SPALDING FARM IS DISPOSED OF.

An Iowa Man Invests in Some Good Crow Wing County Real Estate.

LAND BROUGHT GOOD PRICES. He Will Move His Family at Once From Iowa—Will Raise Live Stock.

Henry Spalding last night closed the deal for the transfer of his large farm four miles and a half from Brainerd near Long lake, the purchaser being William Millegan, of Iowa. The consideration, has not been made known but it is understood that Mr. Spalding realized a snug sum from the sale.

The tract sold includes a section of land and it is one of the finest in the county. The improvements on the place are particularly elaborate. Mr. Millegan is quite an enterprising man and his residence in Crow Wing county will be approved. He will move his family from Iowa at once and will go on the farm. It is understood that he has a considerable amount of blooded stock which he expects to raise on the farm and will proceed to put stock on a large scale.

BOWLERS ARE COMING.

The Little Falls Delegation Will be Here Saturday Night to Play With Local Bowlers.

Arrangements have been made for some good bowling games to be played in this city on Saturday evening between the Little Falls players and those from this city.

INTERESTED IN COFFIN.

A Large Number of Witnesses Leave Yesterday Afternoon for Red Wing—Minneapolis People Interested.

A large number of people from this city as well as from Deerwood left yesterday afternoon for Red Wing where they will appear and testify in the case of the estate against W. A. Coffin. Most of those who went down are reputable and respected citizens and they will testify as to Coffin's previous good character.

The following was taken from the Minneapolis Journal regarding the case: Several Minneapolis people have interested themselves in William Coffin, the young constable from Crow Wing county, who was indicted at Red Wing for criminal conduct towards a girl whom he was taking to the Training School. These Minneapolis men, among them Judge Harvey, believe that Coffin is innocent.

A ROYAL HOSTESS.

Mrs. J. M. Elder Entertained the Members of the Fortnightly Club on Saturday Evening.

Inadvertently THE DISPATCH failed to make mention of the fact that the Fortnightly club was entertained on Saturday afternoon at the home of Mr. and Mrs. J. M. Elder. Mrs. Elder is a royal hostess and the arrangements were made for the event with the greatest ease. Progressive euchre was the diversion of the afternoon, and Mrs. Julia McFadden was the progressive and Mrs. Rowell the declare prizes.

Before the ladies retired they were invited to a sumptuous repast, covers having been laid for about twenty. The afternoon was one of the most pleasant spent by the ladies this season.

Buy your jewelry and silverware of E. S. Houghton and get a piece of elegant opal chainsmail with each purchase of \$1.00 or more.

WHITE-WEBBER.

Nuptials Occurred Tuesday At the Home of the Bride's Parents in St. Paul.

The following from the St. Paul Globe will be of interest to Brainerd friends of Mr. Frank White: The marriage of Miss Lulu May Webber to Frank A. White took place last evening at the home of the bride's mother, 1729 Minnehaha avenue, Rev. G. M. Morrison of Plymouth Congregational church officiating. The bride was attended by Miss Mary Gray and N. P. White was the groom's best man. The ribbon bouquet was Helen Sheppard. The floral decorations were red in the dining room, in the first parlor pink and in the library, where the ceremony was performed, bride's roses and ferns. The bride was gowned in crepe de chine over silk, with pointed tulle and chiffon trimmings. The bridesmaids wore a gown of Paris muslin. A reception was held after the ceremony, at which Mrs. Webber was assisted by Miss Gray, Mrs. W. W. and H. A. Webber. Mr. and Mrs. White will not be home after Nov. 15, at Euclid View.

Concert Tomorrow Night.

The following program will be rendered at the concert to be given in Gardner hall tomorrow night by the Brainerd Marine band, under the direction of Prof. William Graham, proceeds to be used for the purchase of new uniforms: Solo—'The Star Spangled Banner'—Lester Dean. Solo—'The Star Spangled Banner'—Lester Dean. Solo—'The Star Spangled Banner'—Lester Dean. Solo—'The Star Spangled Banner'—Lester Dean.

Sells Soft Drinks.

Although the regular application for a liquor license was turned down by the city council at the first regular meeting of this month, and although one J. Beecher appeared before the council Monday evening and made application for a license to run a saloon at the corner of Laurel and Fifth streets, the same location that Delude was intending to run a saloon, and his request was turned down, also No. 1 was opened up for business yesterday morning and Sam Delude was at the helm.

The city authorities were at once attracted by this move on the part of Delude and Mayor Hasket instructed Chief of Police Nelson and City Attorney Crowell to serve notice on Mr. Delude that the first thing to be done was to ascertain that he was selling liquor he would be pulled and convicted. He claimed that he was going to run a temperance saloon, but the authorities have grave doubts that a temperance saloon would be a paying proposition at that corner. Again this morning Mayor Hasket stated to be sure that there would be no mistake about the matter had Chief Nelson, notify J. M. Gray, the owner of the building, that he would be held personally responsible as well as Mr. Delude for what might be sold in the building. Thus the matter stands. Mr. Delude and Mr. Beecher both came from Atkinson.

New Rifle Range.

