in First National Bank.

Friday evening there was a meeting of the board of directors of the Park Opera house and the contract was let for seating the new house.

There were four bids in for the work but the contract was finally awarded to Thos. Kane & Co. Works, Racine, Wis., the contract price being \$1333.50. There will be in addition, to this the freight on the goods from Racine here and the cost of setting them up and vice completed it is figured that for seating the house alone the bill will run up to over \$1500.

In the parquet the chairs will have upholstered seats and upholstered paneled back. In the parquet circle the "wing chair" will be used, with veneered seat and back. In the balcony the chairs will be the same as in the parquet circle only they will be less expensive.

The chairs were selected with a view to beauty and durability and they are very fine, and cannot be excelled even in the Twin Cities.

Three bids were also received last night for furnace heating and Murphy & Sheridan secured the contract for \$1800. They will be the celebrated "Floral" pattern wood furnace. Two are to be placed under the foyer, one under the stage and the other in the middle of the house. The specifications call for a guaranteed capacity which will keep the building warm in the coldest of weather.

CROPS ARE FINE.

Increase in Crow Wing Greatly Increased -- Crop Conditions Never Better.

The farmers of Crow Wing county and in fact all those who reside in the county, should be very thankful for conditions which exist, for never before in the history of the county have prospects been so bright at this time of the year. The general outlook is exceptionally good and even the most optimistic confess that prospects in the county were never better.

For the past few years there has been a great influx of new settlers in the county and consequently by this year the acreage has been greatly increased.

Oats is the crop this year in Crow Wing county. Most of farmers have sown a great deal of this grain but what there is of wheat is of very good quality.

J. J. Elder, who perhaps is about as well informed as any man in the county on the crop condition, having been in the country for several days and having driven over a good deal of crop land, said this morning:

"The acreage this year is well ahead of former years and especially in this case of the oat crop. There are more oats sown this year than what has ever been sown here before, and during a three days travel over the county I don't think I saw one place even that would go under eighteen bushels to the acre. I did not see a piece of oats that would go under 40 bushels to the acre. The wheat throughout the county will average about 21 bushels to the acre, oats from 48 to 50 bushels per acre."

"The potato crop this year is very heavy and I don't think the dry weather affected them very much. The dry weather of course did some damage to the early crops but the loss from this source this year will be very light."

"The corn crop is nothing above an average and in some localities the yield will not exceed that of last year. While the season last year was very dry, there was a rain in this county about July 1, which came in a very opportune time and helped the corn out wonderfully. This year's crop has not been damaged from dry weather but at the first of the season, the weather was very unfavorable, there being too much moisture."

"The berry crop this year has all been good. The wild strawberries and raspberries being very prolific. The blue berry crop in the northern part of the county has been heavy and the fruit has been large."

"The farmers throughout the county are very well satisfied with the outlook and Crow Wing county will see prosperity this fall that it has never experienced before."

COURSE IS UNFAIR AND PROVOKING.

President Tighe Says Trouble Between City and Company Can Be Adjusted.

SIGNERS OF PETITIONS ERRATIC.

He Says That Experience of This Kind Makes the Company Skeptical.

President Tighe of the Minnesota Water Company, Tuesday returned to his home in St. Paul after a two days visit in the city on business in connection with the water works system of this city owned by the above company.

Some time ago there were two petitions from northeast Brainerd for the extension of the water mains and somehow or another the matter has never been acted on, although the prayers of the petitioners were granted by the city council.

A representative of THE DISPATCH, wishing to ascertain the position President Tighe took on the matter, interviewed him on the subject this morning. Mr. Tighe said:

"As far as the extension of the water company's mains are concerned there is no difficulty between the city and the company. The company has no objection to all streets where there are houses enough to reasonably ask for water should have it. Already this summer the company has laid over seven miles of new mains."

"The trouble with the matter when there is any, arises from two sources. One is that people sometimes sign petitions for extensions simply to obligate their neighbors and thus refuse to take water when the mains are laid. Just now the company has completed its improvements in northeast Brainerd. It is seven hundred and thirty-three feet long and eight inches in diameter. Seven signs were placed on the street after the pipe is in only five of the seven will take the water. The other two have gone back on their agreement at least for the present. This of course is a unfair and provoking. The company has no practical remedy but such experiences make it very skeptical about the sincerity of petitions."

"The other trouble is with the expense of extensions. The company cannot spend more than it earns and the condition of its franchise. It has to pay for all its improvements out of its income and its surplus income is not big enough to permit large outlays in this direction. To extend seven hundred feet laid this year I myself have advanced the money for. If the city would extend the company's franchise a few years on condition that it would not pay for any plant, I think the city would get all it would get from ground and there would be no cause for complaint of any sort."

Spilled a Good Baking

You have many a time by using an inferior grade of flour. Your bread will always be light, white and sweet when using the best flour I have in my store. It is always of superior quality with no variation, and is carefully ground from the best grown No. 1 hard wheat. Try this satisfactory brand for your bread, cakes and pies, and you will never use any other.