Adj. Gen. Libby went to Lake City recently to arrange for improvements at Camp Lakeview. A frame officers' mess hall, 22 feet square, will be erected, and a new rifle range, 1,000 yards long, will be laid out. The present range is but 500 yards. It was planned to have the work done next spring, but Adj. Gen. Libby finds it can be done cheaper this fall. He will let contracts at once.

The last legislature appropriated \$10,000 from the money received from the federal government to reimburse the state for expenditures in outfitting volunteer for the Spanish-American war, for the improvement of Camp Lakeview. A water works system already has been installed and other improvements will be made.

LOGGING SEASON HAS BEEN BRISK.

The Minnesota & International Has Finally Completed Season's Work. HUNDRED AND THIRTY MILLION Feet of Logs Have Been Imported to Brainerd, Minneapolis, Stillwater.

The Minnesota & International yesterday completed its season's work of hauling logs under contract with different firms in Minneapolis and Stillwater, and also with firms in this city.

The road has transported in all about 130,000,000 feet of logs, being more by one-half almost than was transported last year. All these logs have not gone to Minneapolis and Stillwater. Train after train load were brought to this city and dumped into the river at this point.

The logging trains and holding crews will be at work for a short time now picking up the logs along the way that have fallen from the cars. It cannot be estimated how long this will take, but it is not expected that it will take over a week or ten days.

General Manager Gemmill left last night for St. Paul to interview the large lumbering interests there. Mr. Gemmill is very much pleased over the season's work in the logging line and the experiment of hauling by rail has proven a success in every particular.

IT SPOOLS THEM.

Too Dependent on the Government. Commissioner of Indian Affairs Jones has called upon President Roosevelt to talk over matters pertaining to the Indians of the west. The president told Mr. Jones that he wanted his ideas about Indian matters before he wrote his message. Not having a sufficient amount of time to discuss the question yesterday he asked the commissioner to call again as soon as he returned and that he would also submit his portion of the message pertaining to Indian affairs to him for consideration before it was sent to congress. A short time ago Colonel Pratt, superintendent of the Carlisle Indian school, wrote a letter to the president, in which he stated that he did not think it good policy for them to erect buildings at the various Indian schools on a permanent basis, as he thinks the idea of maintaining these schools should be a vanishing one. Commissioner Jones is of the same opinion, and will so inform the president. He thinks that it was very unfortunate that the government should have ever commenced talking care of the Indians except in cases provided by treaty. He says: "The Indian children should be furnished with free schooling in the summer as is provided for white children, but there is no reason why the government should appropriate millions of dollars each year for the Indians when it simply spoils them. It teaches the Indian children to depend upon the government instead of learning to take care of themselves."

ON THE GRIDIRON.

Atkins 59; Brainerd 0.

The Brainerd High school football team met the Atkins team in defeat at Atkins Saturday. From a scientific standpoint the game was not of much interest. It was merely a matter of overwhelming weight against fast but lighter men. Atkins' team was even heavier than at the last game and although the Brainerd team played a hard game they were unable to score, but by fast play succeeded in getting the ball on Atkins' two yard line when time was called for the end of the first half.

Individually the boys played as good a game as could be expected for their weight. The special feature of the game was the tackling by Boyle, Brainerd's quarter back, who brought down Atkins' big half-backs time and again and was repeatedly cheered by the Atkins rooters.

Even though Brainerd's backs many times bunched on Atkins' interference, they were unable to break it. Undoubtedly if the teams had been of equal weight, Brainerd would have won the game.

A large crowd of teachers and students accompanied the team and all were satisfied with the game and of the opinion that the Brainerd team had greatly improved since the last game.

Next Saturday Brainerd plays Little Falls, in this city, and it will be the most hotly contested game of the season, as the teams are more evenly matched. A big crowd is assured and many tickets have already been sold. As a good hard game is certainly in it will amply repay anyone who witnesses the contest. A large crowd of rooters is expected from Little Falls.

Clas. True died suddenly at Little Falls.

Don't wait until you become chronically constipated but take Dr. Williams' Little Early Risers now and then. They will keep your liver active in good order. Easy to take. Safe pills. H. P. Dunn & Co., Little Falls.

Rivers, the man who was arrested charged with murdering a man by the name of Gensagen, at Duluth, has been held to the grand jury.

After exposure or when you feel cold it will amply repay anyone who witnesses the contest. A large crowd of rooters is expected from Little Falls.

Clas. R. Weisner, Eravston, Ill., writes: "My boy 23 years old had a severe cold which refused to yield to any treatment until we tried Foley's Honey and Tar. He was completely cured before using one bottle."

H. P. Dunn & Co., McFadden Drug Co.

Big Verdict.

Halvor Stenerson returned from Fargo yesterday, where he has been conducting the prosecution of the case of Corrigan vs. the N. P. railway in connection with Attorney H. F. Heth.

The claim made for \$30,000 damages suffered by the loss of a log in the company's employ. The case occupied the attention of the court four days, and went to the jury late Saturday. Some time after midnight the verdict was given in sealed form, and in this morning it read in favor of the plaintiff in the sum of \$7,625.—Crookston Journal.
